Supercharged Serum

Natural + Australian Made + Vegan + No Animal Testing + Green Chemistry

Red Rescue contains 5 potent actives that are clinically proven to treat redness by targeting the three key causes; 🔥 inflammation, 🌱 stimulation and 🌊 irritation. This powerful and natural formula will improve the skin's barrier by increasing its ability to hold onto moisture and hydration while colour correcting minerals help smooth out uneven skin tone.

To use shake serum before use. Apply 💧💧💧 to a clean face AM and PM. Target additional skin deficiencies by layering with more serums from the Factory. It's not recommended to mix serums from different ranges.

Key Actives in depth

CERAMIDONE: stimulates epidermal lipids and ceramides to strengthen the protective barrier.

UNISOOTH PN-47: switches off inflammation by targeting irritation, blocking the inflammatory pathways to stop the spread and control reactions.

ENDOTHELYOL: reduces redness by controlling inflammation factors while rosacea flares are reduced by decreasing the formation of new blood vessels.

PENTAVITIN: increases the skin's moisture reservoir for 72 hours.

FUCOCERT: relieves the spread of inflammation and allergic reactions; increases hydration by 44% one hour after application.

SYMCARE: reinforces the skin's barrier and will increase the moisture from the inside out, while soothing irritation and inflammation.

This formula has been boosted with nutrients from, Allantoin, Cucumber, Bisabolol, Chamomile, Chlorophyll and Earth Minerals.

Super Actives 16% Encapsulated

CERAMIDONE: Skin barrier restructurer

UNISOOTH PN-47: Extinguishes redness

ENDOTHELYOL: Visibly reduces skin redness and rosacea symptoms

PENTAVITIN: Deeply moisturises

FUCOCERT: Super soother + hydrator

SYMCARE: Soothes and moisturises

These clinically proven plant powered super actives are encapsulated into a unique liposome structure which allows them to penetrate deeply to power cells and target specific skin concerns.

Superfoods

ALLANTOIN: Healing

BISABOLOL, CHAMOMILE, CUCUMBER: Calming

CHLOROPHYLL: Detoxifier

EARTH MINERALS: Colour Correcting

These superfoods feed the skin natural and organic nutrition to boost its performance.
