SUMMER

Collection

2019

This collection is inspired by warm weather fun in the sun - and lots of saturated colors! Our new sun-suits are perfect for any event, whether you want to wear them to the beach, the pool, a BBQ, pool parties, block parties, you name it! Sun-suits come in 5 colors: baby pink, baby blue, orange, lime and daisy yellow. Sun-suits are inspired by the 1990's, and they truly represent that era. We have them in the full range of sizes starting from 3-6 months all the way to 4T!

We also launch a brand new Summer line of Vintage Velvet's. They are available in all sizes. Our regular size vintage velvet's are my personal favorites because the size is truly perfect for any age. You can get these colors in nylon headbands, short tail clips or long tail clips (my personal favorites for top knot buns!). We have 15 summer collection vintage velvet's from the early 1900's. They all originated from places like Germany, Switzerland, and France, and have made it all the way across the world to my home now.
