

Instructions:

1. Place your heel, be careful not to move your foot forward.
2. Place a mark at the tip of your longest toe.
3. Your size will be the one in your mark's area.
4. In case of doubt, we suggest to select the larger size.

Print it on two sheets of A4 paper and then merge them by the dashed line.

Don't scale the image to fit the page, as this will distort the template.

To verify if the drawing it is printed correctly, use a ruler and measure the scale below.

It should measure 2 inches or 5 cm.
