

AEROLUX CARBON

A REVOLUTIONARY CROSS-FOLD DESIGN

MADE OF

100% CARBON FIBER

HOLDS UP TO
300 LBS

WEIGHS ONLY
29 LBS

SO LIGHT, ANYONE CAN LIFT IT

Utilizing a unique cross-folding carbon fiber frame, the AEROLUX was designed for ultimate portability. Its incredibly light 29 lb frame and slender 9" folded width, makes the AEROLUX easy for anyone to lift into the back of a vehicle or stow out of sight.

EASY TO USE CONTROLS

The AEROLUX boasts our most responsive control system ever. The controller features an easy to read digital display and incredibly smooth driving controls that even the newest power chair users can master quickly.
