Glass Writeable & Acoustic Solution

Acoustic meets Glass, built to your design.

Experience complete visual communication customisation.

A mobile glass writing board with sound absorbing acoustics; This versatile solution offers a combination of aesthetic and function.

The toughened Glass is available in a palette of carefully selected Pantone® colours and graphics, *or* create your own.

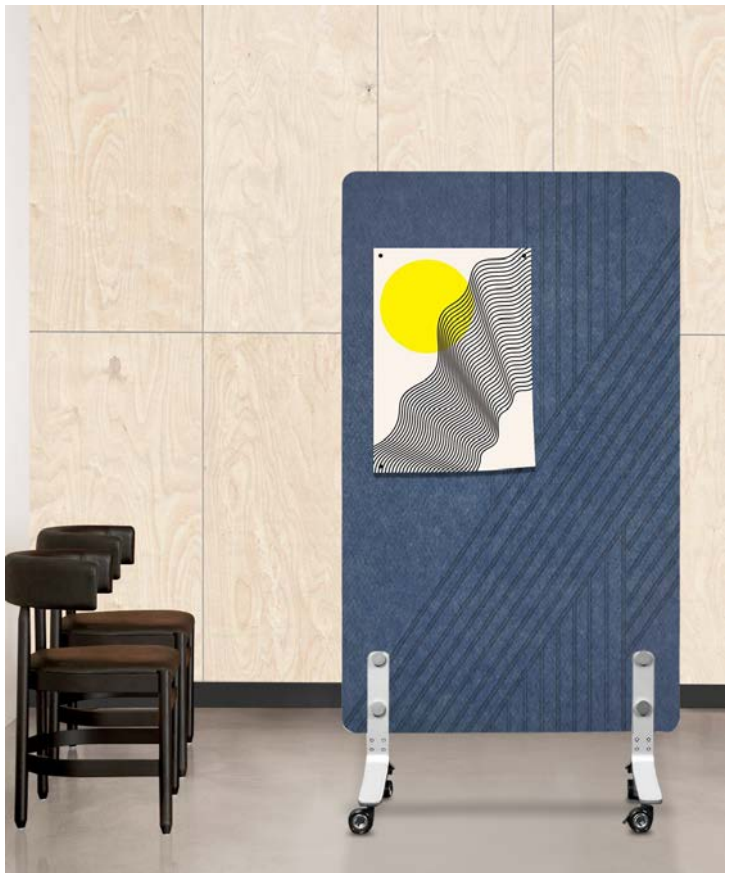

All colours and graphics are printed to the back of the glass.

The Acoustic, featuring a patterned grooved surface finish, is available in 4 standard 12mm SANA acoustic panel colours, *or* choose from our wide variety of Industry leading acoustic panel specialist ranges.
