

STAR QUENCHER

Calming Face Cream

Star Quencher is a lightweight gentle day moisturiser that helps to ease irritation, leaving even sensitive skin cool, calm and soft.

Suitable for:

Most skin types, particular sensitive

Targets:

Sensitivity, irritation, redness and dehydration

Smells like...

Freshly peeled mandarin.

Feels like...

A lightweight, fast-absorbing cream.

Why we love it:

Soothes

Cooling

Hydrates

Firming

Protects

Pregnancy + breastfeeding safe

Vegan

How to Juice:

Home:

Step 2 in the morning when using the Skin Juice Daily Diet. Apply after your Skin Drink. Warm a small blueberry amount in fingers and massage onto the skin.

Professional:

- Use as the final moisture product in a facial treatment.

Retail talking points:

- Light-weight moisturiser.
- This product is designed to be used during the day only and not as a night cream. Although many of the ingredients in this formulation are designed to be absorbed into the skin, generally this cream will 'sit on top' of the skin and provide a protective barrier, which is great at locking moisture and protecting the skin during the day. However, at night the skin goes through a natural rebalancing process and needs to be able to 'breathe' to allow the natural oils and secretions flow uninhibited. For this reason, we advise using one of our face oils or Green Juice.

About this squeeze:

Hydrating:

- AquaCacteen, a natural active derived from the prickly pear, contains a high content of water-binding compounds that help to increase the skin's ability to retain water, and offers immediate and long-lasting hydration.

Soothing and calming:

- Prickly pear visibly reduces redness and binds moisture to keep the skin hydrated.
- Mandarin and roman chamomile help calm inflammation.
- Calming aloe vera and healing allantoin work together with AquaCacteen, to calm, hydrate and firm the skin.
- Rosehip is packed with protective vitamins and antioxidants that hydrate and soothe the skin as well as aid the healing process.

Protective:

- Raspberry and cranberry are rich in EFAs, helping to strengthen the skin's barrier, offering protection against dehydration and irritation.
- Macadamia oil contains EFA Omega 7, an essential nutrient that helps calm the skin.

In the Blender:

Star Fruit Extract

Fruit extract that possesses antioxidant and antimicrobial properties.

Raspberry Seed Oil

Cold-pressed oil with a high antioxidant content to help rejuvenate damaged skin, moisturise and improve elasticity.

Cranberry Seed Oil

Moisturising oil that helps to strengthen the skin's protective barrier as well as calm inflamed and dry skin conditions such as eczema, psoriasis and rosacea.

AquaCacteen™

A concentrated elixir from organic prickly pear that is proven to help the skin hold onto water, keeping it hydrated and plump, while calming and soothing irritated skin.

Mandarin Peel Oil

Soothing oil that can have antibacterial and anti-inflammatory effects on the skin to help reduce redness and irritation.

Chamomile Roman Flower Oil

Soothing essential oil to help reduce redness and cool sensitivity.

Allantoin

Powdered extract from the comfrey plant, easily absorbed to help heal and soothe skin.

Irish Moss

This extract helps impart moisture to dry and irritated skin while protecting skin from dehydration.

See skinjuice.com.au for the full ingredient list.

Banned from the Blender

Polyethylene glycol (PEGs), silicones, artificial colours, artificial fragrances, mineral oil, parabens, phenoxyethanol, drying alcohols.
