

FLOWER NECTAR

Ultra-Rich Face Cream

Flower Nectar is an ultra-rich velvety face cream that nourishes dry skin, targets dehydration and reduces the signs of aging.

Suitable for:

Dry skin types.

Targets:

Dehydration and signs of ageing

Smells like...

Sweet rose and crushed vanilla pods with a fresh tangerine lift.

Feels like...

A rich and thick cream.

Why we love it:

Nourishes

Hydrates

Soothes

Firming

Protects

Pregnancy + breastfeeding safe

Vegan

How to Juice:

Home:

Step 2 in the morning when using the Skin Juice Daily Diet. Apply after your Skin Drink. Massage a pea sized amount onto the skin and allow to absorb naturally.

Professional:

- Use as the final moisture product in a facial treatment.

Retail talking points:

- The richest and thickest moisturiser in our range.
- Includes a metal spatula to conveniently and hygienically scoop product out of the jar.
- Emollient rich moisturiser that will help soften dry and thirsty skin for a firmer and more youthful complexion.
- This product is designed to be used during the day only and not as a night cream. Although many of the ingredients in this formulation are designed to be absorbed into the skin, generally this cream will 'sit on top' of the skin and provide a protective barrier, which is great at locking moisture and protecting the

skin during the day. However, at night the skin goes through a natural rebalancing process and needs to be able to 'breathe' to allow the natural oils and secretions flow uninhibited. For this reason, we advise using one of our face oils or Green Juice.

About this squeeze:

Nourishes:

- Essential fatty acid rich watermelon and kiwi fruit seed oils deeply moisturise and comfort the skin, while creating a natural barrier to protect the skin against dryness and environmental stressors that can age the skin.
- Shea butter and coconut oils are rich in plant sterols that offer the skin nourishment and protection against dehydration.

Hydrates:

- Restores healthy lipids that are required to protect hydration levels and keep skin soft, plump and firm.
 - Flower Juice contains an ingredient similar to Hyaluronic Acid called Fucogel, that immediately increases the level of water within the skin.
-

In the Blender:

Organic Camellia Seed Oil

Rich in skin strengthening plant collagen this oil is easily absorbed by the skin and helps replenish the skin's barrier function to prevent water loss.

Watermelon Seed Oil

Powerful antioxidant oil that assists in reducing and combating the signs of ageing and environmental damage.

Fucogel®

A moisture magnet that provides immediate and long-lasting hydration.

Rose Flower Oil

Anti-inflammatory essential oil that also helps regenerate and heal the skin.

Organic Shea Butter

Moisturising oil butter extracted from the nuts of the African Shea Tree that helps restore skin elasticity and rebuild the protective barrier function.

Pomegranate Seed Oil

Antioxidant rich oil that helps prevent collagen breakdown.

Tocopherol

Vitamin E, an oil soluble antioxidant. Aids in healing, moisturising and firming the skin.

Macadamia Seed Oil

Restorative, skin strengthening oil that helps protect cell membranes against environmental damage and irritation.
