

INTRODUCING THE SKYCADDIE SX400

POWERFUL INFORMATION TO HELP YOU PLAY YOUR BEST

Golf's Most Brilliant GPS Display

Golf's most brilliant display with responsive and easy to use 4" touch screen

Ground Verified Course Maps

Pre-loaded with over 35,000 of SkyGolf's error corrected course maps for unmatched accuracy.

Cut the Cord

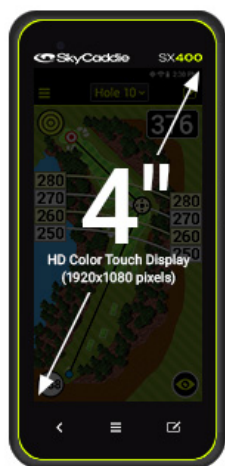

WiFi connectivity to streamline updates & course downloads on demand. No need to connect to a computer.

See Everything, Miss Nothing

HD graphics provide multiple views and a stunning visual experience. See the entire hole from your point of view.

Sleek, Compact Design & Water-resistant

With a large battery, the SX400 is ready for extended playing time for that emergency 9, or even 18 more holes. The SX400 provides enhanced accuracy and overall better performance under tough conditions or tree cover.
