

PINEAPPLE PUNCH

Mattifying Face Cream

Pineapple Punch is a face cream that helps mattify the skin, regulate oil flow and is also boosted with pineapple enzymes that gently exfoliate and refine the appearance of pores.

Suitable for:

Sensitive, oily and combination skin types.

Targets:

Dehydration, breakouts and inflammation.

Smells like...

Creamy and sweet tropical pineapple aromas.

Feels like...

A lightweight, fast-absorbing cream.

Why we love it:

Clarifies

Mattifies

Hydrates

Oil balancing

Soothes

Pregnancy + breastfeeding safe

Vegan

How to Juice:

Home:

Step 2 in the morning when using the Skin Juice Daily Diet. Apply after your Skin Drink. Warm a small blueberry amount in fingers and massage onto the skin.

Professional:

- Use as the final moisture product in a facial treatment.

Retail talking points:

- Light-weight moisturiser, quickly absorbed by the skin.
- Helps to mattify oil on the skin, making it a great first moisturiser for teens looking to get started with skincare.
- This product is designed to be used during the day only and not as a night cream. Although many of the ingredients in this formulation are designed to be absorbed into the skin, generally this cream will 'sit on top' of the skin and provide a protective barrier, which is great at locking moisture and protecting the skin during the day. However, at night the skin goes through a natural rebalancing process and needs to be able to 'breathe' to allow the natural oils and secretions flow uninhibited. For this reason, we advise using one of our face oils or Green Juice.

About this squeeze:

Balances oil flow:

- Matilook is an active ingredient, obtained from quince leaves, that refines skin texture, reduces skin shine and visibility of pores.
- Replenishes healthy oils within the skin, which in turns helps balance and regulate sebum production.

Clarifies + fights breakouts:

- Boosted with pineapple and papaya enzymes that help refine the appearance of pores and gently exfoliate the skin, removing debris from the surface of the skin that can clog pores and lead to breakouts.
- Zinc salt helps to decrease sebum production, reduce the chance of breakouts, and assist in the healing process of any inflammation and irritation associate with breakouts.
- Antimicrobial and antibacterial lemon extract oil helps keep the skin fresh and clean.

Hydrating + protective:

- AquaCacteen, a natural active derived from the prickly pear, contains a high content of water-binding compounds that help to increase the skin's ability to retain water, and offers immediate and long-lasting hydration.

In the Blender:

Pineapple Juice

Concentrated juice from Australian grown pineapples, a potent source of skin brightening vitamin C.

MATILOOK®

An active ingredient that refines skin texture, reduces skin shine and visibility of pores.

Pineapple Fruit Extract

Botanical phyto-compound rich in glutathione, a purifying antioxidant, that helps with cellular detoxification to keep skin glowing.

Papaya Enzymes

Fruit enzymes extracted from papaya that exfoliate and dissolve dead skin cells to smooth and brighten the skin.

Pineapple Enzymes

Fruit enzymes extracted from pineapple that remove dead skin cells to help clarify skin and improve complexion.

Zinc PCA

Zinc salt that helps to control acne and decrease sebum secretion.

Prickly Pear Extract

A concentrated elixir from organic prickly pear that is proven to help the skin hold onto water, keeping it hydrated and plump, while calming and soothing irritated skin.

[See skinjuice.com.au](https://www.skinjuice.com.au) for the full ingredient list.

Banned from the Blender

Polyethylene glycol (PEGs), silicones, artificial colours, artificial fragrances, mineral oil, parabens, phenoxyethanol, drying alcohols.
