➤ Xpress is an extensive range of melamine furniture that is available for despatch within 3 days of order. Uncompromised quality throughout the range that is backed by a 10-year warranty makes Xpress an efficient answer for those restricted by time.

xpress

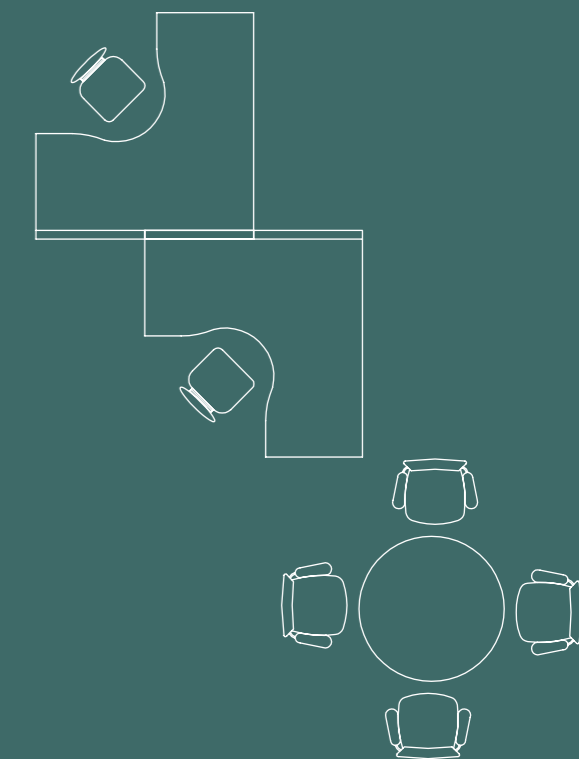

Strength, durability, quality and style combine to make Horizon 3000 the perfect choice for any office. Steel drawer systems, European hardware and quality controlled manufacturing systems distinguish this versatile melamine range. Contrasting accent panels as pictured can be used to 'customise' and create visual highlights.

6000

➤ Combining contemporary styling, quality craftsmanship and fittings with timeless natural veneers, Horizon 4000 creates a distinctive managerial ambience. Melamine accent panels can be added to create a personalised setting.

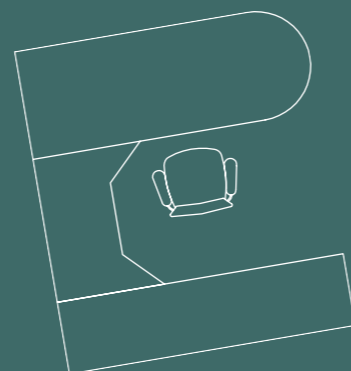

horizon

4000

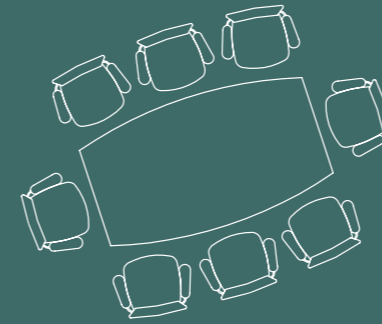

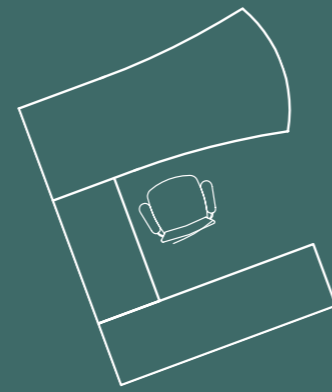

➤ Horizon 5000 provides the luxury of warm natural timbers and blends them with the durability of melamine to provide an executive atmosphere that will stand the wear and tear of a modern office.

horizon
5000

➤ Solid construction and superior craftsmanship make Horizon 9000 the ideal range of furniture for the discerning executive. Highest quality European hardware and fittings are used throughout. Delicate veneers are protected by a durable two-pack lacquer system.
