Hottips! Qi® WIRELESS CHARGING PAD USER MANUAL

WIRELESS CHARGER OVERVIEW

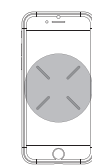

INCLUDED

CHARGING INSTRUCTIONS

1. Connect the wireless charger to a USB power source using the Micro-USB charging cable. The **green LED** light will flash when it turns on.
2. To charge a device, place it in the **center** of the wireless charger. The **green LED** light will pulse while it's charging.
3. When your device is completely charged, remove the device from the charging pad.

LED INDICATOR STATUS

1. When the power source is connected: **Blue LED lights**, then **green LED lights**, then both **blue** and **green LED lights** together, then finally both turn off.
2. Standby: All LED off
3. Charging: Blue LED light
4. Fully charged: Green LED light
5. Over-Temperature Protection/ Foreign Object Protection: Green LED blinks
6. OVP protection: Blue LED and green LED flicker alternately

IMPORTANT SAFETY INSTRUCTIONS

Failure to follow the safety instructions can lead to fire, electrical shock, personal injury, property damage, or damage to this product.

1. Do not use for anything other than its intended use.
2. Keep away from heat source, direct sunlight, and extremely high or low temperatures.
3. Do not let charger, power cable or wall adapter come in contact with water or any other liquid. If the unit does get wet, immediately unplug it from the power source.
4. Do not use if dropped or damaged in any way.
5. Attempts to repair or dismantle charger may place the user at serious risk and voids warranty coverage.
6. If you have an electrical device, such as a pacemaker, consult a physician before using this product.
7. Use the specified power source and voltage. Unplug wall adapter when not in use.
8. Keep out of reach of children.
