

# #PF920 PerfectFit Standard Rollator

is literally the “Perfect Fit”. The product has 4 seat-height adjustments at 20”, 21”, 22”, 23”. The handle-height adjustments range from 33” to 42”. The weight capacity is 350 lbs. The product design offers maximum stability and is easily disinfected. The center-front mounted oxygen tank holder can be safely used for oxygen tank sizes A thru E. The storage bag remains in use while the oxygen tank holder is installed.

**BUILT**
