

Maintaining the safety, security and well-being of our customers, staff and our inmate team members is our highest priority. As we all cope with the issue of Coronavirus (COVID-19), our hearts go out to all who have been affected by the outbreak. We believe it is our role and responsibility during this time to prioritize two things: the health and well-being of our customers, employees and inmate team members while also playing a constructive role in supporting state and local governments as they work to contain the virus.

Effective March 17, 2020, we will begin taking all orders via e-mail to ACI.LloydSales@doc.alabama.gov. Our website ACI-al.org will be updated as changes are made and can be used to review our products. ACI Marketing Representatives will suspend in person visits but can still be reached via their cell numbers and e-mail addresses listed below. Deliveries and installations will be suspended for all non-essential products. Any essential product deliveries will be cleared with customers to ensure we can meet your protocols. We will contact customers after we resume normal activities to reschedule deliveries for non-essential products.
