FINN ELIAS SVIT, CHAIRMAN.

Aalborg Guitar Festival and Competitions, the largest Guitar Festival in Denmark, celebrates its 25th birthday. A birthday party we look forward to celebrate in the period 12 - 20 November 2022.

By Rhythmic Guitar meeting Classical Guitar, and amateurs meeting and collaborating with professionals, a forum that breaks down boundaries is established. This facilitates the possibility of experiences and collaboration across styles and borders.

Chairman Finn Elias Svit says: I am really looking forward to the 25th guitar festival, and I look forward to meeting the participants, the audience and, not least, experiencing all the concerts, competitions, workshops and exhibitions and the community.

Join us and meet new guitar friends at a concert, workshop, competition or at an exhibition.

1. Aalborg International Composer Competition for classical guitar

Aalborg Guitar Festival and Competitions invites entries for the Composers' Competition for the six-stringed classical guitar. The competition has been arranged in collaboration with Bergmann Edition and with the support of the Augustine Foundation (<https://augustinusfonden.dk>).

One of the aims of the competition is to promote new work and enlarge the classical guitar repertoire. The intention is that the composer will meet the guitarist, and the guitarist will meet the audience.

Bergmann Edition is the facilitator of the competition and is, therefore, the point of contact.
