

**RUTLAND™
WHITE SCREEN
PRINTING INK
PORTFOLIO**

Printers know white inks are arguably the most important ink in a print shop. An ever-changing and diverse selection of garment blends and styles means that printers are constantly working to find solutions for customer printing needs. Rutland offers a world-class selection of easy-to-print white inks in different finishes, opacities, fabric applications, curing and storage temperatures. Rutland white inks answer the call and can be used as under bases for complex printing jobs, or as stand-alone white inks. No matter what the application or environment, Rutland has an appropriate white ink.

COTTON

	Description	Opacity	Hand	Cure Temps	Bleed Resistance	Fiber Mat Down	Flash Time	Stretch
Select Cotton White EH9060	<ul style="list-style-type: none"> Offers great coverage on dark garments Designed to minimize shear down Maintains opacity at high ink temperatures 	Good	Good	320°F	N/A	Good	Better	Better
Street Fighter - 2 Cotton White EH9072	<ul style="list-style-type: none"> Provides excellent opacity and printability Produces contemporary finish that matches Street Fighter Low Bleed 	Better	Better	320°F	N/A	Better	Better	Better
