#### 3 Hazard Identification

|                |   |
|----------------|---|
| Risk Phases    | None  |
| Health Effects | None  |
| Eyes           | Not expected to present a significant eye hazard under anticipated conditions of normal use.                |
| Skin           | Not expected to present a significant skin hazard under anticipated conditions of normal use. Non irritant. |
| Inhalation     | Not expected to present a significant inhalation hazard under anticipated conditions of normal use.         |
| Ingestion      | Not expected to present a significant ingestion hazard under anticipated conditions of normal use.          |

#### 4 First Aid Measures

|              |   |
|--------------|---|
| Inhalation   | Remove victim to fresh air.   |
| Skin Contact | Wash skin thoroughly with cool and water.   |
| Eye Contact  | In case of irritation with eye contact, immediately rinse with cool water for 15 minutes. Obtain medical attention if pain, blinking, tears or redness persist. |
| Ingestion    | Give fluid, Seek medical advice.  |

#### 5 Fire Fighting Measures

|                          |   |
|--------------------------|---|
| Flammable Class          | Combustible   |
| Prevention               | No naked lights. No smoking. Keep away from sources of ignition.      |
| Extinguishing Media      | Water Spray.  |
| Special Exposure Hazards | None  |
| Protection Against Fire  | Wear full protective clothing and self contained breathing apparatus. |

#### 6 Accidental Release Measures

|                           |   |
|---------------------------|---|
| Personal Precautions      | Equip cleanup crew with proper protection. Wear recommended personal protective equipment.  |

| Spillages                 | Wipe with sorbent material. Collect and place in a suitable disposal container. Prevent from reaching waterways. Landfill for small quantities. |

#### 7 Handling and Storage

|          |   |
|----------|---|
| Handling | Handle in accordance with good industrial hygiene and safety procedures. Storage area should be cool, dry and well ventilated. Store away from sources of heat or ignition. Store under 35 degrees. |
|----------|---|

## 8 Exposure Controls / Personal Protection

|                        |   |
|------------------------|---|
| Respiratory Protection | No special respiratory equipment is recommended under normal conditions of use with adequate ventilation. |
| Eye Protection         | No special equipment is required under normal conditions of use.  |
| Ingestion              | No particular indications.  |
| Industrial Hygiene     | Use of the basic principles of industrial hygiene will enable this material to be used safely.            |

## 9 Physical and Chemical Properties

|                |                                   |
|----------------|-----------------------------------|
| Physical State | 20 degrees                        |
| Colour         | White cream                       |
| Odour          | Coconut                           |
| Solubility     | Alcohol soluble / solvent soluble |
| Water          | Soluble                           |
| Density        | 1.0                               |
| pH             | 5 - 5.5                           |

## 10 Stability and Reactivity

|                      |  |
|----------------------|--|
| Hazardous Properties | None under normal conditions.<br>Conditions to avoid open flame. |
|----------------------|--|

## 11 Toxicology Information

Not considered at typical pharmaceutical / cosmetic doses.

## 12 Ecological Information

This is a degradable product, however do not release directly into the environment.

## 13 Disposal Consideration

|                  |   |
|------------------|---|
| Product Disposal | Dispose in a safe manner in accordance with local / national regulations. |
|------------------|---|

## 14 Transport Information

|      |              |
|------|--------------|
| Road | Not required |
| Rail | Not required |
| Air  | Not required |

## 15 Additional Regulatory Information

None

## 16 Other Information

### Disclaimer

*This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all inclusive document on worldwide hazard regulations. This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment.*
