

FILTER COFFEE

BrewBar Drip

The BrewBar Drip is an excellent choice for meeting rooms and receptions that require a simple filter coffee. This office coffee machine is speedy, flexible, affordable, and user-friendly, making it a perfect addition to any workspace.

FILTER COFFEE WITH EASE

The BrewBar Drip is a remarkable filter machine in a thermos design, created for busy individuals who require a quick caffeine fix either on-the-go or at work where there is no access to water. It provides the convenience of brewing filter coffee directly into an air pot or vacuum container, making it easier to transport. Compared to traditional hot plates and glass jugs, the BrewBar Drip stands out by maintaining the temperature of your coffee for a prolonged period while keeping it fresh.
