3 Hazard Identification

Risk Phases	None
Health Effects	None
Eyes	Not expected to present a significant eye hazard under anticipated conditions of normal use.
Skin	Not expected to present a significant skin hazard under anticipated conditions of normal use. Non irritant.
Inhalation	Not expected to present a significant inhalation hazard under anticipated conditions of normal use.
Ingestion	Not expected to present a significant ingestion hazard under anticipated conditions of normal use.

4 First Aid Measures

Inhalation	Remove victim to fresh air.
Skin Contact	Wash skin thoroughly with cool and water.
Eye Contact	In case of irritation with eye contact, immediately rinse with cool water for 15 minutes. Obtain medical attention if pain, blinking, tears or redness persist.
Ingestion	Give fluid, Seek medical advice.

5 Fire Fighting Measures

Flammable Class	Combustible
Prevention	No naked lights. No smoking. Keep away from sources of ignition.
Extinguishing Media	Carbon dioxide. Dry Chemical. Foam.
Water Spray	Do not use direct water jet.
Special Exposure Hazards	None
Protection Against Fire	Wear full protective clothing and self contained breathing apparatus.

6 Accidental Release Measures

Personal Precautions	Equip cleanup crew with proper protection. Wear recommended personal protective equipment.
Environmental Precautions	Notify authorities if liquid enters public waters. Prevent spread of material by use of temporary bund or impervious barrier.
Spillages	Remove ignition sources. Clean up any spills as soon as possible, using absorbent material. Flush with plenty of water.

7 Handling and Storage

Handling	Handle in accordance with good industrial hygiene and safety procedures. Storage area should be cool, dry and well ventilated. Store away from sources of heat or ignition. Store under 35 degrees.
----------	---

8 Exposure Controls / Personal Protection

Respiratory Protection	No special respiratory equipment is recommended under normal conditions of use with adequate ventilation.
Eye Protection	No special equipment is required under normal conditions of use.
Ingestion	No particular indications.
Industrial Hygiene	Use of the basic principles of industrial hygiene will enable this material to be used safely.

9 Physical and Chemical Properties

Physical State	< 20 degrees
Colour	Orange/yellow solid wax/balm
Odour	Citrus and spice aromas
Solubility	Alcohol soluble / solvent soluble
Water	Insoluble
Flash Point	> 100
Specific Gravity	Approx 0.917 - 0.924

10 Stability and Reactivity

Hazardous Properties	None under normal conditions. Conditions to avoid open flame.
----------------------	--

11 Toxicology Information

Not considered at typical pharmaceutical / cosmetic doses.

12 Ecological Information

This is a degradable product, however do not release directly into the environment.

13 Disposal Consideration

Product Disposal	Dispose in a safe manner in accordance with local / national regulations.
------------------	---

14 Transport Information

Road	Not required
Rail	Not required
Air	Not required

15 Additional Regulatory Information

None

16 Other Information

Disclaimer

This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all inclusive document on worldwide hazard regulations. This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment.
