WAVEBLOOM™ AUDIO EXPANSION TECHNOLOGY

EXPAND

1. Open the valve.
2. Firmly hold grip plate and pop Una out one side at a time.
3. Close Valve once expanded.

PLAY

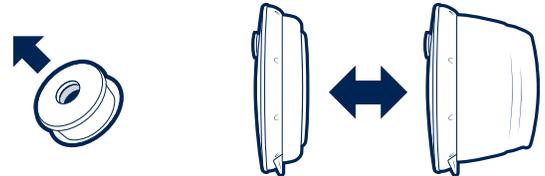

1. Open the valve.
2. Expand Una.
3. Close valve to play.

FLOAT With valve *closed*, attach Lily Float firmly for floatation.

4. Press the power button.
 5. Press the Bluetooth button to begin pairing.
 6. Accept Una on the sound source.
- Blue light: On
 - Blinking blue light: Ready to Pair
 - Solid blue light: Paired

If you do not see Una available on the sound source, make sure Bluetooth is turned on for both, your Una is charged and your sound source is searching for available devices.

OPEN TO EXPAND OR COLLAPSE (ONLY)

CLOSE TO PLAY & SPLASH PROOF (ALWAYS)

ATTACH TO FLOAT

STEREO SYNC

Once your POW Una is paired with a sound source, you can sync a second Una to split stereo L/R channels and boost amplitude for an immersive sound experience.

1. Power on the second Una.
2. Press and hold the Bluetooth button on the first paired Una for 3 seconds until the light blinks green ● and you hear the tone. It is now ready to sync.
3. Short press Bluetooth on the second Una until you see a solid green light ● The second Una is now synced.

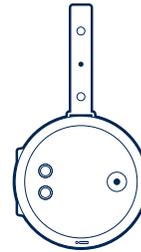

RESET

In case you need to reset Una, hold down the power button for 8 seconds.

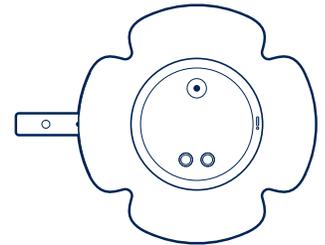

TRAVEL STRAP

Slide flexible strap through the strap bar and snap to itself at an adjustable length to carry with you or keep Una from floating away.
