

# 12 Volt 65 Ah BATTERY GEL DEEP CYCLE

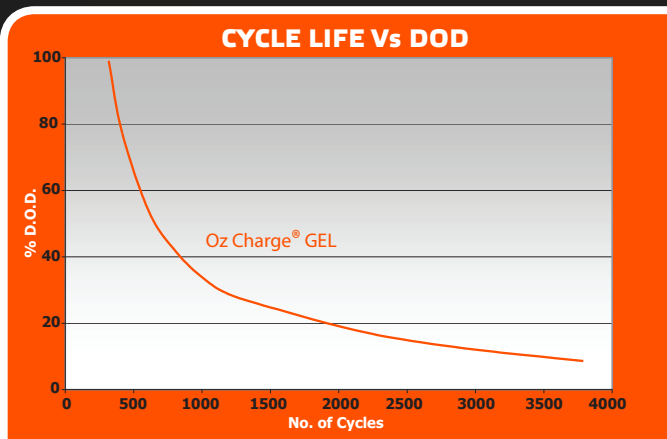

## RECHARGEABLE GEL DEEP CYCLE BATTERY

Oz Charge® Gel batteries have been well proven in arduous deep-cycle applications such as wheelchairs, scooters, golf-carts, floor-scrubbers as well as solar. They are also ideal for high reliability engine start applications such as boats and race cars.

- Completely sealed and maintenance free
- Tough ABS case
- M6 Terminals
- IATA approved for safe air travel

## SICK OF BATTERIES THAT LEAVE YOU UP THE CREEK?

Oz Charge® Gel batteries perform a greater number of discharge cycles over their lifetime therefore delivering a lower lifetime cost and higher reliability. This is because of their dedicated cyclic plate design, and the same extensive R&D, special chemical process and strict ISO-9001/14001 quality and manufacturing standards as their AGM counterparts.

Oz Charge® Gel batteries perform as well as some of the most expensive European brands at a realistic price, so you can count on Oz Charge® Gel batteries to keep delivering power long after most others are on the scrap heap.

YOU CAN EXTEND THE LIFE OF YOUR BATTERY BY USING A COMPATIBLE  
OZ CHARGE® BATTERY CHARGER & MAINTAINER.
