Wearing a fully sheer nylon fabric shirt or pantyhose top

Wearing a fully sheer nylon fabric shirt or pantyhose top can be a daring and stylish fashion choice, but it can also be tricky to style. Here are some suggestions for how to wear a sheer mesh shirt or net top:

1. **Layering:** Layering is key when it comes to wearing a sheer mesh shirt or net top. You can wear a bralette, crop top, or tank top underneath to provide some coverage while still showing off the sheer fabric. For a more modest look, you can wear a fitted camisole or bodysuit underneath the shirt.
2. **Accessories:** To balance the sheer fabric of the shirt, pair it with statement accessories such as bold jewelry or a statement belt. This will help to break up the sheer fabric and create a more put-together look.
3. **High-waisted bottoms:** A sheer mesh shirt or net top can be paired with high-waisted bottoms, such as jeans or a skirt. This will show off the midriff without revealing too much skin.
4. **Bold colors:** To make a statement with your sheer mesh shirt or net top, pair it with bold colors. This can be done by wearing bright-colored pants or a colorful jacket over the top.
5. **Under a blazer:** For a more formal look, layer a sheer mesh shirt or net top under a blazer. This will create a sophisticated look while still showing off the sheer fabric.
6. **Layering with a dress:** Another way to style a sheer mesh shirt or net top is to layer it over a dress. This will add a unique and stylish touch to a simple dress.
