

AMBIENCE ROOM SPRAYS TECH SHEET

These sprays are atomised into the treatment room air to add another layer of enjoyment to the experience and to subtly guide your client through the various 'courses' of their treatment.

SPARK

Aroma Spray

Like an appetiser, creating ambience and building anticipation for the client's experience.

Experience an energising but familiar feeling, like nostalgia and your first taste of childhood treats. A scent sweet and smooth like raspberries and cream.

MELT

Aroma Spray

This spray is a succulent dreamy and warming aroma, designed to encourage your client to relax.

Experience a feeling of warmth and comfort, like springtime, and baking. A scent of cardamon and cinnamon spices, blended with vanilla and honey, and garnished with a rose nectar syrup.

AWAKEN

Aroma Spray

This spray is like a zingy, vibrant and refreshing dessert, igniting your client's awareness and signalling the end of the experience.

Experience a crisp and bright feeling, effervescence, like a fresh start. A scent of zesty lemon sorbet, balanced with sweet florals and botanicals.

HOW TO JUICE

Spritz the air and linens in a room. Do not spray on face or directly onto skin.
