Additional information:

- Hammer Ltd. acquired 20,000 equity shares of Sleek Ltd. on 1st April, 2022 at a cost of ₹ 2,40,000 and further acquired 17,500 equity shares on 1st October, 2022 at a cost of ₹ 1,92,500;
- The 8% debentures of Sleek Ltd. includes debentures held by Hammer Ltd. of nominal value of ₹ 35,000. These were acquired by Hammer Ltd. on 1st January, 2022 at a cost of ₹ 84,000;

Notes to Accounts:

- The retained earnings of Sleek Ltd. had a credit balance of ₹ 75,000 as on 1st April, 2022. On that
 date the balance of General Reserve was ₹ 50,000;
- Sleek Ltd. had paid dividend @ 10% on its paid-up equity share capital out of the balance of retained earnings as on 1st April, 2022 for the financial year 2021-22. The entire dividend received by Hammer Ltd. was credited in its statement of profit and loss;
- As per the resolution dated 28th February 2023, Sleek Ltd. had allotted bonus shares @ 1 equity share for every 10 shares held out of its general reserve. The accounting effect has not been given;
- Trade receivables of Hammer Ltd. includes bills receivables of ₹ 2,00,000 drawn upon Sleek Ltd.
 Out of this, bills of ₹ 50,000 have been discounted with bank;
- During the financial year 2022-23 Hammer Ltd. purchased goods from Sleek Ltd., of ₹ 25,000 at a sales price of ₹ 30,000. 40% of these goods remained unsold on 31st March, 2023;
- On 1st October, 2022 machinery of Sleek Ltd. was overvalued by ₹ 20,000 for which necessary adjustments are to be made. Depreciation is charged @ 10% per annum;
- The parent company i.e., Hammer Ltd. has adopted an accounting policy to measure non-controlling interest at fair value (quoted market price) applying Ind AS 103. Assume the fair value per equity share of Sleek Ltd. at ₹ 11 on the date when control of Sleek Ltd. was acquired by Hammer Ltd.

You are required to prepare consolidated balance sheet as per Ind AS of Hammer Ltd. and its subsidiary Sleek Ltd. as at 31st March, 2023.

Question 2(a) - Ind AS 103 - 8 Marks

As per the provisions of section 135 of the Companies Act, 2013 read with relevant rules, circulars and notifications related to 'Corporate Social Responsibility' (CSR), discuss the following situations:

(i) A company is formed under section 8 of the Companies Act, 2013 to undertake charitable activities. The management of the Company is of the opinion that since all the activities of the Company are charitable in the normal course of business, the CSR provisions are not applicable to it. You are required to advise whether the CSR provisions are applicable to the Company. The Company fulfils all the criteria listed in section 135 of the Companies Act, 2013.

- (ii) C Limited is covered under the provisions of section 135 of the Companies Act, 2013. The Company fulfils all the criteria listed in section 135 of the Companies Act, 2013. It has an holding company H Limited and a subsidiary company S Limited. Neither H Limited nor S Limited fulfils the criteria listed in section 135 of the Companies Act, 2013. Advise whether H Limited and S Limited are required to comply with the provisions of section 135 of the Companies Act, 2013.
- (iii) For the financial year 2020-21, CBC Ltd. was within the purview of CSR provisions as per the Companies Act, 2013 as its net profit for the financial year exceeded ₹ 5 crores. It also satisfied the 'net worth' and 'turnover' criteria. The Company duly discharged its CSR obligations in the financial year 2021-22. However, due to adverse market conditions during the financial year 2021-22, the turnover fell below ? 1,000 crores and the Company incurred a loss. Its net worth also fell below T 500 crores. The Company is of the opinion that CSR provisions are no longer applicable to it with effect from financial year 2021-22. Discuss.
- (iv) An office building is constructed exclusively for the CSR activities under section 135 of the Companies Act, 2013 of the Company. The entire expenditure is treated as revenue expenditure and charged to statement of profit and loss. Discuss whether the treatment of charging cost of construction of the aforesaid building to statement of profit and loss is correct. Whether any disclosures as per Schedule III of the Companies Act, 2013 have to be made?

Question 2(b) - Ind AS 103 - 6 Marks

XYZ Limited is a sales and marketing company in amusement and 6 entertainment domain. It negotiates and agrees in advance with four famous amusement parks to purchase their tickets for online sale through its payment gateway to general public. The negotiated rates are at a discount when compared with the price of tickets sold directly by amusement parks to the general public. XYZ Limited is free to determine its sale price of the ticket. As part of the agreement XYZ Limited will also assist the amusement parks *I* general public with respect to services provided by the amusement parks to the general public. However, each amusement park will continue to be responsible for fulfilling its / their obligation associated with the ticket, including solutions to dis-satisfied customers. For XYZ Limited, there is no credit risk as payment is collected from customers before hand. However, it carries an inventory risk as tickets have to be purchased in advance and unsold tickets are loss to XYZ Limited. Discuss whether XYZ Limited is a principal or an agent?

Question 2(c) – Ind AS 103 – 6 Marks

Whether the following expenses shall form part of 'costs incurred to obtain a contract'. Give reasons:

- (i) Commission paid only upon successful signing of the contract;
- (ii) Legal fees for drafting the terms of the arrangement / agreement;
- (iii) Travel expenses of a sales person pitching for a new client contract;
- (iv) Salaries of sales people working exclusively on obtaining new clients;
- (v) Bonus based on quarterly sales;
- (vi) Commission paid to sales manager which is based on contracts obtained.

Question 3(a) – Ind AS 103 – 8 Marks

A consumer products entity, Entity A Limited (lessee) enters into a lease agreement with Entity B Limited (lessor) for a dedicated production line to manufacture one of its store-brand household products for a period of three years. Entity A Limited has agreed to order a minimum 100,000 units per month and to make a payment to Entity B Limited as per the following agreed rates:

- (i) ₹ 240 per unit if the ordered quantity is between 100,000 to 1,20,000 units;
- (ii) ₹ 246 per unit if the ordered quantity is between 1,20,001 to 1,50,000 units.

As per the terms of the agreement, Entity A Limited has the exclusive right to use the production line. Entity B Limited cannot use the specified production line for any other customer. The type of household product is specified in the contract. Entity A Limited issues instructions to Entity B about the quantity and timing of products to be delivered. If the production line is not producing the household product for Entity A, it remains idle. Entity B Limited operates and maintains the production line on a daily basis. Entity A Limited has estimated that for manufacturing each unit, Entity B Limited incurs an average cost of ₹ 195. Further, the observable stand-alone price for the remain of the production line is ₹ 60,00,000 per month. Entity A Limited's incremental borrowing rate at the commencement date of the lease is 10% per annum.

Entity A Limited concludes that the arrangement contains a lease as per Ind AS 116. It also elects not to apply the practical expedient in paragraph 15 of Ind AS 116 of not to separate the non-lease component (s) from the lease component(s). Accordingly, it separates non-lease components from lease components.

You are required:

- (i) Analyse the above and identify lease component(s) and non-lease component(s); And at the commencement of the lease;
- (ii) Compute and allocate the consideration into lease component(s) & non-lease component(s);
- (iii) Compute the lease liability (the present value factor @10% per annum of 2.49 for 3 years may be adopted);
- (iv) Determine the recognition / treatment of lease component(s) and non-lease component(s).

Question 3(b) - Ind AS 103 - 8 Marks

The following details are available for Hydra Limited as at 31st March, 2023:

| Disposal Group | Carrying Amount at the reporting date before classification as held for sale | |
|-------------------------------|--|----------------------|
| | | for safe |
| 1 of the late of the | (Amount in ₹) | (Amount in ₹) |
| Goodwill | 7,50,000 | 7,50,000 |
| Property, Plant and Equipment | 23,00,000 | 20,00,000 |
| (carried at revalued amounts) | the state of a grant for the | rapadio in a milatro |
| Building (carried at cost) | 28,50,000 | 28,50,000 |

| Investment in Equity | 12,00,000 | 11,00,000 |
|----------------------|---|-----------|
| Instalments | 1 1 2 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 | 1 1 |
| Inventory | 9,00,000 | 7,50,000 |

Hydra Limited estimates that the fair value less costs to sell of the disposal group is ₹ 65,00,000. State, as per applicable Ind AS, how and at what amount of loss should Hydra Limited recognize 'disposal group' before classifying it as held for sale. Also compute the impairment loss if any, and how it should be allocated by Hydra Limited.

Question 3(c) – Ind AS 103 – 4 Marks

N Ltd is engaged in the business of manufacturing of bottles for both, pharmaceutical companies and non-pharmaceutical companies. It has a wholly owned subsidiary, H Ltd., which is engaged in the business of pharmaceuticals. H Ltd. purchases the pharmaceutical bottles from its parent company. The demand of H Ltd. is very high and hence to cater to its shortfall, H Ltd. also purchases the bottles from other companies. Purchases are made at competitive prices.

N Ltd. sold pharmaceuticals bottles to H Ltd. for Euro 24 lakhs on 1st February, 2023. The cost of these bottles was ₹ 1660 lakhs in the books of N Ltd. at the time of sale. As at 31st March, 2023 all these bottles were lying as closing stock in the books of H Limited. Also as at 31st March, 2023, the entire amount against the supply of these bottles was payable by H Ltd.

The functional currency of:

- H Limited is Euro; and
- N Limited is INR.

Following additional information is available:

| Exchange rate on 1 February, 2023 | 1 Euro = ? 83 |
|-----------------------------------|---------------|
| Exchange rate on 31 March, 2023 | 1 Euro = ? 85 |

Provide the journal entries in the books of N Ltd. and H Ltd. on the transaction date(s) as well as 31st March, 2023, if any. Assume net realizable value of stock was always equal to its cost.

Question 4(a) – Ind AS 103 – 14 Marks

Ore Exploration Ltd. is engaged in the manufacturing of drilling and mining equipment for over last 25 years. The management of the company is planning to expand the manufacturing activities for which funds are needed. On 1st April, 2019, to meet out the financial requirement Ore Exploration Ltd. issued 50,000, Compulsory Convertible Cumulative Preference Shares (CCCPS) of ₹ 100 each. These preference shares carry a coupon rate of 12% p.a. and is payable every year. The Company has substantial profits for payment of preference dividend. Under the terms of instrument, every two preference shares are convertible into 1 equity share of ₹ 100 each at the end of 4th year. The prevailing annual market interest rate for the similar debt without conversion option is 15% per annum. The transaction cost of completing the issue process of the instrument is 3% of the proceeds. The effective interest rate is 16.60% per annum.

You are required to:

- (i) Compute the liability and equity component;
- (ii) Provide the 'liability' ledger account for various years at amortized cost using the effective interest rate;
- (iii) Pass necessary accounting entries for the whole period.

Note: Use the following present values of Re. 1 at different discounting factors for the

purpose of calculation, wherever required.

| Year | 1 | 2 | 3 | 4 |
|------|--------|--------|--------|--------|
| 13% | 0.8850 | 0.7831 | 0.6931 | 0.6133 |
| 15% | 0.8696 | 0.7561 | 0.6575 | 0.5718 |
| 18% | 0.8475 | 0.7182 | 0.6086 | 0.5158 |

Question 4(b) – Ind AS 103 – 6 Marks

Discuss the cost constraint on useful financial information.

OR

Discuss the characteristics of good financial statements.

Question 5(a) - Ind AS 103 - 8 Marks

A Ltd. announced a stock appreciation right (SAR) on 1st April, 2020 for each of its employees. The scheme gives the employees the right to claim cash payment equivalent to an excess of market price of Company shares on exercise date over the exercise price of ₹ 250 per share in respect of 100 shares, subject to a condition of continuous employment of 3 years. The SAR is exercisable after 31st March, 2023 but before 30th June, 2023. The fair value of SAR was:

- ₹ 42 in 2020-21;
- ₹ 46 in 2021-22; and
- ₹ 48 in 2022-23.

In 2020-21 the company estimates that 2% of its employees shall leave the Company annually. This was revised to 3% in 2021-22. Actually:

- 15 employees left the company in 2020-21;
- 10 employees left the company in 2021 -22; and
- 8 employees left the company in 2022-23.

The SAR therefore actually vested in 492 employees on 30th June, 2023 and when SAR was exercised, the intrinsic value was ₹ 50 per share.

Compute, by fair value method, the SAR expense for financial years;

- 2020-21;
- 2021-22;
- 2022-23;
- 2023-24.

Also provide SAR ledger from inception till closure. Discuss whether this account is in the nature of liability or equity ?

Question 5(b) - Ind AS 103 - 8 Marks

Haymond Limited has three segments H, M & D. The following information is provided for the year ending 31st March, 2023:

All amounts are in ₹ Lakhs.

| Particulars and the same and th | Segments | | | Head | |
|--|----------|------|-----|--------|--|
| | H | M | D | Office | |
| Sales to M | 500 | _ | - | | |
| Sales to D | _ | 5 | _ | | |
| Other Sales (Domestic) | 10 | (1 _ | _ | | |
| Sales (Export) | 680 | 170 | 40 | | |
| Operating Profit/(Loss) before tax | 30 | 5 | (8) | | |
| Reallocated cost from Head Office | 4 | 2 | 2 | 7 | |
| Interest cost | 2 | 3 | 1 | | |
| Fixed Assets | 20 | 4 | 12 | 5 | |
| Net Current Assets | 12 | 4 | 9 | 3 | |
| Long Term Liabilities 1 209 January 2010 187 A 2 | 2 | 1. | 12 | 2 | |

Other Information:

- (i) Share Capital amounts to ₹ 40,00,000
- (ii) Reserve & Surplus amounts to ₹ 12,00,000

Prepare segment information as per Ind AS 108.

Question 5(c) - Ind AS 103 - 4 Marks

Beauty Ltd. purchased a patent right of a face-wash on 1st April, 2020 for ₹ 4,20,000; which has a legal life of 10 years. Due to the highly competitive nature of the product, the management of the company estimates a useful life of only 6 years. Straight line amortization is determined by the management to be the best method. As at 1st April, 2021, management is uncertain that the process can actually be made economically feasible and decides to write down the patent to an estimated market value of ₹ 2,00,000 and also decides to amortize it over 2 years. As at 1st April, 2022, having perfected the related production process, the asset is now appraised at a value of ₹ 3,50,000. Furthermore, the estimated useful life is now believed to be 3 more years.

You are required to determine the value of intangible asset at the end of financial year:

- 2020-21;
- 2021-22:
- 2022-23.

Also, discuss the treatment of revaluation gain in financial year 2022-23.

Question 6(a) – Ind AS 103 – 5 Marks

Diamond Limited is transitioning to Ind AS. It has certain investments in Ruby Limited's Convertible Debt Instruments, which are currently (on the date of transition to Ind AS) exercisable and would provide Diamond Limited with a controlling stake over Ruby Limited on exercise of the conversion rights. Diamond Limited evaluated that Ruby Limited should be treated as its subsidiary under Ind AS. Hence it would require consolidation in its Ind AS Consolidated Financial Statements. Ruby Limited was not considered as a Subsidiary, Associate or a Joint Venture under Previous GAAP.

How should Ruby Limited be consolidated on transition to Ind AS. Assume that Diamond Limited has opted to avail the exemption from retrospective re-statement of past business combinations as per applicable Ind AS?

Question 6(b) – Ind AS 103 – 5 Marks

Poor Limited borrowed ₹ 120 Lakhs from a Scheduled Bank. The terms of loan are as under:

- Rate of Interest @ 10% per annum, payable yearly.
- Tenure of Loan 12 Years.
- Principal to be paid at the end of tenure i.e. 12th Year.

Poor Limited defaulted in payment of Interest in year 5, 6, 7 and 8. A loan reschedule agreement took place at the end of 9th year with the Bank. As per the agreement Poor Limited is required to pay ₹ 220 Lakhs at the end of 10th year. The default continued till the end of 10th year.

You are required to calculate as per relevant Ind AS:

- (i) Book Value of the Loan at the end of the 10th Year.
- (ii) Additional amount to be paid to the Bank on Account of Rescheduling. (assume interest is compounded in the case of default).

Question 6(c) - Ind AS 103 - 5 Marks

A shipping company is required by law to bring all its ships into dry dock every 5 years for a major inspection and overhaul. Overhaul expenditure might at first sight seem to be repair to the ships but is actually a cost incurred in getting the ship back into a seaworthy condition. As such the costs must be capitalised.

A ship that cost ₹ 40 Crure with 20 year life must have a major overhaul every 5 years. The estimated cost of the first overhaul is ₹ 10 Crores.

Calculate:

- (i) the depreciation charged for first five years;
- (ii) the carrying amount at the end of 5th year.

Question 6(d) – Ind AS 103 – 5 Marks

HG Incredibles Limited had in the recent past made a right issue. In its offer document to its members, it had projected a surplus of ₹ 50 crores during the year ending 31.03.2023. The draft result for the year ended 31.03.2023, prepared on the hitherto followed accounting policies and presented for perusal of the Board of Directors showed a surplus of ₹ 5 Crores. The Board in consultation with the Managing Director, decided on the following:

- (i) Value year-end Inventory at Works Cost (₹ 40 Crores) instead of hitherto method of valuation of inventory at Prime Cost (₹ 20 Crores);
- (ii) Not to provide for "After Sales Expenses" during the warranty period. Till the last year, provision for 1% of Sales used to be made under the concept of "matching of costs against revenue" and actual expenses used to be charged against provision. The Board now decided to account for expenses as and when actually they are incurred. Sales during the year was ₹ 800 Crores;
- (iii) Provide depreciation for the year on Straight Line Method on account of substantial

additions in Gross Block during the year, instead of on Reducing Balance Method, which was hitherto adopted. As a consequence, ₹ 21 Crores depreciation is now less charged than have it would have been provided under the old method. (₹ 67 Crores on Reducing Balance method and ₹ 46 Crores in Straight Line Method).

(iv) Provide for other than temporary fall in the value of investments, which fall took place in last 6 years, amounting to ₹ 12 Crores.

Discuss the above situations as per applicable Ind AS, particularly Ind AS 8. Whether the above are change in accounting policies or change in estimates?

Financial Reporting Paper – Nov. 2023 (Analysis)

Question 2(c)

Evaluation Chart:

| S. No. | Particulars | Can it be recognized as a part of the cost to obtain the contract? |
|--------|-----------------|--|
| (i) | Commission | All of the commissions are incremental because the commissions would not have been incurred if the contract had not been obtained. |
| (ii) | Legal fees | No |
| (iii) | Travel Expenses | These costs are recognized as expenses when incurred, unless they are within the scope of another Standard, in which case, the relevant provisions of that Standard apply. |
| (iv) | Salaries | No |
| (v) | Bonus | No |
| (vi) | Commission | Commissions payable to sales employees are an <i>incremental cost</i> to obtain the contract, because they are payable only upon successfully obtaining the contract. Company therefore recognizes an asset. |

Question 3(a)

Analysis:

In the given case, the agreement contains a lease component (production line) and a non-lease component (job work).

As Entity A has not elected to apply the practical expedient as provided in paragraph 15, it will separate the lease and non-lease components and allocate the total consideration to the lease and non-lease components in the ratio of their relative stand-alone selling prices.

As Entity A is required to purchase a minimum of 1,00,000 units per month at the rate of ₹ 240 per unit, there is an in substance fixed payment of ₹ 240,00,000 per month – although the payments are structured as variable lease payments, there is no genuine variability in those payments as Entity A is required to purchase at minimum quantity 10,00,000 units per month, i.e., for ₹ 240,00,000 per month.

Computation of allocation of consideration:

The observable stand-alone price for lease component (which is factory rent) is ₹ 60,00,000.

The observable stand-alone price of non-lease component (which is job work charges) is 195,00,000 (₹ 195 x100,000 units).

Entity A is required to allocate the total consideration as follows:

| Particulars | Amount |
|--|------------------|
| Observable standalone price: Lease component | ₹ 60,00,000 |
| Observable standalone price: Non-lease component | ₹ 195,00,000 |
| Total almost telegra. | ₹ 255,00,000 |
| Lease component as a percentage of observable prices | |
| Allocation of consideration to lease component (240,00,000 x 23.53%) | ₹ 56,47,200 |
| The total allocation for a year will be: | ₹ 6,77,66,400 |
| | (56,47,200 x 12) |

Computation of Lease Liability:

As Entity A's incremental borrowing rate is 10%, it discounts lease payments using this rate and the lease liability at the commencement date is calculated as follows:

| Year | Lease PVIFA | | Present value of lease payments | | |
|-------------|-------------|-------|---------------------------------|--|--|
| let of | Payment | @ 10% | (1 x 2) | | |
| | (1) | (2) | A CAST OF CAST | | |
| Year 1 to 3 | 6,77,66,400 | 2.49 | 1,68,738,336 | | |

Entity A recognizes lease liability amounting to ₹ 1,68,738,336 as at commencement date based on lease payments amounting to ₹ 56,47,200 per month.

The remaining amount of \ge 183,52,800 (240,00,000 - 56,47,200) which is attributable to job work charges is recognized in the statement of profit or loss as and when incurred.

Problem and Solution in Financial Reporting

Question 4(b)

Same as May 22 Examination Paper - 6 Marks

Question 4(b) OR

The two fundamental qualitative characteristics of financial statements are:

- 1. Relevance; and
- 2. Faithful representation.

The four enhancing qualitative characteristics are:

- 1. Comparability;
- 2. Verifiability;
- 3. Timeliness; and
- 4. Understandability.

Fundamental qualitative characteristics:

1. Relevance:

The characteristic of relevance implies that the information should have predictive and confirmatory value for users in making and evaluating economic decisions. The relevance of information is affected by its nature and materiality. Information is material if omitting it or misstating it could influence decision making. A financial statement should include all information which is material to a particular entity.

2. Faithful representation:

The characteristic of faithful representation implies that financial information faithfully represents the phenomena it purports to represent. This depiction implies that the financial information is complete, neutral and free from error.

Enhancing qualitative characteristics:

1. Comparability:

The characteristic of comparability implies that users of financial statements must be able to compare aspects of an entity at one time and over time, and between entities at one time and over time.

Verifiability:

The characteristic of verifiability provides assurance that the information faithfully represents what it purports to be representing.

3. Timeliness:

The characteristic of timeliness means that the accounting information is available to all stakeholders in time for decision-making purposes.

4. Understandability:

The characteristic of understandability implies that preparers of information have classified, characterised and presented the information clearly and concisely. The financial statements are prepared with the assumption that its users have a 'reasonable knowledge' of the business and its economic activities.

Question 5(a)

Computation of Annual expense

| Particulars | 2020-21 | 2021-22 | 2022-23 | 2023-24 |
|----------------------------|-----------------------------|----------------------------|---------|---------|
| No. of employees | 494 | 479 | 479 | 492 |
| | (525@ x 0.98 x 0.98 x 0.98) | (525 x 0.97 x 0.97 x 0.97) | 102 % | |
| No. of shares per employee | 100 | 100 | 100 | 100 |
| FV | 42 | 46 | 48 | 50 |
