

MELODY SUSIE
Professional Selection

Why choose MelodySusie ?

1 Our Purpose

MelodySusie has provided nail supplies since 2009.
We have constantly been creating, imaging, and achieving.

2 Our Products Are Loved

MelodySusie is beloved by nail art influencers and fashionistas.

3 Experienced R&D Team

MelodySusie has its R&D team dedicated to creating innovative products that are different from those already in the market.

4 Professional Customer Service

MelodySusie has a professional consulting and after-sales team that promptly responds to your needs.

Why we have **4** series for nail drills **?**

We took into account almost everyone who has access to a nail drill.

1 For Manicure Enthusiasts

P series is designed for novice users and provides easy-to-use and effective options.

2 For Practice

S series offers exceptional value and is ideal for affordable yet high-quality options.

3 For Nail Salons

We highly recommend the M series for nail salons due to its professional and long-lasting features.

4 For Innovation Enthusiasts

MelodySusie is dedicated to conducting extensive research on premium nail tools, and the X series results from our pursuit of distinctive products in the market.

Other Essential **Nail Tools**

Nail Lamps

Nail lamps are devices used in the nail industry to quickly and efficiently dry nail products such as polish and glue. Nail lamps are essential tools for nail technicians and beauty enthusiasts who want to achieve fast and flawless results.

Nail Bits

Nail drill bits are small, cylindrical tools used in the nail care industry to shape and refine nails. They are typically made of durable materials such as metal or ceramic and can come in various shapes and sizes to suit different needs.

Nail Dust Collector

Nail dust collectors are designed to promote a clean and healthy workspace by preventing the spread of potentially harmful particles.

Nail Gel Polish

Nail gel polish typically consists of a base coat, color coat, and top coat, all applied in succession and are cured under the lamp between each coat.
