BOOMBAND
USER MANUAL

1. BOOMBAND
BOOMBAND is the most portable speaker in the world, designed for active listening anywhere you go. In addition to great sound quality, it can take hands-free calls from your device. Where will you take it?

2. Operation
a. Press and hold the ON/OFF button for 5 seconds. The LED light will blink slowly and you wi ll hear a confirmation sound. Go to Device/Smartphone for BT pairing, choose BOOMBAND

b. Once connected with your device, another confirmation sound will play. You're now ready to enjoy your music!

c. Speakerphone Function. When Calls come in, there will be a "Call" sound and you can tap the Power ON/OFF once to answer the call.

d. The LED light means BOOMBAND is on. Blinking red AND blue means it is in pairing mode. Blinking blue means it is connected to a device.

e. To turn BOOMBAND off: Simply hold the Power ON/OFF button until you hear the 'Power Off' sound and the LED light goes off.

3. Charging
Insert the Micro USB cable into your computer or USB wall charger. When the red LED is on, your BOOMBAND is charging. When Battery is full, the red LED indicator will turn off. When the battery is low, you will hear a warning.

4. Specifications
Blutooth Version: V3.0
Working Voltage: 3.7V
Play Time: 6 Hours
Charge Time: 2 Hours
Signal Distance: 32 Feet

5. Maintenance
Avoid corrosive liquids, acids, high temperatures. BOOMBAND is waterproof but is not designed for submersion. Clean with soft damp cloth if needed, dry before use.

6. Troubleshooting
Syptom: Red LED is not on when charging
Reason: USB not connected properly or no power from charger
Fix: Check power supply or try another USB port

Syptom: BOOMBAND will not power on.
Reason: Battery low
