

SAFETY DATA SHEET

Iron Oxide Black Mortar Color

1. Identification

Product identifier

Product name Iron Oxide Black Mortar Color

Product number MC88

Recommended use of the chemical and restrictions on use

Application Industrial color

Details of the supplier of the safety data sheet

Supplier Huntsman Pigments Americas LLC
 P.O. Box 4980
 The Woodlands, TX 77387
 +1 301 210 3400 / +1 323 269 7311
 MSDS@huntsman.com

Emergency telephone number

Emergency telephone CHEMTREC: (800) 424-9300 (Contract number: 191118)

2. Hazard(s) identification

Classification of the substance or mixture

Physical hazards Not Classified

Health hazards Carc. 1A - H350

Environmental hazards Not Classified

Label elements

Pictogram

Signal word Danger

Hazard statements H350 May cause cancer.

Precautionary statements P201 Obtain special instructions before use.
 P202 Do not handle until all safety precautions have been read and understood.
 P280 Wear protective gloves/protective clothing/eye protection/face protection.
 P308+P313 If exposed or concerned: Get medical advice/attention.
 P405 Store locked up.
 P501 Dispose of contents/container in accordance with national regulations.

Contains CRYSTALLINE SILICA

3. Composition/information on ingredients

Mixtures

Iron Oxide Black Mortar Color

| | |
|--------------------------------------------------------------|----------------------------------------|
| C.I. PIGMENT BLACK 11 | 30-60% |
| CAS number: 1317-61-9 | REACH registration number: Proprietary |
| Classification Not Classified | |
| CALCIUM CARBONATE | 30-60% |
| CAS number: 1317-65-3 | REACH registration number: Proprietary |
| Classification Not Classified | |
| CRYSTALLINE SILICA | <1% |
| CAS number: 14808-60-7 | REACH registration number: Proprietary |
| Classification Carc. 1A - H350 STOT RE 2 - H373 | |

The Full Text for all Hazard Statements are Displayed in Section 16.

4. First-aid measures

Description of first aid measures

| | |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Inhalation | If exposed to excessive levels of dust or fumes, remove to fresh air. Get medical attention if cough or other symptoms develop. |
| Ingestion | Rinse mouth thoroughly with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed by medical personnel. Get medical attention if symptoms occur. |
| Skin Contact | Wash with soap and water. Get medical attention if irritation develops or persists. |
| Eye contact | Rinse with water. Get medical attention if any discomfort continues. |

5. Fire-fighting measures

Extinguishing media

Suitable extinguishing media The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire. Extinguish with the following media: Water spray, foam, dry powder or carbon dioxide.

Special hazards arising from the substance or mixture

Flammability Class No Uniform Fire Code noted.

Advice for firefighters

Protective actions during firefighting As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Special protective equipment for firefighters Wear self-contained breathing apparatus as combustion may produce hazardous fumes.

6. Accidental release measures

Methods and material for containment and cleaning up

Iron Oxide Black Mortar Color

Methods for cleaning up If dust is generated, use appropriate respiratory protection. Vacuum or sweep up material and place in a disposal container. Avoid generation and spreading of dust. Large Spillages: Wear suitable protective equipment, including gloves, goggles/face shield, respirator, boots, clothing or apron, as appropriate. Collect and place in suitable waste disposal containers and seal securely. Label the containers containing waste and contaminated materials and remove from the area as soon as possible. Flush contaminated area with plenty of water. Avoid runoff into storm sewers and ditches which lead to waterways.

7. Handling and storage

Precautions for safe handling

Usage precautions Minimize dust generation and accumulation. Do not breathe dust. Avoid contact with skin and eyes. Wash contaminated skin thoroughly after handling.

Conditions for safe storage, including any incompatibilities

Storage precautions Store dry at ambient temperature away from food and beverages, excessive heat or flame sources (furnace, kilns, boilers etc.). Store away from substances subject to catalytic decomposition by dust, e.g. peroxides Store at temperatures not exceeding 55°C/130°F.

8. Exposure Controls/personal protection

Control parameters

Occupational exposure limits

CRYSTALLINE SILICA

Long-term exposure limit (8-hour TWA): ACGIH 0.025 mg/m³ respirable fraction
A2

ACGIH = American Conference of Governmental Industrial Hygienists.

A2 = Suspected Human Carcinogen.

Ingredient comments Although no exposure limit has been established by OSHA for this product, the limit for nuisance particulates should be followed: OSHA 8-hr TWA 10mg/m³ Total Dust 5 mg/m³ respirable dust. ACGIH TLV-TWA 10mg/m³ Total dust or 5mg/m³ respirable dust.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

| | |
|----------------------------------|----------------------------------|
| Appearance | Dusty powder. |
| Color | Black. |
| Odor | Odorless. |
| pH | pH (diluted solution): 4-8 @ 10% |
| Melting point | > 1000 deg C / 1832 deg F |
| Solubility(ies) | Insoluble in water. |
| Volatile organic compound | None. |

10. Stability and reactivity

Reactivity There are no known reactivity hazards associated with this product.

Stability From ca. 60°C, transformation of black iron oxide to Fe₂O₃ will occur as an exothermic reaction. Yellow iron oxide will lose water of hydration at 180°C and convert to Fe₂O₃.

Iron Oxide Black Mortar Color

| | |
|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Possibility of hazardous reactions | None known. |
| Conditions to avoid | Keep at temperature not exceeding 55°C/130°F. |
| Materials to avoid | Substances subject to catalytic decomposition caused by dust such as peroxides. Further avoid contact with aluminum dust, calcium hypochlorite, hydrazine, ethylene oxide, caesium carbide. |
| Hazardous decomposition products | No known hazardous decomposition products. |

11. Toxicological information

Information on toxicological effects

| | |
|------------------------------|--------------------------------------------------------------------------------------------------------|
| Toxicological effects | No information available. |
| Inhalation | Frequent inhalation of dust over a long period of time increases the risk of developing lung diseases. |
| Ingestion | No harmful effects expected from quantities likely to be ingested by accident. |
| Skin Contact | Substance may cause slight skin irritation. |
| Eye contact | May cause slight irritation. |

12. Ecological Information

| | |
|--------------------------------------------------|----------------------------------------------------------------------------------------------------|
| Ecotoxicity | The product is not expected to be hazardous to the environment. |
| <u>Persistence and degradability</u> | |
| Persistence and degradability | The product is not readily biodegradable. |
| <u>Bioaccumulative potential</u> | |
| Bio-Accumulative Potential | Bioaccumulation is unlikely to be significant because of the low water-solubility of this product. |
| <u>Mobility in soil</u> | |
| Mobility | The product is insoluble in water. |
| <u>Results of PBT and vPvB assessment</u> | |
| Results of PBT and vPvB assessment | This product does not contain any substances classified as PBT or vPvB. |
| <u>Other adverse effects</u> | |
| Other adverse effects | None known. |

13. Disposal considerations

Waste treatment methods

| | |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General information | Disposal of this product, process solutions, residues and by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any local authority requirements. |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

14. Transport information

Iron Oxide Black Mortar Color

General

The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, DoT).

15. Regulatory information**US Federal Regulations****SARA Section 302 Extremely Hazardous Substances Tier II Threshold Planning Quantities**

None of the ingredients are listed or exempt.

CERCLA/Superfund, Hazardous Substances/Reportable Quantities (EPA)

None of the ingredients are listed or exempt.

SARA 313 Emission Reporting

None of the ingredients are listed or exempt.

CAA Accidental Release Prevention

None of the ingredients are listed or exempt.

OSHA Highly Hazardous Chemicals

None of the ingredients are listed or exempt.

US State Regulations

State Regulations Comments California Prop 65 Warning: This product contains chemicals, as trace impurities and not intentionally added, known to the state of California to cause cancer (C) and birth defects or other reproductive (R) harm.

California Air Toxics "Hot Spots" (A-I)

None of the ingredients are listed or exempt.

California Air Toxics "Hot Spots" (A-II)

None of the ingredients are listed or exempt.
