

Instructions:

1. Your design should cover the whole black areas, including the **bleed** between the **RED** sewing lines and the edges of the black areas.
2. Keep all important text and graphics within **RED** sewing lines.
3. Convert all **texts** to outlines or contours.
4. Use **CMYK** or Pantone colours instead of RGB colours, even for images
5. Make sure that the resolutions of all images are **> 100** dpi
6. Save as a **pdf** file and submit it to our website. Or use dropbox if it is too large

Any queries please use “Customer Service” page on our website
