9	d	Gathering evidence about assertions is Substantive Audit Procedure → Test of Details.

Case Study

Roop & Co. are the auditors of Onda group of Hotels. This is the first time the firm is auditing an industry in food and beverage and it is day one of the audit. The engagement partner along with his team wants to make a thorough understanding of the entity and its environment in order to identify and assess the risks of material misstatements, whether due to fraud or error. The following are some of the points identified by them on Day 1.

1. The hotel has two banquet halls. The documentation available for verification of banquet hall revenue is only the invoice raised by the hotel and some mail conversations on customer enquiry and finalization of price. On audit trial, it is found that finance approval of the transaction is only after invoice is sent to them for accounting at final settlement. Advance paid by the clients are not vetted through finance team. The auditor suspects a weakness in this system.

2. The auditor also finds a control deficiency in the process of procurement of stores. A goods receipt note is not prepared at the time of receipt of goods. On enquiry with management, the auditor finds that there exists a system control wherein goods receipt note is automatically prepared and approved in the system once the quantity and price of goods is entered against specific vendor. This entry is on real-time basis and system does not allow back dated entries.

3. The auditor enquires of the management as to what is risk assessment process followed by the entity for prevention and detection of risk of material misstatement due to fraud and error. The auditor finds there is no documented risk assessment process.

With the help of the above facts, answer the following questions by choosing the correct option.

i. What kind of a risk is portrayed in the booking of revenue with respect to Banquet halls?

- a) Inherent risk in the class of transaction
- b) Control risk in the class of transaction
- c) Detection risk in the audit procedures
- d) Audit risk in the opinion on the financial statements.

ii. Which among the following statement is incorrect in the context of Audit Risk?

- a) The more extensive the audit procedures performed, the lower is the detection risk
- b) Greater the risk of material misstatement the auditor believes exist, less is the detection risk that can be accepted and accordingly more persuasive evidence is required by the auditor.
- c) Audit risk also includes the risk that the auditor may express an opinion that the financial statements are materially misstated when they are actually not.
- d) Risk of material misstatement at the assertion level is of two kinds – control risk and inherent risk.

iii. In the case of procurement of stores, the auditor has tested more than one control for the same assertion. In that given case, what should be his reliance on the control?

- a) Since compensating controls are identified, if tested and evaluated to be effective, the auditor can rely on the control.
- b) Even though compensating controls are there, since one control is ineffective, the auditor should not rely on control for this assertion and should perform extensive procedures.
- c) Documentation in electronic medium cannot be accepted, hence, he cannot rely only on system control.

- d) Even though compensating controls are there, since one control is ineffective, the auditor should not rely on control for this assertion as well as associated assertions.

iv. In the context of SA 315, which among the following is NOT a risk assessment procedure?

- a) Inquiries of management, of appropriate individuals within internal audit function and of others within the entity
- b) Analytical Procedures
- c) Observation and Inspection
- d) External Confirmation

v. What should be the course of action of the auditor for the entity not having a documented risk assessment process?

- a) The auditor should obtain management written representations on how risks are identified
- b) The auditor shall discuss with management on how risks are identified, addressed and determine whether the absence is appropriate in the circumstances or whether it represents a significant deficiency in internal control.
- c) The auditor should advise the management to document the same immediately and accordingly opine on the same in his audit report too.
- d) The auditor shall discuss with management on how risks are identified by system and place reliance on the same as documentation in this context is immaterial.

State the method of evaluation of internal control as discussed above.**

- a) Narrative record
- b) Check List
- c) Internal Control questionnaire

d) Flow chart

6. Which of the following is incorrect

For the purpose of Identifying and assessing the risks of material misstatement, the auditor shall :

- Identify risks throughout the process of obtaining an understanding of the entity and its environment, including relevant controls that relate to the risks, and by considering the classes of transactions, account balances, and disclosures in the financial statements;
- Assess the identified risks, and evaluate whether they relate more pervasively to the financial statements as a whole and potentially affect many assertions;
- Relate the identified risks to what can go wrong at the assertion level, taking account of relevant controls that the auditor intends to test; and
- Not consider the like likelihood of misstatement, including the possibility of multiple misstatements, and whether the potential misstatement is of a magnitude that could result in a material misstatement.

7. When significant risk had been identified by the auditor, then:

- Audit evidence obtained solely from substantive analytical procedures is sufficient.
- Audit evidence obtained solely from substantive analytical procedures is unlikely to be sufficient.
- Auditor will perform test of details also.
- Both b and c

S No.	Ans	Reason
1	a	<u>Risk Assessment Procedures</u> refers to the audit procedures performed to obtain an understanding of the entity and its environment, including the entity's internal control to identify and assess the risk of material misstatement.
2	b	Test of Controls are audit procedures designed to evaluate the operating effectiveness of controls in prevention, detection and correcting material misstatement at the assertion level.

- c) Expected error
- d) Both (b) and (c)

2. In random Sample, each item of population has

- a) equal chance of selection
- b) has varying chance of selection depending upon placing of items.
- c) may have a chance of selection based on auditors professional judgement
- d) All of these

S No.	Ans	Reason
1	d	Both tolerable & expected rate of deviation considered while deciding extent of TOCs.
2	a	In random Sample, each item of population has equal chance of selection

Case Study

A firm of Chartered Accountants by the name of YZ and Associates was appointed to audit the books of accounts of NH Limited for the FY 2021- 22. YZ and Associates consisted of two partners by the name of Mr. Y and Mr. Z.

NH Limited was into manufacturing business of carpets. The demand of carpets manufactured by NH Limited was not just in India, but also in international markets. As a result, the volume of transactions related to the business of manufacturing carpets was also huge. Mr. Y, the engagement partner, knew that it would not be possible to audit each and every transaction, so he decided to use the technique of Audit Sampling for the purpose of audit of NH Limited.

The audit engagement team consisted of four members. One team member, Mr. Rahul, was of the opinion that the population from which the sample was required to be selected for the purpose of audit must have three important characteristics, namely, appropriateness, completeness and reliability. According to opinion of second team member, Mr. Sachin, every individual item that make the population is important from the point of view of creating a sample for the purpose of audit.

For different items of Financial Statements, Mr. Y and his team members used different methods for selecting the sample.

The examples of which are as follows:

(1) For the purpose of creating a sample of Repair and Maintenance Expenses, following information was available:

Number of items in Population = 400

Sample Size = 50

Sampling Interval = $[400/50] = 8$

Out of the 400 Repair and Maintenance Expenses transactions during the FY 2021-22, a transaction each from sampling interval of 8 units was selected to create a sample size of 50 units for the purpose of audit.

(2) A sample was created for Power and Fuel Expenses with the help of random number tables.

(3) For the purpose of creating a sample of Printing and Stationery Expenses no structured way was used. A sample was created without following a particular technique.

(4) A sample was created for Travelling Expenses related to business of NH Limited by selecting transactions of amount exceeding ₹ 12,000.

i. With respect to the repair and maintenance expenses incurred by the company during the FY 2021-22, which of the following methods of sample selection was used by the audit engagement team?

- a. Haphazard Sampling.
- b. Systematic Sampling.
- c. Random Sampling.
- d. Block Sampling.

ii. For checking the power and fuel expenses which of the following methods of sample selection is used by the audit team.:

- a. Systematic Sampling.
- b. Haphazard Sampling.
- c. Block Sampling.
- d. Random Sampling.

iii. By using which method of sample selection did the audit team select the sample for printing and stationery expenses?

- a. Block Sampling.
- b. Systematic Sampling.
- c. Random Sampling.
- d. Haphazard Sampling.

iv. By following which sample selection method did the audit team create the sample for auditing the travelling expenses related to business of NH Limited?

- a. Monetary Unit Sampling.
- b. Random Sampling.
- c. Block Sampling.
- d. Systematic Sampling.

v. Mr. Sachin was of the opinion that every individual item that make the population is important from the point of view of creating a sample for the purpose of audit. These individual items making the population are called as:

- a. Population Units.
- b. Transaction Units.
- c. Required Units.
- d. Sampling Units.

SA 501: Specific Consideration for Selected Items

M/s JJ & associates having office in Chennai are statutory auditors under Companies Act, 2013 of a company viz. Sweet Aroma Private Limited engaged in business of obtaining and manufacturing rice from paddy catering to both domestic as well as international market mainly in Gulf nations. The company has a huge plant capacity for rice extraction in one of the states in Northern India. Needless to state that inventories are in huge quantity in such type of business consisting of raw material, work in progress and finished goods.

The auditors want to obtain sufficient appropriate audit evidence regarding inventories. In above context, answer the following questions: -

i. Which of the following is most likely correct in relation to obtaining of sufficient appropriate audit evidence regarding existence and condition of inventory?

- a. It is mandatory for the auditor to attend physical inventory counting on the date of financial statements in all circumstances.
- b. Physical inventory counting may be attended by auditor on the date of financial statement or at a date other than date of financial statements in his discretion mandatorily in all circumstances.
- c. The attendance of auditors at physical inventory counting is impracticable due to time and costs involved because of auditor's office location vis-à-vis company's plant location. Hence, attendance at physical inventory counting may be skipped and alternative audit procedures may be performed to obtain sufficient appropriate evidence.
- d. The auditor shall attend at physical inventory counting unless impracticable. However, issue of time and costs involved because of auditor's office location vis-à-vis company's plant location is not a valid basis for skipping physical inventory counting.

ii. Below are given certain cluster of matters which are relevant in planning attendance of auditor at physical inventory counting. Which of the following clusters consists of a likely inappropriate combination?

- a. Nature of inventory, timing of physical inventory counting and stages of completion of work in progress
- b. Nature of inventory, timing of physical inventory counting and valuation method of inventory
- c. Nature of inventory, timing of physical inventory counting, considerations regarding maintenance of a perpetual inventory system
- d. Risks of material misstatements related to inventory, nature of internal control pertaining to inventory, considerations regarding maintenance of a perpetual inventory system

iii. Which of the following is the most likely logical sequence of steps in relation to attendance at physical inventory counting by auditor?

- a. Observance of performance of management's count procedures, inspection of inventory, performing test counts and evaluation of management's procedures for recording and controlling results of physical inventory counting
- b. Observance of performance of management's count procedures, performing test counts, inspection of inventory and evaluation of management's procedures for recording and controlling results of physical inventory counting
- c. Performing test counts, inspection of inventory, Observance of performance of management's count procedures and evaluation of management's procedures for recording and controlling results of physical inventory counting

- d. Evaluation of management's procedures for recording and controlling results of physical inventory counting, Observance of performance of management's count procedures, inspection of inventory and performing test counts

iv. During attendance at physical inventory counting, the auditor inspects inventory. Following outcomes stated as I, II & III are given below of this inspection procedure: -

Outcome I --- Existence of inventory

Outcome II ---- Ownership of inventory

Outcome III ----- Condition of inventory

Which of following statements is most likely true?

- a. Outcomes I, II and III are all necessarily established after inspection.
- b. Only Outcomes I and III are established after inspection and Outcome II is never established.
- c. Outcomes I and III are established after inspection. However, outcome II may not be necessarily established.
- d. Outcome II and III are established after inspection. However, outcome I may not be necessarily established.

v. It was observed by auditors that, out of total rice physically counted on 31st March, 2022 about 67 quintals of rice belonged to M/s PQR, a proprietary concern which had sent paddy to this company's plant for extraction of rice. What would be treatment of this item in financial statements of company?

- a. The value of 67 quintals rice would be reflected in company's financial statements as per method of valuation adopted by the company.
- b. The value of 67 quintals rice would be reflected in company's financial statements as per method of valuation adopted by the proprietary concern.

Case Study

Best Tea House is a Co-operative society formed as per the provisions of the Co-operative Societies Act, 1912. It runs a chain of restaurants serving mainly tea and snacks in Delhi. RAS & Associates, a Chartered Accountant firm, has been appointed to conduct the statutory audit of the society. None of the partners of the firm, CA R, CA A and CA S have ever conducted a Co-operative Society audit before and so familiarize themselves with the provisions of the particular Act governing the society before starting the audit.

During the audit, Best Tea House informs the auditors that they have been in operation for the last five years, and no audit was required earlier since their turnover had not exceeded the prescribed limit. While examining the books of account of Best Tea House, RAS & Associates notice that as stated under section 43(h) of the Central Act, certain rules were framed prescribing the books and accounts to be kept by Best Tea House.

The auditors also understand that according to section 5 of the Central Act, in the case of a society where the liability of a member of the society is limited, no member of a society other than a registered society can hold such portion of the share capital of the society as would exceed a maximum of a certain percentage of the total number of shares or of the value of shareholding to a specified amount.

RAS & Associates were concerned with this provision so as to watch any breach relating to holding of shares. While examining the loans of Best Tea House, the auditors notice that the society has given a loan to a relative named Mr. P, of a member of the society, Mr. T, of an amount not exceeding ₹ 1000. RAS & Associates examined the overdue debts and checked its classification which they are required to report.

During the audit, RAS & Associates notice few transactions for personal profiteering by members of the management committee, which are ultimately detrimental to the interest of the society. RAS & Associates report this matter to the required authority to take necessary action.

After the conclusion of the audit, in addition to the audit certificate in the prescribed form and various schedules, RAS & Associates also answered two sets of questionnaires called audit memos. The auditors also submitted the audit report in a narrative form addressed to the Chairman of the society which was divided into two parts styled as part I and part II.

Miscellaneous Case Study

1. Moon Group of companies is a retail chain involved in the selling of daily consumer needs directly to the customer. They are in the process of appointing an audit firm for the audit of their accounts for the financial year 2021-22. Moon Group is a South Indian based consumer store having a total of 16 outlets across 4 cities in South India. Sumant & Co. is appointed as the principal auditor for the entire group. Companies Act 2013 prescribes in detail the terms of this audit engagement. Further, there are many branch auditors appointed for the outlets in the other cities.

The company also has an internal audit function conducted on quarterly basis by Ram & Co. Following are the observations during the course of the statutory audit:

(a) One of the discounts offered by the store is in the form of payback cards where reward points are accumulated and the customer can redeem the same on subsequent purchase. The management and internal auditors are of the opinion that the points redeemed are to be treated as trade discount. The external auditors are doubtful on the matter.

(b) One of the outlet in Chennai region is in the verge of getting closed and is only left with low value stock to be cleared before closure. During the year, the sales were only around ₹ 1,40,000/- and the auditor considers this component immaterial. All other outlets are performing well with good revenue share.

(c) The gratuity valuation of the employees of the retail chain is done by an external valuer. The auditor, considering the quantum involved appoints an external auditor's expert for the verification of the actuarial calculation of gratuity.

From the above facts, answer the following questions by choosing the correct answer:

1. As per SA 210 – Agreeing the Terms of Audit Engagement, which of the following statement is correct?

- a) Though law prescribes in sufficient detail the terms of the audit engagement, the auditor still needs to record them in a written agreement and also seek written agreement from management that it acknowledges and understands that it has responsibility for the preparation of financial statements.
- b) Since law prescribes in sufficient detail the terms of the audit engagement, the auditor need not record them in a written agreement except for the fact that law or regulation applies and also seek written agreement from management that it acknowledges and understands that it has responsibility for the preparation of financial statements.
- c) The auditor has to take an extract of the law prescribing the details of the terms of the audit engagement and obtain the counter signature of the management in it.
- d) Though law prescribes in sufficient detail the terms of the audit engagement, the auditor still needs to record them in a written agreement, however it need not seek written agreement from management that it acknowledges and understands that it has responsibility for the preparation of financial statements.

2. With respect to the treatment of discount on redemption of points in payback card, what should be the action of the external auditor?

- a) The auditor can place reliance and go by the opinion of the branch auditor and internal auditor as they have only done a thorough and detailed audit of the accounts

CA Inter Audit MCQ Booklet (ICAI BOS Portal MCQs)

- b) The auditor can place reliance on the management's accounting policy as prima facie they are only responsible for preparation of financial statements.
- c) The external auditor has sole responsibility for the audit opinion expressed and hence he should perform procedures to satisfy himself on the correct treatment and issue opinion accordingly.
- d) The auditor can advise management on correct treatment but cannot qualify his opinion as branch auditor's opinion has higher authority than external auditor's opinion.

Question - 3 : What is the main objective of the external auditor, when he uses the work of the internal audit function of Ram & Co.?

- a) To determine as to which areas, what extent the work can be used and whether that work is adequate for the purposes of the audit.
- b) To appropriately direct, supervise and review the work of the internal audit function
- c) Review the internal audit report and audit the areas not covered by the internal audit function
- d) Enquire from management on the special points that arose during internal audit and follow up on the course of action on those points.

iv. The external auditor finds that the branch auditor of the outlet in the Chennai region, which is in the verge of closing down, is audited by an auditor who is not a member of the Institute of Chartered accountants of India. What should the external auditor do?

- a) Since the professional competence of the auditor is in question, the external auditor should himself visit the premise and audit the accounts.
- b) Since the financial statement of the component is immaterial, the provisions of SA 600 do not apply.
- c) The auditor can rely on the financial statements of that component by obtaining written representation from management that the branch auditor is otherwise well qualified.
- d) Since the professional competence of the auditor is in question, the external auditor should co-ordinate with the branch auditor and call for the books of accounts and other explanations.

v. Which of these is not a factor affecting the external auditor's evaluation of the objectivity of the internal audit function?

- a) Whether the organizational status of the internal audit function supports the ability of the function to be free from bias, conflict of interest or undue influence of others to override professional judgment.
- b) Whether the internal audit function is free of any conflicting responsibilities.
- c) Whether the internal auditors have adequate technical training and proficiency in auditing.
- d) Whether those charged with governance oversee employment decisions related to internal audit function.

2. DS & Co., Chartered Accountants, are statutory auditors of SAR Industries Pvt Ltd, a company engaged in manufacturing business since 2018. The company is operating from rented premises and it does not have building of its own. It had upgraded its machinery last time in 2020. Except interest in this company, promoters, directors, key managerial persons and their relatives do not have interest or ownership in any other entity. Also, the company does not enter into any business dealings with promoters, directors, key managerial persons and their relatives. The directors and key managerial persons get only reasonable remuneration from the company. Though company has an internal control system in place, it has not appointed internal auditor. It is also not mandatorily required to make such an appointment under the provisions of the Companies Act, 2013.

DS & Co. have accepted audit of the above company for year 2022-23 for the first time. Promoters and directors of the company are known to engagement partner only socially for quite some time. However, it is for the first time that any type of professional work related to this company has been accepted by them.

While formulating audit plan for the company, CA D (engagement partner) has planned certain risk assessment procedures and further audit procedures consisting of tests of controls and substantive procedures in relation to different areas.

The following is extract of financial information of the company: - (figures in rupees crores)

S No.	Particulars	Year 2022-23	Year 2021-22
1	Turnover	30.00	15.00
2	Inventories	5.00	2.00
3	PPE (Gross block)	1.25	1.25
4	PPE (Net block)	1.00	1.25
5	Gross Profit	6.00	3.75
6	Trade receivables	12.50	5.00

The PPE items consist of machinery only. While planning procedures in respect of Property, Plant and Equipment, auditor has included audit procedures like inspecting and reviewing company's plan for performing physical verification of PPE, assessing depreciation method used, verifying cost of PPE items acquired during the year with purchase bills and recalculation of depreciation charged in statement of profit and loss.

Further, while performing risk assessment procedures to identify risk of material misstatements in financial statements, engagement partner has come to notice that there is considerable variation in gross profit ratio as compared to last year. During performance of substantive procedures, he has also studied data of purchases and sales of the company during the year under audit and has also compared such data with preceding year and earlier years also.

Based on above, answer the following questions: -

i) Keeping in view description provided in the case scenario, which of the following statements is likely to be most appropriate?
