## UNIT 1: OVERVIEW OF CAPITAL MARKET

<b>INTRODUCTION</b>	<p>Every economy needs a sound financial system for encouraging savings habits, mobilizing savings from households and other segments and allocating savings into productive usages such as trade, commerce and manufacture etc.</p> <p>Financial systems cover both cash and credit transactions. All financial transactions are dealt with by Cash payment or issue of negotiable instruments like cheque, bills of exchange, hundies, etc. Thus, a financial system is a set of institutional arrangements through which financial surpluses are mobilized from the units generating surplus income and transferring them to the others in need of them. <i>In a nutshell, financial market, financial assets, financial services and financial institutions constitute the financial system.</i></p> <p>A country's financial systems include its banks, securities markets, pension and mutual funds, insurers, market infrastructures, central bank, as well as regulatory and supervisory authorities. These institutions and markets provide a framework/platform for carrying out economic transactions and monetary policy and it also helps in mobilizing savings into investment.</p>
<b>FINANCIAL SYSTEM</b>	<p><b>Functions of a Good Financial System:</b></p> <ul style="list-style-type: none"> <li>(i) Regulation of Currency;</li> <li>(ii) Banking Functions;</li> <li>(iii) Performance of Agency Services and Custody of Cash Reserves;</li> <li>(iv) Management of National Reserves of International Currency;</li> <li>(v) Credit Control;</li> <li>(vi) Administering Fiscal, National and Monetary Policy;</li> <li>(vii) Supply and Development of Funds for Productive use;</li> <li>(viii) Maintaining Liquidity.</li> </ul> <p><b>Keys for ensuring the Long Term Growth of the Financial System:</b></p> <ul style="list-style-type: none"> <li>(i) Education of investors;</li> <li>(ii) Giving autonomy to Financial Institutions to become efficient under competition;</li> <li>(iii) Consolidation through mergers;</li> <li>(iv) Facilitating entry of new institutions to add depth to the market;</li> <li>(v) Minimizing regulatory measures and market segmentation.</li> </ul>
<b>ORGANIZATIONAL STRUCTURE OF FINANCIAL SYSTEM</b>	<p>The organizational structure of the financial systems is divided into various components:</p> <ul style="list-style-type: none"> <li>(i) Financial Markets</li> <li>(ii) Products &amp; Market Participants</li> </ul>
<b>FINANCIAL MARKETS</b>	<p>The financial markets facilitate the efficient transfer of idle resources to others who have need of such resources. <b>It channelizes savings into investment.</b> The financial market contributes to economic development of a country which depends on the rates of savings and investments.</p> <p>In other words, Financial Market is a market in which people trade financial securities and commodities at low transaction costs and at prices that reflect supply and demand. Securities include stocks and bonds, and commodities.</p> <p>➤ <u>Financial market is a place which facilitates:</u></p> <ul style="list-style-type: none"> <li>(i) The raising of capital (in the capital markets)</li> <li>(ii) The transfer of risk (in the derivatives markets)</li> <li>(iii) The transfer of liquidity (in the money markets)</li> <li>(iv) International trade (in the currency markets)</li> </ul> <p>The two major components of a financial market are Money market and Capital Market.</p>
<b>MONEY MARKET (less than 1 year)</b>	<p>Money Market means a market where borrowers and lenders exchange short – term (not more than 1 year) funds to <b>solve their liquidity needs</b>. It is market where money is</p>

	<p>being traded as a commodity to fulfil the short – term requirements of banks, financial institution and the Govt. Money market instruments include treasury bills, commercial papers, certificate of deposits and bills of exchange. Domestic money market in India is MIBOR whereas LIBOR is an international money market which decides interest rate.</p> <ul style="list-style-type: none"> <li>➤ <u>MIBOR</u>: Mumbai Inter – Bank Offered Rate (Benchmark for India Money Market)</li> <li>➤ <u>LIBOR</u>: London Inter – Bank Offered Rate (Benchmark for International Money Market)</li> </ul> <p>Money markers allow banks to manage their liquidity as well as provide the Central bank means to conduct monetary policy. <b>Money markets are markets for debt instruments with a maturity up to 1 year.</b></p> <p>In short, a market for the exchange of the short – term funds is known as the money market and solves the liquidity needs of the lenders.</p>
<b>CAPITAL MARKET (Long Term Funds)</b>	<p>The market which involves all kinds of lending and borrowing that are direct or indirect claims to the capital is known as capital market. In other words, Capital markets are financial markets for the buying and selling of long – term debt or equity backed securities.</p> <p><b>Example of Capital Market Transactions:</b> When a company wants to raise long – term finance (i. e. equity shares, debentures &amp; preference etc.), it often sells equity shares to the capital markets. It is a capital market transaction.</p> <ul style="list-style-type: none"> <li>➤ <b>Need for Capital Market:</b> <ol style="list-style-type: none"> <li>1. This market plays an important role in promoting &amp; sustaining the growth of an economy.</li> <li>2. It is a tool for mobilizing funds for private and government sector organization.</li> <li>3. It provides an effective source of investment in the economy.</li> <li>4. A well – functioning capital market tends to improve information quality as it plays a major role in encouraging the adoption of stronger corporate governance principles, thus supporting a trading environment, which is founded on integrity.</li> <li>5. Capital market has played a crucial role in supporting periods of technological progress and economic development throughout history.</li> <li>6. Capital markets make it possible for companies to give shares to their employees via Employee Stock Option Plans (ESOPs).</li> <li>7. Capital markets provide a currency for acquisitions via share swaps.</li> <li>8. Capital markets provide an excellent route for disinvestments to take place.</li> <li>9. Venture Capital and Private Equity funds investing in unlisted companies get an exit option when the company gets listed on the capital markets.</li> </ol> </li> <li>➤ <b>Functions of the Capital Market:</b> <ol style="list-style-type: none"> <li>1. Mobilization of savings &amp; acceleration of Capital</li> <li>2. Facilitate buyer and seller for sale and buy of securities</li> <li>3. Promotion of Industrial growth</li> </ol> </li> </ul> <p>However, the capital market also facilitates the process of efficient price discovery and settlement of transactions with predetermined time schedule.</p> <p><b>JUNE 2016:</b> “The capital market and the stock exchange in particular are referred to as the barometer of the economy.” Comment on the following.</p> <p><b>JUNE 2016 &amp; DEC 2010:</b> “A well-functioning securities market is conducive to sustained economic growth.” Explain.</p> <p><b>Securities Market:</b> It is the market for those financial instruments that are easily transferable by sale. It has two inter – dependent and inseparable segments i. e. Primary Market and Secondary Market.</p>

<b>PRODUCT AND MARKET PARTICIPANTS</b>	<p>The various products of the securities markets include shares, scrips, stocks, bonds, debentures, debentures stocks etc. and the principle of demand and supply determines the prices of these products.</p> <p>The major investors in the securities markets include individuals, companies, government bodies etc. These participants of the securities market are divided into following three categories:</p> <ol style="list-style-type: none"> <li>(i) Issuer of Securities;</li> <li>(ii) Investor in Securities; and</li> <li>(iii) The Intermediaries</li> </ol> <p><b>Securities market and economic growth</b></p>																

The following points are worth noting in connection with the securities market and the economic growth of the country:

(i) Securities Market acts as a Bridge:

The securities market acts as a bridge between the person having surplus fund for investment and the persons who are in need of them;

(ii) International Linkage:

The advent of globalization has connected the domestic market with the rest of the world;

(iii) Improved Investment Allocation:

The efficiency with which the existing capital stock is employed is very well monitored by the securities market;

(iv) Standardized Products and Reduction in Costs:

Due to the increase in competition, the quality of the products is increasing and consequently their cost is decreasing. The competition is constantly increasing because a wide range of funds are available through the financial markets.

(v) Development Benefits:

The securities market provides financial opportunities to the persons having ideas and talent for developing a business. Subsequently, it enhances the economic growth and leads to development.

**MARKET REGULATION (JUNE 2007)**

It is necessary to have a proper regulatory framework for smooth functioning of securities market and to boost the confidence of investors for investing money in this market. In this regard, Government of India to reform/smooth functioning of market, it was initiated establishment of SEBI and depositories.

In India, we have the following regulatory framework:

❖ **The SEBI Act, 1992:**

The SEBI was established for the purposes to:

- (i) Protect the interests of investors in securities market;
- (ii) Promote the development of securities market;
- (iii) Regulate the securities market.

❖ **The Securities Contract (Regulation) Act, 1956:**

Provides Direct & Indirect control in all aspects of securities trading & gives jurisdiction over:

- (i) Stock exchanges through a process of recognition and continued supervision;
- (ii) Contracts in securities;
- (iii) Listing of securities on stock exchanges.

As a condition of recognition, a stock exchange must comply with the prescribed conditions of Central Government.

❖ **The Depositories Act, 1996:**

This Act provides for the establishment of Depositories in securities with the objective of –

- (i) Making the securities of public limited companies freely transferable in electronic mode;
- (ii) Dematerialization of securities;
- (iii) Maintenance of ownership records in a book entry form.

In India, there are two depositories (NSDL – National Securities Depositories Ltd. and Central Depository Services Ltd.) registered with SEBI.

❖ **The Companies Act, 2013:**

	<p>The Act deals with:</p> <ul style="list-style-type: none"> <li>(i) The issue, allotment and transfer of securities;</li> <li>(ii) Managing various aspects relating to company management;</li> <li>(iii) Regulating the underwriting and use of premium and discount on issues.</li> </ul> <p>❖ <b>Regulators:</b> The Securities Market is being regulated by the following regulators:-</p> <ul style="list-style-type: none"> <li>(i) Department of economic affairs;</li> <li>(ii) Ministry of Corporate Affairs (MCA) in connection with the Companies Act, 2013;</li> <li>(iii) Reserve Bank of India (RBI) in connection with the receipt of foreign remittances in the form of Securities;</li> <li>(iv) Securities Exchange Board of India (SEBI) in connection with Indian Securities Market including Primary Market &amp; Secondary Market.</li> </ul>
<b>SECURITIES MARKET REFORMS &amp; REGULATORY MEASURES (JUNE 2009)</b>	<p>The Govt. of India and SEBI has taken a number of measures in order to improve the working of securities market. In this regard, the major reforms undertaken in capital market of India include:</p> <ul style="list-style-type: none"> <li>❖ <b><u>Control over issue of Capital:</u></b> Earlier, the capital market was regulated by the Capital Issues (Control) Act, 1947. In 1992, the SEBI Act, 1992 was enacted by the Parliament of India to protect the interests of investors and also to regulate the capital market. The SEBI Act, 1992 replaced the earlier law i. e. the Capital Issues (Control) Act, 1947.</li> <li>❖ <b><u>Establishment of regulator:</u></b> A major initiative of regulation was the establishment of a statutory autonomous agency i. e. SEBI in year 1992.</li> <li>❖ <b><u>Screen Based Regulator:</u></b> To make the capital market transparent, a major initiative was a nation – wide on – line fully – automated screen based trading system (SBTS) where a member can punch into the computer quantities of securities and the prices at which he likes to transact and the transaction is executed as soon as it finds a matching sale or buy order from Oa counter party.</li> <li>❖ <b><u>Depositories Act, 1996:</u></b> The earlier settlement system gave rise to settlement risk. This was due to the time taken for settlement and due to the physical movement of paper. Further, the transfer of shares in favor of the purchaser by the company also consumed considerable amount of time. To obviate these problems, the Depositories Act, 1996 was passed to provide for the establishment of depositories in securities.</li> <li>❖ <b><u>Corporate Governance:</u></b> The SEBI amended Clause 49 of the Listing Agreement and inserted the new provisions relating to the Corporate Governance. The major changes in the new Clause 49 include amendments/additions to provisions relating to definition of independent directors, strengthening the responsibilities of audit committees, improving quality of financial disclosures etc. Certain non – mandatory clauses are also included like whistle blower policy.</li> <li>❖ <b><u>Green Shoe Option:</u></b> As a stabilization tool for post listing price of newly issued shares, SEBI has introduced the green shoe option facilities in IPOs.</li> <li>❖ <b><u>Grading for Initial Public Offerings:</u></b> Grading of all IPOs was made mandatory. The grading would be done by credit rating agencies, registered with SEBI. It would be mandatory to obtain grading from at least one credit rating agency. The grading would be disclosed in the prospectus, abridged prospectus and in every advertisement for IPOs.</li> </ul>
<b>FEATURES OF DEVELOPED CAPITAL MARKET: THE INTERNATIONAL</b>	<p>The International Organization of Securities Commissions (IOSCO), established in 1983 for the purpose to bring together the world's securities regulators. It is a recognized global standard setter for the securities sector.</p> <p>IOSCO develops, implements, and promotes adherence to internationally recognized</p>

<b>ORGANIZATION OF SECURITIES COMMISSION (IOSCO) (DEC 2014)</b>	<p>standards for securities regulation, and is working intensively with the G20 and the Financial Stability Board (FSB) on the global regulatory reform agenda.</p> <p>IOSCO's membership regulates more than 95% of the world's securities markets. Its members include over 120 securities, regulators and 80 other securities markets participants (i. e. stock exchanges, financial regional and international organizations etc.).</p> <p>IOSCO is the only international financial regulatory organization which includes all the major emerging markets jurisdictions within its membership. IOSCO provides comprehensive technical assistance to its members which regulate the emerging market.</p> <p><b><u>IOSCO OBJECTIVES</u></b></p> <p>IOSCO has been established for achieving the following objectives:</p> <p>(i) <b><u>To Protect Investor</u></b>: To enhance investor protection and promote investor confidence in the integrity of securities markets, through strengthened information exchange and cooperation in enforcement against misconduct and in supervision of markets and market intermediaries;</p> <p>(ii) <b><u>To Ensure that Markets are Fair, Efficient and Transparent</u></b>: To cooperate in developing, implementing and promoting adherence to internationally recognized and consistent standards of regulation, oversight and enforcement in order to protect investors, maintain fair, efficient and transparent markets, and seek to address systemic risks; and</p> <p>(iii) <b><u>To Reduce Systemic Risk</u></b>: To reduce systemic (universal) risk, IOSCO exchanges information at both global and regional levels on their respective experiences in order to assist the development of markets, strengthen market infrastructure and implement appropriate regulation.</p> <p><b><u>MEMBERSHIP OF IOSCO: (DECEMBER 2017)</u></b></p> <p>There are three types of memberships of IOSCO based on the different approaches to the securities market issues.</p>
<b>ORDINARY MEMBER</b>	<p>Ordinary members of IOSCO are those members who are primarily working as regulators of securities or futures markets in a jurisdiction and each ordinary member has one vote.</p> <p><b>Example:</b> Securities and Exchange Board of India (SEBI) is the regulator of Indian Securities Market. Securities Exchange Commission is the regulator of USA Securities Market.</p> <p>In other words, all governmental body which are responsible for regulation of securities can only be entered as ordinary member under the category. The ordinary membership of a self – regulatory body admitted to IOSCO will lapse if a governmental regulatory body from the same jurisdiction becomes the ordinary member for that jurisdiction.</p>
<b>ASSOCIATE MEMBER</b>	<p>Associate members of IOSCO are those members which are other securities and/or futures regulators in a jurisdiction, if that jurisdiction has more than one.</p> <p><b>Example:</b> The Commodity Futures Trading Commission, the International Commission of Securities and the North American Securities Administrators' Association in the United States are associate members of IOSCO with the U. S. Securities and Exchange Commission being the ordinary members for the</p>

		<p>United States.</p> <p><b>Note:</b> Associate members have no rights to vote in IOSCO. A self-regulatory body is not eligible for associate membership.</p>
	<p><b>AFFILIATE MEMBER</b></p>	<p>Affiliate members of IOSCO are those members other than the regulators.</p> <p><b>Example:</b> Stock exchanges, self – regulatory organizations, and various stock market industry associations. Affiliate members have no voting rights.</p> <p>In other words, A self – regulatory body (SRO), or an international body, with an appropriate interest in securities regulation is eligible for this category of membership.</p> <p><b>Note:</b> Currently, IOSCO has 145 members: 118 ordinary members, 12 associate members and 15 affiliate members.</p>
<p><b>MULTILATERAL MEMORANDUM OF UNDERSTANDING CONCERNING CONSULTATION AND CO – OPERATION AND EXCHANGE OF INFORMATION (MMoU)</b></p>	<p>MMoU is a document signed by the members of IOSCO for cross – border co – operation to combat violations of securities and derivatives laws. In other words, it is an arrangement among the member countries of IOSCO for sharing information while investigating possible securities law violations.</p> <p>An international benchmark for co – operation and information sharing that builds on the many existing IOSCO Resolutions and Principles to enhance the level of co – operation and information exchange to combat cross – border fraud and other securities violations. Therefore, it is a commitment among signatories to provide assistance and co – operation in accordance with the terms and conditions set out in the MMoU.</p> <p><b>What are the objectives of the MMoU?</b></p> <ul style="list-style-type: none"> <li>(i) Enhancing jurisdictions’ ability and willingness of Co – operation internationally.</li> <li>(ii) To better ensure compliance with and enforcement of securities laws and regulations.</li> <li>(iii) Enhancing the ability of regulators to detect and deter cross – border financial crime.</li> </ul>

<b>SECURED PREMIUM NOTES</b>	<p>Secured premium notes (SPN) is an instrument which has combined features of equity and debt instruments. SPN is nothing but a share warrant which is generally issued by the listed companies after getting the approval from the Central Government. The Companies issue SPN to meet their long – term and short – term funds requirements.</p> <p>Secured premium notes (SPN) are financial instruments which are issue with detachable warrants and are redeemable after certain period. In other words, SPN is a kind of non – convertible debenture (NCD) attached with share warrant. It can be redeemed after lock – in period and SPN holders will get principal amount with interest on installment basis after lock – in period of total period for which SPN has been issued. However, during the lock – in – period no interest is paid.</p> <p><b>Lock – in period for SPN:</b> SPN can be issued by the companies with the lock – in period for 4 to 7 years. This means an investor can redeem his SPN after lock – in period. SPN holders will get principal amount with interest on installment basis after lock – in period of said period. However, during the lock – in period no interest is paid.</p>		
<b>EQUITY SHARES WITH DETACHABLE WARRANTS</b>	<p>An equity share with detachable warrant enables the holder to apply for the specified number of shares on the appointed date at the predetermined price. These types of instruments are listed in the Stock Market in two forms:</p> <p>(1) In the form of equity shares, and</p> <p>(2) Another in the form of warrant. Both instruments are separately tradable in the registered stock exchanges.</p>		
<b>DEBT FOR EQUITY SWAP</b>	<p>It is a financial instrument which offers to the Debt holders to exchange the debt with the equity shares of the issuer Company. In other words, the debt holders will be given equity shares in place of their debt to the Company.</p> <p><b>What are the benefits available to the Company?</b></p> <p>This instrument reduces the financial burden of payment of fixed interest from the Company. This instrument also reduces the burden of payment of principal amount after certain period (at the time of maturity). However, the issuer faces the risk of dilution of earnings per share by a sharp rise in the equity.</p> <p><b>Special Note:</b> After conversion into equity share capital, the company has the discretionary power to pay dividend to the equity shareholders or not. The Capital is a long – term fund to the Company and is also not payable except some exceptional circumstances like Buy – Back and Delisting of securities.</p> <p><b>What are the benefits available to the Debt holders?</b></p> <p>These instruments give an offer to the debt holders to exchange the debt for equity shares of the company. From the investors’ point of view, there is potential gain from rise in the value of the equity shares but these types of instruments are quite risky for the investor because the anticipated capital appreciation may or may not materialize. However, the dividends are not taxable in the hands of equity shareholders.</p>		
<b>INDEXED RATE NOTES/BOND (DECEMBER 2017)</b>	<p><b>Introduction:</b> Inflation risk has been a potential problem with fixed income securities (like fixed deposits, bonds). If the inflation rate is higher than the interest rate being received on the fixed income products, it diminishes the purchasing power of the consumer. Therefore Inflation indexed bonds are introduced to counter the inflation risk.</p> <p>The main difference between fixed deposits and inflation indexed bonds is the principal adjustment and interest payment. In case of a fixed deposit, a pre –</p>		

	<p>defined static interest rate is mentioned and at the end of the tenure an investor can withdraw the invested amount along with the interest rate accumulated. In case of inflation indexed bonds, the principal is adjusted to wholesale price index (WPI) and a fixed coupon rate or interest rate is paid on the periodically adjusted principal amount.</p> <p><b>Beneficial to the Companies:</b> These instruments are beneficial to a company in a high interest rate environment, if the interest rates are expected to decline between the date of commitment and the date of takedown.</p> <p><b>Beneficial to the Investor:</b> These instruments are beneficial to the investors in a low interest rate environment, if the interest rates are expected to increase between the date of commitment and the date of takedown.</p>
<b>EXTENDABLE NOTES</b>	<ul style="list-style-type: none"> <li>❖ Extendable notes are issued for 10 years with flexibility to the issuer to review the interest rate every two years.</li> <li>❖ The interest rate is adjusted every two years to reflect the then prevailing market conditions by trying the interest rate to a spread over a bond index such as two years treasury notes.</li> <li>❖ However, investors have a put option at par value every two years i. e. they have the right to sell the bond to the issuer at a fixed rate on the expiry of every two years.</li> <li>❖ This instrument encourages long – term investor participation in the scheme by favorable review of interest rates every two years.</li> </ul>
<b>DUAL OPTION WARRANTS</b>	<ul style="list-style-type: none"> <li>❖ Dual option warrants are designed to provide the buyer with good potential of capital appreciation &amp; limited downside risk.</li> <li>❖ It may be used to sell equity shares in different markets.</li> <li>❖ <b>Example:</b> Equity shares or Debentures may be issued with two warrants – one warrant giving right to the purchaser to be allotted one equity share at the end of a certain period and another warrant with a debt or preference share option.</li> </ul>
<b>LEVEL PAY FLOATING NOTES</b>	<ul style="list-style-type: none"> <li>❖ Level pay floating rate notes are issued for a long period of time say 20 years, with adjustment in interest rate every five years.</li> <li>❖ These notes provide for level payments for time intervals during the term of the note, with periodic interest adjustments tied to an index, and</li> <li>❖ Adjustments to the principal balance to reflect the difference between the portion of the payment allocable to interest and the amount of floating rate interest actually incurred.</li> <li>❖ Maximum limits on upward adjustments to principal are specified at the outset to protect the lender from runaway floating exposure.</li> <li>❖ The level pay note has the advantage to the issuer of having a predictable level of debt service for a period of years, thereby avoiding the uncertainties of floating debt on cash flows during that time.</li> </ul>
<b>ZERO COUPON CONVERTIBLE NOTES (ZCCN)</b>	<ul style="list-style-type: none"> <li>❖ It is a debt instrument convertible into equity shares by issuer Company at after certain period.</li> <li>❖ If investor chooses to convert its ZCCN into equity shares, he has to forego his entire accrued &amp; unpaid interest. Since this instrument doesn't carry past obligations like accrued &amp; unpaid interest at time of conversion into equity, therefore, it is known as Zero Coupon Convertible Notes.</li> <li>❖ Generally issued with put option (right to sell) to the investors. Advantages to the issuer is the raising of convertible debt without heavy dilution of equity.</li> <li>❖ Since the investors give up acquired interest by exercise of conversion option, the conversion option may not be exercised.</li> </ul> <p><b>Benefits to the Issuer Company and investors:</b> This instrument reduces the financial burden (i. e. accrued and unpaid interest) of the Company. This instrument also reduces the burden of payment of principal amount after certain period (at the time of maturity).</p>

	Investor gains in event of appreciation in value of the equity shares. Even if appreciation doesn't materialize, the investor has the benefit of steady stream of implied income. If the instrument is issued with put option, the investor can resell the securities to the investor.
<b>BONDS</b>	<p>Bond is a negotiable instrument evidencing indebtedness. It is like unsecured debt Bonds which are generally issued by the Government or its agency (RBI) or the Company.</p> <p>Process for Bonds:</p> <p>(a) A Bond issuer takes money from the Bond Investors.</p> <p>(b) In exchange of such money, the issuer issues a certificate in favour of Investor and promises to pay loan amount on maturity date.</p> <p>(c) The Certificate that is known as Bond carries fixed rate of interest.</p> <p>In other words, Bond means a debt instrument in which an investor loans money to the Corporate/Govt. that borrows the funds for a defined period of time at a fixed interest rate.</p>
<b>DEEP DISCOUNT BOND (DDB)</b>	<ul style="list-style-type: none"> <li>❖ DDB means a financial instrument which is issued to the investors at significant discount.</li> <li>❖ The DDB is considered as a safe, solid and long – term investment. Before issuing DDB, the issuer company must take credit rating for such instruments.</li> <li>❖ <b>Example:</b> IDBI and SIDBI had issued Deep Discount Bonds. In year 1998, DDB was offered by the IDBI @ Rs.2700/- and investors would get Rs.1,00,000/- at the time of maturity. The maturity period was fixed for Rs.25 years from the date of issue of DDB.</li> <li>❖ In this example, an investor can buy a deep discount bonds @ 2700/- which has the face value of such bond is Rs.1,00,000/-. Thus, if the face value of the bond is Rs.1,00,000/- and it is issued at Rs.2700, it is a deep discount.</li> <li>❖ On maturity, when the bond is redeemed after 25 years, the bond issuer only pays the investors the face value of the bond. Therefore, no interest is payable to investors.</li> <li>❖ The capital appreciation in case of deep discount bonds is chargeable to tax at capital gains rate.</li> </ul>
<b>DISASTER BONDS</b>	<ul style="list-style-type: none"> <li>❖ Disaster Bonds means a bond which is linked with <b>natural calamities</b> like earthquakes, tsunami Hurricane, Katrina and other natural disasters.</li> <li>❖ It is being offered by the insurance company to the investors who would like to invest in a speculative fund.</li> <li>❖ These are issued by companies and institutions to share the risk and expand the capital to link investors return with the size of insurer losses.</li> <li>❖ The coupon (Interest) rate and the principal of the bonds are decided by the occurrence of disasters.</li> <li>❖ However, these bonds haven't yet been issued by any insurance company in India.</li> <li>❖ These instruments offer high returns if insurance claims are low, but when more claims filed due to disaster, the return of an investor will be low. In other words, the bigger the losses, the smaller the return and the smaller losses or no losses, the bigger the return.</li> </ul>
<b>OPTION BONDS</b>	<ul style="list-style-type: none"> <li>❖ Option bonds are like option contracts in which the underlying asset is a bond.</li> <li>❖ A bond option allows investors the ability to hedge the risk of their bond portfolios or speculate on the direction of bond prices with limited risk.</li> <li>❖ Those cumulative and non – cumulative bonds are covered by these instruments where the interest is payable on maturity or periodically and redemption premium is offered.</li> </ul>
<b>EASY EXIT BOND</b>	These instruments cover the bonds which provide liquidity as well as an easy exit

	route to the investors by the way of redemption or buy – back. Additional bonds are payable in place of Interest.
<b>PAY IN KIND BONDS</b>	The bond where the interest for the first three to five years is paid through the issue of additional bonds is known as pay in kind bonds. In other words, it is a bond in which interest payments come in form of more bonds, rather than cash and it resolves the liquidity issues of a company.
<b>FLOATING RATE BONDS AND NOTES</b>	<ul style="list-style-type: none"> <li>❖ Floating rate Bonds are bonds that have variable interest rate and the rate of interest is subject to change as per the market conditions.</li> <li>❖ The floating rate bonds take reference from money market like MIBOR &amp; LIBOR.</li> <li>❖ This kind of instrument does not give fixed rate of interest and is allowed to float the rate subject to the market conditions.</li> <li>❖ This instrument is used by the issuers to hedge themselves against the volatility in interest rates.</li> </ul>
<b>SPLIT COUPON DEBENTURES</b>	These are the instruments issued at a discounted price and interest accrues in the first 2 years for subsequent payment in cash. It helps in the better management of cash flows.
<b>CLIP AND STRIP BONDS</b>	<ul style="list-style-type: none"> <li>❖ It is a unique kind of bond in which the issuer company issues a bond in two parts.</li> <li>❖ One part covers principal amount and another covers Interest (Coupon). In other words, it is an instrument which has two portions i. e. Principal Part or Interest Part and Interest part is attached as an additional instrument with principal amount. Therefore, it is clip (attached) and Strip (affixed) Bonds.</li> <li>❖ These bonds are also referred to as coupon notes, split the principal and coupon portions of a bond issue. An investor can sell both instruments separately to anyone.</li> </ul> <p><b>Example:</b> The Govt. of India issued bonds of Rs.10,000/- with a coupon of 10% and a maturity date of June 1, 2015. If all of the coupons are stripped off (Split), a buyer of the remaining bond portion will receive only one payment of Rs.10,000/- on June 1, 2015 if the bond is held to maturity. These will be no payments of interest on or before maturity, since the coupons have been sold to someone else.</p> <p>Accordingly, Clip and Strip bonds have unique features like two separate instruments one for principal amount and another for interest amount, both instruments are separately saleable in the market.</p>
<b>DUAL CONVERTIBLE BONDS</b>	<ul style="list-style-type: none"> <li>❖ Dual Convertible Bonds mean a bond which is convertible into either equity shares or fixed interest rate of debentures/preference shares at the option of investor.</li> <li>❖ The investor may exercise this option based on the prospect of the project.</li> <li>❖ In other words, the dual convertible bond gives an option to the investor for conversion of DCB into equity &amp; fixed interest of debentures/preferences shares at the expiry of specified period.</li> </ul>
<b>CARROT AND STICK BOND</b>	<p>The “carrot and stick” approach refers to a policy of offering a combination of rewards and punishment to induce behavior. It is a traditional variant of convertible bond with a low conversion premium to encourage early conversion (the carrot), and a provision allowing the issuer to call the bond at a specified premium if the common stock is trading at a modest percentage above the conversion price (the stick).</p> <p>In carrot bonds, the premium over the present market price of the equity shares is fixed at a reasonable level so that the price of the equity shares is not increased. In stick bonds, the issuer has the right to call the issue at a specified premium if the</p>

	<p>price of the equity shares is traded over a specified percentage of conversion prices.</p> <p>In simple words, the carrot provision provides for a low conversion premium to attract holders to exercise the conversion earlier than time for conversion (i. e. the carrot). The stick provision allows the issuer to call the bond at a specified premium if the equity share of the issuer is trading at a certain percentage above the conversion price (i. e. the stick). This structure combines both rewards and punishments and it is up to the holder to go either course as its investment policy dictates.</p> <p><b>Features:</b></p> <p>(a) Carrot Provision gives an option to convert bonds into equity shares before the time of its conversion at low conversion premium.</p> <p>(b) Stick Provision makes compulsory conversion of Bonds into equity shares at a certain percentage above the conversion price.</p>
<b>COMMODITY BOND</b>	<ul style="list-style-type: none"> <li>❖ Commodity bonds are bonds issued to share the risk and profitability of future commodity prices with the investor.</li> <li>❖ It is a bond which protects the capital of investors from the future inflation of any commodity.</li> <li>❖ <b>Example:</b> Petro bonds, silver bonds, gold bonds &amp; coal bonds. Petro bond may carry fixed rate of interest with part of face value of bonds denominated in barrels of oil.</li> <li>❖ However, the commodity bond does carry more potential to generate a higher return than a fixed rate bond there is also more risk involved.</li> <li>❖ While it is unusual, there is always the possibility that the underlying commodities will not perform as anticipated and the return will be less than originally projected.</li> <li>❖ In general, a commodity – backed bond tends to carry less volatility than many stock issues.</li> </ul>
<b>TRACKING STOCKS (DEC 2016, JUNE 2018)</b>	<p>It is a type of common stock which depends upon the financial performance of a specific business unit or an operating division. If the unit or division or subsidiary company performs well, the value of the stock increases and vice – versa. It is issued by a publicly held company to track the value of one segment of the company.</p> <p><b>Example:</b> ABD Ltd. is publicly held company and has 10 divisions at different locations and each division is producing separate products. One division which produces FMCG products, the company had issued tracking stocks for such division.</p> <p><b><u>Important points for above example:</u></b></p> <p>(i) If such FMCG division earns profit, the tracking stock holders would get dividend.</p> <p>(ii) If such FMCG is in loss, the tracking stock holders would not get dividend even if the ABC Ltd. is having profits.</p> <p>(iii) The tracking stock holders have a financial interest only in that FMCG division.</p> <p>(iv) The tracking stock holders usually have no voting rights.</p> <p>Tracking stock does not represent or require any change (de – merger or spin off) in business structure. Holders of tracking stock are considered to hold equity in the parent company and not the specific entity represented by the tracking stock. Tracking stock is often set up by companies that have several diverse divisions, both so that investors can take a share in a division of their interest, and so that</p>

	<p>the performance of these divisions can be tracked in terms of shareholder interest. A company will sometimes issue a tracking stock when it has a very successful division that it feels is under – appreciated by the market and not fully reflected in the company's stock price.</p> <p>In this example, ABC Ltd. issued shares of BCD Ltd. (subsidiary of ABC Ltd.) which makes huge profit year to year. The shares of BCD Ltd. will be treated as tracking stock since the holding company allows investors to invest in a particular stock of one of its subsidiary company.</p> <p><b>Case Study:</b> Liberty Media had tracking stocks for Liberty Interactive and Liberty Capital listed on NASDAQ.</p> <p><b>Features and advantages of tracking stock:</b></p> <ul style="list-style-type: none"> <li>(i) The company can keep control over its subsidiary;</li> <li>(ii) A lower cost can be obtained by getting a better credit rating;</li> <li>(iii) The marketing and administrative functions of the business are shares;</li> <li>(iv) Acquisitions are possible by the parent company.</li> </ul>
<b>MORTGAGE BACKED SECURITIES</b>	<p>Mortgage – backed securities (MBS) are bonds secured by home and other real estate loans. They are created when a number of these loans, usually with similar characteristics, are pooled together. These securities assure a fixed return which is derived from the performance of the specific assets. They are issued with a maturity period of 3 to 10 years and backed by pooled assets like mortgages, credit card receivables, etc.</p> <p><b>Example:</b> A bank offering home loan might round up Rs.20 crore worth of such loans. That pool is then sold to a Government Agency or a government sponsored – enterprise (GSE), or to others to be used as the collateral for the new MBS.</p> <p><b>Features of assets to be securitized:</b> The assets to be securitized shall have the following features:-</p> <ul style="list-style-type: none"> <li>(a) The cash flows generated from the assets should be received periodically in accordance with a Pre – determined schedule.</li> <li>(b) The actual cash flows generated from the assets should be predictable.</li> <li>(c) The assets should be large in number and total value to be issued in securitized form.</li> <li>(d) The assets should be sufficiently similar in nature to enable pooling of their cash flows.</li> <li>(e) The assets should be marketable.</li> </ul> <p><b>Advantages to Issuer:</b></p> <ul style="list-style-type: none"> <li>(a) The issuer can generate cash from the assets immediately enabling funds to be redeployed in other projects.</li> <li>(b) The issuer may be able to improve balance sheet ratios by excluding the original assets and the securities created by the assets from the balance sheet by suitable structuring of the transaction.</li> </ul> <p><b>Advantages to Investor:</b> These instruments have a relatively low credit risk since the securities are backed by good quality collateral and offer a higher yield than Government securities.</p>
<b>INDUSTRIAL REVENUE BONDS</b>	<p>Industrial revenue bonds are issued by financial institutions in connection with the development or purchase of industrial facilities. These may become attractive if certain income-tax and wealth-tax concessions are offered. The bond proceeds could be used to purchase or a construct facilities which are subsequently leased or sold to the company. The institution acts as a conduit of funds between the lenders and the company in order to take advantage of tax benefits enjoyed by the</p>

	institutions.			
STEPPED COUPON BONDS	Under stepped coupon bonds, the interest rate is stepped up or down during the tenure of the bond. The main advantage to the investor is the attraction of higher rate of interest in case of general rise in interest rates.			
CAPITAL INDEXED BONDS	<ul style="list-style-type: none"><li>• Capital indexed bonds are inflation-protection securities</li><li>• Such bonds, therefore, provide good hedge against inflation risk.</li><li>• Capital index bonds can be used as a market indicator for inflation expectation.</li><li>• The benefits do extend beyond hedging.</li><li>• This will help investors take a more intelligent decision on their current consumption.</li></ul>			
<div>Derivatives</div> <p>The term “derivatives” indicates that it has no independent value i. E. Its value is entirely derived from the value of the underlying assets. The underlying assets can be securities, commodities, bullion, currency, livestock or anything else.</p> <p>In other words, derivatives means a forward, future and option or any other hybrid contract of pre-determined fixed duration, linked for the purpose of contract fulfillment to the value of a specified real or financial asset or to an index of securities. In india, the govt. Of india had introduced the concept of “derivatives” in year 1999 by amending securities contract (regulation) act, 1956.</p> <p><b>A derivative includes:</b></p> <p>(i) a security derived from a debt instrument, share, loan, whether secured or unsecured, risk instrument or contract for differences or any other form of securities.</p> <p>(ii) contract which derives its value from the prices, or index of prices, of underlying securities.</p>				
FUTURE CONTRACT (JUNE 2018)	<ul style="list-style-type: none"><li>❖ Future contract means a legally binding agreement to buy or sell the underlying assets on a future date.</li><li>❖ Future contract are the organized/standardized contracts in terms of quantity, quality, delivery time and place for settlement on any date in future.</li><li>❖ The contract expires on a pre – specified date which is called as expiry date of contract. On expiry, futures can be settled by the delivery of underlying assets to one party or receipt of cash by another party.</li><li>❖ Cash settlement enables the settlement of obligations arising out of the future/option contract in cash.</li></ul>			
OPTION CONTRACT (JUNE 2018)	<ul style="list-style-type: none"><li>❖ It is a contract which gives the buyer/holder of the contract the right to buy/sell the underlying asset at a pre – determined price within or at the end of the specified period. <b>Hedge funds (June 2018)</b>			
Hedge means fence, barrier & hurdle (other meaning – protection & security). In other words, it is a process of reducing and controlling future risk by taking some steps in advance.			

Hedge fund refers to an alternative investment vehicle that is designed to protect investment portfolios from market uncertainty, while generating positive returns in both up and down markets. Hedge funds are unregistered private investment partnerships, funds or pools that may invest and trade in many different markets, strategies and instruments (including securities, non – securities and derivatives) to provide certain periodic and standardized pricing and valuation information to investors.

In short, it is an alternative investment that is designed to protect the capital (investment amount) of an investor from market uncertainty and generate positive returns from the market fluctuations.

**Benefits (advantages) of hedge funds include:**

- (a) investment strategies that have the ability to generate positive returns in both rising and falling equity and bond markets.
- (b) hedge funds in a balanced portfolio can reduce overall portfolio risk and volatility and increase returns.
- (c) a huge variety of hedge fund investment styles – provide investors the ability to precisely customize investment strategy.

**Risk factors (disadvantages) in hedge funds include:**

- (a) concentrated investment strategy exposes hedge funds to potentially huge losses.
- (b) hedge funds typically require investors to lock up money for a period of years.
- (c) use of leverage, or borrowed money, can turn what would have been a minor loss into a significant loss.

<b>DOMESTIC HEDGE FUNDS</b>	<ul style="list-style-type: none"> <li>❖ Hedge funds are organized as corporations in countries like USA as limited partnerships to accommodate investors that are subject to taxation policies of the United States.</li> <li>❖ This type of hedge fund may use the business form of Limited Liability Companies (LLC), Limited Liability Partnership (LLP) or Business Trusts.</li> <li>❖ In these types of business forms, LLC &amp; LLP and business trusts are not liable to tax whereas the individual investors are liable to tax. This type of concept is very popular in USA.</li> </ul>
<b>OFFSHORE HEDGE FUNDS</b>	<ul style="list-style-type: none"> <li>❖ Offshore means a place situated at sea some distance from the shore or outside the jurisdiction of a Country.</li> <li>❖ It means any investments through an organized corporation/company from foreign country.</li> <li>❖ Generally, these funds are targeting those countries which have tax – free regime. These hedge funds are typically organized as corporations in certain countries like Cayman Islands, British Virgin Islands, the Bahamas or Bermuda. They attract investments of US tax – exempt entities.</li> </ul> <p><b>December 2017:</b> Domestic &amp; Offshore Hedge Funds</p>
<b>EXCHANGE TRADED FUNDS (ETFS) (DECEMBER 2017)</b>	<p>ETFs are new varieties of mutual funds which were introduced in 1993. Exchange Traded Fund is a security that tracks an index, a commodity or a sector like an index fund or a sectoral fund but trades like a stock on an exchange. It is similar to close – ended mutual fund listed on stock exchanges.</p> <p>In other words, ETFs are baskets of securities that are traded, like individual stocks, on an exchange. In the simplest terms, Exchange Traded Funds (ETFs) are funds that track indices like the NIFTY Index, SENSEX etc. ETFs can be bought and sold exactly like a stock of an individual company during the entire trading day. Furthermore, they can be bought on margin, sold short or bought at limit prices. Exchange traded funds can help investors build a diversified portfolio that's easy to track.</p> <p>In short, they are similar to index mutual funds but are traded like securities. As their name implies, Exchange Traded Funds represent a basket of securities that are traded on an exchange.</p>

	<p><b>Advantages of ETFs</b></p> <ul style="list-style-type: none"> <li>(i) They can be bought and sold throughout the trading day.</li> <li>(ii) They have the ability to short or buy ETFs on margin.</li> <li>(iii) Low annual expenses are incurred.</li> <li>(iv) Tax efficiency is insured.</li> </ul> <p><b>Disadvantages of ETFs</b></p> <ul style="list-style-type: none"> <li>(i) An extra cost in the form of commissions is present.</li> <li>(ii) Only large institutions and wealthy persons can deal in ETFs.</li> <li>(iii) ETFs don't trade at the Net Asset Value.</li> </ul>		
<b>GOLD EXCHANGE TRADED FUNDS (GOLD ETFS)</b>	<p>These schemes under Gold Exchange Traded Funds are allowed to invest primarily in Gold and Gold related instruments. Gold ETFs are subject to the following restrictions:-</p> <ul style="list-style-type: none"> <li>(i) The initial issue expenses should not exceed 6% of the funds raised.</li> <li>(ii) The funds should only be invested in the gold and gold related instruments.</li> <li>(iii) They may invest in the short term deposits of scheduled commercial banks.</li> </ul>		
<b>FUND OF FUNDS (FOFS) (IMPORTANT)</b>	<p>It is a mutual fund scheme which invests in the schemes of same or other mutual funds present in the market instead of investing in securities.</p> <p><b>These funds can be broadly classified into:</b></p> <ul style="list-style-type: none"> <li>➤ <u>Sector Specific Funds</u>: These funds invest in the various sectors of the economy and protect themselves by not investing the whole amount in only one sector.</li> <li>➤ <u>Asset Allocation Funds</u>: They diversify the investments by holding several different kinds of assets at the same time. They are also known as life cycle funds.</li> </ul> <p><b>Benefits of FOFs are:</b></p> <ol style="list-style-type: none"> <li>1. Diversified investments: as a fund of funds invests in the schemes of other funds, it provides a greater degree of diversification.</li> <li>2. Uncomplicated scheme: instead of investing in different stocks and keeping track record of all of them, it will be much easier to invest in and track only one fund, which in turn invests in other mutual funds.</li> <li>3. Cheap: while entering into the capital markets it is difficult to diversify because of limited funds. Fund of funds provide an opportunity to go for diversification with comparatively limited amounts.</li> <li>4. Risk to the extent possible is eliminated.</li> <li>5. Expertise of various managers proves to be beneficial.</li> </ol> <p><b>The Disadvantages of FOFs are:</b></p> <ol style="list-style-type: none"> <li>1. Additional fees: the more amount of diversification increases the cost in terms of increase in fees.</li> <li>2. Various management (every manager has a different style of working), operational (possibility of non-compliance and fraud) and Qualitative risks (Organizational structure, infrastructure, investment process, etc) are involved.</li> </ol>

### UNIT 3: CREDIT RATING AND IPO GRADING

<b>INTRODUCTION</b>	<p>Credit Rating is an indicator of risk involved in any financial products. Credit Rating symbolizes risk of any financial product based on the overall evolution of the issuer company. In other words, Credit rating establishes a link between risk and return.</p> <p>An investor can use credit rating to understand the level of risk and expected rate of return from such financial product. We can also say that Credit rating is the evaluation of the creditworthiness of a business organization based on various parameters like financial conditions, industry risk &amp; management etc.</p>
<b>CREDIT RATING AGENCY</b>	<p>Credit Rating does not only cover rating of securities but also covers rating of fixed deposits, foreign exchange, country ratings and real estates. As per the SEBI (Credit Rating Agencies) Regulations, 1999, the definition of credit rating agencies and rating:</p> <ul style="list-style-type: none"> <li>• <b>RATING</b> Rating means an <b>opinion</b> regarding securities expressed in the form of standard symbols or in any other standardized manner, assigned by a CRA and used by the issuer of such securities to comply with a requirement specified by these Regulations.</li> <li>• <b>CREDIT RATING AGENCIES:</b>  <i>“CRA means a body corporate engaged in or proposes to be engaged in the business of rating of securities offered by the way of public or right issue”.</i>            In simple term, CRA is a company that assigned credit ratings, which rate a debtor's ability to pay back debt by making timely interest payments and the likelihood of default. Further, it is an obligation on all the companies which are doing rating business, must register itself with SEBI before starting its business.         </li> </ul> <p>In India, the following six credit rating agencies registered with SEBI which give credit ratings:</p> <p>(a) <b><u>CRISIL (Credit Rating and Information Services (India) Limited):</u></b></p> <ul style="list-style-type: none"> <li>❖ CRISIL Ltd. is India's first credit rating agency incorporated in 1987 which is providing ratings, research, and risk and policy advisory services.</li> <li>❖ It is an India's leading ratings agency.</li> <li>❖ It provides rating services to the entire range of debt instruments like bank loans, certificates of deposit, commercial paper, non – convertible debentures, bank hybrid capital instruments, asset – backed securities, mortgage – backed securities, perpetual bonds, and partial guarantees including the other securities.</li> </ul> <p>(b) <b><u>ICRA Limited (Investment Information and Credit Rating Agency of India Limited):</u></b></p> <ul style="list-style-type: none"> <li>❖ ICRA Ltd. was set up in 1991 by leading financial/investment institutions, commercial banks and financial services companies as an independent and professional investment Information and Credit Rating Agency.</li> <li>❖ It is a joint – venture between Moody's and various Indian commercial banks and financial services companies.</li> </ul> <p>(c) <b><u>CARE (Credit Analysis and Research Limited):</u></b></p> <ul style="list-style-type: none"> <li>❖ CARE Ltd. commenced its operations in April 1993.</li> <li>❖ It was established itself as the second – largest credit rating agency in India.</li> <li>❖ CARE Ratings has also emerged as the leading agency for covering many rating segments like that for banks, sub – sovereigns and IPO grading.</li> <li>❖ CARE's registered office and head office, is located at Mumbai and also having regional offices at different locations like Ahmedabad, Bangalore, Chennai, Hyderabad, Jaipur, Kolkata, New Delhi, Pune, Coimbatore.</li> </ul> <p>(d) <b><u>India Ratings and Research Pvt. (NSIC) under the “Performance &amp; Credit Rating Scheme for Small Industries”, approved by the Ministry of Small Scale Industries, Government of India.</li> <li>❖ It has its Registered and Head Office in Mumbai, currently operates from 11 locations spread across the country.</li> </ul> <p><b>Note:</b> All the above mentioned six credit rating agencies are registered with SEBI. No company or firm can give credit rating without registration with SEBI. Globally, there are Credit Rating Agencies which are very popular like Moody’s and Standard and Poor’s.</p>
<p><b>NEED/USES OF CREDIT RATING</b></p>	<p>Credit rating is extremely useful for understanding the risk and return relationship for an investor. Other than an investor, the Credit rating can also be used by the Issuer Company, the Intermediaries and the Regulators.</p> <p>➤ <b>For Investors:</b></p> <p>The main purpose of credit rating is to communicate to the investors the relative ranking of the default loss probability for a given fixed income investment, in comparison with other rated instruments. In a way it is essentially an information service. In the absence of professional credit rating, the investor has to largely depend on his familiarity with the names of promoters or collaborators of a company issuing debt instruments. This is not a reliable method of evaluation for investment.</p> <p>Credit rating by skilled, competent and credible professionals eliminates or at least minimizes the role of name recognition and replaces it with a well researched and properly analyzed opinion.</p> <p>This method provides a low cost supplement to investors. Large investors use information provided by rating agencies such as upgrades and downgrades and alter their portfolio mix by operating in the secondary market. Investors also use the industry reports, corporate reports, seminars and open access provided by the credit rating agencies.</p> <p>➤ <b>For Issuer Companies:</b></p> <p>The market places immense faith in opinion of credit rating agencies, hence the</p>

	<p>issuers also depend on their critical analysis. This enables the issuers of highly rated instruments to access the market even during adverse market conditions. Credit rating gives exact picture about the financial health of a company, in case the company wishes to improve its credit rating. It can take clue from such credit rating.</p> <p>Credit rating provides a basis for determining the additional return (over and above a risk free return) which investors must get in order to be compensated for the additional risk that they bear. The difference in price leads to significant cost savings in the case of highly rated instruments. A good credit rating improves the overall reputation of the company in the market and accordingly, investors shall invest their hard earned money with full confidence.</p> <p><b><u>Question:</u></b> “Credit Rating is a marketing tool for the companies.” <b>(Dec 2010, June 2014)</b></p> <p>➤ <b>For Intermediaries:</b> Rating is useful to Intermediaries such as merchant bankers for planning, pricing, underwriting and placement of the issues. Intermediaries like brokers, bankers to the issue, registrar &amp; transfer agent and dealers in securities use rating as an input for monitoring their risk exposures. Merchant bankers also use credit rating for pre – packaging issues by way of asset securitization/structured obligations.</p> <p>➤ <b>For Regulators:</b> The Reserve Bank of India (RBI) prescribes a number of regulatory uses of ratings. The RBI requires that a NBFC must have minimum investment grade credit rating if it intends to accept public deposits.</p> <p>As per money market regulations of the RBI, a corporate must get an issue of CP rated and can issue such paper subject to a minimum rating. SEBI has also stipulated that ratings are compulsory for all public issue of debentures. SEBI has also made mandatory for acceptance of public deposit by Collective Investment Schemes. Accordingly, rating is required to comply with various regulatory requirements of Indian Laws.</p>
<b>FACTORS FOR SUCCESS OF A RATING SYSTEM</b>	<ul style="list-style-type: none"> <li>✓ Credible and independent structure and procedures;</li> <li>✓ Professionalism and industry related expertise;</li> <li>✓ Confidentiality</li> <li>✓ Analytical research, integrity and consistency</li> <li>✓ Objectivity and impartiality of opinions;</li> <li>✓ Timeliness of rating review and announcement of changes;</li> </ul>
<b>RATING METHODOLOGIES</b>	<p>The rating of industry is based on the nature of the business. For rating purposes, we can divide the entire industry into two parts:</p> <p>(i) Manufacturing into two parts; (ii) Service Sector</p> <p><b>Factors to be considered before assigning any rating to the manufacturing companies: (JUNE 2013, JUNE 2010)</b></p> <p>➤ <b><u>Operating Efficiencies:</u></b> Ability to control costs, productivity efficiencies relative to others, labour relationship, extent of forward and backward integration, access to raw materials/markets, and technology.</p> <p>➤ <b><u>Industry Risk:</u></b> It is defined as the strength of the industry within the economy and relativity to the economic trends. It is evaluated on the basis of factors like business cyclicity, earnings volatility, growth prospects, demand supply Projections, entry barriers and extent of competition and nature and extent of regulation.</p> <p>➤ <b><u>Company's Industry and Market Position:</u></b> The company's sales position in its major fields and its historical background of its market position is analyzed along with ability</p>

	<p>to sustain/increase market shares; brand strength and position; price leadership and distribution and marketing strengths/weaknesses.</p> <p>➤ <b>Accounting Quality:</b> Financial statements are adjusted for non – standard accounting treatments. Overall evaluation of the accounting policies employed and the extent to which they understate or overstate financial performance and position.</p> <p>These include analysis of auditor’s qualifications, revenue recognition, depreciation policy, inventory evaluation, funding for pension liabilities, undervalued assets etc. Financial flexibility Evaluation of the company’s financing needs, plans and alternatives, its flexibility to accomplish its financing programmes under stress without damaging creditworthiness.</p> <p>➤ <b>Earnings Protection:</b> The key measurements which indicate the basis long – term earnings power of the company including return on capital, profit margins, earnings from various business segments, sources of future earnings growth, coverage ratios etc.</p> <p>➤ <b>Financial Leverage:</b> Relative usage of debt and levels of debt appropriate to different types of businesses, utilization of long and short – term sources of funds, management of working capital.</p> <p>➤ <b>Cash Flow Adequacy:</b> It is the relationship of cash flows to leverage and the ability to internally meet all cash needs of the business. It measures the magnitude and variability of future cash flows relating to debt servicing obligations and other commitments such as group company funding, BIFR packages and contingent liabilities.</p> <p>This analysis goes into the inherent protective factors for expected cash flows of the company and the sensitivity of these cash flows to changes in variables like raw material costs and selling prices.</p> <p>➤ <b>Management Evaluation:</b> The record of achievement in operations and financial results, strategic and financial planning, commitment, consistency and credibility, overall quality of management, line of succession, strength of middle management and organization structure and its linkage with the operating environment and management strategies.</p>
<b>RATINGS FOR FINANCIAL SERVICES COMPANIES</b>	<p><b>The rating for non – banking financial services companies is based on CAMEL Model:</b></p> <p><b>C</b> stands for Capital Adequacy,  <b>A</b> stands for Assets Quality,  <b>M</b> stands for Management,  <b>E</b> stands for Earnings,  <b>L</b> stands for Liquidity</p>

<b>REGULATORY FRAMEWORK FOR CREDIT RATING AGENCIES IN INDIA</b>	<p>All credit rating agencies are governed under the SEBI regulations. Credit Rating Agencies are generally promoted by the public financial institutions, scheduled commercial banks, and foreign banks operating in India.</p> <p>For doing any rating related assignment, the agency must be registered under the SEBI Regulations. Any Indian as well as foreign financial institution can get themselves registered under the SEBI Regulations for doing rating related assignments.</p> <p><b><u>SEBI (CREDIT RATING AGENCIES) REGULATIONS,1999:</u></b> [last amended on May 30, 2018]</p> <p><b><u>Registration of Credit Rating Agencies</u></b></p> <p>(a) <b><u>Application:</u></b> Any person proposing to commence any activity as a credit rating agency should make an application to SEBI for the grant of a certificate of registration for the purpose accompanied by a non-refundable specified application fee.</p> <p>(b) <b><u>Grant of registration:</u></b> SEBI grants a certificate of registration after getting satisfied that the applicant is eligible for the grant of a certificate of registration. The certificate of registration granted under these regulation shall be valid unless it is suspended or cancelled by SEBI. The credit rating agency who has already been granted certificate of registration by SEBI, prior to the commencement of the SEBI (Change in Conditions of Registration of Certain Intermediaries) (Amendment) Regulations, 2016 shall be deemed to have been granted a certificate of registration, in terms of these regulations. The grant of certificate of registration should be subject to the payment of the specified registration fee in the manner prescribed;</p> <p>(c) <b><u>Conditions of Certificate:</u></b> The certificate granted is subject to the condition that the credit rating agency should comply with the provisions of the Act, the regulations made thereunder and the guidelines, directives, circulars and instructions issued by SEBI from time to time on the subject of credit rating. The credit rating agency should forthwith inform SEBI in writing where any information or particulars furnished to SEBI by a credit rating agency is found to be false or misleading in any material particular; or has undergone change subsequently to its furnishing at the time of the application for a certificate. Where the credit rating agency proposes change in control, it shall obtain prior approval of SEBI for continuing to act as such after the change.;</p>

(d) **Renewal of Registration:** Any person who fails to make an application for the grant of a certificate within the specified period ceases to carry on rating activity.

**Agreement with the Client:**

Every credit rating agency is required to enter into a written agreement with each client whose securities it proposes to rate, and every such agreement should include the following provisions, namely:

(a) the **rights and liabilities** of each party in respect of the rating of securities shall be defined;

(b) the **fee** to be charged by the credit rating agency shall be specified;

(c) the client shall agree to a **periodic review** of the rating by the credit rating agency during the tenure of the rated instrument and to co-operate with the credit rating agency in order to enable the latter to arrive at, and maintain, a true and accurate rating of the clients' securities and shall in particular provide to the latter, true, adequate and timely information for the purpose;

(d) the credit rating agency shall disclose to the client the rating assigned to the securities of the latter through regular methods of dissemination, irrespective of whether the rating is or is not accepted by the client;

(e) the client shall agree to disclose the rating assigned to the client's listed securities by any credit rating agency during the last three years and any rating given in respect of the client's securities by any other credit rating agency, which has not been accepted by the client in the offer document;

(f) the client shall agree to obtain a rating for any issue of debt securities in accordance with the relevant regulations;

*SEBI advised the CRAs to refrain from giving Indicative Ratings without having a written agreement in place. In case such Indicative Ratings are provided by the CRA, it shall be considered as aiding and abetting the Issuer in suppression of material information by the CRA which would be in contravention of Clause 12 of Code of Conduct of CRAs and may result in violation of the provisions of section 12A of the Securities and Exchange Board of India Act, 1992 and SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 2003 by the CRA.*

(ii) It should in all cases follow a proper rating process. (iii) Credit rating agency is required to have professional rating committees, comprising members who are adequately qualified and knowledgeable to assign a rating. (iv) All rating decisions, including the decisions regarding changes in rating, should be taken by the rating committee. (v) Credit rating agency should be staffed by analysis qualified to carry out a rating assignment. (vi) Credit rating agency should inform SEBI about new rating instruments or symbols introduced by it. (vii) Credit rating agency should exercise due diligence in order to ensure that the rating given by the credit rating agency is fair and appropriate. (viii) A credit rating agency should not rate securities issued by it. (ix) Rating definition as well as the structure for a particular rating product should not be changed by a credit rating agency, without prior information to SEBI.</p> <p><b>Securities Issued by Promoter</b> (i) Credit rating agency shall not rate a security issued by its promoter. (ii) No credit rating agency should rate a security issued by an entity, which is a borrower of its promoter or a subsidiary of its promoter or an associate of its promoter. (iii) No credit rating agency should rate a security issued by its associate or subsidiary.</p> <p><b>Procedure for Inspection and Investigation</b> SEBI has the power to appoint one or more persons as inspecting officers:</p>		Scenario	Timelines (immediately but not later than)	Intimation from Issuer/ Debenture Trustee/ Bankers of the Issuer regarding delay in servicing debt obligation	2 working days of intimation	Material Events requiring review (as stated in point 1B)	7 working days of occurrence of the event

Material Events requiring review (as stated in point 1B)	7 working days of occurrence of the event						

	<p>(i) To undertake inspection or investigation of the books of account, records and documents of the credit rating agencies;</p> <p>(ii) To investigate into complaints received from investors, clients or any other person on any matter having a bearing on activities of the credit rating agency;</p> <p>(iii) To judge the appropriateness of the ratings may be ordered by SEBI.</p> <p><b>Committee on Strengthening the Guidelines:</b>  <i>SEBI constituted a committee on –Strengthening the Guidelines and Raising Industry Standards for Credit Rating Agencies (CRAs)», which included representatives from all the CRAs. The objective of the Committee was to deliberate upon measures and guidelines to bring about greater transparency in the policies of the CRAs, enhance the standards followed by the industry and, thereby, facilitate ease of understanding of the ratings by the investors.</i></p> <p><i>These guidelines cover the following broad areas:</i></p> <p><i>I. Formulation of Rating Criteria and rating processes and public disclosure of the same.</i></p> <p><i>II. Accountability of Rating Analysts</i></p> <p><i>III. Standardization of Press Release for rating actions.</i></p> <p><i>IV. Functioning and evaluation of Rating Committees/Sub-Committees.</i></p> <p><i>V. Disclosure of ratings in case of non-acceptance by an issuer 3</i></p> <p><i>VI. Disclosure in case of delay in periodic review of ratings.</i></p> <p><i>VII. Policy in respect of non-co-operation by the issuer.</i></p> <p><i>VIII. Strengthening and enhancing the relevance of Internal Audit of CRAs, viz. appointment and rotation of auditors and scope of the audit.</i></p>
<b>OBLIGATIONS OF CREDIT RATING AGENCY</b>	<p>(i) It is the duty of credit rating agency whose affairs are being inspected, to produce to the inspecting officer such books, accounts and other documents as the inspecting officer may require within a reasonable period.</p> <p>(ii) The credit rating agency should allow the inspecting officer to have reasonable access to the premises occupied by such credit rating agency.</p> <p>(iii) The inspecting officer should be entitled to examine, or record the statements, of any officer, director or employee of the credit rating agency for the purposes connected with the inspection or investigation.</p> <p>(iv) Every director, officer or employee of the credit rating agency is bound to render to the inspecting officer all assistance in connection with the inspection or investigation.</p>
<b>INTERNAL AUDIT OF CREDIT RATING AGENCY</b>	<p>An internal audit should be undertaken on a half – yearly basis which is envisaged under Regulation 22 of the SEBI (Credit Rating) Regulations, 1999, by:</p> <p>(a) Company Secretaries;</p> <p>(b) Chartered Accountants;</p> <p>(c) Cost and Management Accountants.</p> <p>The time schedule for the internal audit shall be as under:</p> <p>(a) The CRA shall receive the report of the internal audit within 2 months from the end of the half – year.</p> <p>(b) Board of Directors of the CRA shall consider the report and take steps to rectify the deficiencies, if any and an Action Taken Report should be sent to SEBI within next 2 months.</p> <p>The internal audit covers all aspects of Credit Rating Agencies relating to operations and procedures, including investor grievance Redressal mechanism etc. The report will have to state the methodology adopted, deficiencies observed and consideration of response of the management on the deficiencies.</p> <p>Apart from the summary of operations and this audit also covers the size of operations, number of transactions audited and the number of instances where deviations/violations were observed during audit period, will also have to be stated.</p>

<b>DISCLOSURES OF RATING DEFINITIONS</b>	<p>Credit rating agency should make public the definitions of the concerned rating, along with the symbol and state that the ratings do not constitute recommendations to buy, hold or sell any securities. It should also make available to the general public information relating to the rationale of the ratings, which shall cover an analysis of the various factors justifying a favorable assessment, as well as factors constituting a risk.</p> <p>It is further clarified by SEBI that if the issuer does not share information sought by the CRA within 7 days of seeking such information from the Issuer, even after repeated reminders (within these 7 days) from the CRA, the CRA shall take appropriate rating action depending upon the severity of information risk of the issuer.</p>																
<b>RATING AND SYMBOLS</b>	<p>It has been observed by the SEBI that the Credit Rating Agencies are using different rating symbols. Such different types of Credit Rating create confusion in the minds of investors. Therefore, SEBI introduced the common rating symbols:</p> <p>(a) For easy understanding of the rating symbols; and (b) To achieve high standards of integrity and fairness in ratings.</p> <p>Thereafter, SEBI standardized the rating symbols and their definitions have been devised for the following:</p> <p>(a) Long – term debt instruments (b) Short – term debt instruments (c) Long – term structured finance instruments (d) Short – term structured finance instruments (e) Long – term mutual fund schemes, and (f) Short – term mutual fund schemes</p> <p>Rating symbols should have CRA's first name as prefix. <b>INITIAL PUBLIC OFFER (IPO) GRADING</b> <b>(JUNE 2013, JUNE 2010, JUNE 2011, JUNE 2014, DEC 2013, DEC 2008)</b>  <b>(IMPORTANT)</b>	<p>IPO Grading is mandatory and in case any issuer who decides to offer shares through an IPO, is required to obtain a grade for the IPO from at least one Credit Rating Agency. IPO grading is an assessment of risk based on various factors like business prospects, financial position, management quality, corporate governance, compliance &amp; litigation history and New Projects – Risks &amp; Prospects. (IPO Grading has become optional from 2014)</p> <p>The grade assigned to any individual issue represents a relative assessment of the fundamentals of that issue in relation to the universe of other listed equity securities in India. Such grading is assigned on a five – point scale with a higher score indicating stronger fundamentals. IPO grading is not an investment recommendation. IPO grading provides an independent assessment of fundamentals to aid comparative that would prove useful as an information and investment tool for investors.</p> <p>Moreover, such a service would be particularly useful fro assessing the offerings of companies accessing the equity markets for the first time where there is no track record of their market performance. Thus, IPO grading is an additional investor information and investment guidance tool.</p> <p>➤ <b>Procedure for IPO grading</b></p> <p>IPO grading is the grade assigned by a Credit Rating Agency (CRAs) registered with SEBI, to the initial public offering (IPO) of equity shares. The grade represents a relative assessment of the fundamentals of that issue in relation to the other listed equity</p>								

	<p>securities in India.</p> <p>Such grading is generally assigned on a five – point scale with a higher score indicating stronger fundamentals and vice versa as below:</p> <p><b>IPO GRADE 1 – POOR FUNDAMENTALS</b>  <b>IPO GRADE 2 – BELOW AVERAGE FUNDAMENTALS</b>  <b>IPO GRADE 3 – AVERAGE FUNDAMENTALS</b>  <b>IPO GRADE 4 – ABOVE AVERAGE FUNDAMENTALS</b>  <b>IPO GRADE 5 – STRONG FUNDAMENTALS</b></p> <p>IPO grading has been introduced as an endeavor to make additional information available for the investors in order to facilitate their assessment of equity issues offered through an IPO. The company shall enter into an agreement with anyone credit rating agency registered with SEBI. The CRA would follow the below mentioned process:-</p> <ul style="list-style-type: none"> <li>(i) Seek information required for the grading from the company.</li> <li>(ii) On receipt of required information, have discussions with the company's management and visit the company's operating locations, if required.</li> <li>(iii) Prepare an analytical assessment report.</li> <li>(iv) Present the analysis to a committee comprising senior executives of the concerned grading agency. This committee would discuss all relevant issues and assign a grade.</li> </ul> <p>Communicate the grade to the company along with an assessment report outlining the rationale for the grade assigned.</p>

## UNIT 4: MARKET INFRASTRUCTURE INSTITUTIONS: STOCK EXCHANGE TRADING MECHANISM

(VERY IMPORTANT) (18 TO 24 MARKS)

<b>INTRODUCTION</b>	<p>There are many recognized stock exchanges in India whereas only few stock exchanges are functional like National Stock Exchange &amp; Bombay Stock Exchange. The stock exchanges are managed by Board of Directors or Council of Management consisting of elected brokers and representatives of Government and Public appointed by SEBI.</p> <p>This market provides facilities of trading after listing of any securities. The Boards of stock exchanges are empowered to make and enforce rules, bye – laws and regulations with jurisdiction over all its members.</p> <p>The stock exchange is a key institution which facilitates the issue &amp; sale of various types of securities. It is a pivot around which every activity of capital market revolves. In the absence of the stock exchange, the people with savings would hardly invest in corporate securities for which there would be no liquidity.</p> <p>Before understanding the entire concept of Stock Market, we have to understand the meaning of the following terms:</p> <p>(a) <u>Stock Exchanges</u>: A Market (a place of buying/selling) where any person can buy or sell any securities of a listed company.</p> <p>(b) <u>Listed Company</u>: A company whose securities (i. e. shares, debentures &amp; bonds etc.) are registered (listed) for purpose of trading with any recognized stock exchange.</p> <p>(c) <u>Listing Agreement</u>: It is an agreement between a proposed listed company and the stock exchange before giving permission to company with regard to trading of securities. After execution of this agreement, the company shall be treated as listed company and under obligation to comply with requirement of the listing agreement.</p>
<b>STOCK EXCHANGE TRADING MECHANISM</b>	<p>Stock Exchange is a market place for buying and selling of listed securities. Securities are traded in three different ways in stock exchanges, namely (a) Settlement Basis, (b) Spot Basis, and (c) Cash Basis etc.</p> <p><b><u>TYPES OF SECURITIES</u></b>: Securities traded in the stock exchanges can be classified as under:- <b>(JUNE 2015)</b></p> <p>(i) <u>Listed cleared Securities</u>: These securities are admitted for trading on a stock exchange after fulfillment of all listing requirements and almost all types of listed securities are under this.</p> <p>(ii) <u>Permitted Securities</u>: These securities are listed on some of the recognized stock exchanges and when permitted to be traded by those stock exchanges where they are not listed is called permitted securities. In other words, to facilitate the market participants to trade in securities of such companies, which are actively traded at other stock exchanges but are not listed on another stock exchange, trading in such securities is facilitated as “Permitted Securities”.</p> <p><b><u>TYPES OF DELIVERY</u></b>: Types of delivery in the stock exchanges are:</p> <p>(i) <u>Spot Delivery</u>: The delivery is said to be spot delivery, if the delivery and payment are to be made on the same day or next day.</p> <p>(ii) <u>Hand Delivery</u>: The delivery is said to be hand delivery, if the delivery and payment are to be made on the delivery date fixed by the stock exchange authorities.</p> <p>(iii) <u>Special Delivery</u>: A special delivery is one where the delivery is to be made after the delivery period fixed by the stock exchange authorities.</p>

	<p><b><u>BASIC TERMINOLOGIES USED IN STOCK MARKETS</u></b></p> <p>(a) <b><u>SENSEX</u></b>: SENSEX refers to “<b>Sensitivity Index</b>” which is associated with the stock market indices. An index is basically an indicator. It gives an idea about movement of stock market whether most of the securities have gone up or most of the securities have gone down listed in BSE.</p> <p><b>In India</b>, SENSEX is popularly known as Index of Bombay Stock Exchange – the barometer of Indian Capital Market. Now, BSE SENSEX is also known as S &amp; P BSE SENSEX. This S &amp; P BSE SENSEX comprises of 30 companies. The SENSEX was 1<sup>st</sup> compiled in 1986, was calculated on a “Market Capitalization – Weighted” methodology of 30 component stocks representing large, well – established and financially sound companies across key sectors. Since September 1, 2003, S &amp; P BSE SENSEX is being calculated on a free – float market capitalization methodology.</p> <p><b><u>BSE On-Line Trading: (DEC 2009)</u></b></p> <ul style="list-style-type: none"> <li>⇒ BOLT is the modern trading practice introduced by BSE.</li> <li>⇒ Under this arrangement, trading can be carried out by member brokers and their authorized assistants from their workstations.</li> <li>⇒ It provides for a search based trading mechanism whereby two way quotes are accepted from Jobbers and Market Makers and from brokers on the basis of orders received from investors.</li> <li>⇒ The System matches them according to logic specified in BOLT.</li> </ul> <p>(b) <b><u>NIFTY</u></b>: The NIFTY 50 is an index of National Stock Exchange of India. It gives an idea about movement of stock market whether most of the securities have gone up or most of the securities have gone down listed in NSE. The NIFTY 50 covers 22 sections of the Indian economy and offers investment managers exposure to the Indian market in one portfolio.</p> <p>The NIFTY 50 index is a free float market capitalization weighted index. The index was initially calculated on full market capitalization methodology. From June 26, 2009, the computation was changed to free float methodology.</p> <p>The base period for the CNX Nifty index is November 3, 1995, which marked the completion of one year of operations of National Stock Exchange Equity Market Segment. The base value of the index has been set at 1000.</p> <p>(c) <b><u>SETTLEMENT</u></b>: After you have bought or sold securities through your broker, the trade has to be settled. It means the buyer has to receive his shares and the seller has to receive his money. This process settles the claims of both parties, is known as settlement in connection with stock market.</p> <p>In other words, settlement is just the process whereby payment is made by all those who have made purchases and shares are delivered by all those who have made sales. Presently, settlement period is T + 2 (previous it was T + 3) and T stands for Trading Day and 2 more trading days.</p> <p>(d) <b><u>TREND LINE</u></b>: In case, the price of shares moves in a particular direction which persists for a longer period i. e. is known as <u>Trend</u>. When the movement is upward, the trend is called <u>BULLISH</u>. When the movement is downward it is called <u>BEARISH</u>.</p> <p>Bear market is a weak or falling market characterized by the dominance of sellers. Bull market is a rising market with abundance of buyers and relatively few sellers. Secondary movements that reverse the uptrend temporarily are known as Reactions. The movements that reverse the down trend temporarily are known as Rallies. When an uptrend breaks in the downward direction, it is called <u>Trend Reversal</u>.</p>
<b>MARGINS</b>	The amount of credit a broker or lender extends to a customer for purchase of securities

	<p>is known as margin. It was introduced by SEBI to restrain speculative dealings in shares leading to volatility in the prices of securities.</p> <p><b>INITIAL MARGIN:</b> The minimum amount, calculated as a percentage of the transaction value, to be placed by the client, with the broker, before the actual purchase. The broker may take advance the balance amount to meet full settlement obligations. This amount is to be kept in the client accounts at the time of actual purchase.</p> <p>An Initial Margin Requirement refers to the percentage of equity required when an investor opens a position.</p> <p><b>MAINTENANCE MARGIN:</b> Minimum amount, calculated as a percentage of market value of the securities calculated with respect to last trading day's closing price, to be maintained by client with the broker. If the balance deposit in the client's margin account falls below the required maintenance margin, the broker shall promptly make margin calls. The broker may liquidate the securities if the client fails to meet the margin calls made by the broker.</p> <p>Margin trading acts as a check on the tendency of clients to manipulate markets by placing orders on brokers without having adequate money or securities to backup the transaction. Margin trading also acts as a curb on short selling and short buying.</p> <p><b>Example:</b> If you purchase Rs.16,000 worth of securities by borrowing Rs.8,000 from broking firm and paying Rs.8,000 in cash or securities. If the market value of the securities drops to Rs.12,000 the equity in your account will fall to Rs.4,000 (Rs.12,000 – Rs.8,000 = Rs.4,000). If your broking firm has a minimum 25% maintenance requirement, you must have Rs.3,000 in equity in your account (25% of Rs.12,000 = Rs.3,000). In this case, you do have enough equity because Rs.4,000 in equity in your account is greater than the Rs.3,000 maintenance requirement.</p> <p><b>JUNE 2016:</b> Distinguish Between Initial Margin vs. Maintenance Margin</p> <p><b>NO DELIVERY PERIOD</b>  <u>Book Closure (Section 91 of the Companies Act, 2013)</u> is the periodic closure of the Registrar of Members and Transfer Books of the company to take a record of the shareholders to determine their entitlement to dividends or to bonus or right shares or any other rights pertaining to shares. A company may close the register of members for a maximum of 45 days in a year and for not more than 30 days at any one time. The listed company should close their book at least once in a year.</p> <p>The listed company should give notice of book closure in a newspaper at least 7 days before the commencement of the book closure. <p><b>SECURITIES LENDING AND BORROWING (SHORT SELLING)</b></p> <p><b>(JUNE 2018, DEC 2017, DEC 2015, JUNE 2015, JUNE 2014, JUNE 2011, JUNE 2010, DEC 2008)</b></p>	<p>SEBI permitted short selling in Indian Stock Exchange in year 2007 and issued guidelines for short selling in securities. Short Selling means sell of securities that the seller does not own at the time of selling. It is temporary transfer of securities from one person (lender) to another (borrower) via an approved intermediary. In short, the borrower is obliged to return them either on demand or at the end of agreed term.</p> <p>Short selling can be done by borrowing the stock through Clearing Corporation/Clearing House of a stock exchange which is registered as Approved Intermediaries (AIs). Short selling can be done by retail as well as institutional investors. The Securities Lending and Borrowing mechanism allows short sellers to borrow securities for making delivery.</p> <p>When shorting, you sell equity share when you believe the price of equity share is too high. Believing the equity share price is too high, you want to take the advantage of this situation and earn money while that market push the stock down to its fair value. In other words, you believe that the stock is overvalued and you want to make money from particular equity shares. So borrow equity shares when it is at high and sell at same time and buy at lower rate when market comes down and return the equity shares to lender.</p> <p>Securities lending and borrowing describes the market practice whereby securities are temporarily transferred by one party (lender) to another (borrower) via approved intermediary. The borrowers are obliged to return borrowed securities to the lender on demand and on agreed terms.</p> <p><b><u>BROAD FRAMEWORK FOR SHORT SELLING</u></b></p> <ul style="list-style-type: none"> <li>(i) All classes of investors are permitted to short sell viz. retail and institutional investors.</li> <li>(ii) Naked short selling is not permitted in the Indian securities market.</li> <li>(iii) No institutional investors are allowed to do day trading.</li> <li>(iv) The stock exchanges can frame necessary uniform deterrent provisions regarding this.</li> <li>(v) A scheme for Securities Lending and Borrowing (SLB) shall be put in place to provide the necessary impetus to short sell.</li> <li>(vi) The securities traded in F &amp; O segment shall be eligible for short selling.</li> <li>(vii) Frequency of such disclosure may be reviewed from time to time with the approval of SEBI.</li> <li>(viii) The settlement cycle for SLB transactions shall be on T + 1 basis.</li> <li>(ix) The settlement of lending and borrowing transactions shall be independent of normal market settlement.</li> <li>(x) Any lender or borrower who wishes to extend an existing lent or borrow position shall be permitted to roll-over such positions i.e. a lender who is due to receive securities in</li> </ul>

SETTLEMENT SYSTEM	<p>Settlement means actual delivery/receipts of securities and payment of agreed amount. Settlement date is the date specified for delivery of securities between securities firms. It is necessary to make settlement to know net effect of series of transactions during given period. All transactions executed during settlement period are settled at the end of the settlement period.</p> <p>It is necessary to settle all transactions of stock exchange because of risk of payment default and transfer of securities.</p> <p>Settlement risk or principal risk is the risk that the seller of a security or funds delivers its obligation but does not receive payment or that the buyer of a security of funds makes payment but does not receive delivery. #### **FUNDS PAY – IN**

Once the reconciliation of securities is completed by the Clearing House, the bank accounts of member – brokers maintained with the ten clearing banks are directly debited through computerized posting for their funds settlement obligations.

Once the pay – in of securities and funds is complete, the Clearing House arranges for the pay – out of securities and funds.

In case of those members, whose funds pay – in obligations are returned by their clearing banks on account of insufficient funds in their bank accounts at the time of pay – in, their BOLT TWSs are now immediately de – activated during the trading hours itself, on receipt of such intimation from the clearing banks as against the earlier practice of de – activating their BOLT TWSs at the end of trading on that day. BOLT (BSE online terminal) TWSs of such members remain de – activated till the pay – in obligations are cleared by them.

#### **SECURITIES PAY – OUT**

In case of demat securities, the same are credited by the Clearing House in the Pool/Principal Accounts of the member – brokers. The Exchange has also provided a facility to the member – broker for transfer of pay – out securities directly to the client's beneficiary owner accounts without routing the same through their Pool/Principal accounts in NSDL/CDSL.

For this, the concerned member – brokers are required to give a client wise break up file which is uploaded by the member – brokers from their offices to the Clearing House. Based on the break up given by the member brokers, the Clearing House instructs depositories, viz., CDSL & NSDL to credit the securities to the Beneficiary Owners (BO) Accounts of the clients.

In case delivery of securities received from one depository is to be credited to an account in the other depository, the Clearing House does an inter depository transfer to give effect to such transfers.

In case of physical securities, the Receiving Members are required to collect the same from the Clearing House on the pay – out day. This process of passing on delivery of securities purchased by the member – brokers to them by the Clearing House is called pay – out of securities.

#### **COMPLETE SETTLEMENT PROCESS**

It is obligation on clearing corporation to settle all transactions between buyer and seller in T + 2. Here, settlement means money in the account of seller and shares in the demat account of buyer within T + 2.

#### **WHAT IS NO – DELIVERY PERIOD?**

Whenever a company announces a book closure and record date, the exchange sets up a no – delivery period for that security. During this period, only trading is permitted in the securities but no settlement.

It provides a market for trading in securities, debt and derivatives. It also resolves investor's grievances whether against the companies or its own member – broker. It also strives to educate and enlighten the investors by conducting investor education programmes and making available to them necessary information inputs.

#### **TRADING AT BSE**

The scrips traded on BSE have been classified into 'A', 'B', 'T' and 'Z' groups on certain qualitative and quantitative parameters.

	<p>F Group represents the Fixed Income Securities. T Group represents scrips which are settled on a trade – to – trade basis as a surveillance measure. Trading in Government Securities by the retail investors is done under the G group. Z group scrips include companies which have failed to comply with the listing agreements and/or also failed to resolve investors compliant and/or have not made the required agreement with both depositories i. e. CDSL &amp; NDSL for dematerialization of shares.</p>
<p><b>BASKET TRADING SYSTEM</b></p> <p><b>(JUNE 2016, DEC 2011, JUNE 2010, JUNE 2007)</b></p>	<p>In the Basket Trading System, an investor can buy and sell all 30 scrips of SENSEX in one go in the proportion of their respective weights in the BSE SENSEX. The investors need not to calculate the quantity of BSE SENSEX scrips to be bought or sold for creating sensx linked portfolios. This function is performed by the online system.</p> <p>To participate in this system, the member brokers need to indicate number of sensx basket to be bought or sold, where the value of one sensx basket is arrived by the system by multiplying Rs.50 to prevailing system.</p> <p><b>Example:</b> If the BSE SENSEX is 19000, the value of one basket of sensx would be:  <math>19000 \times 50 = 9,50,000/-</math>.</p> <p><b>Note:</b> The investors can alter the weights of securities in such profiled baskets and enter their own weights. The investors can also select less than 100% weightage to reduce the value of the basket as per their own requirements.</p>
<b>SURVEILLANCE</b>	<p><b><u>SURVEILLANCE AT BSE</u></b></p> <p>A Stock Exchange not only promotes trading of securities but also monitor the price and volume movement of securities. The monitoring process is known as surveillance.</p> <p>The main objective of the Surveillance function of the Exchange is to promote market integrity in two ways:</p> <ul style="list-style-type: none"> <li>(i) By monitoring price and volume movements;</li> <li>(ii) By detecting potential market abuses.</li> </ul> <p>Price monitoring is mainly related to abnormal movement of price of particular scrips in the Stock Exchange. Volume monitoring relates to abnormal positions of a member (Broker) i. e. purchase of abnormal quantity by a broker.</p> <p><b><u>OBJECTS</u></b></p> <ul style="list-style-type: none"> <li>(i) Stock Exchange is to monitor price and volume movement as well as also detecting potential market abuse.</li> <li>(ii) To control market abuse.</li> <li>(iii) To manage default risk by taking necessary action.</li> </ul> <p>In short, surveillance means detection of the possible market abuse in respect of price movement/abnormal fluctuation in prices or volumes.</p> <p><b><u>WHAT IS MARKET ABUSE?</u></b></p> <p>Market abuse means abnormal price/volume movement, artificial transactions, false or misleading impression and insider trading etc.</p> <p>To stop such practices in the stock market, the stock exchange has introduced the system of surveillance. The following action can be taken by the stock exchanges to control market abuses:</p> <ul style="list-style-type: none"> <li>(i) Imposition of Special Margin</li> <li>(ii) Reduction of Circuit Filters</li> <li>(iii) Suspension, and</li> <li>(iv) Deactivation of Terminal of Broker</li> </ul>

**PRICE MONITORING (JUNE 2011, DEC 2009)****ON – LINE SURVEILLANCE:**

Online surveillance system has facility to generate the alerts on – line, in real time, based on certain preset parameters like price & volume variations in scrips, members taking unduly large positions not commensurate with their financial position in one or two scrips. It alerts immediately to the officials of Stock Exchange about the abnormal behavior of members.

**OFF – LINE SURVEILLANCE:**

The Off – Line Surveillance system is based on various reports like High/Low Difference in prices, Percentage change in prices over a week/fortnight/month, trading in infrequently traded scrips and scrips hitting New High/Low.

**DERIVATIVE MARKET SURVEILLANCE:**

Under this category, the focus areas are like abnormal fluctuation in the prices of a Series, Market Movement (Cash vis – a – vis Derivative), Member Concentration (Cash vis – a – vis Derivative) and Closing Price Manipulation (Cash & Derivative).

**INVESTIGATION:**

The Exchange conducts in – depth investigations based on preliminary enquiries/analysis made into trading of the scrip and also at the instance of SEBI.

**SURVEILLANCE ACTION: (December 2017) (8 Marks)****(i) SPECIAL MARGINS:**

Special margin may be imposed by BSE from time to time on certain Securities as a surveillance measure and informed to the Members through notices.

Special margins are imposed on stocks which witness abnormal movement in price or volume. It is a surveillance measure intended to check speculative activity in particular scrip. At the BSE, the margin is levied at 25% or 50%.

This largely depends on the sharpness in the movement of share price or volumes, client wise net outstanding purchase or sale position or on both sides.

**(ii) CONCEPT OF CIRCUIT AND CIRCUIT BREAKERS:**

Stock prices of companies listed on the stock exchanges are influenced by several factors like company financials, investor's perception of the company's growth, industry trends, government regulations and market speculation etc.

Some factors are predictable and can be studied and analyzed using statistical tools like graphs and techniques like ratio analysis, trend analysis, theory of probability etc. Certain other factors and their influence on prices of a particular stock of the market in general and the degree of their impact are completely unpredictable.

Since market sentiments cannot be predicted accurately and their impact on stock prices is difficult to judge, sometimes the movement of stock prices can beat all logic and move tremendously in any direction.

Circuit Breaker is a surveillance system to maintain the unnecessary volatility in the stock market. For example, the BSE Sensex moved up by 2110.79 points on May 18, 2009 after the Parliament's election results were announced. The trading had to be halted since the market became extremely volatile and moved beyond reasoning.

**WHAT IS A CIRCUIT?**

Circuits are of two types – circuit for an index and for a stock. So, if an index or the price of a stock increases or declines beyond a specified threshold it is said to have entered into a circuit. SEBI specifies this threshold as a percentage of the prior day's closing figures.

**WHAT IS A CIRCUIT BREAKER? (JUNE 2013)**

Factors like market speculations force stock prices or indices to enter into a circuit. Such a condition is beyond the control of regulatory authorities. Hence they use the circuit breaker to curb such market situations. Circuit breaker, simply put, is a set of rules formed and issued by SEBI in order to bring back normalcy in the stock markets in the event an index or stock enters into a circuit. SEBI has different circuit breakers for indices and for stocks.

**CIRCUIT BREAKER FOR AN INDEX**

Circuit breakers are applied only on equity and equity derivative markets. Whenever the major stock indices like BSE Sensex and Nifty cross the threshold level, SEBI rules require that the trading at the stock exchange be stopped for a certain period of time beginning from half an hour to even an entire day. The idea is to allow the market to cool down and resume trading at normal levels. The following threshold limits are implemented at different stages:-

Movement in Indices	Time	Close period
10%	Before 1.00 pm	1 hour
	1.00 pm to 2.30 pm	½ hour
	After 2.30 pm	Does not close
15%	Before 1.00 pm	2 hour
	1.00 pm to 2.30 pm	1 hour
	After 2.30 pm	Close for the rest of the day
20%	Any time	Close for the rest of the day

**CIRCUIT BREAKER FOR A STOCK**

A price range for a stock to move without any interference from regulatory authorities. Only when the stock prices move beyond the range, it is considered as entering into a circuit and circuit breakers are applied. Daily price bands of 2%, 5% and 10% are applicable to different equity stocks. Price bands of 20% are applicable to all remaining scrip like preference shares or debentures.

**Example:** For a stock with a price band of 5% that closes at Rs.100 on the previous day, the price band will be between Rs.105 and Rs.95.

**WHAT ARE AN UPPER CIRCUIT AND LOWER CIRCUIT?**

Stock prices can either move up or down and hence circuit breakers are required for movements in both directions. An upward movement over the threshold will cause a stock to enter into an upper circuit. Similarly a downward movement in stock price beyond the threshold will cause a stock to enter into a lower circuit.

**Reduction of Circuit Filters:** The circuit filters are reduced in case of illiquid Securities or as a price containment measures. The circuit filters are reduced to 10% or 5% or 2%, as the case may be, based on the criteria decided by the Surveillance Department of the Stock Exchanges. No circuit filters are applicable on Securities on which derivative products are available.

(iii) **Trade to trade (JUNE 2012):** Trade – to – trade (T2T) or T segment on BSE is segment in which no intra – day trading is allowed. It means in this category, securities can only be bought on delivery basis. Transactions placed in this segment have to be mandatorily settled on gross basis i. e. by taking or giving delivery even if you have bought and sold the shares during the same settlement cycle.

**Example:** If you buy shares, you must pay the money and take delivery. If you sell shares, you must give the delivery of shares and you will get money.

If you buy today and sell today and don't have delivery, then the sell position will go into auction and you will have to pay heavy penalty.

(iv) **Suspension of Scrip:** It is a method to stop the trading of shares of listed companies for temporary period for the violation of rules & regulations of Stock Exchanges.

(v) **Warning to Members (Broker):** Stock exchanges may also take action against its members who are indulged in the activities of artificial speculation.'

(vi) **Imposition of penalties/deactivation of terminals of members:**

Rumor Verification: Steps Involved in Rumor Verification:

(i) Surveillance Department liaises with Companies Officers of companies to obtain comments of the company on various price sensitive corporate news items appearing in the selected New Papers.

(ii) Comments received from the companies are disseminated to the Market by way of BOLT Ticker and/or Notices in the Bulletin.

(iii) Show cause notices are issued to companies which do not reply promptly to the Exchange.

Pro – active Measure:

The Department compiled and disseminated a list of companies who have changed their names to suggest that their business interest is in the software Industry.

Position Monitoring:

(i) Statement of top 100 purchasers/dealers

(ii) Concentrated Purchase/sales

(iii) Purchases/sales of scrips having thin trading

(iv) Pay – in liabilities above a threshold limit

(v) Verification of Institutional Trades

(vi) Snap investigation

(vii) Market intelligence

### **CAPITAL MARKET SEGMENT**

The Capital Market segment provides a fully automated screen based trading system for trading of equity and preference shares, debentures, warrants and coupons.

The trading system, known as the National Exchange for Automated Trading (NEAT) system, is an anonymous order – driven system and operates on a strict price/time priority.

It enables members from across the country to trade simultaneously with enormous ease and efficiency. It provides tremendous flexibility to the users in terms of kinds of orders that can be placed on the system.

### **WHOLESALE DEBT MARKET SEGMENT**

The WDM segment provides the only formal trading platform for trading of a wide range of debt securities. The government securities, treasury bills and bonds issued by public sector undertakings (PSUs) were made available for trading.

This range also includes non – traditional instruments like floating rate bonds, zero coupon bonds, index bonds, commercial papers, certificates of deposit, corporate debentures, State Government loans, SLR and non – SLR bonds issued by financial institutions, units of mutual funds and securitized debt.

The WDM trading is a fully automated screen based trading system that enables members across the country to trade simultaneously with enormous ease and efficiency.

	<p>The trading system is an order driven system, which matches best buy and sell orders on a price/time priority.</p>

It is mandatory for trades to be settled on the predefined settlement date. The Exchange currently allows settlement periods ranging from same day (T + 0) settlement to a maximum of (T + 2).</p> <p>The Exchange provides data/information to the respective member/participant regarding trades to be settled on that day. <p><b>STRAIGHT THROUGH PROCESSING (STP) (DEC 2017, JUNE 2015, DEC 2007)</b></p>	<p>STP is a mechanism that automates end to end processing of transactions of financial instruments. It involves use of a system to process all elements of the work flow of a financial transaction, what are commonly known as the Front, Middle, Back office and General Ledger.</p> <p>It enables the entire trade process for capital market and payment transactions to be conducted electronically without manual intervention, subject to legal and regulatory</p>

	<p>restrictions. The process was developed by <b>James Karat</b> in the early 90's and the concept has also been transferred into other sectors including energy (oil, gas) trading and banking, and financial planning.</p> <p>Currently, the entire trade cycle, from initiation to settlement, is a complex manual process, will take several days. Such processing for equities transactions is commonly referred to as T + 2 processing, as it usually takes three business days from the "Trade" being executed to the trade being settled. The goal of STP is to minimize settlement risk for the executive of a trade and its settlement and clearing to occur simultaneously.</p> <p>In short, STP allows electronic capturing and processing of transactions in one go from the point of order origination to final settlement.</p> <p><b><u>ADVANTAGES OF STRAIGHT THROUGH PROCESSING</u></b></p> <ul style="list-style-type: none"> <li>(i) Reduced risk</li> <li>(ii) Automation of manual process minimizing errors</li> <li>(iii) Improved operational efficiency in handling larger volumes</li> <li>(iv) Facilitates movement towards shorter settlement cycles (T + 1)</li> <li>(v) Lower cost per trade</li> <li>(vi) Timely settlement of trades and instructions</li> <li>(vii) Eliminates paper work and minimizes manual intervention</li> <li>(viii) Enables increased cross border trading (FII trades)</li> <li>(ix) Greater transparency with clear audit trail</li> <li>(x) Increases competitive advantage of our markets</li> <li>(xi) Messaging standards as per ISO 15022 standards</li> </ul>
<p><b>DIRECT MARKET ACCESS (DMA)</b></p>	<p>This is a facility which allows brokers to offer clients direct access to the exchange trading system through the broker's infrastructure without manual intervention by the broker. DMA is a term used in financial markets to describe electronic trading facilities that give investors wishing to trade in financial instruments a way to interact with the order book of an exchange.</p> <p>In simple words, DMA means that when you place a trade online, your order is sent directly to the stock exchange for execution. You may be surprised to discover that this is not how online trading always works, but in fact DMA has only been available for retail investors for a relatively short time.</p> <p><b><u>ADVANTAGES OF DMA:</u></b></p> <ul style="list-style-type: none"> <li>(i) Direct Control of Clients over Orders,</li> <li>(ii) Faster Execution of Client Orders,</li> <li>(iii) Reduced Risk of Errors associated with Manual Order Entry,</li> <li>(iv) Greater Transparency,</li> <li>(v) Increased Liquidity,</li> <li>(vi) Lower Impact Costs for Large Orders,</li> <li>(vii) Better Audit Trails, and</li> <li>(viii) Better use of Hedging and Arbitrage opportunities through the use of decisions support tools/algorithms for trading.</li> </ul> <p><b>The Stock Exchanges may facilitate Direct Market Access for investors subject to the following conditions:</b></p> <ul style="list-style-type: none"> <li>➤ <u>Application for Direct Market Access (DMA) Facility:</u> Brokers shall apply to the respective stock exchanges giving details of the software and systems proposed to be used. The broker should ensure sound audit trail for all DMA orders and</li> </ul>

	<p>trades, and be able to provide identification of actual user – id for all such orders and trades.</p> <p>The audit trial data should be available for at least 5 years. Exchanges should be able to identify and distinguish DMA orders and trades from other orders and trades. Exchanges shall maintain statistical data on DMA trades and provide information on the same to SEBI on a need basis.</p> <p>The DMA system shall have sufficient security features including login ID and password. The Brokers should follow similar logic/priorities used by the Exchange to treat DMA client orders. The Brokers should also maintain all activities/alerts log with audit trial facility.</p> <p>The DMA Server should have internally generated unique numbering for all such client order/trades. A systems audit of the DMA systems and software shall be periodically carried out by the broker. The exchanges and brokers should provide for adequate systems and procedure to handle the DMA trades.</p> <p>➤ <u>Client Authorization and Broker – Client Agreement:</u> The broker shall enter into a specific agreement with the clients for whom they permit DMA facility which will include the following safeguards:-</p> <p>(i) The client shall use the DMA facility only to execute his own trades and shall not use it for transactions on behalf of any other person/entity.</p> <p>(ii) Electronic/Automated Risk management at the broker’s level before release of order to the Exchange system.</p> <p>(iii) Right to withdraw DMA facility if the limits set up are breached or for any other such concerns.</p> <p>(iv) Withdrawal of DMA facility on account of any misuse or on instructions from SEBI/Exchange.</p>
<b>INDEX, FUTURES, OPTIONS AND DERIVATIVES</b>	<p>Derivatives are contracts which derive values from the value of one or more of other assets, called underlying assets.</p> <p><b>Example:</b> A derivative of the shares of L &amp; T Ltd. (underlying), will derive its value from the share price (value) of L &amp; T Ltd. Similarly, a derivative contract on Copper depends on the price of Copper.</p> <p><b><u>Classification of Derivatives:</u></b></p> <p><b><u>FUTURES</u></b> This is a contract to buy or sell an underlying financial instrument at a specified future date at an agreed price (strike price) quoted when the contract is entered.</p> <p><b><u>Main features of a Future Contract:</u></b></p> <p>(i) There is an agreement (ii) Agreement is to buy or sell the underlying asset (iii) The transaction takes place on a predetermined future date (iv) The price at which the transaction will take place is also predetermined</p> <p>If offers ways to manage the risk in participating financial market. Futures do no create values, they only transfer values. It is a means for reducing risk or assuming risk with a view to earn profit.</p> <p>Let us understand the concept of future contract with the help of an illustration of Infosys Limited Future contract:</p>

“I have bought 1 lot (200 shares) of Infosys Limited April Future @ Rs.700 (assumption based).”

It means that the person has agreed to buy 200 shares of Infosys Limited on 25<sup>th</sup> April, 2013 (the expiration date) at Rs.700 per share. Here:

- The underlying asserts is the shares of Infosys Limited
- The quantity is 1 lot, i. e. 200 shares
- The expiry date is 25<sup>th</sup> April, 2013 (Settlement date), and
- The pre – determined price is Rs.700 (and is called the Strike Price).

If the actual price of Infosys Limited is Rs.800 on the settlement day (25<sup>th</sup> April), the person buys 200 shares at the contracted price of Rs.700 and may sell it at the prevailing market price of Rs.800 thereby gaining Rs.100 per share (Rs.20,000 in total). On the other hand if the price falls to 650 he loses Rs.50 per share (Rs.12,500 in total) as he has to buy at Rs.700 but the prevailing market price is Rs.650.

### **OPTIONS**

An option contract is a contract which gives one party the right to buy or sell the underlying asset on a future date at a pre – determined price. The other party has the obligation to sell/buy the underlying asset at this pre – determined price (called the strike price).

The option which gives the right to buy is called the CALL option while the option which gives the right to sell is called the PUT option.

➤ Let us consider a few examples:

- (i) Buyer of Nifty April Call option to strike 6000: It gives the right to buy Nifty at 6000
- (ii) Buyer of Infosys Ltd. April Put option of strike 2800: It gives the right to sell Infosys at 2800
- (iii) Seller of Nifty July Call option of strike 4500: The seller has the obligation to sell Nifty at 4500
- (iv) Seller of Infosys July Put option of strike 1550: The seller of the Put option has the obligation to buy Infosys at 1550

It is to be noted that the right always remains with the buyer of the option while the seller of an option always has the obligation. In return, the buyer pays the seller a premium for getting the right. This premium is the maximum possible loss for the buyer and the maximum possible gain for the seller.

➤ Functioning of Option Trading:

There is a striking price which represents the price the holder of the buy option must pay to the seller in order to claim the shares. The option has to be exercised before the expiration of the specified period.

➤ Types of Option:

(i) Call Option:

In call option, an investor has a right to buy. An investor takes a call option if he expects that the market price will be higher than the strike price to earn the difference as his profit.

(ii) Put Option:

In put option, an investor has a right to sell. An investor takes a put option if he expects that the market price will be lower than the strike price. The lower the market price than the strike price, the higher will be the profit for investor.

An investor can simultaneously buy call as well as put option if he is uncertain about the market conditions.

	<p>➤ <u>Advantages of Options:</u></p> <ul style="list-style-type: none"> <li>(i) Options are openly traded and ensure transparency in transactions.</li> <li>(ii) Options limit risk exposure for the stipulated time and enable investors to manage their risk under volatile conditions.</li> <li>(iii) There is opportunity to maintain position without margin calls.</li> <li>(iv) Realistic forecast of price for securities by studying published prices of future contract.</li> <li>(v) There will be tendency to estimate in advance total risk in future transactions.</li> <li>(vi) There will be integration of Indian capital market with developed capital markets.</li> <li>(vii) An option market is less vulnerable to the manipulations of operators.</li> </ul> <p>➤ <u>Investment Strategies: (JUNE 2008)</u></p> <ul style="list-style-type: none"> <li>(i) Straddle: It is a Combination of put and identical call. Holder pays premium equal to premium on put and call. He is insured against any movement on either side and has opportunity to gain from up move and down move. This investment strategy is being used by those investors who have less risk appetite.</li> <li>(ii) Strip: In this case, Buyer of strip is confident that scrip price will change. He also feels it is more likely to go down, and enters into two puts and one call. Here, the premium is equal to the sum of the premium on the two puts and one call.</li> <li>(iii) Strap: The strap buyer feels the market may go either way, but is more likely to go up. He, therefore, enters into two calls and a put.</li> </ul> <p>➤ <u>Pre – Requisites for Option Trading:</u> The most important pre – requisite of starting option trading is proper infrastructure and writers of options.</p> <p>The successful functioning of option trading will require:</p> <ul style="list-style-type: none"> <li>(i) Standardization of the terms of Contract</li> <li>(ii) Careful selection of underlying Securities</li> <li>(iii) Appointment of Market – Makers</li> <li>(iv) Setting up of Options Clearing House</li> <li>(v) Creation of a Central Market</li> </ul>
<p><b>SME EXCHANGE (DEC 2015, DEC 2013)</b></p>	<p>SME Exchange means a trading platform of a recognized stock exchange having nationwide trading terminals permitted by SEBI to list the specified securities issued in accordance with SEBI (ICDR) Regulation and includes stock exchange granted recognition for this purpose but does not include the Main Board.</p> <p>Here Main Board means a recognized stock exchange having nationwide trading terminals, other than SME exchange. The two stock exchanges of India i. e. Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) have begun their SME listing platforms.</p> <p><b><u>BENEFITS OF LISTING ON SME EXCHANGE</u></b></p> <ul style="list-style-type: none"> <li>(i) Access to capital and future financing opportunities.</li> <li>(ii) Going public would provide the MSME's with equity financing opportunities to grow their business – from expansion of operations to acquisitions.</li> <li>(iii) Companies in the growth phase tend to get over – leveraged at which point, banks are reluctant to provide further credit. Equity capital is then necessary to bring back strength to the balance sheet.</li> </ul> <p>The option of equity financing through the equity market allows the firm to not only raise long – term capital but also get further credit due through an additional equity infusion.</p>

	<p>The issuance of public shares expands the investor base, and this in turn will help to set the stage for secondary equity financings, including private placements.</p> <p>In addition, Issuers often receive more favourable lending terms when borrowing from financial institutions.</p> <p><b><u>INCREASED VISIBILITY AND PRESTIGE</u></b></p> <p>Going public is likely to enhance the company's visibility. Greater public awareness gained through media coverage, publicity filed documents and coverage of stock by sector investment analysts can provide the SME with greater profile and credibility.</p> <p><b><u>VENTURE CAPITAL (VC)</u></b></p> <p>A vibrant equity market would provide proof to be an added incentive for greater venture capital participation by providing an exit option leading to a reduction in their lock – in period.</p> <p><b><u>LIQUIDITY FOR SHAREHOLDERS</u></b></p> <p>Becoming a public company establishes a market for the company's shares, providing its investors with an efficient and regulated vehicle in which to trade their own shares. Greater liquidity in the public market can lead to better valuation for shares than would be seen through private transactions.</p> <p><b><u>CREATE EMPLOYEE INCENTIVE MECHANISMS</u></b></p> <p>The employees of the SME enterprises can participate in the ownership of their own company and benefit from being a shareholder.</p> <p><b><u>FACILITATE GROWTH THROUGH MERGERS AND ACQUISITIONS</u></b></p> <p>As a public company, company's shares can be utilized as an acquisition currency to acquire target companies, instead of a direct cash offering. Using shares for an acquisition can be a tax efficient and cost effective vehicle to finance such a transaction.</p> <p><b><u>ENCOURAGES INNOVATION &amp; ENTREPRENEURIAL SPIRIT</u></b></p> <p>The ability of companies in their early stages of development to raise funds in the capital markets allows these companies to grow very quickly.</p> <p><b><u>EFFICIENT RISK DISTRIBUTION</u></b></p> <p>The development of the capital markets has helped distribution risk more efficiently by transfer of risk to those best able to bear it.</p>
<b>INSTITUTIONAL TRADE SEGMENT</b>	<ul style="list-style-type: none"> <li>✓ SEBI has notified new norms for listing of small and medium enterprises (SMEs) including the start-up companies on Institutional Trading Platform (ITP) on stock exchanges <b>without an initial public offering</b>. This will allow SMEs to list themselves on stock exchanges without raising funds from the public, which in turn will help both the investor and the small companies.</li> <li>✓ In the modified rules to permit listing of start-ups and SMEs in ITP without having to make an IPO, <b>a minimum amount for trading or investment on the ITP would be Rs. 10 lakh.</b></li> <li>✓ This move will provide <b>easier exit options</b> for entities such as Angel Investors, Venture Capital Funds and Private Equities.</li> <li>✓ Besides, the move would provide better visibility, wider investor base and greater fund raising capabilities to such companies.</li> <li>✓ SEBI notified that the company would not make an IPO while its specified securities are listed on ITP, but can raise capital through private placement or rights issue without an option for renunciation of rights.</li> </ul>

	<ul style="list-style-type: none"> <li>✓ An SME will be eligible to list on the ITP, in case the company, its promoter, director, Group Company does not appear in the defaulters list of Reserve Bank and there is no winding up petition against the firm.</li> </ul>
<b>ALGORITHMIC TRADING (DEC 2016, JUNE 2014)</b>	<ul style="list-style-type: none"> <li>✓ Algorithmic trading (algo) in stock market parlance refers to orders generated at a super – fast speed by use of advanced mathematical models that involve automated execution of trade. This method of trading is mostly used by large institutional investors. With the increasing trend amongst capital market players of generating orders through automated execution logic called Algorithmic Trading.</li> <li>✓ SEBI have formulated broad guidelines to be followed by both Stock Exchanges and Stock Brokers for algorithmic trading and help to keep pace with the speed of trade and volume of data that may arise through it.</li> </ul> <p><b>Broadly the Guidelines provide for following Directions to Stock Exchanges amongst others:</b></p> <ul style="list-style-type: none"> <li>(i) To have arrangements, procedures and systems to adequately manage the trade load of algorithm orders.</li> <li>(ii) To put in place effective economic disincentive with regard to high daily order to trade ration of algorithm orders.</li> <li>(iii) To ensure all trades are routed through servers of stock brokers located in India only.</li> <li>(iv) To have appropriate risk control mechanisms covering price band check and quantity limit check.</li> <li>(v) To report algorithmic trading details in the Monthly Development Report submitted to SEBI.</li> <li>(vi) To ensure that the stock brokers provide the facility of algorithmic trading only after obtaining prior permission of the stock exchanges.</li> </ul> <p><b>DEC 2016:</b> "High speed of algorithmic trading may damage the structure and health of a stock market. Therefore, it is to be controlled and monitored." In the light of this statement, describe the SEBI guidelines for algorithmic trading.</p>

## UNIT 5: DEBT MARKETS

<b>INTRODUCTION</b>	<p>Debt market is a market for issue, trade and settlement of various types of debts like deposits, debentures and Bonds. The debt market in India comprises mainly two segments viz., the Government securities market and the corporate securities market.</p> <p>In other words, Debt markets are markets for the issuance, trading and settlement in fixed income securities of various types and features.</p> <p>Fixed income securities can be issued by almost any legal entity like Central and State Governments, public bodies, statutory corporations, banks &amp; institutions &amp; corporate bodies.</p> <p>Even the debt securities are also tradable at the National Stock Exchange and Bombay Stock Exchange and the debt securities are listed on stock securities like equity shares.</p>
<b>DEBT MARKET INSTRUMENTS</b>	
<b>DEBENTURE</b>	<p>A Debenture is a debt security issued by a company, which offers to pay interest in lieu of the money borrowed for a certain period. In essence it represents a loan taken by the issuer who pays an agreed rate of interest during the lifetime of the instrument and repays the principal normally, unless otherwise agreed, on maturity.</p> <p>Generally, the long – term debt instruments are being issued by private sector companies, in denominations as low as Rs.1000 and have maturities ranging between 1 and 10 years. Debentures enable investors to reap the dual benefits of adequate security and good returns. Unlike other fixed income instruments, Debentures can be transferred from one party to another.</p> <p><u>Types of Debentures:</u></p> <ul style="list-style-type: none"> <li>(i) Non-Convertible Debentures (NCDs)</li> <li>(ii) Partly Convertible Debentures (PCDs) and Fully Convertible Debentures (FCDs)</li> <li>(iii) Optionally Convertible Debentures (OCDs)</li> <li>(iv) Secured Debentures and Unsecured Debentures</li> </ul>
<b>DEFINITION OF DEBT SECURITIES (Amendment)</b>	<p><b>“Debt securities”</b> means:</p> <ul style="list-style-type: none"> <li>❖ non-convertible debt securities</li> <li>❖ which create or acknowledge indebtedness and</li> <li>❖ includes debentures, bonds and such other securities of a body corporate or a Trust registered with SEBI as a Real Estate Investment Trust or an Infrastructure Investment Trust, or any statutory body constituted by virtue of a legislation,</li> <li>❖ whether constituting a charge on the assets of the body corporate or not,</li> <li>❖ but excludes bonds issued by Government or such other bodies as may be specified by SEBI, security receipts and securitized debt instruments;”</li> </ul>
<b>FIXED INCOME PRODUCTS</b>	<p><u>Deposit:</u> Deposits serve as medium of saving and as a means of payment and are very important for financial health of any economy. A bank basically offers three types of deposits, i. e. Time deposit, Current deposit and Savings deposit.</p> <p><u>Fixed Deposit:</u> Fixed Deposit refers to a certificate of deposit that pays a fixed rate of interest till maturity. Funds placed in a Fixed Deposit usually cannot be withdrawn prior to maturity. The fixed deposit holder can be penalized by the Bank for pre – mature withdrawal.</p> <p>Fixed Deposits are sums accepted by most of the NBFCs and banks. The deposits offered by Bank are insured up to a maximum of Rs.1,00,000/- whereas deposits accepted by the NBFCs are not insured.</p>
<b>INTEREST BASED BONDS</b>	<p><u>Coupon Bonds:</u> Coupon Bonds typically pay interest periodically at the pre – specified rate of interest. The annual rate at which the interest is paid is known as the coupon rate or simply the coupon. Interest is usually paid half – yearly though in some cases</p>

	<p>it may be monthly, quarterly, annually or at some other periodicity. The dates on which the interest payments are made are known as the coupon due dates.</p> <p><u>Zero Coupon Bonds:</u> A plain bond is offered at its face value, earns a stream of interest till redemption and is redeemed with or without a premium at maturity. It is issued at a discount to its face value, fetches no periodic interest and is redeemed at the face value at maturity.</p>
<b>DERIVED INSTRUMENTS</b>	<p>These instruments are not direct debt instruments. Instead they derive value from various debt instruments. Mortgage bonds, Pass through Certificates, Securitized Debt Instruments etc. fall under this category.</p> <p><b><u>Mortgage Bonds:</u></b></p> <ul style="list-style-type: none"> <li>✓ Mortgage backed bonds is a collateralized term – debt offering.</li> <li>✓ Every issue of such bonds is backed by pledged collateral.</li> <li>✓ Property that can be pledged as security for mortgage bonds is called eligible collateral.</li> <li>✓ The terms of these bonds are like the bonds floated in the capital market, semi – annual or quarterly payments of interest and final bullet payment of principal.</li> <li>✓ <b>Example:</b> A bank offering home loan might round up Rs.20 crore worth of such loans. That pool is then sold to a Government Agency or a government sponsored – enterprise (GSE), or to others to be used as the collateral for the new Mortgaged Bonds.</li> </ul> <p><b><u>PASS THROUGH CERTIFICATES (PTC): (DEC 2008, JUNE 2010)</u></b></p> <ul style="list-style-type: none"> <li>✓ When mortgages are pooled together and undivided interest in the pool is sold, pass – through securities are created.</li> <li>✓ The pass – through securities promise that the cash flow from the underlying mortgages would be passed through to the holders of the securities in the form of monthly payments of interest and principal.</li> <li>✓ A pass – through certificate (PTC) is an instrument that evidences the ownership of two or more equipment trust certificates.</li> <li>✓ In other words, equipment trust certificates may be bundled into a pass – through structure as a means of diversifying the asset pool and/or increasing the size of the offering.</li> <li>✓ <b>Example:</b> Banks provide mortgages to borrowers, and then Banks place a group of these mortgages in a large investment and sell it to another financial institution. The interest from all of these mortgages represents the pass – through certificate as the holder of the note receives the money. This process can be quite complex and creates some difficulty for the financial institutions involved.</li> </ul> <p><b><u>PARTICIPATION CERTIFICATES:</u></b></p> <ul style="list-style-type: none"> <li>✓ These are strictly inter – bank instruments confined to the Scheduled Commercial Banks.</li> <li>✓ This instrument is a money market instrument with a tenure not exceeding 90 days.</li> <li>✓ The interests on such participation certificate are determined by the two contracting banks.</li> <li>✓ In other words, A Participation Certificate (PC) is a financial instrument, a form of financing, used by municipal or government entities which allows an individual to buy a share of the lease revenue of an agreement made by these entities.</li> <li>✓ Participation certificate is a new form of credit instrument whereby banks can raise funds from other banks and other central bank approved financial institutions to ease liquidity.</li> <li>✓ In this case banks have the option to share their credit asset(s) with other banks by issuing participation certificates.</li> <li>✓ With this participation approach, banks and financial institutions come together either on risk sharing or non – risk sharing basis. While providing short – term funds, participation certificates can also be used to reduce risk. The rate at which</li> </ul>

	<p>these certificates can be issued will be negotiable depending on the interest rate scenario.</p> <p><b>JUNE 2016:</b> Distinguish between Pass through certificates &amp; participation certificate</p>
<p><b>BENCHMARKED INSTRUMENTS</b></p> <p><b>(JUNE 2010, DEC 2008)</b></p>	<p>There are certain debt instruments wherein the fixed income earned is based on a benchmark (i. e. MIBOR &amp; LIBOR and for capital benchmark – NSE Nifty and BSE SENSEX). For instance, the Floating Interest rate Bonds are benchmarked to either the LIBOR, MIBOR etc.</p> <p>In short, a benchmark is a standard against which the performance of a security, mutual fund or investment manager can be measured. Generally, broad market and market – segment stock and bond indices are used for this purpose.</p> <p><b>Examples of Benchmark Instruments:</b>  <b>Floating Interest Rate: (JUNE 2010, DEC 2008)</b>  Floating rate of interest simply means that the rate of interest is variable. Periodically the interest rate payable for the next period is set with reference to a benchmark market rate agreed upon by both the lender and the borrower. The benchmark market rate is the State Bank of India Prime Lending Rate in domestic markets and LIBOR or US Treasury Bill Rate in the overseas markets.</p> <p><b>Inflation linked Bonds: (JUNE 2010, DEC 2008)</b>  A bond is considered indexed for inflation if the payments on the instrument are indexed by reference to the change in the value of a general price or wage index over the term of the instrument. The options are that either the interest payments are adjusted for inflation or the principal repayment or both.</p>
<p><b>INVESTORS IN DEBT MARKET</b></p> <p><b>(DEC 2011, DEC 2010)</b></p>	<p><b>BANKS:</b> Collectively all the banks put together are the largest investors in the debt market. They invest in all instruments ranging from T – Bills, CPs and CDs to GOISECs, private sector debentures etc. Banks lend to corporate sector directly by way of loans and advances and also invest in debentures issued by the private corporate sector and in PSU bonds.</p> <p><b>PROVIDENT FUNDS:</b> Provident funds are estimated to be the third largest investors in the debt market. Investment guidelines for provident funds are being progressively liberalized and investment in private sector debentures is one step in this direction. Most of the provident funds are very safety oriented and tend to give much more weightage to investment in government securities although they have been considerable investors in PSU bonds as well as State Government backed issues.</p> <p><b>INSURANCE COMPANIES:</b> The second largest category of investors in the debt market is the insurance companies.</p> <p><b>MUTUAL FUNDS:</b> Mutual Funds represent an extremely important category of investors. World over, they have almost surpassed banks as the largest direct collector of primary savings from retail investors and therefore as investors in the wholesale debt market. Mutual Funds include the Unit Trust of India, the mutual funds set up by nationalized banks and insurance companies as well as the private sector mutual funds set up by corporate and overseas mutual fund companies.</p> <p><b>TRUSTS:</b> Trusts include religious and charitable trusts as well as statutory trusts formed by the government and quasi government bodies. Religious trusts and Charitable trusts range from the very small ones to large ones. There are very few instruments in which trusts are allowed to invest. Most of the trusts invest in CDs of banks and bonds of financial institutions and units of Unit Trust of India.</p> <p><b>FOREIGN INSTITUTIONAL INVESTORS:</b> India does not allow capital account convertibility either to overseas investors or to domestic residents. Registered FIIs are</p>

	<p>exception to this rule. FIIs have to be specifically and separately approved by SEBI for equity and debt. Each debt FII is allocated a limit every year up to which it can invest in Indian debt securities. They are also free to disinvest any of their holdings, at any point of time, without prior permission.</p> <p><b>RETAIL INVESTORS:</b> Since January, 2002, retail investors have been permitted to submit non – competitive bids at primary auction through any bank or PD.</p> <p><b>CORPORATE TREASURIES:</b> Corporate Treasuries have become prominent investors only in the last few years. Treasuries could be either those of the public sector units or private sector companies or any other government bodies or agencies. The treasuries of PSUs as well as the governmental bodies are allowed to invest in papers issued by DFIs and banks as well as GOISECs of various maturities.</p> <p>In complete contrast to public sector treasuries, those in the private sector invest in CDs of banks and CPs of other private sector companies, GOISECs as well as debentures of other private sector companies. Of late, preference shares of DFIs and open – ended mutual funds have also become popular with these treasuries.</p>
<b>DEBT MARKET INTERMEDIARIES/ PARTICIPANTS</b>	<p><b>PRIMARY DEALERS:</b> Primary dealer (PDs) are important intermediaries in the government securities markets. They act as underwriters in the primary market, and as market makers in the secondary market. PDs underwrite a portion of the issue of government security that is floated for a pre – determined amount.</p> <p><b>BROKERS:</b> Brokers play an important role in secondary debt market by bringing together counterparties and negotiating terms of the trade. It is through them that the trades are entered on the stock exchanges. The brokers are regulated by the stock exchanges and also by SEBI.</p>
<b>DEBT MARKET IN INDIA: REGULATORY FRAMEWORK</b>	<p><b>REGULATORY FRAMEWORK</b></p> <p>(i) The Public Debts Act, 1944: This Act governs the Government Debt Market.  (ii) SEBI Regulations: SEBI Regulations are only applicable to Listed Debt Securities.  (iii) RBI Guidelines.</p> <p><b>REGULATORS</b></p> <p>(i) Union &amp; State Government  (ii) Ministry of Finance, Government of India  (iii) Reserve Bank of India  (iv) SEBI</p> <p>The Union Government and the State Governments have been empowered to borrow money upon the security of the Consolidated Fund of India and the States from the Market within permissible limits. The Union Government debt consists of three components, internal debt, external debt and other liabilities. The Reserve Bank of India manages the public debt and issues new loans on behalf of Union and the State Governments under the powers derived from the Reserve Bank of India Act and The Public Debts Act, 1944.</p> <p>SEBI controls bond market and corporate debt market in cases where entities raise money from public through public issues. It regulates the manner in which such moneys are raised and ensure a fair play for the retail investor. Apart from the two main regulators, the RBI and SEBI, the other regulators are the Central Provident Fund Commissioner and the Ministry of Labour. The Central Provident Fund Commissioner and the Ministry of Labour regulate the Provident Funds.</p>
<b>SEBI (ISSUE OF CAPITAL AND DISCLOSURE REQUIREMENTS)</b>	<p><b>CREATION OF CHARGE</b></p> <p>If the issuer proposes to create a charge or security on its assets in respect of secured convertible debt instruments, it is required to ensure that:</p>

**REGULATIONS,  
2009**

- (i) Such assets are sufficient to discharge the principal amount at all times;
- (ii) Such assets are free from any encumbrance;
- (iii) Where security is already created on such assets in favour of financial institutions or banks or the issue of convertible debt instruments is proposed to be secured by creation of security on a leasehold land, the consent of such financial institution, bank or lessor for a second or paripassu charge has been obtained and submitted to the debenture trustee before the opening of the issue;
- (iv) The security/asset cover is required to be arrived at after reduction of the liabilities having a first/prior charge, in case the convertible debt instruments are secured by a second or subsequent charge.

**CREDIT RATING:**

No company can make a public issue or rights issue of convertible debt instruments unless credit rating is obtained from one or more agencies i.e. credit rating is mandatory.

The company is required to give the following details of credit ratings in case of a public issue or rights issue of convertible debt instruments:

(a) The names of all the credit rating agencies from which credit rating including unaccepted rating has been obtained for the issue of convertible debt instruments.

(b) All the credit ratings obtained during three years prior to the filing the offer document for any of the issuer's listed convertible debt instruments at the time of accessing the market through a convertible debt instrument.

**APPOINTMENT OF DEBENTURE TRUSTEE:** The company is required to appoint one or more debenture trustees.

**DEBENTURE REDEMPTION RESERVE:** The company is required to create a debenture redemption reserve.

**ROLL OVER OF NON CONVERTIBLE PORTION OF PARTLY CONVERTIBLE DEBT INSTRUMENT:**

The non-convertible portion of partly convertible debt instruments issued by a listed issuer, the value of which **exceeds fifty lakh rupees** can be rolled over without change in the interest rate, subject to compliance with the provisions of Companies Act, 2013, and the following conditions–

(a) 75% of the holders of the convertible debt instruments of the issuer have, through a resolution through postal ballot, approved the rollover.

(b) the issuer has along with the notice for passing the resolution, sent to all holders of the convertible debt instruments, an auditors' certificate on the cash flow of the issuer and with comments on the liquidity position of the issuer.

(c) the issuer has undertaken to redeem the non-convertible portion of the partly convertible debt instruments of all the holders of the convertible debt instruments who have not agreed to the resolution.

(d) credit rating has been obtained from at least one credit rating agency registered with the SEBI within a period of six months prior to the due date of redemption and has been communicated to the holders of the convertible debt instruments, before the roll over.

However, the creation of fresh security and execution of fresh trust deed is not mandatory if the existing trust deed or the security documents provide for continuance of the security till redemption of secured convertible debt instruments.

Further, whether the issuer is required to create fresh security and to execute fresh trust deed or not is to be decided by the debenture trustee.

### **CONVERSION OF OPTIONALLY CONVERTIBLE DEBT INSTRUMENTS INTO EQUITY SHARE CAPITAL**

(i) No issuer can convert its optionally convertible debt instruments into equity shares unless the holders of such convertible debt instruments have sent their positive consent to the issuer and non – receipt of reply to any notice sent by the issuer for this purpose is not construed as consent for conversion of any convertible debt instruments.

(ii) Where the value of the convertible portion of any convertible debt instruments issued by a listed issuer exceeds 50 lakh rupees and the issuer has not determined the conversion price of such convertible debt instruments at the time of making the issue, the holders of such convertible debt instruments are required to be given the option of not converting the convertible portion into equity shares.

Where the upper limit on the price of such convertible debt instruments and justification thereon is determined and disclosed to the investors at the time of making the issue, it is not necessary to give such option to the holders of the convertible debt instruments for converting the convertible portion into equity share capital within the said upper limit.

(iii) Where an option is to be given to the holders of the convertible debt instruments in terms of Para (2) and if one or more of such holders do not exercise.

The issuer is required to ensure that necessary cooperation with the credit rating agency(ies) has been extended in providing true and adequate information till the debt obligations in respect of the instrument are outstanding.

#### **RESTRICTION:**

An issuer cannot issue convertible debt instruments for financing replenishment of funds or for providing loan to or for acquiring shares of any person who is part of the same group or who is under the same management.

However, an issuer may issue fully convertible debt instruments for these purposes if the period of conversion of such debt instruments is less than eighteen months from the date of issue of such debt instruments.

#### **MINIMUM PROMOTER'S CONTRIBUTION:**

In case of public issue or composite issue of convertible debt securities, the promoters shall contribute twenty per cent as stipulated for public issue under Regulation 32(1), either by way of equity shares or by way of subscription to the convertible securities.

In case of an initial public offer of convertible debt instruments without a prior public issue of equity shares, the promoters are required to bring in a contribution of at least twenty per cent of the project cost in the form of equity shares, subject to contributing at least twenty per cent of the issue size from their own funds in the form of equity shares.

#### **AUDITOR'S CERTIFICATE:**

The issuer is required to forward the details of utilisation of the funds raised through the convertible debt instruments duly certified by the statutory auditors of the issuer, to the debenture trustees at the end of each half-year.

#### **OBLIGATION OF THE ISSUER:**

In case of an issue of convertible debt instruments, the issuer shall also give undertakings to the following effect in the offer document:

(i) that the issuer shall forward the details of utilisation of the funds raised through the convertible debt instruments duly certified by the statutory auditors of the issuer,

	<p>to the debenture trustees at the end of each half-year.</p> <p>(ii) that the issuer shall disclose the complete name and address of the debenture trustee in the annual report.</p> <p>(iii) that the issuer shall provide a compliance certificate to the convertible debt instrument holders (on yearly basis) in respect of compliance with the terms and conditions of issue of convertible debt instruments as contained in the offer document, duly certified by the debenture trustee.</p> <p>(iv) that the issuer shall furnish a confirmation certificate that the security created by the issuer in favour of the convertible debt instrument holders is properly maintained and is adequate to meet the payment obligations towards the convertible debt instrument holders in the event of default.</p> <p>(v) that necessary cooperation with the credit rating agency(ies) shall be extended in providing true and adequate information till the debt obligations in respect of the instrument are outstanding.</p>
<b>DAY COUNT CONVENTION FOR INTEREST PAYMENT</b>	<p>SEBI has provided certain clarifications on aspects related to day count convention for debt securities issued under the SEBI (Issue and Listing of Debt Securities) Regulations, 2008.</p> <p>a) If the interest payment date falls on a holiday, the payment may be made on the <b>following working day</b> however the dates of the future coupon payments would be as per the schedule originally stipulated at the time of issuing the security. In other words, the subsequent coupon schedule would not be disturbed merely because the payment date in respect of one particular coupon payment has been postponed earlier because of it having fallen on a holiday.</p> <p>For example:  Date of Issue of Corporate bonds: July 01, 2016  Date of Maturity: June 30, 2018  Date of coupon payments: January 01 and July 01  Coupon payable: semi-annually</p> <p>In this case, January 01, 2017 is a Sunday, thus the coupon would be payable on January 02, 2017 i.e. the next working day. However the calculation for payment of interest will be only till December 31, 2016, which would have been the case if January 01, 2017 were not a holiday. Also, the next dates of payment would remain July 01, 2017 and January 01, 2018 despite the fact that one of the interest payment was made on January 02, 2017.</p> <p>b) In order to ensure consistency for interest calculation, a uniform methodology shall be followed for calculation of interest payments in the case of <b>leap year</b>, which shall be as follows:  In case of a leap year, if February 29 falls during the tenor of a security, then the number of days shall be reckoned as 366 days (Actual/Actual day count convention) for a whole one year period, irrespective of whether the interest is payable annually, half yearly, quarterly or monthly etc. It is thus emphasized that for a half yearly interest payment, 366 days would be reckoned twice as the denominator; for quarterly interest, four times and for monthly interest payment, twelve times.</p> <p>c) In order to ensure uniformity for payment of interest/redemption with respect to debt securities, interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.</p>

- Qualitative performance indicators and, where feasible, quantitative performance measures of the environmental impact of the project(s) and/or asset(s). If the quantitative benefits/impact cannot be ascertained, then the said fact may be appropriately disclosed along with the reasons for non-ascertainment of the benefits/impact on the environment.
- Methods and the key underlying assumptions used in preparation of the performance indicators and metrics;

#### **Obligations of the issuer**

An issuer of Green Debt Securities shall:

- Maintain a decision-making process which it uses to determine the continuing eligibility of the project(s) and/or asset(s). This includes, without limitation a statement on the environmental objectives of the Green Debt Securities and a process to determine whether the project(s) and/or asset(s) meet the eligibility requirements.
- Ensure that all project(s) and/or asset(s) funded by the proceeds of Green Debt Securities, meet the documented objectives of Green Debt Securities.
- Utilized the proceeds only for the stated purpose, as disclosed in the offer document.

An issuer of Green Debt Securities or any agent appointed by the issuer, if follows any globally accepted standard(s) for the issuance of Green Debt Securities including measurement of the environmental impact, identification of the project(s) and/or asset(s), utilization of proceeds, etc., shall disclose the same in the offer document/disclosure document and/or in continuous disclosures.

## UNIT 6: MONEY MARKET

<b>INTRODUCTION</b>	<p>Money Market is a market where borrowers and lenders exchange short – term funds to fulfill their liquidity needs. This market is a very important segment of Indian Financial System.</p> <p>In other words, this market operates as a wholesale market for low risk, highly liquid, short term instruments such as the call market, the bill market, the Treasury bill market, commercial paper market and certificate of deposit market. Government of India is an active player in the money market and also the biggest borrower. It is a formal financial market that deals with short term fund management.</p> <p>Moreover, the banking industry also plays an important part in the money market. The instruments of this market are Govt. Securities, Treasury Bills issued by the Reserve Bank of India (RBI) for and on behalf of the Govt. of India to meet the liquidity requirement of Govt. of India.</p> <p>Money market is for a <b>MAXIMUM TENOR OF 1 YEAR</b>, depending upon the tenors, the money market is classified into:</p> <p>(a) <b>Overnight Market:</b> The tenor of transactions is one working day. (b) <b>Notice money market:</b> The tenor of the transactions is from 2 days to 14 days. (c) <b>Term Money Market:</b> The tenor of the transactions is from 15 days to one year.</p>

<b>FEATURES OF MONEY MARKET</b>	<p>(i) It is a wholesale market and involves heavy transactions which are settled on daily basis. (ii) It is a market for fulfillment of short term liquidity requirements of market participants. (iii) Govt. of India, RBI, Banks &amp; other financial institutions are the key players of this market. (iv) It transacts the large size of Financial Instruments. (v) There are a large number of participants in the money market. (vi) The RBI occupies a strategic position in the money market. (vii) Money market provides balancing mechanism for short – term surpluses and deficiencies.</p> <p>It provides:</p> <p>(i) A balancing mechanism for short term surpluses and deficiencies. (ii) a focal point of central bank intervention for influencing liquidity in the economy; and (iii) A reasonable access to the users of short term funds to meet their requirements</p>																							

	<p>at realistic or reasonable price or cost.</p> <p>Note: This market is safe for borrowers and lenders because only persons of high standing are permitted by the RBI to enter into this market.</p>
<b>GROWTH OF MONEY MARKET</b>	<p>Post reforms period in India has witnessed tremendous growth of Indian Money markets. Banks and other financial institutions have been able to meet the high expectations of short term funding of important sectors like the Industry, services and agriculture. Functioning under the regulation and control of RBI, the Indian money markets have also exhibited the required maturity and resilience over the years.</p> <p>The organization and structure of the money market has undergone a sea change in the last decade in India. This was accompanied by a growth in quantitative term also.</p> <p>Upto 1987, the money market consisted of 6 facets:</p> <ol style="list-style-type: none"> <li>1. Call Money Market</li> <li>2. Inter Bank Term Deposit/Loan Market</li> <li>3. Participation Certificate Market;</li> <li>4. Commercial Bills Market;</li> <li>5. Treasury bills markets and</li> <li>6. Inter Corporate Market.</li> </ol> <p>The market had 3 main deficiencies:</p> <ol style="list-style-type: none"> <li>1. it had a very narrow base with RBI, banks, LIC and UTI as the only participants lending funds while the borrowers were large in Number;</li> <li>2. There were only few money market instruments;</li> <li>3. The interest rates were not market determined but were controlled either by RBI or by a voluntary agreement between the participants through the Indian Banks Association (IBA)</li> </ol> <p>To set right these deficiencies, the recommendations of Chakravorthy Committee and Vaghul Committee laid foundation for systematic development of Indian Money Market. The implementation of the suggestions of the respective committees has widened and deepened the market considerably by increasing the number of participants and instruments and introducing market determined rates as against the then existing administered or volunteered interest rates.</p> <p>Further, an active secondary market for dealings of money market instrument was created which positively impacted the liquidity of these instruments. For this purpose, the Discount and Finance House of India Limited was formed as an autonomous financial intermediary in April 1988 to embellish the short term liquidity imbalances and to develop an active secondary market for the trading of instruments in money market. The DFHI plays the role of a market maker in money market instruments.</p>
<b>STRUCTURE AND INSTITUTIONAL DEVELOPMENT</b>	<p>The Indian Money Market consists of two types of segments: an Organized segment and an unorganized segment. In the unorganized segment, interest rates are much higher than in the organized segment.</p> <p>Organized segment consists of RBI, SBI with its associate banks, Public Sector Banks, Private Sector Commercial banks, Foreign Banks, Regional Rural Banks, Non Scheduled Commercial Banks, apart from Non-Banking Financial Intermediaries such as LIC, GIC, etc</p> <p>The unorganized segment essentially consists of indigenous bankers, money lenders and other non-banking financial intermediaries such as Chit Funds. For these institutions there is no clear cut demarcation between short term and long term and</p>

	between a genuine trade bill and mere financial accommodation. The share of the unorganized sector in providing trade finance has greatly diminished after Nationalization of Bank and expansion thereof into the length and breadth of the country.
<b>MONEY MARKET INSTRUMENTS</b>	
<b>TREASURY BILLS (DEC 2009)</b>	<p>Treasury Bills (TB) are an instrument issued by Govt. of India for financing its short – term liquidity requirements. Presently, Treasury bills are being issued by the Govt. of India for three tenors i. e. 91 days, 182 days and 364 days. The Reserve Bank of India issues treasury bills for and on behalf of the Govt. of India. The Govt. of India borrows funds to finance its fiscal deficits.</p> <p>Treasury Bills are very useful instruments to deploy short – term surpluses depending upon the availability and requirement. Even funds which are kept in current accounts can be deployed in treasury bills to maximize returns. Banks do not pay any interest on fixed deposits of less than 15 days, or balances maintained in current accounts, whereas treasury bills can be purchased for any number of days depending on the requirements. This helps in development of idle funds for very short periods as well.</p> <p>In short, it is a tool of monetary management in the economy.</p> <p><b><u>Types of Treasury Bills:</u></b></p> <p>(i) <u>14 – day T bill</u>: This Treasury bill matures in 14 days and its auction is on every Friday of every week. The notified amount for this auction is Rs.100 crores.</p> <p>(ii) <u>91 – day T bill</u>: This Treasury bill matures in 91 days and its auction is on every Friday of every week. The notified amount for this auction is Rs.100 crores.</p> <p>(iii) <u>182 – day T bill</u>: This Treasury bill matures in 182 days and its auction takes place on every alternative Wednesday (which is not a reporting week). The notified amount for this auction is Rs.100 crores.</p> <p>(iv) <u>364 – day T – bill</u>: This Treasury bill matures in 364 days and its auction takes place on every alternate Wednesday (which is a reporting week). The notified amount for this auction is Rs.500 crores.</p> <p>A considerable part of the government's borrowings is financed through T – bills of various maturities. T – bills are issued at a discount can be traded in the market. Most of the time, unless the investor requests specifically, these are issued not as securities but as entries in the Subsidiary General Ledger (SGL) which is maintained by RBI. The transactions cost on T – bill are non – existent and trading is considerably high in each bill, immediately after its issue and immediately before its redemption.</p> <p><b><u>Benefits of T – Bills:</u></b></p> <p>(i) T – Bills are highly liquid.</p> <p>(ii) No tax deducted at source.</p> <p>(iii) No risk of default as its being issued by the Govt. of India.</p> <p>(iv) Better returns especially in the short – term.</p> <p>(v) Transparency.</p> <p>(vi) Low transaction cost.</p> <p>(vii) The yield on T – bills is assured.</p> <p>(viii) Simplified settlement.</p> <p>(ix) High degree of tradability and active secondary market facilitates meeting unplanned fund requirements.</p> <p><b>JUNE 2015:</b> Treasury bill is a powerful instrument in the money market.</p> <p><b>JUNE 2014:</b> Treasury Bills are effective cash management product.</p>

	<p><b>Features of Treasury Bills:</b></p> <p>(i) <u>Form</u>: The treasury bills are issued in the form of promissory note in physical form or by credit to Subsidiary General Ledger (SGL) account or Gilt account in dematerialized form.</p> <p>(ii) <u>Minimum Amount of Bids</u>: Bids for treasury bills are to be made for a minimum amount of Rs.25,000/- only and in multiples thereof.</p> <p>(iii) <u>Eligibility</u>: All entities registered in India like banks, financial institutions, Primary Dealers, firms, companies, corporate bodies, partnership firms, institutions, mutual funds, Foreign Institutional Investors, State Governments, Provident Funds, trusts, research organizations, Nepal Rashtra Bank and even individuals are eligible to bid and purchase Treasury bills.</p> <p>(iv) <u>Repayment</u>: The treasury bills are repaid at par on the expiry of their tenure at the office of the Reserve Bank of India.</p> <p>(v) <u>Availability</u>: All treasury Bills are highly liquid instruments available both in the primary and secondary market.</p> <p>(vi) <u>Day Count</u>: For treasury bills the day count is taken as 365 days for a year.</p> <p>(vii) <u>Yield Calculation</u>: The yield of a Treasury bill is calculated as per the following formula:-</p> $Y = \frac{(100 - P) \times 365 \times 100}{P \times D}$ <p>Where Y = Discounted yield P = Price D = Days to maturity</p>
<p><b>CERTIFICATES OF DEPOSITS</b> <b>(DEC 2011, JUNE 2007)</b></p>	<p>Certificate of Deposits (CD) is a negotiable instrument and is issued in dematerialized form. It can only be issued by the Banks or financial institution for specified time period, The issue of certificate of deposits is governed under the guidelines of Reserve Bank of India. A bank can issue Certificate of Deposits for maturities from 7 days to one year whereas a financial institution can issue for maturities from 1 year to 3 years.</p> <p><b>Who shall issue CDs?</b></p> <p>(i) Any scheduled commercial bank excluding Regional Rural Bank (e. g. Gramin Bank) and Local Areas Banks can issue certificate of depot.</p> <p>(ii) Any other Financial Institutions as permitted by RBI.</p> <p><b>Minimum size of Issue and Denominations:</b> The minimum amount of a CD should be of Rs.1 lakh and in the multiples thereof. It means a single subscriber should not be subscribed less than Rs.1 lakh for one unit of CD.</p> <p>CD can be issued to Individual, corporations, trust, funds, associations and non – resident Indian etc.</p> <p><b>Maturity Period:</b> A Bank can issue CDs of maturity period not less than 7 days and not more than one year whereas a Financial Institution can issue CDs for a period not less than 1 year and not exceeding 3 years from the date of issue.</p> <p><b>Coupon/Discount rate:</b> CDs may be issued at Interest (Coupon)/discount by the Banks/Financial Institution. The issuing banks/financial institution are free to determine the discount/coupon etc.</p> <p><b>Transferability:</b> The CDs in physical forms are freely transferable by endorsement</p>

	<p>and delivery.</p> <p>Demat CDs can also be transferred, provided:</p> <p>(i) There is no lock – in period.</p> <p>(ii) There is no loan against the CDs.</p> <p>Note: The Issuing Bank/Financial Institution can't buy back their CDs before the maturity date.</p> <p><b>Format of CDs:</b> The CDs should be issued only in the dematerialized form. However, the investors have the option to seek certificate in the physical form.</p> <p><b>Payment of CDs:</b></p> <p>The payment of CDs can be made to the following persons:-</p> <p>(i) To the original subscriber.</p> <p>(ii) To the last holder who shall bring the CD for payment.</p> <p>Note: Banks should take necessary precautions and make sure that the payment should only be made through the crossed cheque or bank transfer. The issuer, on the maturity date, shall arrange for the repayment to holder by the way of Banker's cheque.</p>																	
<b>INTER – CORPORATE DEPOSITS (ICD)</b>  <b>(JUNE 2007)</b>	<p>It is an unsecured loan extended by one company to another subject to the compliance of the provisions of the Companies Act, 2013. This instrument allows corporate with surplus funds to lend to other corporate facing shortage of funds. Since the ICD is an unsecured instrument and therefore, it is available at the higher rate of interest as compared to the loan from the Bank. Accordingly, the cost of this instrument is very high.</p> <p>ICDs are very risky instruments for lender corporate as it is an unsecured loan. The ICDE market is an unorganized market with very less information available publicly about transaction details.</p>

(ii) The entire document should be verified by an IBA.  (iii) Certified copies of original document should be held in the custody of IBA.  (iv) All the IPAs report about every CP issue to Chief General Manager within 3 days.</p>
<b>FACTORING</b> <b>(JUNE 2015, DEC 2013)</b>	<p>Factoring means a financial transaction where an entity sells its receivables to a third party called a FACTOR at discounted prices. It is a method for the management of receivables. In this concept, the Banks/financial institutions sale their recoverable loans to third party (factor) at a discounted rate.</p> <p>The companies use this method for cleaning up their Balance Sheet. In factoring, a financial institution (factor) buys the accounts receivable of a company (Client) and pays up to 80% (rarely up to 90%) of the amount immediately on formation of agreement.</p> <p>Factoring company pays the remaining amount (Balance 20% - finance cost –</p>

	<p>opening cost) to the client when the customer pays the debt. Collection of debt from the customer is done either by the factor or the client depending upon the type of factoring. The account receivable in factoring can either be for a product or service.</p> <p>A factor provides the following services:</p> <ul style="list-style-type: none"> <li>(a) Credit management and covering the credit risk involved.</li> <li>(b) Provision of prepayment of funds against the debts it agreed to buy.</li> <li>(c) Arrangement for collection of debts.</li> <li>(d) Administration of sales outstanding.</li> </ul> <p><b><u>PARTIES IN FACTORING</u></b></p> <ul style="list-style-type: none"> <li>(i) The Seller, who has produced/sold the goods/services and raised the invoice.</li> <li>(ii) The Buyer, the consumer of goods/services and the party to pay.</li> <li>(iii) The Factor, the financial institution that advances the portion of funds to the seller.</li> </ul> <p><b><u>ADVANTAGES FOR THE SELLER</u></b></p> <ul style="list-style-type: none"> <li>(a) Seller gets funds immediately after the sale is affected and on presentation of accepted sales invoices and Promissory notes.</li> <li>(b) Major part of paper work and correspondence is taken care of by the factor.</li> <li>(c) Follow – up, for recovery of funds, is done mainly by the factor.</li> <li>(d) Interest rates are not as high as normal discounting.</li> <li>(e) Increased cash flow to meet payroll.</li> <li>(f) Immediate funding arrangements.</li> <li>(g) No additional debt is incurred on balance sheet.</li> </ul> <p><b>JUNE 2015:</b> "Factoring is a financial option for the management of receivables." In the light of this statement, explain the meaning and advantages of factoring.</p>
<p><b>BILLS REDISCOUNTING (DEC 2012)</b></p>	<p>Bill Rediscounting means the rediscounting of trade bills, which have already been purchased by/discounted with the bank by the customers. These trade bills arise out of supply of goods/services. Bill discounting is a money market instrument where the bank buys the bill (i. e. bill of exchange or Promissory Note) before it is due and credits the value of the bill after a discount charge to the customer's account. Now, the bank which has discounted the bill may require getting it 'rediscounted' with some other bank to get the fund.</p>
<p><b>TYPES OF MONEY MARKET</b></p>	
<p><b>PRIMARY MARKET</b></p>	<p>In the primary market, Government sales new Govt. Securities like treasury bills &amp; others securities. The RBI for and on behalf of Government of India issues treasury bills through auction.</p> <p><u>Salient Features of the Auction Technique:</u></p> <ul style="list-style-type: none"> <li>(i) The auction of treasury bills is done only at Reserve Bank of India, Mumbai.</li> <li>(ii) Bids are to be submitted on Negotiated Dealing System (NDS) by 2:30 PM on Wednesday, If Wednesday happens to be a holiday then bids are to be submitted on previous day (Tuesday).</li> <li>(iii) Bids are submitted in terms of price per Rs.100. For example, a bid for 91 – day Treasury bill auction could be for Rs.97.50 for per unit of T – bill of face value of Rs.100.</li> <li>(iv) Auction committee of Reserve Bank of India decides the cut – off price and results are announced on the same day.</li> <li>(v) Bids above the cut – off price receive full allotment; bids at cut – off price may receive full or partial allotment and bids below the cut – off price are rejected.</li> </ul>

<b>SECONDARY MARKET</b>	<p>In the secondary, the sale and purchase of Treasury bills after their original issuance in the primary market. The participants can also trade T – bills held from primary market in the secondary market established for the purpose.</p> <p>The major advantages of dealing in Treasury bill secondary market are: Market related yields, ideal matching for funds management particularly for short – term tenors of less than 15 days, Transparency in operations as the transactions would be put through Reserve Bank of India's SGL or Client's Gilt account only, two way quotes offered by primary dealers for purchase and sale of treasury bills and certainty in terms of availability, entry and exit.</p>

## UNIT 7: MUTUAL FUNDS

<b>INTRODUCTION</b>	<p>Mutual fund is a process of pooling resources from the investors and investing funds in securities. The process of pooling the resources together and issuing units to the investors and then investing funds in securities is known as the scheme of “<b>Mutual Funds</b>”.</p> <p>In other words, it works like a trust which pools the savings of investors and invests these in capital and money market instruments. Mutual funds offer good investment opportunities to the investors. Like all investments, they also carry certain risks.</p>
<b>ADVANTAGES OF MUTUAL FUNDS</b>	<ul style="list-style-type: none"> <li>• <b>Professional Management:</b> The funds of Asset Management Company (AMC) are managed by the experience and high caliber professionals who are backed by the dedicated research team. The research team analyses the performance &amp; prospectus of the Companies for purpose of investments of funds.</li> <li>• <b>Diversified Investment:</b> The AMC diversifies the total funds into different sectors or industry for reducing the risk. In short, diversification of funds reduces the risk of investment.</li> <li>• <b>Return Potential:</b> Mutual funds provide higher returns as they invest in a diversified basket of selected securities.</li> <li>• <b>Low Cost:</b> If we compare this form of investment with the other forms, the mutual funds are less expensive.</li> <li>• <b>Transparency:</b> It provides regular information to the investors about the value of their investment.</li> <li>• <b>Liquidity:</b> The open ended mutual funds are very liquid and it can be easily encashed by the investors.</li> <li>• <b>Tax Benefits:</b> Many mutual funds are tax exempt under section 80C of the Income Tax Act.</li> <li>• <b>Protection to the Interest of Investors:</b> Being regulated by the SEBI, mutual funds have to comply with the strict rules and regulations designed to protect the interest of the Investors.</li> </ul>
<b>RISKS INVOLVED IN MUTUAL FUNDS</b>  <b>(DEC 2007, DEC 2009)</b>	<p>Like all investments, Mutual Fund also carries certain risks. The risks involved in mutual fund are as follows;-</p> <ul style="list-style-type: none"> <li>(i) Excessive diversification of portfolio, <b>losing focus</b> on the securities of the key segments.</li> <li>(ii) <b>Too much concentration</b> on blue-chip securities which are high priced and which do not offer more than average return.</li> <li>(iii) Necessity to effect high turnover through liquidation of portfolio resulting in <b>large payments of brokerage and commission</b>.</li> <li>(iv) Poor planning of investment with minimum returns.</li> <li>(v) Unresearched forecast on income, profits and Government policies.</li> <li>(vi) Fund managers being <b>unaccountable</b> for poor results.</li> <li>(vii) Failure to identify clearly the risk of the scheme as distinct from risk of the market.</li> </ul>

BASIC CLASSIFICATION OF MUTUAL FUNDS (MF)	<p><b>OPEN – ENDED MUTUAL FUNDS:</b></p> <p>It is a mutual fund scheme where investors invest and redeem their investment throughout the year. It gives flexibility to an investor to purchase and redeem the units of mutual funds at any time at a fixed NAV during the life time of funds.</p> <p><b>Example:</b> Unit Trust of India’s US 64 Scheme and State Bank of India Mutual Funds’ <u>SBI Magnum Mutual Fund</u></p> <p>Key features of such scheme are liquidity and its free entry and exit from the fund. It is a never ending fund and can be used it as systematic investment platform. The listing of open ended mutual fund is not required and the corpus of this fund is flexible and always varies.</p> <p><b>CLOSE – ENDED MUTUAL FUNDS:</b></p> <p>It is a fund which opens for limited period for subscription. The investors can invest directly in the fund at the time of initial offer. After initial offer, an investor can buy units of this type of mutual funds from the market like equity shares of any company. The listing of Close – ended mutual funds is mandatory on the recognized stock exchanges (i. e. BSE &amp; NSE or others).</p> <p><b>Example:</b> ICICI Prudential Fusion Fund – Growth, Principal PNB Long Term Fund 3 – year Series II – Growth, Reliance Fixed Horizon Fund – V 3 Yrs Plan – Dividend</p> <p>In other words, a close – ended scheme has fixed corpus and stipulated maturity period ranging between 2 and 5 years.</p> <p><b>DIFFERENCE BETWEEN OPEN – ENDED &amp; CLOSE – ENDED MUTUAL FUNDS: (DEC 2016, JUNE 2012, DEC 2008)</b></p> <table><tr><th>Heading</th><th>Open – ended Mutual Funds</th><th>Close – ended Mutual Funds</th></tr><tr><td>Fixed Corpus</td><td>Variable corpus (total fund)</td><td>Fixed corpus (total fund)</td></tr><tr><td>Listing</td><td>Not required</td><td>Listing is mandatory</td></tr><tr><td>Liquidity</td><td>Always liquid</td><td>After expiry of the maturity period</td></tr><tr><td>NAV</td><td>Disclosed at the end of day.</td><td>Market Trading Price</td></tr><tr><td>Opening</td><td>Always open</td><td>Only for limited period</td></tr></table>	Heading	Open – ended Mutual Funds	Close – ended Mutual Funds	Fixed Corpus	Variable corpus (total fund)	Fixed corpus (total fund)	Listing	Not required	Listing is mandatory	Liquidity	Always liquid	After expiry of the maturity period	NAV	Disclosed at the end of day. MUTUAL FUND SCHEMES BASED ON INVESTMENT OBJECTIVE (December 2017)	<p><b>Income Oriented Mutual Fund:</b> These funds offer a fixed income to investors and it has lower risk as compared to growth funds. Under this scheme, the Asset Management Company invests funds income oriented schemes like Bonds, Debentures, Government Bonds &amp; securities and commercial papers.</p> <p>➤ <b>Features:</b></p> <p>(i) These schemes are generally have lesser risk as compared to Growth schemes.</p> <p>(ii) These schemes give fixed income.</p> <p><b>Growth oriented Mutual Fund:</b> These funds offer capital appreciation over a period. Under this scheme, the Asset Management Company invests funds in the equity shares which have significant growth potential. Despite good return under this mutual fund scheme, there is no assurance or guarantee of return. In other words, it is a scheme</p>																		

	<p>which has high risk and high return.</p> <p>➤ <b>Features:</b></p> <p>(i) High risk and High Return.  (ii) No Guarantee or assurance for return.  (iii) The objective of this fund to get High capital appreciation.</p> <p><b>Hybrid Mutual Funds/Balanced Mutual Funds:</b> These funds have features of income oriented funds and growth oriented funds.</p> <p><b>Example:</b> HDFC Prudence, an equity oriented hybrid fund under this scheme, the Asset Management Company invests the entries funds in types of securities:</p> <p>(i) Equity shares, and  (ii) Bonds &amp; Fixed income oriented instruments.</p> <p><b>High Growth Schemes:</b> These funds primarily invest in high risk and high return volatile securities in the market and induce the investors with a high degree of capital appreciation.</p> <p><b>Capital Protection Oriented Scheme:</b> It is a scheme which protects the capital invested in the mutual fund through suitable orientation of portfolio structure.</p>
<b>INVESTMENT STRATEGIES</b>	<ul style="list-style-type: none"> <li>• <b>Income /Debt Fund:</b> If a particular scheme has been made for the purpose to invest only in debt instruments like bonds &amp; deposits, it is known as Income/Debt Fund. These are considered as <u>conservative funds</u> since the investor wants the regular income and cannot wait for more than short to medium term.</li> <li>• <b>Equity Fund:</b> If a particular scheme has been made for the purpose to invest only in equity shares, it is known as Equity Fund. This fund is considered as an <u>aggressive fund in nature</u> and the investors should have the long – term horizon for investment.</li> <li>• <b>Balanced/Hybrid Funds:</b> It is a mix of equity and debt fund and it can be further divided into Equity Oriented Fund and Debt Oriented Fund. These are the types of <u>moderate funds</u> which seek growth and stability but only taking the moderate risk.</li> <li>• <b>Bottom – up Investing:</b> This strategy considers only the fundamental factors of a company before considering the economic prospects. In this strategy a bottom – up investor neglects the broad macroeconomics analysis and focuses on a specific stock based on its individual qualities.</li> <li>• <b>Top – down Investing:</b> This is an investment strategy. In this strategy, the investor begins with analysis of domestic and global economy and considers the factors like GDP, Interest Rate, inflation and exchange rate. Subsequently, the investor identifies the most promising companies in the economy. In short, it is an investment strategy which first takes a view on the economy and then looks at the industry scenario to assess the potential performance of a company.</li> </ul>
<b>OVERSEAS INVESTMENT BY MUTUAL FUNDS</b>	<p>Mutual Funds Companies are permitted to make investment in:</p> <p>(a) ADRs/GDRs issued by Indian or foreign companies.  (b) Equity shares of companies listed on overseas stock exchanges.  (c) Initial (IPO) and follow on public offerings (FPO) for listing at overseas stock exchanges.  (d) Foreign debt securities in the countries with fully convertible currencies.  (e) Money market instruments rated not below investment grade.  (f) Government securities where the countries are rated not below investment grade.  (g) Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities.</p>

	<p style="text-align: center;"><b>Case Study on Transaction in excess of permissible limits</b></p> <p style="text-align: center;"><b>SEBI v. Shriram Mutual Fund &amp; Others</b></p> <p><b>Facts:</b> A penalty of Rs.2 lakh was imposed by Adjudicating Officer (AO) on Shriram Mutual Fund (SME) as it has repeatedly exceeded the permissible limits of transactions through its associate broker.</p> <p>On an appeal by SME, SAT vide its final judgment and ordered to set aside AO's order inter – alia on the ground that the limit was not exceeded intentionally. SEBI filed an appeal under Section 15Z of the SEBI Act in the Hon'ble Supreme Court.</p> <p><b>Judgment of the Hon'ble Supreme Court:</b> The Supreme Court set aside the judgment of SAT on the following grounds:-</p> <p>(a) <b>Mensrea</b> is not an essential ingredient for contravention of the provisions of a Civil Act.</p> <p>(b) Penalty is attracted as soon as contravention of the statutory obligation has been made, and therefore the intention of the parties committing such violation becomes immaterial.</p> <p>(c) Unless the language of the statute indicates the need to establish the element of <b>Mensrea</b>, it is generally sufficient to prove that a default in complying with the statute has occurred.</p> <p>(d) Once the contravention is established, the penalty has to follow and only the quantum of penalty is discretionary.</p>
<b>Calculation of NAV</b>	<p>Mutual funds raise money by selling their shares to public and redeeming them at current net asset value. Net asset value is the value of the assets of each unit of the scheme. Thus if the NAV is more than the face value of, there is an appreciation for the investment. If the NAV is less than the face value, it indicates depreciation of the investment.</p> <p>Every mutual fund shall compute the NAV of each scheme by dividing the net asset of the scheme by the number of units of that scheme outstanding on the date of valuation and public the same at least in two daily newspapers at intervals not exceeding one week. However, the net asset value of any scheme for special target segment or any monthly scheme which are not mandatorily required to be listed in the stock exchange may publish the NAV at monthly or quarterly intervals as permitted by SEBI.</p> $\text{Net Asset Value} = \frac{\text{Market Value} + \text{Current Assets} - \text{Current Liabilities}}{\text{No. of units Outstanding}}$
<b>MUTUAL FUNDS COSTS</b>	<p>The mutual funds costs are of two types:-</p> <ul style="list-style-type: none"> <li>• <b>Opening Expenses:</b> It includes advisory fees, custodial fees, audit fees, Transfer agent fees, Trustees fees, Agent commission.</li> <li>• <b>Sales Charges:</b> It includes commissions to the agents and expenses for distribution and marketing.</li> </ul>
<b>ROLL OVER OF A SCHEME</b>	<p>A mutual fund company can roll over a close ended scheme on or before the redemption of the scheme after giving an option to investors to redeem their units at NAV based price. The roll over scheme may include a fresh extension of period or continue under the same terms of the original scheme with or without modifications.</p>
<b>SWITCH OVER ONE SCHEME TO</b>	<p>A mutual fund company may use its discretion to permit switching over of the investment in units from one to another of its schemes, to help the investor shift, from</p>

<b>ANOTHER</b>	a high risk scheme to a low risk one or vice – versa.
<b>ANNUALIZED RETURNS</b>	Investors buy and sell mutual fund shares/units during a short period and make profits. Percentage of profits in such short periods cannot be a reliable measure. The proper method is to calculate returns on an annualized basis at the compounded average rate over a year.
<b>ASSET MANAGEMENT COMPANY</b>	<p>Asset Management Company (AMC) manages the funds by investing in various securities as per the offer document. It acts as the investment manager under the supervision and directions of the trustee. ## UNIT 9: COLLECTIVE INVESTMENT SCHEMES

<b>BACKGROUND</b>	<p>A collective investment scheme is a trust based scheme that comprises a pool of assets that is managed by a collective investment scheme manager and is governed by the Collective Investment Schemes Regulations given by SEBI.</p> <p>The sums of money that are exchanged on the Stock Exchange and in the money markets make them too pricy for most people. With a CIS, the money or funds form a group of investors are pooled or collected together to form a CIS portfolio.</p>
<b>COLLECTIVE INVESTMENTS SCHEME</b>  <b>(JUNE 2007, JUNE 2011)</b>	<p>Any scheme or arrangement made or offered by any company under which the contributions, or payments made by the investors, are pooled and utilized with a view to receive profits, income, produce or property, and is managed on behalf of the investors is a CIS. Investors do not have day to day control over the management and operation of such scheme or arrangement.</p> <p>Section 11AA of the SEBI Act, 1992 defines it as any Scheme or Arrangement made or offered by any Company under which:</p> <ul style="list-style-type: none"> <li>(a) The contributions, or payments made by the investors, by whatever name called, are pooled and utilized solely for the purposes of the scheme or arrangement;</li> <li>(b) The contributions or payments are made to such scheme or arrangement by the investors with a view to receive profits, income, produce or property, whether movable or immovable from such scheme or arrangement;</li> <li>(c) The property, contribution or investment forming part of scheme or arrangement, whether identifiable or not, is managed on behalf of the investors; and</li> <li>(d) The investors do not have day to day control over the management and operation of the scheme or arrangement.</li> </ul> <p>On the backdrop or Sahara/Sharada scams, in 2013, SEBI modified the definition of Collective Investment Scheme and include any scheme/arrangement floated by any person (instead of a company as was defined earlier) and any such scheme with corpus of more than Rs.100 Crore shall also be deemed to be a CIS by SEBI.</p> <p>The Securities Laws (Amendment) Act, 2014 defines it “Any pooling of funds under any scheme or arrangement, which is not registered with SEBI, involving a corpus amount of Rs.100 crore or more shall be deemed to be a collective investment scheme”.</p> <p>In short, A Collective Investment Scheme (CIS), as its name suggests, is an investment scheme wherein several individuals come together to pool their money for investing in a particular asset(s) and for sharing the returns arising from that investment as per the agreement reached between them prior to pooling in the money.</p> <p><b>The CIS, however, does not include any Scheme or Arrangement:</b></p> <ul style="list-style-type: none"> <li>(i) Made or offered by a co – operative society,</li> <li>(ii) Under which deposits are accepted by non – banking financial companies,</li> <li>(iii) Being a contract of insurance,</li> <li>(iv) Providing for any Scheme, Pension Scheme or the Insurance Scheme framed under the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952,</li> <li>(v) Under which deposits are accepted under section 74 of the Companies Act, 2013,</li> <li>(vi) Under which deposits are accepted by a company declared as Nidhi or a mutual benefit society under section 406 of the Companies Act, 2013,</li> <li>(vii) Falling within the meaning of Chit business as defined in clause (d) of section 2 of Chit Fund Act, 1982, and</li> <li>(viii) Under which contributions made are in the nature of subscription to a mutual fund.</li> </ul> <p><b>JUNE 2015:</b> Collective investment scheme (CIS) provides a relatively secure means of investing on the stock exchange and other financial instruments.</p>

<b>SEBI REGULATIONS, 1999</b>	<p><b>(CIS)</b></p> <p><b>CONDITIONS FOR ELIGIBILITY: (JUNE 2016)</b></p> <ul style="list-style-type: none"> <li>(i) The applicant is set up and registered as a <b>Company</b> under Companies Act, 2013</li> <li>(ii) The applicant has specified the managing of collective investment scheme as one of its <b>main objects</b> in its MOA;</li> <li>(iii) The Applicant has a <b>Net worth of not less than 5 Crores</b>. ### DEPOSITORY RECEIPTS

Depository Receipts (DRs) are negotiable securities and outside India by a Depository bank, on behalf of an Indian company, which represent the local Rupee denominated equity shares of the company held as deposit by a Custodian bank in India.

#### **GLOBAL DEPOSITORY RECEIPTS:** (June 2018)

(Section 2(44) of the Companies Act, 2013)

Global Depository Receipt means any instrument in the form of a depository receipt, by whatever name called, created by a foreign depository outside India and authorized by a company making an issue of such depository receipts.

A company issued Global Depository Receipts (GDRs) in accordance with the provisions of Companies (Issue of Global Depository Receipts) Rules, 2014. It is a form of depository receipt or certificate created by the Overseas Depository Bank outside India denominated in dollar and issued to non – resident investors against the issue of ordinary shares or foreign currency convertible bonds of issuing company.

In short, it is basically a negotiable instrument denominated in US dollars or Euro. It is traded in Europe or the US or both. In fact, GDR holders enjoy all economic benefits of the underlying shares but have none of the corporate rights like right to vote.

**AMERICAN DEPOSITORY RECEIPT (ADR):** An American Depository Receipt is a dollar denominated form of equity ownership in a non – US company. It represents the foreign shares of the company held on deposit by a custodian bank in the company's home country and carries the corporate and economic rights of the foreign shares. Listing of ADR may only take place in the US stock markets like NYSE & NASDAQ etc. The company which issued ADR, shall comply with the requirements of Securities and Exchange Commission (SEC).

#### **Difference between ADR and GDR (Important)**

American Depository Receipts	Global Depository Receipts

<ul style="list-style-type: none"><li>• After listing, the issuer company shall comply with the requirements of SEC only.</li></ul>	<ul style="list-style-type: none"><li>• After listing of GDR, the issuer company may comply with SEC requirements as well as EU</li></ul>

**Step – 1:** The Indian Issuer Company issues rupee denominated Equity Shares to Domestic Custodian.

**Step – 2:** Domestic Custodian Retains rupee denominated shares and instructs overseas Depository to issue Depository Receipts.

**Step – 3:** Based on instructions of Domestic Custodian, Overseas Depository issues Depository Receipts to foreign investors.

**Step – 4:** Foreign Investors receive their depository receipts.

**Step – 5:** The issuer Indian company shall ensure listing of depository receipts in the foreign stock exchanges like NYSE & NASDAQ.

#### **PROVISIONS FOR ISSUE OF GDR/ADR UNDER THE COMPANIES ACT, 2013**

Section 41 of the Companies Act, 2013 says “A company may, after passing a special resolution in its general meeting, issue depository receipts in any foreign country in such manner, and subject to such conditions, as may be prescribed”.

#### **THE COMPANIES (ISSUE OF GLOBAL DEPOSITORY RECEIPTS) RULES, 2014**

**ELIGIBILITY:** Any company may issue depository receipts provided such company is eligible as per these rules and relevant provisions of the Foreign Exchange Management Rules and Regulations.

**CONDITIONS:** The following conditions to be fulfilled by a company for issue of depository receipts:-

(a) **Approval from Board of Directors:** The Board of Directors of the company intending to issue depository receipts shall pass a resolution authorizing the company to do so.

(b) **Approval from shareholders:** The Company shall take prior approval of its shareholders by passing a special resolution to be passed at a general meeting.

(c) **Appointment of Overseas Depository:** The depository receipts shall be issued by an overseas depository bank appointed by the company and the underlying shares shall be kept in the custody of a domestic custodian bank.

(d) **Compliances of FEMA:** The Company shall ensure that all the applicable provisions of the Scheme and the rules or regulations or guidelines issued by the Reserve Bank of India are complied with before and after the issue of depository receipts.

(e) **Appointment of professionals or merchant banker:** The Company shall appoint a merchant banker or a practicing company secretary or a practicing chartered accountant or a practicing cost accountant to oversee all the compliances relating to

issue of depository receipts.

Such compliance report shall be placed at the meeting of the Board of Directors or its committee in this regard immediately after closure of all formalities of the issue of depository receipts.

#### **METHOD OF ISSUE OF DEPOSITORY RECEIPTS**

(a) The depository receipts can be issued by way of **public offering** or **private placement** or in any other manner prevalent abroad and may be listed or traded in an overseas listing or trading platform.

(b) The depository receipts may be issued against issue of new shares or may be sponsored against shares held by shareholders of the company in accordance with such conditions as the Central Government or Reserve Bank of India may prescribe or specify from time to time.

(c) The underlying shares shall be allotted in the name of the overseas depository bank and against such shares, the depository receipts shall be issued by the overseas depository bank abroad.

#### **VOTING RIGHTS**

(a) A holder of depository receipts **may** become a member of the company and shall be entitled to vote only **on the conversion** of the depository receipts into shares.

(b) Until the conversion of depository receipts, the overseas depository shall be entitled to vote on behalf of the holders of depository receipts **as per the terms of the agreement entered into between the depository and holders of depository receipts and the company.**

#### **PROCEEDS OF ISSUE:**

The proceeds of issues of depository receipts shall either be remitted to a bank account in India or deposited in an Indian bank operating abroad or any foreign bank having operations in India. In short, the **proceeds of the sale** depository receipts shall be credited to the respective bank account of the shareholders.

#### **NON – APPLICABILITY:**

The provisions under the Companies Act, 2013 relating to public issue of shares or debentures shall not apply to issue of depository receipts abroad. Further, the offer document issued in respect of depository receipts, shall not be treated as a prospectus within the meaning of the Companies Act, 2013. It means the provisions applicable to a prospectus shall not apply to a depository receipts offer document.

**Note:** Until the redemption of depository receipts, the name of the overseas depository bank shall be entered in the Register of Members of the company.

#### **EURO ISSUE PROCESS/FRAMEWORK OF ADR/GDR (June 2018)**

Listed Company: A listed company can issue ADR/GDR to the person resident outside India under the FDI scheme.

Unlisted Company: An unlisted company can raise capital (Fund) from abroad (**vide RBI Notification vide A. P. (DIR Series) Circular No. 69, dated 8<sup>th</sup> November, 2013**) without the requirement of prior or subsequent listing in India, initially for a period of two years, subject to the following conditions:-

(a) Unlisted Indian companies shall list abroad only on exchanges in IOSCO/FATF compliant jurisdiction or those jurisdiction with which SEBI has signed bilateral agreements,

- (b) The ADRs/GDRs shall be issued subject to Sectoral cap;
- (c) The number of underlying equity shares offered for issuance of ADRs/GDRs to be kept with the local custodian and ratio of ADRs/GDRs to equity shares shall be decided upfront based on applicable FDI pricing norms of equity shares of unlisted company;
- (d) The unlisted Indian company shall comply with the instructions on downstream investment as notified by RBI;
- (e) The criteria of eligibility of unlisted company raising funds through ADRs/GDRs shall be as prescribed by Government of India;
- (f) The capital raised abroad may be utilized for retiring outstanding overseas debt or for bona fide operations abroad including for acquisitions;
- (g) In case the funds raised are not utilized abroad as stipulated above, the company shall repatriate the funds to India within 15 days and such money shall be parked only with AD and shall be used for eligible purposes.

**Note:** There is no end use restriction on the proceeds of ADR/GDR but such funds cannot be used in the real estate or the stock market.

**A company which plans for issue of ADR/GDR shall take the following approvals:**

**Approval of Board of Directors:** The Board of Directors shall approve the proposal to raise money from the International Market in the form of ADR/GDR/FCCBs.

In this regard, a board resolution is to be passed to approve the raising of finance by issue of GDRs/FCCBs indicating specific purposes for which funds are required, quantum of the issue, country in which issue is to be launched, time of the issue etc.

**Approval of Shareholders:** Thereafter, a special resolution under Section 41 of the Companies Act, 2013 is required to be passed at a general meeting of the shareholders.

**Approval of Ministry of Finance** – **“In Principle and Final”:** In case of FCCB issue exceeding US \$ 100 million, the company needs to apply to Ministry of Finance for approval.

With respect to ADR/GDR, guidelines issued on the subject dated 19 – 1- 2000 bought ADR/GDR under the automatic route and therefore the requirement of obtaining approval of Ministry of Finance, Department of Economic Affairs has been dispensed with.

Further, private placement of ADR/GDR will also not require prior approval provided the issue is managed by investment banker.

**Approval of Ministry of Company Affairs:** The issuer company requires approval from Ministry of Company Affairs where the convertible bonds are being issued, which after such conversion is likely to increase the subscribed capital of the company.

**Approval of Reserve Bank of India:** The issuer company has to obtain approvals from Reserve Bank of India under circumstances specified under the guidelines issued by the concerned authorities. FCCB covered under the automatic route requires no RBI approval. FCCB issue which exceeds USD 50 million but does not exceed 100 million need to apply to RBI.

**In – principle listing approval from domestic Stock Exchanges:** The issuing company has to obtain in – principle listing approval from the domestic stock exchanges (like BSE & NSE) for listing of underlying shares which shall be lying in the custody of domestic custodian. These shares, when released by the custodian after cancellation of GDR, are traded on Indian stock exchanges like any other equity shares.

**Consent of Financial Institutions:** In case a company has term loan from any financial institutions or Bank, such company should take consent from the Bank/financial institution before raising funds from the International Market.

### **DOCUMENTATION FOR ADR/GDR**

**Subscription Agreement:** Subscription agreement provides that Lead Managers and other managers agree, severally and not jointly, with the company, subject to the satisfaction of certain conditions, to subscribe for GDRs at the offering price set forth. It may provide that obligations of managers are subject to certain conditions precedent.

**Depository Agreement:** Depository agreement lays down the detailed arrangements entered into by the company with the Depository, the forms and terms of the depository receipts which are represented by the deposited shares.

It also sets forth the rights and duties of the depository in respect of the deposited shares and all other securities, cash and other property received subsequently in respect of such deposited shares.

**Custodian Agreement:** Custodian works in co – ordination with the depository and has to observe all obligations imposed on it including those mentioned in the depository agreement. The custodian is responsible solely to the depository.

In the case of the depository and the custodian being same legal entity, references to them separately in depository agreement or otherwise may be made for convenience and the legal entity will be responsible for discharging both functions directly to the holders & the company.

**INTERMEDIARIES FOR EURO ISSUES:** The following agencies are normally involved in the Euro issue:

**Lead Manager:** As like public issues, the issuer company is to appoint an international lead manager. The lead manager plans the detailed strategy based on the global demand levels and patterns and structure the offering accordingly. Based on his assessment of global demands level, the lead manager will prepare a Red – Herring Prospectus. He will also coordinate with the syndicate member for completion of all formalities for issue of ADR/GDR.

**Co – Lead/Co – Manager:** In consultation with the lead manager, the company has to appoint co – lead/co – manager to coordinate with the issuing company to make the smooth launching of the Euro issue.

**Overseas Depository Bank:** It is the bank which is authorized by the issuing company to issue Depository Receipts against issue of ordinary shares or Foreign Currency Convertible Bonds of issuing company.

**Domestic Custodian Bank:** This is a banking company which acts as custodian for the ordinary shares or Foreign Currency Convertible Bonds of an Indian company, which are issued by it. The domestic custodian bank functions in co – ordination with the depository bank. When the shares are issued by a company the same are registered in the name of depository and physical possession is handed over to the custodian. The beneficial interest in respect of such shares, however, rests with the investors.

**Listing Agent:** The appointment of listing agent is necessary to coordinate with issuing company for listing the securities on Overseas Stock Exchanges.

**Legal Advisors:** The issuing company should appoint legal advisors to guide the company and the lead manager to prepare offer document, depository agreement, indemnity agreement and subscription agreement.

**Printers:** The issuing company should appoint printers of international repute for printing Officer Circular.

**Auditors:** The role of issuer company's auditors is to prepare the auditor's report for inclusion in the offer document, provide requisite comfort letters and reconciliation of the issuer company's accounts.

**Underwriters:** It is desirable to get the Euro issue underwritten by banks and syndicates. Usually, the underwriters subscribe for a portion of the issue with arrangements for tie – up for the balance with their clients. In addition, they will interact with the influential investors and assist the lead manager to complete the issue successfully.

#### **MISCELLANEOUS IMPORTANT PROVISIONS OF ADR/GDR**

**Sponsored ADR/GDR Issue:** An Indian company can also sponsor an issue of ADR/GDR. Under this method, the company offers its resident shareholders a choice to submit their shares back to the company so that on the basis of such shares, ADRs/GDRs can be issued abroad. The proceeds of the ADR/GDR issue are remitted back to India and distributed among the resident investors who had offered their Rupee denominated shares for conversion. These proceeds can be kept in Resident Foreign Currency (Domestic) accounts in India by the resident shareholders who have tendered such shares for conversion into ADRs/GDRs.

**FUNGIBILITY SCHEME: (Dec 2008, June 2016)** Fungibility means Exchangeability. Under Fungibility Scheme, a registered stock broker can purchase shares of an Indian company from the domestic stock market for purpose of converting into ADRs/GDRs based on instructions received from overseas investors. As per the applicable guidelines, an Indian company can allow two types of fungibility of its shares into ADR/GDR.

**One Way Fungibility:** Under this scheme, an investor could cancel their depository receipt and recover the proceeds by selling the underlying shares in the Indian market whereas in this scheme, Depository Receipts once redeemed could not be converted into shares. In other words, this is one way traffic like a holder of Depository Receipts (DR) can convert their DR into shares but conversion of such shares into DR is not possible.

**Two Way Fungibility:** Under this scheme, a holder of DR could convert its DR into shares and such shares can also be reconverted into DRs. In other words, the shares so released can be reconverted by the company into DRs for purchase by the overseas investors.

**ROADSHOWS:** Roadshow means promotion of ADR/GDR issue before the potential investors. In other words, it is a presentation by an issuer of securities before the potential investors and analysis. The road show is intended to create awareness, excitement and interest in the proposed public issue. In the roadshow, the issuer company covers the following details about itself:-

- (a) History
- (b) Organizational structure
- (c) Principal objects

It is, in fact, a conference by the issuer with the prospective investors. Road show is arranged by the lead manager by sending invitation to all prospective investors.</p>
<b>FOREIGN CONVERTIBLE CURRENCY BONDS (FCCBS)</b> <b>(December 2017)</b>	<p>A Foreign Currency Convertible Bond (FCCB) is a <b>quasi-debt</b> instrument which is issued by any <u>corporate entity</u>, <u>international agency</u> or <u>sovereign state</u> to the investors all over the world. They are denominated in any freely convertible foreign currency. Euro Convertible Bonds are usually issued as unsecured obligation of the borrowers.</p> <p>At the time of issue, FCCB is like a debt and after maturity; it becomes an equity share or depository receipt.</p> <p>In short, FCCB represents equity linked debt security which can be converted into shares or into depository receipts on its maturity. The investors of FCCBs have the option to convert it into equity in accordance with pre – determined formula at the time of issue of FCCB. FCCBs are bonds issued by an Indian company to raise money in a foreign currency. It is like a loan to the Company and it has fixed rate of interest. The Buyers of FCCBs have the option of redeeming their investment or converting the bonds into equity at maturity. At maturity of FCCB, the payment of principal amount is usually in the currency in which the money is raised.</p> <p><b><u>Benefits to the Issuer Company</u></b></p> <p>(i) It gives issuer companies to accessibility in foreign markets.</p> <p>(ii) FCCB acts like both a debt and equity instrument. Like bonds it gives regular interest and principal payments, but these bonds also give the bondholder the option to convert the bond into equity.</p> <p>(iii) It is a low cost debt as the interest rates given to FCCBs are normally 30 – 50 percent lower than the market rate because of its equity component.</p> <p>(iv) Conversion of bonds into stocks takes place at premium price to market price. Conversion price is fixed when the bond is issued. So, lower dilution of the company stocks.</p> <p>(v) It saves risks of immediate equity dilution as in the case of public shares. Unlike debt, FCCB does not require any rating nor any covenant like securities, cover etc.</p> <p>(vi) It can be raised within a month while pure debt takes a longer period to raise. Because the coupon is low and usually payable at the time of redeeming the instrument, the cost of withholding tax is also lower for FCCBs compared with other ECB instruments.</p> <p><b><u>Benefits to Investors</u></b></p> <p>(i) It has advantage of both equity and debt.</p> <p>(ii) It gives the investor much of the upside of investment in equity, and the debt portion protects the downside.</p> <p>(iii) Assured return on bond in the form of fixed coupon rate payments.</p> <p>(iv) Ability, to take advantage of price appreciation in the stock by means of warrants</p>

	<p>attached to the bonds, which are activated when price of a stock reaches a certain point.</p> <p>(v) Significant Yield to Maturity (YTM) is guaranteed at maturity.</p> <p>(vi) Lower tax liability as compared to pure debt instruments due to lower coupon rate.</p> <p><b>Eligibility:</b> An issuing company raising funds by issuing Foreign Currency Convertible Bonds or ordinary shares for equity issues through Global Depository Receipts is required to obtain prior permission of the Department of Economic Affairs, Ministry of Finance, Govt. of India.</p> <p><b>DEC 2016:</b> What do you mean by foreign currency convertible bonds (FCCBs)? State the benefits of FCCBs to investors and the issuer.</p>
<p><b>FOREIGN CURRENCY EXCHANGEABLE BONDS (FCEBS)</b></p>	<p>Foreign Currency Exchangeable Bond (FCEB) means a bond expressed in foreign currency, the principal and interest in respect of which is payable in foreign currency, issued by an Issuing Company and subscribed to by a person who is a resident outside India, in foreign currency and exchangeable into equity share of another company, to be called the Offered Company, in any manner, either wholly, or partly or on the basis of any equity related warrants attached to debt instruments. The FCEB may be denominated in any freely convertible foreign currency. FCEB is regulated by Foreign Currency Exchangeable Bond Scheme, 2008 issued by Ministry of Finance, Department of Economic Affairs.</p> <p><b>Features of FCEB</b> Issued by an issuing company, being an Indian company:</p> <ul style="list-style-type: none"> <li>(a) It is a bond expressed in foreign currency.</li> <li>(b) The principal and the interest thereon is payable in foreign currency.</li> <li>(c) This instrument can only be subscribed by a person resident outside India.</li> <li>(d) It is exchangeable into equity shares of another group company, being offered company which is an Indian company.</li> <li>(e) This instrument can either wholly or partly on the basis of any equity related warrants be attached to debt instruments.</li> </ul> <p><b>Note:</b> Issuing Company to be the part of promoter group of offered company and the offered company is to be listed and is to be eligible to receive foreign investment.</p> <p>Under this option, an issuer company may issue FCEBs in foreign currency, and these FCEBs are convertible into shares of another company (offered company) that forms part of the same promoter group as the issuer company.</p> <p><b>Eligibility Conditions for Issuing FCEBs</b> The Issuing Company shall be part of the promoter group of the Offered Company and shall hold the equity share/s being offered at the time of issuance of Foreign Currency Exchangeable Bond.</p> <ul style="list-style-type: none"> <li>(i) The Offered Company shall be a listed company which is engaged in a sector eligible to receive Foreign Direct Investment and eligible to issue or avail of Foreign Currency Convertible Bond or External Commercial Borrowings.</li> <li>(ii) An Indian Company, which is not eligible to raise funds from the Indian securities market, including a company which has been restrained from accessing the securities market by the SEBI shall not be eligible to issue Foreign Currency Exchangeable Bond.</li> <li>(iii) The subscriber to the Foreign Currency Exchangeable Bond shall comply with the Foreign Direct Investment policy and adhere to the sectoral caps at the time of issuance of Foreign Currency Exchangeable Bond.</li> </ul>

Prior approval of Foreign Investment Promotion Board, wherever required under the Foreign Direct Investment policy, should be obtained. Entities prohibited to buy, sell or deal in securities by SEBI will not be eligible to subscribe to Foreign Currency Exchangeable Bond.

**Difference between FCCB and FCEB**

<b>Foreign Currency Convertible Bonds</b>	<b>Foreign Currency Exchangeable Bonds</b>
FCCBs are issued by a company to non – residents giving them an option to convert them into shares of the same company at a predetermined price.	FCEBs are issued by the investment or holding company of a group to non – residents which are exchangeable for the shares of the specified group company at a predetermined price.
FCCBs involve one company.	FCEBs involve at least two group companies and the operating company must be listed.

## UNIT 18: DEPOSITORIES

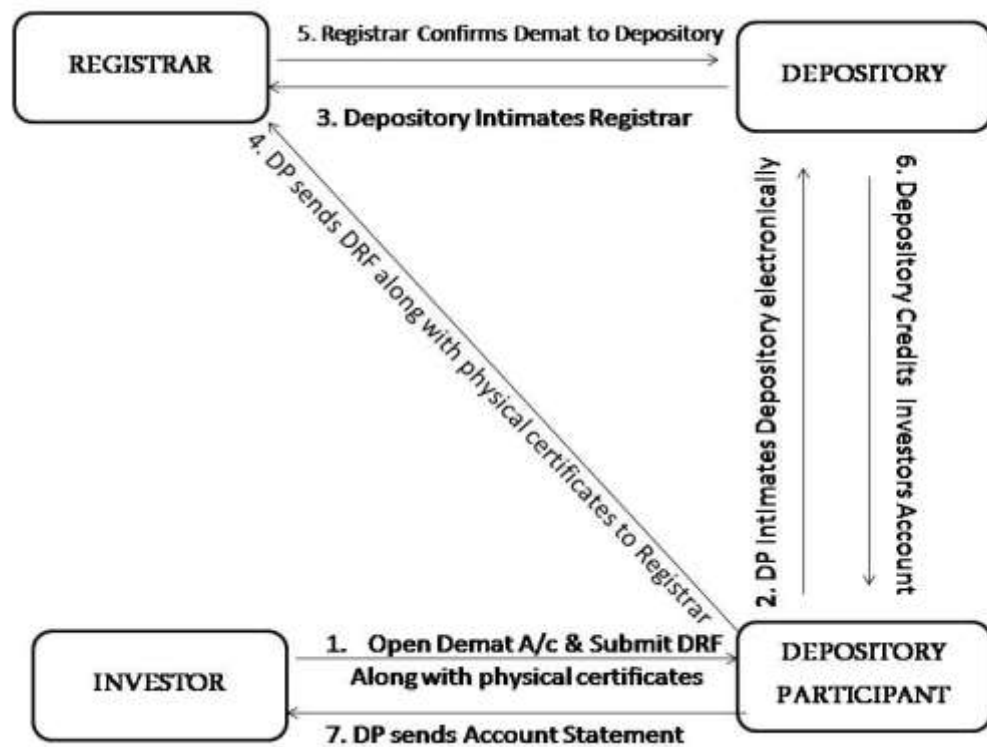

<b>INTRODUCTION</b>	<p>In order to provide a safe and efficient system of trading and settlement problems and in order to provide the regulatory framework for the depositories, the Depositories Act, 1996 was enacted.</p> <p>There are two depositories functioning in India i. e. National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL). A depository is like a Central Bank where the securities of a shareholder are held in the electronic form at the request of the shareholders.</p> <p><i>As per Depositories Act, 1996, “<b>Depository</b> means a company formed and registered under the Companies Act, 2013 and which has been granted a certificate of registration under Section 12(1A) of the Securities and Exchange Board of India Act, 1992”.</i></p> <p>It is an organization which is responsible to maintain investor’s securities in the electronic form is called the depository. In India, there are two such organizations viz. NSDL and CDSL. The depository concept is similar to the Banking system with the exception that banks handle funds whereas a depository handles securities of the investors. An investor wishing to utilize the services offered by a depository has to open an account with the depository through a Depository Participant. In short, a depository can be treated as a “Bank” for securities.</p>

<b>DEPOSITORY SYSTEM VS. BANKING (DEC 2010, DEC 2014)</b>	It is like the banking system. A depository holds securities in accounts for its clients and transfers securities from one account to another. Earlier, the investors were using the share certificate which has many risks like risk of losing share certificate and risk of bad deliveries. In depository system, above risks have been phased out and it is as safe like your bank account.											
<b>BENEFITS OF DEPOSITORY SYSTEM (JUNE 2009, DEC 2009, DEC 2008)</b>	<ul style="list-style-type: none"><li>(a) Elimination of <b>bad deliveries</b>.</li><li>(b) Elimination of <b>all risks</b> associated with the physical certificates.</li><li>(c) It facilitates the <b>immediate transfer</b> and registration of the securities.</li><li>(d) It facilitates <b>faster disbursement</b> of non – cash corporate benefits like rights, bonus, etc.</li><li>(e) It <b>reduces the brokerage</b> for trading in dematerialized securities.</li><li>(f) Elimination of <b>paper work</b> and recording of transactions like transfer of shares.</li><li>(g) Elimination of problems related to <b>change</b> of the address of investor, transmission, etc.</li><li>(h) Elimination of problems related to selling securities on behalf of <b>minor</b>.</li></ul>											
<b>MODELS OF DEPOSITORY (JUNE 2018, JUNE 2015, DEC 2011, DEC 2007, DEC 2015)</b>	<p><b>Dematerialization:</b> It is a process of conversion of physical share certificate into electronic form. So, when a shareholder uses the dematerialization facility, a company takes back the shares, through depository system and equal number of shares is credited in his De – mat account in electronic form.</p> <p>The investors can dematerialize only those shares certificate that are already registered in their name and belong to the list of securities admitted for dematerialized at the depositories. This method is cost effective and simple and has been adopted in India.</p> <p>An Investor will have to first open an account with a Depository Participant and then</p>											

request for Dematerialization of his share certificate through the Depository Participant so that the dematerialized holdings can be credited into that account. This is very similar to opening a bank account.

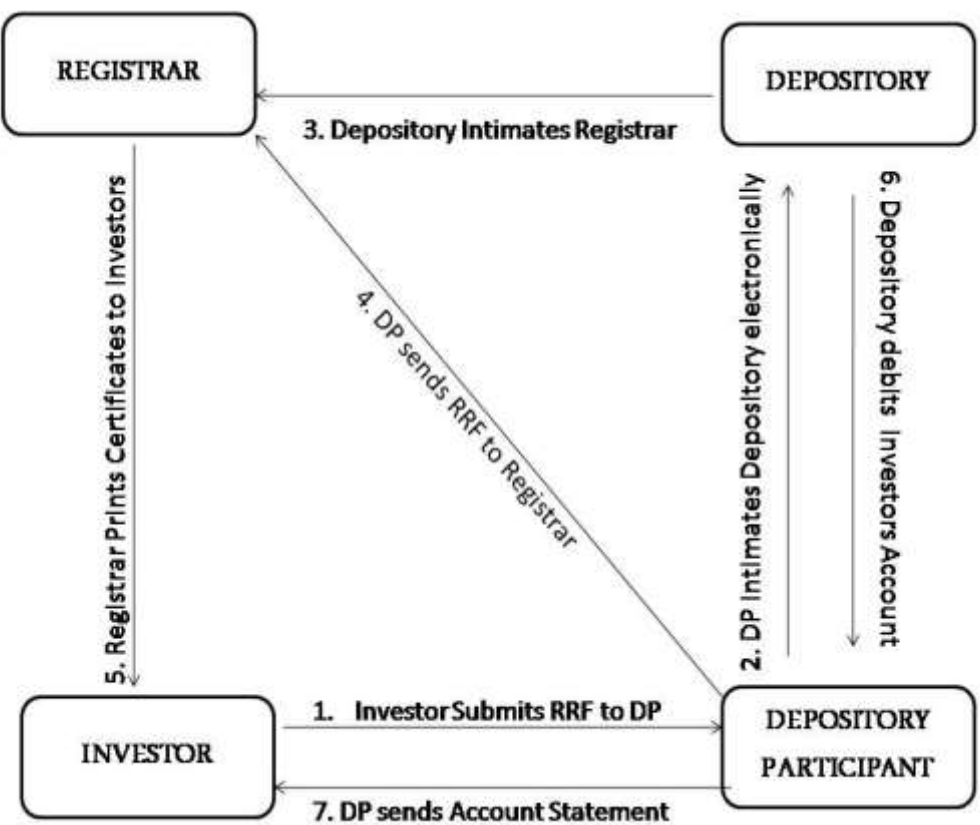

Dematerialization of shares is optional and an investor can still hold shares in physical form. However, he/ she has to Demat the shares if he/she wishes to sell the same through stock exchanges. Similarly, if an Investor purchases shares from stock exchange, he/she will get the delivery of shares in Demat form.

**Immobilization:** Where physical share certificates are kept in vaults with the depository for safe custody. All subsequent transactions in these securities take place in book entry form. The actual owner has the right to withdraw his physical securities as and when desired. The immobilization of fresh issue may be achieved by issuing a jumbo certificate representing the entire issue in the name of depository, as nominee of the beneficial owners.

<b>LEGAL FRAMEWORK</b>	<p>The Depository business in India is regulated by:</p> <ul style="list-style-type: none"> <li>(i) The Depositories Act, 1996</li> <li>(ii) SEBI (Depositories and Participants) Regulations, 1996</li> <li>(iii) By Laws of Depositories</li> <li>(iv) Business Rules of Depository</li> </ul> <p>Apart from the above, Depositories are also governed by certain provisions of:</p> <ul style="list-style-type: none"> <li>(i) Companies Act, 2013</li> <li>(ii) Income Tax Act, 1961</li> <li>(iii) SEBI Act, 1992</li> <li>(iv) Securities Contract Regulations Act, 1956</li> </ul>
<b>THE DEPOSITORIES ACT, 1996</b>	<p><b><u>Objectives:</u></b></p> <ul style="list-style-type: none"> <li>(a) It acts as a legal basis for establishment of depositories;</li> <li>(b) Dematerialization of securities in the depositories mode becomes possible;</li> <li>(c) Making the securities fungible;</li> <li>(d) Making the shares, debentures and any interest thereon of a public limited company freely transferable;</li> <li>(e) Exempting all transfers of shares from the stamp duty.</li> </ul> <p><b><u>Eligibility for depository system:</u></b> Any company or institution must:</p> <ul style="list-style-type: none"> <li>(a) Be formed and registered as a company under the Act;</li> <li>(b) Be registered with SEBI as a depository;</li> <li>(c) Have framed bye – laws with the previous approval of SEBI;</li> <li>(d) Have one or more participants;</li> <li>(e) Have adequate systems and safeguards to prevent manipulation of the records;</li> <li>(f) Comply with the Depositories Act, 1996 &amp; SEBI (Depositories &amp; Participants) Regulations, 1996;</li> <li>(g) Meet all the eligibility criteria.</li> </ul> <p><b><u>Eligible securities required to be in Depository mode:</u></b> The Act gives the option to the investors to receive securities in physical form or in depository mode. It is not necessary that all eligible securities must be in the depository mode. In the scheme of the depository's legislation, the investor has been given supremacy. The investor has the choice of holding physical securities or opt for a depository based ownership record.</p> <p>However, in case of fresh issue of securities, all securities have to be in dematerialized form. However, after that investor will also have the freedom to switch from depository mode to non-depository mode and vice versa. The decision would be entirely with the investor.</p> <p><b><u>Fungibility:</u></b> Fungibility means interchangeable or exchangeability. All securities held in depository shall be fungible i. e. all certificates of the same security shall become interchangeable in the sense that investor loses the right to obtain the exact certificate he surrenders at the time of entry into depository. It is like withdrawing money from the bank without bothering about the distinctive numbers of the currencies.</p> <p>In short, if a security or commodity is fungible if it is perfectly interchangeable with any other of the same type and class securities or commodities. Most financial securities are fungible a share in a particular company is exactly the same as another share in the same company. Fungibility is the property of a good or a commodity whose individual units are capable of mutual substitution.</p> <p><b><u>Rights of Depositor and the Beneficial Owner:</u></b> The depository becomes the registered owner for the purpose of transferring ownership of securities on behalf of the beneficial owner. The beneficial owner possesses all the rights and benefits and is subjected to all the liabilities in respect of securities held by a depository.</p>

**Register of Beneficial Owner:** Every depository is required to maintain a register and an index of beneficial owners in the manner provided in the companies act.

**Pledge or Hypothecation of Securities held in a Depository:** A beneficial owner may with the previous approval of depository create a Pledge or Hypothecation in respect of security owned by him through a depository. Every beneficial owner should give intimation of such pledge or hypothecation to the DP and such depository is required to make entries in its records accordingly. Any entry in the records of a depository should be evidence of a Pledge or Hypothecation.

**Option to opt out in respect of any security:** If a beneficial owner seeks to opt out of a depository in respect of any security he should inform the depository accordingly. Every issuer may, within 30 days of the receipt of intimation from the depository and on fulfillment of such conditions and on payment of such fees, issue the certificate of securities to the beneficial owner.

**Depositories to Indemnify Loss in certain cases:** Any loss caused to the beneficial owner due to the negligence of the depository or the participant, would be indemnified by the depository to such beneficial owner. Where the loss due to the negligence of the participant is indemnified by the depository, the depository has the right to recover the same from such participant.

**Appeal to Securities Appellate Tribunal:**

Any person aggrieved by an order of SEBI or by an adjudicating officer under this act may prefer an appeal to a SAT having jurisdiction in the matter. However, No appeal shall lie to SAT from an order made by SEBI with the consent of the parties. Every appeal shall be filed within a period of 45 days from the date on which a copy of the order made by SEBI is received by the person and it shall be in such form and be accompanied by such fees as may be prescribed.

Provided that the SAT may entertain an appeal after the expiry of the said period of 45 days if it is satisfied that there was sufficient cause for not filing it within that period.

On receipt of an appeal, SAT may pass such order as it thinks fit, confirming, modifying or setting aside the order appealed against after giving opportunity of being heard.

SAT shall send a copy of every order made by it to SEBI and parties to the appeal. The appeal filed before SAT shall be dealt with by it as expeditiously as possible and Endeavour shall be made by it to dispose of appeal finally within 6 months from the date of receipt of the appeal.

**Appeal to Supreme Court:**

Any person aggrieved by any decision or order of SAT may file an appeal to Supreme Court within 60 days from the date of communication of decision or order of SAT to him on any question of law arising out of such order.

Provided that Supreme Court may, if it is satisfied that the appellant was prevented by sufficient cause from filing the appeal within the said period, allow within a further period not exceeding 60 days.

**Power of SEBI to make Regulations:**

- The requirements to be complied with by a person for seeking registration as a Depository with SEBI
- The requirements for registration of a person as a Participant under SEBI act;
- The requirements for grant of certificate of commencement of business by depositories and the form in which the certificate of commencement of business has to be issued.

<p><b>METHODS TO RAISE FUNDS IN PRIMARY MARKET</b></p> <p>(June 2018)</p>	<p>Public Issue of shares means the selling of shares to the general public by issue of prospectus. A company can raise funds from the primary market by using the following methods:-</p> <p><b>PUBLIC ISSUE:</b> When an offer is made to new investors (general public) for becoming shareholders of the issuer Company it is called a public issue.</p> <p><b>Classification of Public issue:</b></p> <p>(i) <u>Initial Public Offer (IPO):</u></p> <p>When an unlisted public company offers its securities for sale for the first time to the General public, it is known as an IPO.</p> <p>(ii) <u>Further Public Offer (FPO) or follow on offer:</u></p> <p>When a listed company offers a fresh issue of securities to the general public for sale, it is known as a FPO.</p>

	<p><b>RIGHTS ISSUE:</b> When a listed company offers or issues securities to the existing shareholders on a particular date fixed by the issuer company (i. e. record date), it is called a rights issue. The rights issue is always issued at price not like bonus shares.</p> <p><b>BONUS ISSUE:</b> When an issuer makes an issue of securities to its existing shareholders as on a record date, without any consideration from them, it is called a bonus issue. The shares are issued out of the Company's free reserve or share premium account in a particular ratio to the number of securities held on a record date.</p> <p><b>PRIVATE PLACEMENT:</b> When an issuer makes an issue of securities to a select group of persons not exceeding 49%, and which is neither a rights issue nor a public issue, it is called a private placement.</p> <p>Private placement of shares or convertible securities by listed issuer can be of two types:</p> <p>(i) <b><u>Preferential Allotment:</u></b> When a listed company issues shares or convertible securities, to a select group of persons in terms of provisions of Chapter VII of SEBI (ICDR) Regulations, it is called a preferential allotment. The issuer is required to comply with various provisions which inter alia include pricing, disclosures in notice etc., in addition to requirements specified in Companies Act.</p> <p>(ii) <b><u>Qualified Institutions Placement (QIP):</u></b> When a listed Company issues equity shares or securities convertible into equity shares to QIBs only, it is called a QIP.</p> <p>(iii). <b><u>Institutional Placement Programme (IPP):</u></b> When a listed issuer makes a further public offer of equity shares, or offer for sale of shares by promoter/ promoter group of listed issuer in which, the offer allocation and allotment of such shares is made only to QIBs in terms of Chapter VIIIA of SEBI (ICDR) Regulations, 2009 for the purpose of achieving minimum public shareholding it is called an IPP.</p>
<p><b>PRICING</b></p>	<p><b><u>FREE PRICING:</u></b> A company may freely price its public issue of equity shares. An issuer company shall decide the price of public issue in consultation with lead merchant banker. SEBI &amp; Govt. do not play any role in price fixation.</p> <p>In this regard, the company and the lead merchant banker are required to give full disclosure of the parameters of fixing of price. There are two types of price i. e., Fixed Price and Floor Price/Price Band. In case of fixed price, the company has to file prospectus with the ROC before opening of the issue. In case the company is opting for price band, then such company has to file Red Herring Prospectus (RHP) with the ROC before opening of issue.</p> <p><b><u>DIFFERENTIAL PRICING (DEC 2016, JUNE 2016, DEC 2015, DEC 2013, JUNE 2013, DEC 2012, JUNE 2010):</u></b> An issuer company can offer securities subject to the following provisions:-</p> <p>(i) It will only be offered to retail individual investors/employees.</p> <p>(ii) The value for making an application under this category shall not be more than Rs.2 lacs.</p> <p>(iii) The difference shall not be more than 10% of the price at which specified securities are offered to other categories of applicants.</p> <p>(iv) If the issuer company opts for alternate method of book building, the issuer company can offer securities to its employees at a price, lower than floor price and the difference between such price and floor price shall not be more than 10%.</p> <p>(v) In case of a composite issue, the price of the securities offered in the public issue can be different from the price offered in rights issue and justification for such price difference should be given in the offer document.</p> <p><b><u>PRICE AND PRICE BAND (JUNE 2013)</u></b></p>

	<p>➤ <u>For Book Building Process</u>: The issuer company has to announce price band in place of fixed price for the issue of securities. The price band shall be included in the red herring prospectus of the Company.</p> <p>➤ <u>For Other than Book Building Process</u>: The issuer company has to fix price of issue of securities before submitting prospectus with the Registrar of Companies.</p> <p>(i) The issuer company can mention a price in the draft prospectus (in case of a fixed price issue) and floor price or price bank in the red herring prospectus (in case of a fixed built issue) and determine the price at a later date before registering the prospectus with the Registrar of Companies.</p> <p>(ii) The prospectus registered with the Registrar of Companies should contain only one price.</p> <p>(iii) If the floor price or price band is not mentioned in the red herring prospectus, the issuer company should announce the floor price or price band in all the newspapers in which the pre – issue advertisement was released:</p> <p>(a) In case of an IPO, at least 5 working days before the opening of the bid.</p> <p>(b) In case of a FPO, at least 1 working day before the opening of the bid.</p> <p>(iv) The announcement should contain relevant financial ratios computed for both upper and lower end of the price bank and also a statement drawing attention of the investors to the section titled basis of issue price in the prospectus.</p> <p>(v) The cap on the price band shall be less than or equal to 120% of the floor price.</p> <p>(vi) The floor price or the final price should not be less than the face value of the securities.</p>						
FACE VALUE OF EQUITY SHARES (DEC 2007)	<p>An issuer company is <b>free to decide</b> the denomination of each equity share for any public or right issue. The issuer company shall fix the denomination of each equity share subject to the following norms as specified by the SEBI:-</p> <p>➤ <u>In case of IPO</u>:</p> <p>(a) <u>Share Price Rs.500/- or more</u>: If the issue price of each equity share is Rs.500/- or more, the issuer company shall have a discretion to fix the face value below Rs.10/- per share subject to the condition that the face value shall in no case be less than Rs.1 per share.</p> <p>(b) <u>Share Price less than Rs.500/-</u>: If issue price is less than Rs.500 per share, the face value shall be Rs.10/- per share.</p> <p><b>Note:</b> <i>The above norms are not applicable to IPO made by Government Company or corporation or any special purpose vehicle set up by any of them which is in intra – structure sector. The face value of shares shall be disclosed in the advertisement offer documents and in application forms in identical font size as that of issue price or price band.</i></p>						
PROMOTER’S CONTRIBUTION	<p>In an IPO or any public issue, the promoters or promoters’ group of the issuer company must contribute at least 20% of the post – issue capital before the opening of the issue. Promoters should contribute in accordance with the following provisions:-</p> <table><tr><th>Types of Companies</th><th>Type of Issue</th><th>Promoter’s Contribution</th></tr><tr><td>Unlisted Company</td><td>IPO</td><td>Not less than 20% of the post – issue capital</td></tr></table>	Types of Companies	Type of Issue	Promoter’s Contribution	Unlisted Company	IPO	Not less than 20% of the post – issue capital
Types of Companies	Type of Issue	Promoter’s Contribution					
Unlisted Company	IPO	Not less than 20% of the post – issue capital					

Listing Company	FPO/Right Issue	To the extent of 20% of the proposed issue or 20% of the post – issue capital
Listed Company	Composite Issue	20% of the proposed public issue or 20% of the post – issue capital.

**Note:** Composite issue means any two types of issue of securities at the same time by the issuer company like rights cum preferential issue of shares. Further, Right issue component of the composite issue shall be excluded while calculating the post – issue capital.

**Important Provisions:** Promoters shall bring in the full amount of the promoter's contribution including premium at least one day prior to the issue opening date. The promoter's contribution shall be kept in an escrow account and the said contribution amount shall only be released to the company along with the public issue proceeds.

Where the promoter's contribution has been brought prior to the public issue and has already been deployed by the company, the company shall give the cash flow statement in the offer document disclosing the use of such funds. If the promoter's contribution exceeds Rs.100 crores, the promoters shall bring in Rs.100 crores before the opening of the issue and the remaining contribution shall be brought in by the promoters in advance on pro – rata basis before the calls are made on public.

#### **EXEMPTION FROM REQUIREMENT OF PROMOTER'S CONTRIBUTION**

(i) In case of a **FPO**:

	(iv) <u>Pledging of Securities</u> : Pledging of securities during lock – in period is allowed with Banks or financial institution as collateral securities for sanction of loan.
<b>UNDERWRITING</b>	<p>Underwriting means an agreement with the underwriters to subscribe to the securities of a company when the total subscription from all the subscribers does not match the minimum subscription (i. e. 90% of the issue). In short, underwriting means an agreement with or without conditions to subscribe to the securities of a body corporate when the existing shareholders of such body corporate and/or the public do not subscribe to the securities offered to them.</p> <p>In this regard, the important provisions are:</p> <p>(a) The issuer company shall appoint one or more underwriters as per SEBI Regulations, 1993.</p> <p>(b) Where the issuer company makes a public issue through the book – building process, such issue shall be underwritten by book runners or syndicate members.</p> <p>(c) 75% of the net offer to public proposed to be compulsorily allotted to QIBs cannot be underwritten.</p> <p>(d) The issuer shall enter into underwriting agreement with book runner, who in turn shall enter into underwriting agreement with syndicate members, indicating therein the no. of specified securities which they shall subscribe to at predetermined price in event of under subscription.</p> <p>(e) If syndicate members fail to fulfill their underwriting obligations, the lead book runner shall fulfill the underwriting obligations.</p> <p>(f) The book runners and syndicate members shall not subscribe to the issue in any manner except for fulfilling their underwriting obligations.</p> <p>(g) In case of every underwritten issue, the lead merchant banker or the lead book runner shall undertake minimum underwriting obligations.</p> <p>(h) Where 100% of the offer through offer document is underwritten, the underwriting obligations shall be for the entire 100% of the offer through offer document and shall not be restricted up to the minimum subscription level.</p>
<b>MANNER OF CALL</b>	<p>(a) The issuer company shall ensure that the entire subscription money is called <b><u>within 12 months</u></b> from the date of allotment.</p> <p>(b) If the applicants fails to pay the call money within 12 months, the entire <b><u>subscription money shall be refunded</u></b>.</p> <p>(c) Where the issue size exceeds Rs.500 crores, it is not necessary to call the entire subscription money within 12 months.</p>
<b>ISSUE OPENING DATE (JUNE 2013)</b>	<p><b><u>For IPO/FPO</u></b>: A public issue may be opened within 12 months from the date of issuance of the observation letter by SEBI. A public issue may be opened within 3 months of expiry from 31<sup>st</sup> day from the date of filing of draft offer document with SEBI, if no observation letter is issued by the SEBI.</p> <p><b><u>For Fast Track Issue</u></b>: The issue must be opened within the period of 90 days after the date on which a copy of prospectus is delivered to Registrar of Companies for registration.</p> <p>In case of <u>Shelf Prospectus</u>, the first issue can be opened within 3 months of issuance of observations by SEBI.</p>

<b>SUBSCRIPTION LIST (JUNE 2013, DEC 2008)</b>	<p>A public issue must be kept open for at least 3 working days but not more than 10 working days including the days for which the issue is kept open in case of revision in price band.</p> <p>In case the price band in a public issue made through the book building process is revised, the bidding (issue) period disclosed in the red herring prospectus should be extended for a minimum period of 3 working days. However, the total bidding period should not exceed 10 working days. Rights issue should be kept open for a minimum period of 15 days and for a maximum period of 30 days.</p>
<b>APPLICATION SUPPORTED BY BLOCKED AMOUNT (ASBA) (JUNE 2018, JUNE 2012, DEC 2011, DEC 2010)</b>	<p>ASBA means “Application Supported by Blocked Amount”. ASBA is an application containing an authorization to block the application money in the bank account, for subscribing to an issue. If an investor is applying through ASBA, his application money shall be debited from the bank account only if the application is selected for allotment after the basis of allotment is finalized.</p> <p>In other words, ASBA is a process for subscribing to a public issue. An investor authorities a Bank (SCSB) for blocking a specific amount in his account for the purpose of subscribing in a public Issue. The ASBA process is available in all public issues made through the book building route.</p> <p><b><u>Self-Certified Syndicate Bank (SCSB): (JUNE 2011)</u></b> SCSB is a bank which is recognized by SEBI as a bank capable of providing ASBA services to its customers. SCSB offers the facility of applying through the ASBA process.</p> <p>A bank desirous of offering ASBA facility shall submit a certificate to SEBI as per the prescribed format for inclusion of its name in SEBI’s list of SCSBs. A SCSB shall also identify its Designated Branches (DBs) at which an ASBA investor shall submit ASBA application and shall also identify the Controlling Branch (CB) which shall act as a coordinating branch for the Registrar of the Issue, Stock Exchanges and Merchant Bankers.</p> <p>The SCSB, its DBs and CB shall continue to act as such, for all issues to which ASBA process is applicable. The SCSB may identify new DBs for the purpose of ASBA process and intimate details of the same to SEBI, after which SEBI will add the DB to the list of SCSBs maintained by it. The SCSB shall communicate the following details to Stock Exchanges for making it available on their respective websites.</p> <p><b><u>Eligibility of Investors under ASBA Process:</u></b> An investor is eligible to apply through ASBA process, if he/she:</p> <ul style="list-style-type: none"> <li>(i) Is a Resident Retail Individual Investor;</li> <li>(ii) Is bidding at cut – off, with single option as to the number of shares bid for;</li> <li>(iii) Is applying through blocking of funds in a bank account with the SCSB;</li> <li>(iv) Has agreed not to revise his/her bid;</li> <li>(v) Is not bidding under any of the reserved categories.</li> </ul> <p><b><u>ASBA PROCESS</u></b></p> <ul style="list-style-type: none"> <li>(i) An ASBA investor submits an application (physically/electronically) to the SCSB with whom the bank is maintained.</li> <li>(ii) Thereafter, SCSB blocks the application money in the bank account as specified in the ASBA application.</li> <li>(iii) The SCSB will inform to the company/Registrar to issue regarding such ASBA application.</li> <li>(iv) Once SCSB blocks the application money the entire amount shall remain in the bank account till finalization of the basis of allotment by the issuer company.</li> <li>(v) Once the basis of allotment finalized, the Registrar to Issue sends a request to the SCSB for transferring the blocked amount to the ESCROW account of the company.</li> <li>(vi) Shares will be allotted or remitted to the Demat account of the</li> </ul>

	<p>investors/subscribers.</p> <p><b>Note:</b> In case of failure of the issue, the amount shall be unblocked by the SCSB on receipt of information from the merchant bankers. The amount shall be blocked till finalization of the basis of Allotment.</p>

<p><b>GREEN SHOE OPTION FACILITY</b>  <b>(DEC 2016, JUNE 2011, DEC 2008, DEC 2007, JUNE 2013)</b>  <b>(IMPORTANT)</b></p>	<p><b>Green Shoe Company, an American company was the first company which was allowed to use this option; therefore, this option is known as Green Shoe Option.</b> A green shoe option (GSO) provides the option of allotting equity shares in excess of the equity shares offered in the public issue as a post – listing price stabilizing mechanism.</p> <p>In other words, Green Shoe Option means an option of allocating shares in excess of the shares included in the public issue and operating a post – listing price stabilizing mechanism for a period not exceeding 30 days, which is granted to a company to be exercised through a Stabilizing Agent.</p> <p>In short, it is a mechanism for stabilizing prices of securities in the stock market through stabilizing agent.</p> <p><b>Example:</b> In India, ICICI bank has used Green Shoe Option in the first time in case of its public issue through book building mechanism in India.</p> <p><b>Case Study:</b> ABC Ltd. is planning to issue 2,00,000 shares, but in order to utilize the green shoe option, it actually issues 2,30,000 shares, in which case the over – allotment would be 30,000 shares. The company does not issue any new shares for the over – allotment.</p> <p>The 30,000 shares used for the over – allotment are actually borrowed from the promoters with whom the stabilizing agent enters into a separate agreement. The company is required to be kept money received from the over – allotment in a separate bank account.</p> <p>The Job of the stabilizing agent begins only after commencement of trading of share:</p> <p>(i) In case the shares are trading at a price lower than the offer price, the stabilizing agent starts buying the shares by using the money lying in the separate bank account. In this manner, by buying the shares when others are selling, the stabilizing agent tries to put the brakes on falling prices. The shares so bought from the market are handed over to the promoters from whom they were borrowed.</p> <p>(ii) In case the newly listed shares start trading at a price higher than the offer price, the stabilizing agent does not buy any shares. At this point, the company by exercising the green shoe option issues new shares to the stabilizing agent, which are in turn handed over to the promoters from whom the shares were borrowed.</p> <p><b>PRICE STABILIZATION FUND: (JUNE 2009)</b></p> <ul style="list-style-type: none"> <li>❖ The fund created to cause stabilization of share price of an entity specially after the public issue of securities is known as Price Stabilization Fund.</li> <li>❖ The aim of the fund is to protect the share price from falling below the issue price.</li> </ul>

For the purpose of operating a price stabilization mechanism post listing the issuer company appoints a stabilization agent.

- ❖ The prime responsibility of SA shall be to stabilize post listing price of shares.
- ❖ To this end, SA shall determine the timing of buying the shares, the quantity to be bought, the price at which the shares are to be bought, etc.
- ❖ Stabilization mechanism shall be available for the period disclosed by the company in the prospectus which shall not exceed 30 days from the date when trading permission was given by the exchange.

#### **STEPS INVOLVED IN THE GREEN SHOE OPTION (GSO)**

(i) The Company shall obtain approval for Green Shoe Option from the Shareholders in the General Meeting.

(ii) Thereafter, company shall appoint a stabilizing agent and sign an agreement with him.

(iii) Another agreement shall also be signed between stabilizing agent and promoter to borrow shares from the promoters.

(iv) Subsequently, the stabilizing agent shall open a special account with a Bank i. e. "Special Account for GSO proceeds of ----- Company" and also open a special DEMAT account with a depository participants i. e. "Special Account of GSO shares of ----- Company".

(v) The company allots shares to the investors.

(vi) Trading of listed shares will commence after allotment of shares in the Stock Exchange.

(vii) There are 2 possibilities after commencement of trading of securities in Stock Exchange:

(a) After commencement of trading, Prices of Shares may go up.

(b) After commencement of trading, Prices of Shares may go down.

#### **Drops in prices**

(i) Stabilizing agent shall purchase shares from the Open Market.

(ii) The shares borrowed from the promoters shall return to the promoter.

(iii) If stabilizing agent earns surplus fund, such fund shall be transferred to SEBI IEPF Fund.

#### **Increase in Price**

(i) The issuer company allots shares to the stabilizing agent.

(ii) The stabilizing agent returns shares to the promoters.

(iii) The Company shall file separate listing application for shares issued.

**Special Note:** The promoters or promoters' group shall not lend in excess of 15% of the total issue size. The details of the agreement between the company & stabilizing agent and the promoter & stabilizing agent must be disclosed in the draft prospectus, the draft Red Herring Prospectus, Red Herring Prospectus and the final prospectus.

In case of an initial public offer by an unlisted company, the promoters and pre – issue shareholders and in case of public issue by a listed company, the promoters and pre – issue shareholders holding more than 5% shares, may lend the shares subject to the provisions of this scheme. The SA should borrow shares from the promoters or the pre – issue shareholders of the issuer company or both, to the extent of the proposed over – allotment. However, the shares so referred shall be in dematerialization form only.

The allocation of these shares should be pro rata to all the applicants. The stabilization mechanism should be available for the period disclosed by the company in the

	prospectus, which shall not exceed 30 days from the date when trading permission was given by the exchange(s).

<p><b>OBLIGATIONS OF INTERMEDIARIES UNDER PMLA 2002</b></p> <p><b>(JUNE 2018)</b></p>	<p>Section 12 of the Prevention of Money Laundering Act, 2002 lays down following obligations on an intermediary:</p> <p>Every banking company, financial institution and intermediary shall:</p> <p>(A) maintain a record of all transactions, the nature and value of which may be prescribed, whether such transactions comprise of a single transaction or a series of transactions integrally connected to each other, and where such series of transactions take place within a month;</p> <p>(B) furnish information of transactions referred to in clause (a) to the Director within such time as may be prescribed;</p> <p>(C) verify and maintain the records of the identity of all its clients, in such a manner as may be prescribed.</p> <p>However, where the principal officer of an Intermediary or financial institution or intermediary, as the case may has reason to believe that a single transaction or series</p>

of transactions integrally connected to each other have been valued below the prescribed limit so as to defeat the provisions of this section, such officer shall furnish information in respect of such transactions to the Director within the prescribed time.

The records shall be maintained for a period of ten years from the date of cessation of the transactions between the clients of the banking company or financial institution or intermediary, as the case may be.

#### **CASH TRANSACTION REPORT**

The Prevention of Money Laundering Act, 2002 and the Rules thereunder require every intermediary to furnish details of the following cash transactions:

(A) All cash transactions of the value of more than rupees ten lakhs or its equivalent in foreign currency.

(B) All series of cash transactions integrally connected to each other which have been valued below rupees ten lakhs or its equivalent in foreign currency where such series of transactions have taken place within a month.

#### **INFORMATION TO BE MAINTAINED**

Intermediaries are required to maintain and preserve the following information in respect of transactions mentioned above.

(i) the nature of the transactions;

(ii) the amount of the transaction and the currency in which it was denominated;

(iii) the date on which the transaction was conducted; and

(iv) the parties to the transaction.

#### **REPORTING TO FINANCIAL INTELLIGENCE UNIT-INDIA**

The Intermediaries are required to adhere to the following:

(a) The cash transaction report (CTR) (wherever applicable) for each month should be submitted to FIUIND by 15th of the succeeding month.

(b) The Suspicious Transaction Report (STR) should be submitted within 7 days of arriving at a conclusion that any transaction, whether cash or non-cash, or a series of transactions integrally connected are of suspicious nature. The Principal Officer should record his reasons for treating any transaction or a series of transactions as suspicious. It should be ensured that there is no undue delay in arriving at such a conclusion.

(c) The Principal Officer is responsible for timely submission of CTR and STR to FIU-IND;

(d) Utmost confidentiality is to be maintained in filing of CTR and STR to FIU-IND. The reports may be transmitted by speed/registered post/fax at the notified address.

#### **SUSPICIOUS TRANSACTION REPORT**

The Prevention of Money Laundering Act, 2002 and the Rules notified thereunder require every intermediary to furnish details of suspicious transactions whether or not made in cash. Suspicious transaction means a transaction whether or not made in cash which, to a person acting in good faith –

(a) gives rise to a reasonable ground of suspicion that it may involve the proceeds of crime; or

(b) appears to be made in circumstances of unusual or unjustified complexity; or

(c) appears to have no economic rationale or bonafide purpose.

#### **SEBI (INTERMEDIARIES) REGULATIONS, 2008**

In the present regime a dozen regulations govern different categories of intermediaries. The broad framework of such regulations is similar to one another. SEBI in exercise of the powers conferred by section 30 of the Securities and Exchange Board of India Act, 1992 issued the SEBI (Intermediaries) Regulations, 2008 which seek to consolidate the common requirements and put in place a comprehensive framework which will apply to the intermediaries and prescribe the obligations, procedure, limitations etc. in so far as the common requirements are concerned. The new regulations seek to simplify procedures to make the registration/regulation process of intermediaries less burdensome and cost effective without diluting the regulatory

oversight.	
<b>SIGNIFICANT CHANGES</b>	<p><b>1. Permanent Registration</b> Subject to compliance with the SEBI Act, regulations, updation of relevant disclosures and payment of fees registration shall be permanent.</p> <p><b>2. Registration for multiple activities</b> The process for registration for undertaking multiple activities by the same intermediary has been simplified.</p> <p><b>3. Registration Form- information divided into two parts</b> Part 1 of the form will be disclosed and available to the public and Part II will contain such information which will be retained with SEBI as regulatory filing.</p> <p><b>4. Fit and Proper person requirements</b> The criteria to determine whether the intermediary is a Fit and Proper person have been revised and are now principle based.</p> <p><b>5. Suspension/Cancellation of certificate of registration</b> The manner of suspension/cancellation of any certificate granted to any person has been provided in the regulations. Consequently the SEBI (Procedure for holding enquiry by enquiry officer and imposing penalty) Regulations, 2002 has been repealed and SEBI (Intermediaries) Regulations, 2008 has taken place.</p>
<b>APPLICATION FOR GRANT OF REGISTRATION</b>	<p>(1) Regulation 3 provides that an application for grant of a certificate to act as an intermediary, shall be made to the SEBI in Form A of Schedule I with such additional information as required and the application fee, as specified.</p> <p>However, the applicant seeking registration to act as a stock broker or sub-broker or a trading member or a clearing member or a depository participant shall make the application along with such additional information through the stock exchange or through the clearing corporation of which the applicant is a member or trading member or through the depository in which the applicant proposes to act as a participant, as the case may be.</p> <p>(2) The stock exchange, the clearing corporation, the depository or the specified self regulatory organization, as the case may be, shall examine the eligibility of the applicant in terms of these regulations, relevant regulations and the rules, regulations or bye-laws of the concerned stock exchange, clearing corporation, depository or the self regulatory organization and forward the application with the application fees to SEBI along with its recommendation as early as possible but not later than thirty days of receipt of the complete application with the specified application fees.</p> <p>(3) An intermediary, who was granted a certificate under the relevant regulations prior to the commencement of these regulations in relation to such intermediary, may continue to act as such, subject to the following –</p> <p>(a) where the certificate was granted for a specified period, an application for grant of certificate under sub regulation (1) shall be made by the intermediary at least three months prior to the expiry of such period or three months prior to expiry of two years from the commencement of these regulations in relation to such intermediary, whichever is earlier and if the intermediary fails to do so, it shall cease to act as an intermediary on and from the expiry of the aforementioned period;</p> <p>(b) where a certificate has been granted to an intermediary on a permanent basis, the certificate may continue to be valid under these regulations subject to the condition that the intermediary shall, within two years of commencement of these regulations in relation to such intermediary, furnish the information in Form A to SEBI and upload the information in Part I thereof on the website specified by SEBI:</p>

	<p>However, the time may be extended by SEBI up to a period of six months on sufficient reasons being shown by the intermediary.</p> <p>(4) An intermediary who has complied with the provisions of these regulations shall be deemed to have been granted certificate under these regulations, subject to the payment of fees specified under the relevant regulations.</p> <p>(5) An applicant or an intermediary as the case may be, may carry on the activities of one or more intermediaries only if it obtains a separate certificate to carry on each such activity.</p>
<b>CONSIDERATION OF APPLICATION</b>	<p>As per regulation 7 while considering an applicant, SEBI shall take into account all matters which it deems relevant to the activities in the securities market, including but not limited to the following–</p> <p>(a) whether the applicant or any of its associates have in the past been refused certificate by SEBI and if so, the ground for such refusal;</p> <p>(b) whether the applicant, its directors or partners, or trustees, as the case may be or its principal officer is involved in any pending litigation connected with the securities market which has an adverse bearing on the business of the applicant or on development or functioning of the securities markets;</p> <p>(c) whether the applicant satisfies the eligibility criteria and other requirements;</p> <p>(d) whether the grant of a certificate to the applicant is in the interest of the investors and the development of the securities market.</p> <p>Any application for grant of certificate:</p> <p>(a) which is not complete in all respects and does not conform to the requirements in Form A and the requirements specified in the relevant regulation;</p> <p>(b) which does not contain such additional information as required;</p> <p>(c) which is incorrect, false or misleading in nature;</p> <p>(d) where the applicant is not in compliance with the eligibility requirements;</p> <p>(e) where the applicant is not a 'fit and proper person' as stated in Schedule II;</p> <p>(f) where the principal officer does not have the requisite qualification or experience as required under the relevant regulations;</p> <p>shall be rejected by SEBI for reasons to be recorded by SEBI in writing. Before rejecting an application, the applicant shall be given an opportunity in writing to make good the deficiencies within the time specified by SEBI, for the purpose. Where an application is rejected for the reason that it contains false or misleading information, no such opportunity may be given and the applicant shall not make any application for grant of certificate under these regulations or any other regulations for a period of one year from the date of such rejection.</p>
<b>CONDITIONS OF CERTIFICATE</b>	<p>Regulation 9 provides that any certificate granted by SEBI to an intermediary shall be subject to the following conditions, namely : –</p> <p>(a) where the intermediary proposes to change its status or constitution, it shall obtain prior approval of SEBI for continuing to act as an intermediary after such change in status or constitution. A request in this regard shall be disposed off by SEBI within a period of sixty days from the date of receipt of such request and where the decision of SEBI has not been communicated to the intermediary within the said period of sixty days, the prior approval shall be deemed to have been granted and it shall contain the information in Form A;</p> <p>(b) it shall pay the applicable fees in accordance with the relevant regulations;</p> <p>(c) it shall abide by the provisions of the securities laws and the directions, guidelines</p>

	<p>and circulars as may be issued thereunder;</p> <p>(d) it shall continuously comply with the requirements of disclosure norms;</p> <p>(e) it shall meet the eligibility criteria and other requirements specified.</p> <p>However, SEBI may impose other conditions as it may deem fit.</p>
<b>EFFECT OF REFUSAL TO GRANT REGISTRATION OR EXPIRY OF CERTIFICATE</b>	<p>Regulation 10 provides that where an intermediary has failed to make an application or where an existing intermediary has been refused grant of certificate under these regulations, the intermediary shall:</p> <p>(a) forthwith cease to act as such intermediary;</p> <p>(b) transfer its activities to another intermediary which has been granted a certificate for carrying on such activity and allow its clients or investors to withdraw or transfer their securities or funds held in its custody without any additional cost to such client or investor;</p> <p>(c) make provisions as regards liability incurred or assumed by the intermediary;</p> <p>(d) take such other action, within the time period and in the manner, as may be required.</p> <p>While refusing grant of certificate under these regulations to an intermediary, SEBI may impose such conditions upon the intermediary as it deems fit for protection of investors or clients of the intermediary or the securities market and such conditions shall be complied with.</p>
<b>PERIOD OF VALIDITY OF CERTIFICATE</b>	<p>The certificate granted to an intermediary shall be permanent unless surrendered by the intermediary or suspended or cancelled in accordance with these regulations.</p>
<b>REDRESSAL OF INVESTOR'S GRIEVANCES</b>	<p>Regulation 13 provides that the intermediary shall make endeavors to redress investor grievances promptly <b>but not later than forty-five days</b> of receipt thereof and when called upon by SEBI to do so it shall redress the grievances of investors within the time specified by SEBI.</p> <p>The intermediary shall at the end of each quarter of a Financial Year ending on 31st March upload information about the number of investor grievances received, redressed and those remaining unresolved beyond three months of the receipt thereof by the intermediary on the website specified by SEBI.</p>
<b>APPOINTMENT OF COMPLIANCE OFFICER</b>	<p>Regulation 14 of these regulations provides that an intermediary shall appoint a compliance officer for monitoring the compliance by it of the requirements where applicable. The intermediary may not appoint compliance officer if it is not carrying on the activity of the intermediary.</p> <p>The compliance officer shall report to the intermediary or its board of directors, in writing, of any material noncompliance by the intermediary.</p>
<b>INVESTMENT ADVICE</b>	<p>Regulation 15 provides that an intermediary, its directors, officers, employees or key management personnel shall not render, directly or indirectly, any investment advice about any security in the publicly accessible media, whether real-time or non-real-time, unless a disclosure of its interest, direct or indirect, including its long or short position in the said security has been made, while rendering such advice and also discloses the interest of his dependent family members and that of the employer including employer's long or short position in the said security.</p> <p>An intermediary shall not make a recommendation to any client or investor who may be expected to rely thereon to acquire, dispose of or retain any securities unless he has reasonable grounds to believe that the recommendation is suitable.</p>

## UNIT 23: TAKEOVER CODE

**[SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended upto August 14, 2017]**

<b>INTRODUCTION</b>	<p>SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 aims at protecting interest of the investors in securities of a listed company providing amongst others, an opportunity for the public shareholders to exit where there is a substantial acquisition of shares or voting rights or control over a listed company, consolidation of holdings by existing shareholders and related disclosures and penalties for non – compliance etc.</p> <p>SAST requires an acquirer to make an offer to shareholders of the target company on acquiring shares exceeding stipulated thresholds. It also contains provisions relating to open offer size and price; time bound process for making an open offer, exemption from making an open offer etc.</p> <p>Provided that these regulations shall not apply to direct and indirect acquisition of shares or voting rights in, or control over a company listed without making a public issue, on the institutional trading platform of a recognised stock exchange.</p>
<b>SEBI (SUBSTANTIAL ACQUISITION OF SHARES AND TAKEOVERS) REGULATIONS, 2011</b>	
<b>IMPORTANT DEFINITIONS</b>	<ul style="list-style-type: none"> <li>❖ <b><u>ACQUIRER</u></b> means any person who, directly or indirectly, acquires or agrees to acquire whether by himself, or through, or with persons acting in concert with him, shares or voting rights in, or control over a target company. <b>TAKEOVER (CONCEPT AND BASIC UNDERSTANDING)</b>	<p>In this chapter, we focus takeover of those companies which are listed in a recognized stock exchange and where there are possibilities of hostile takeover of such company. Considering possibility of hostile takeover, SEBI has introduced a Takeover Regulations, 2011 which prohibits on hostile takeover and puts certain restrictions on acquirer.</p> <p>Here, takeover means acquisition of shares or voting rights in a listed company for the objective to have control over such company. The person who acquires shares or voting rights is known as acquirer and the listed company whose shares are being acquired is known as Target Company. As per the Takeover Code, 2011, an acquirer is</p>

	<p>required to give mandatory and/or voluntary open offer to the shareholders of the Target Company before increasing its shareholding more than triggering point (i. e. equal to or more than 25% of shares or voting rights).</p> <p>The process of such open offer is more or less like buy – back process of a company and difference between these two are: in takeover, the acquirer acquires shares and makes payment to the existing shareholders of the Target Company whereas in buy – back, the company itself pays money to its shareholders.</p>															
<b>TRIGGER POINT (JUNE 2007)</b>	<p><b>25% shares or voting rights:</b> An acquirer, along with Persons acting in concert (PAC), if any, who intends to acquire shares which along with his existing shareholding would entitle him to exercise 25% or more voting rights, can acquire such additional shares only after making a Public Announcement (PA) to acquirer minimum 26% shares of the Target Company from the shareholders through an Open Offer.</p> <p>(a) The trigger point of an open offer, if a person acquires 25% or more shares or voting rights of a listed target company.</p> <p><b>Example:</b> If a person, individually or through PACs (persons acting on concept) have 24.99% shares and wishes to acquire additional shares or voting rights in a company. The person has to acquire at least additional 26% shares of the target company via an open offer. It will trigger an open offer.</p> <p>Thereafter, if the acquirer or the PAC acquires more than 25% of the shares, then the acquirer(s) needs to purchase a minimum of 26% of additional stakes in the target company (also known as triggering point for an open offer).</p> <p>(b) No triggering point, if the acquirer or the PAC acquires 25% or less shares or voting rights.</p> <p><b>Example:</b> If a person, individually or through PAC’s (persons acting on concert) acquires 24.99% of the shares or voting rights in a listed company, it will not trigger an open offer.</p> <p><b>Tabular Interpretation:</b></p> <table><tr><th>Name</th><th>Present Holding</th><th>Creeping Acquisition</th><th>Post acquisition Holding</th><th>Applicability of SEBI Takeover Regulations, 2011</th></tr><tr><td>Situation A</td><td>24.99%</td><td>26%</td><td>50.99%</td><td>Trigger Point (i. e. equal to or more than 25%): Open Offer Obligations on acquirer.</td></tr><tr><td>Situation B</td><td>7%</td><td>17.99%</td><td>24.99%</td><td>No Trigger Point (i. e. less than 25%): No Open offer obligations on acquirer.</td></tr></table> <p>• <b>Creeping acquisition limit:</b> These provisions apply to those existing shareholders who hold more than 25% of the shares or voting rights. For such acquires to increase their stake, they are allowed to acquire shares or voting rights to the extent of 5% in any financial year up to the maximum permissible non – public shareholding limit (i. e. 75%). This setting is termed as ‘<b>Creeping Acquisition</b>’.</p> <p>Acquisition of shares or voting rights in excess of the said limit (i. e. 5%) would trigger an open offer.</p> <p><b>Example:</b> Suppose an individual holds 34.99% shares in a company. Suppose this individual were to acquire an additional 0.01% stake. Even though this is an individual action, it would still trigger the open offer under the takeover code.</p>	Name	Present Holding	Creeping Acquisition	Post acquisition Holding	Applicability of SEBI Takeover Regulations, 2011	Situation A	24.99%	26%	50.99%	Trigger Point (i. e. equal to or more than 25%): Open Offer Obligations on acquirer.	Situation B	7%	17.99%	24.99%	No Trigger Point (i. e. less than 25%): No Open offer obligations on acquirer.
Name	Present Holding	Creeping Acquisition	Post acquisition Holding	Applicability of SEBI Takeover Regulations, 2011												
Situation A	24.99%	26%	50.99%	Trigger Point (i. e. equal to or more than 25%): Open Offer Obligations on acquirer.												
Situation B	7%	17.99%	24.99%	No Trigger Point (i. e. less than 25%): No Open offer obligations on acquirer.												

	<p>In other words, if an acquirer who holds 25% or more but less than maximum permissible non – public shareholding (i. e. 75%) of the Target Company, can acquire such additional shares as would entitle him to exercise more than 5% of the voting rights in any financial year ending March 31 only after making a Public Announcement to acquire minimum 26% shares of Target Company from the shareholders through an Open Offer.</p> <p>Nothing contained in this regulation shall apply to acquisition of shares or voting rights of a company by the promoters or shareholders in control, in terms of the provisions of Chapter VI- A of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009</p> <p><b>Chapter VI A relates to Conditions &amp; Manner of providing Exit Opportunity to Dissenting Shareholders. So, Company is acquiring shares as a part of providing Exit Opportunity as per ICDR guidelines, then SAST regulations shall not apply to such transaction. That means, no need to give open offer as per SAST.</b></p>
<b>MANDATORY OPEN OFFER</b>	<p>SEBI Takeover Regulations, 2011 provide certain trigger events wherein the Acquirer is required to give Open Offer to the shareholders of the Target Company to provide them exit opportunity.</p> <p><b>Mandatory Open Offer (Regulation 3</b> of the SEBI Takeover Regulations, 2011): The regulations provide that whenever an acquirer acquires the shares in excess of the threshold limit (i. e. 25%), then the acquirer is required to make a public announcement of offer to the shareholders of the Target Company. The Acquirer to give an open offer to the shareholders of Target Company on the acquisition of shares or voting rights entitling the Acquirer along with the persons acting in concert with him to exercise 25% or more voting rights in the Target Company.</p> <p>Further, any acquirer who holds shares between 25% - 75%, together with PACs can acquire further 5% shares as creeping acquisition without giving an Open Offer to the shareholders of the Target Company up to a maximum of 75%. The quantum of acquisition of additional voting rights shall be calculated after considering the following:-</p> <ul style="list-style-type: none"> <li>➤ <u>No Netting off allowed</u>: For the purpose of determining the quantum of acquisition of additional voting right, the gross acquisitions without considering the disposal of shares or dilution of voting rights owing to fresh issue of shares by the target company shall be taken into account.</li> <li>➤ <u>Incremental voting rights in case of fresh issue</u>: In the case of acquisition of shares by way of issue of new shares by the target company, the difference between the pre – allotment and the post – allotment percentage voting rights shall be regarded as the quantum of additional acquisition.</li> <li>➤ <u>Public Announcement (Regulation 4</u> of the SEBI Takeover Regulations, 2011): If any acquirer including PAC acquires control over the Target Company irrespective of the fact whether there has been any acquisition of shares or not, then he has to give public announcement to acquire shares from shareholders of the Target Company.</li> </ul>
<b>VOLUNTARY OPEN OFFER</b>	<ul style="list-style-type: none"> <li>• <b>Voluntary Open Offer (Regulation 6</b> of the SEBI Takeover Regulations, 2011): Voluntary Open Offer means the Open Offer given by the Acquirer voluntarily without triggering the mandatory Open Offer obligations as envisaged under the regulations. Voluntary Offers are an important means for substantial shareholders to consolidate their stake and therefore recognized the need to introduce a specific framework for such Open Offers.</li> </ul> <p><b>Limits and Conditions for Voluntary Open Offer:</b></p>

	<p>Threshold limits and conditions for making the Voluntary Open Offer which are detailed below:-</p> <ul style="list-style-type: none"> <li>➤ <u>Eligibility</u>: Prior holding of at least 25% Shares: To be eligible for making a Voluntary Open Offer, the regulations mandate the prior holding of at least 25% stake in the Target Company by the Acquirer along with the PACs.</li> <li>➤ <u>Acquisition of shares prior to the Voluntary Open Offer</u>: The Acquirer shall become ineligible to make a Voluntary Open Offer if during the preceding 52 weeks, the Acquirer or PACs with him has acquired shares of the Target Company without attracting the obligation to make a Public Announcement of an Open Offer.</li> <li>➤ <u>Shareholding of the Acquirer and PACs post completion of Open Offer</u>: Post completion of the Open Offer, the shareholding of the Acquirer along with PACs shall not exceed the maximum permissible non – public shareholding.</li> <li>➤ <u>Prohibition on the acquisition of shares during the Offer Period</u>: SEBI Takeover Regulations, 2011 prohibit the acquirer who has made a Voluntary Open Offer from further acquiring the shares during the Offer Period otherwise than under the Open Offer.</li> <li>➤ <u>Restriction of the acquisition of shares post completion of Voluntary Open Offer</u>: An acquirer and PACs who have made a Voluntary Open Offer shall not be entitled to further acquire shares for a period of 6 months after completion of the Open Offer except pursuant: <ul style="list-style-type: none"> <li>(i) To another Voluntary Open Offer.</li> <li>(ii) To Completing Open Offer to the Open Offer made by any other person for acquiring shares of the Target Company.</li> </ul> </li> <li>➤ <u>Offer Size</u>: The Voluntary Open Offer shall be made for the acquisition of at least 10% of the voting rights in the Target Company and shall not exceed such number of shares as would result in the post-acquisition holding of the acquirer and PACs with him exceeding the maximum permissible non – public shareholding (i. e. 75%) applicable to such Target Company.</li> </ul>
<p><b>DELISTING OFFER (REGULATION 5A)</b></p>	<p>(1) Notwithstanding anything contained in these regulations, in the event the acquirer makes a public announcement of an open offer for acquiring shares of a target company in terms of regulations 3, 4 or 5, <b>he may delist the company</b> in accordance with provisions of the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009:</p> <p>Provided that the acquirer shall have declared upfront his intention to so delist at the time of making the detailed public statement.</p> <p>(2) Where an offer made under sub-regulation (1) <b>is not successful</b>,-</p> <ul style="list-style-type: none"> <li>(i) on account of non-receipt of prior approval of shareholders in terms of clause (b) of sub-regulation (1) of regulation 8 of Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; or</li> <li>(ii) in terms of regulation 17 of Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; or</li> <li>(iii) on account of the acquirer rejecting the discovered price determined by the book building process in terms of sub-regulation (1) of regulation 16 of Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009,</li> </ul> <p><b>the acquirer shall make an announcement within two working days in</b></p>

In this regard, SEBI has issued SEBI (Ombudsman) Regulations, 2003. As per this, Ombudsman means any person appointed under the aforesaid regulations and also includes stipendiary ombudsman.</p> <p>Stipendiary Ombudsman means a person appointed for the purpose of acting as Ombudsman in respect of a specific matter and for which he may be paid such expenses, honorarium and sitting fees as may be determined by SEBI from time to time.</p> <p><b>A Person is Eligible to be Appointed as Stipendiary Ombudsman if he</b></p> <ul style="list-style-type: none"> <li>(i) Has held a judicial post or an executive office under the Central or State Government for at least 10 years;</li> <li>(ii) Is having experience of at least 10 years in matter relating to investor protection;</li> <li>(iii) Has been a legal practitioner in corporate matters for at least 10 years; or</li> <li>(iv) Has served for a minimum period of 10 years in any public financial institution.</li> </ul> <p><b>Following are the Important Powers and Functions of Ombudsman:</b></p> <ul style="list-style-type: none"> <li>(i) To receive complaints against any intermediary or a listed company;</li> <li>(ii) To consider such complaints and facilitate resolution thereof by amicable settlement;</li> <li>(iii) To approve amicable settlement of the dispute between the parties; and</li> <li>(iv) To adjudicate such complaints in the event of failure of amicable settlement.</li> </ul>
<b>INVESTOR FINANCIAL EDUCATION (IMPORTANT)</b>	<p>An increased need for financial education is felt in both developed and developing countries. In developed countries, the increasing number of financial products, its complexity, importance of retirement savings, increased growth of secondary market has made the imparting of financial education imperative for all age groups, including students so that individuals are educated about financial matters as early as possible in their lives.</p> <p>In the developing countries, the growing number of investors, technically advanced financial markets, liberalized economy etc. necessitates imparting of financial education for better operation of markets and economy and in the interest of investor. Further imparting of financial education is international concern due to growth of international transactions, international financial instruments like ADR, GDR etc., mobility of individuals from one country to another etc.</p> <p><b><u>Initiatives taken so far on Financial Literacy in India</u></b></p> <p>Investor education forms an important part of SEBI's efforts to protect the interest of the investors in securities markets. A series of information brochures and pamphlets have been issued in the past for the benefit of the investors. These publications indicate the various risks associated with capital market investment, the rights of the investors, the</p>

	<p>responsibilities and details of the grievance redressal machinery available to them and the remedy/relief to be obtained from different agencies like SEBI Ministry of Company Affairs, Stock Exchanges, Reserve Bank of India and Registrars to the Issue, apart from seeking relief through Consumers Disputes Redressal Forums, Company Law Board and Court of Law.</p> <p>The investors' associations registered with SEBI, the stock exchanges and professional bodies also conduct investors' education programmes from time to time to appraise the investors of the changes in the law and regulations and the methods of protecting themselves against malpractices and delays cropping up in the market. This is further supplemented by the journals and magazines in the field of corporate investment as well as newspaper articles which highlight the newly emerging problems, pitfalls and the methods to protect.</p> <p><b><u>Securities Market Awareness Campaign</u></b></p> <p>SEBI has also launched a comprehensive securities market awareness campaign for educating investors through workshops, audio – visual clippings, distribution of educative investor materials/booklets, dedicated investor website etc. It has also recognized certain investor associations through which the investor is educated.</p> <p><b><u>Financial Literacy – cum – Counselling Centre (DEC 2011)</u></b></p> <p>RBI has advised State Level Bankers' Committee convenor banks to set up, on a pilot basis, a financial literacy – cum – counseling centre in any one district, and based on the experience gained, to ask the concerned lead banks to set up such centres in other districts. It has also undertaken a project on financial literacy by asking banks to introduce comic books explaining terms like inflation, how to open an account, interest rates, etc.</p>
<p><b>INITIATIVES TAKEN SO FAR ON FINANCIAL LITERACY IN INDIA (IMPORTANT)</b></p>	<p><b>RBI's Initiatives</b></p> <p>RBI has undertaken a project titled "Project Financial Literacy". The objective of this project is to disseminate information regarding the central bank and general banking concepts to various target groups like school and college students, women, rural and urban poor, defense personnel and senior citizens.</p> <p>This project has been implemented in two modules, one module focusing on the economy, RBI and its activities, and the other module on general banking. The material is created in English and other vernacular languages.</p> <p><b>SEBI's Initiatives</b></p> <p>SEBI has started a nationwide financial education campaign to impart financial education to various target groups like school and college student, working executives, home makers, retired personnel, self help group etc.</p> <p>Investor education programmes are conducted by SEBI through investor associations all over the country. Regional seminars are conducted by SEBI through various stakeholders viz. Stock Exchanges, Depositories, Mutual Funds Association of Merchant Bankers etc.</p> <p><b>Ministry of Corporate Affairs (MCA) Initiatives</b></p> <p>Ministry of Corporate Affairs (MCA) has a dedicated approach for empowering investors through education and awareness building.</p> <p>MCA on 27<sup>th</sup> September, 2007 launched a website <a href="http://www.iepf.gov.in">www.iepf.gov.in</a>. **How to file a complaint on Scores? (DEC 2014)**

- To register a complaint online on SCORES Portal (<http://scores.giv.in>) click on Complaint Registration under Investor Corner.
- The complaint registration form contains personal details and complaint details.
- There are certain mandatory fields in the form. These fields includes name, Address for correspondence, state, email address.
- After filling the personal details, select the complaint category, entity name, nature of complaint related to, complaint details in brief (upto 1000 characters)
- A PDF document (upto 1MB of size for each nature of complaint) can also be attached along with the complaint as the supporting documents.

**What are the limitations in dealing with complaints?**

Sometimes a complaint is successfully resolved and the entity is advised to send reply to complainant. But in certain cases, the entity or company denies wrongdoing, and it remains unclear as to who is wrong or whether any wrongdoing occurred at all. If this happens, SEBI cannot act as a judge or an arbitrator and force the entity or company to resolve the complaint. Further, SEBI cannot act as personal representative or attorney of the complainant. Securities laws and other laws provide important legal rights and remedies if an investor has suffered wrongdoing. On their own, investors can also seek to resolve their complaint through the courts, consumer courts, or arbitration.

**When can a case be referred for arbitration?**

If the grievance is not resolved by the Stock Exchange/Depository due to disputes, an investor can file arbitration subject to the Bye-laws, Rules and Regulations of the exchange / Depository. All claims, differences or disputes between the investors and stock brokers/depository participants can be filed for arbitration. To obtain information about when and how to file an arbitration claim, please visit:

Simplified arbitration can be a less costly alternative to legal recourse before the courts of law. If the investor has an account with the broker or a depository participant (DP), he/she can choose arbitration to settle disputes. The investor generally cannot pursue an issue through arbitration if it is barred by limitation prescribed. When deciding whether to arbitrate, the investor has to bear in mind that if the broker or DP goes out of business or declares bankruptcy, he/she might not be able to recover money even if the arbitrator or court rules in his/her favor. However, with certain restriction to the nature of transactions, Stock Exchanges may settle on case to case basis the claim of an investor up to a limit prescribed in the "Investor protection fund" guidelines of the respective Stock Exchange.

The claimant is required to carefully review the rules governing simplified arbitration before filing a claim and should also weigh the costs of arbitrating against the likelihood of being able to collect any award in favor. An investor, who has a claim / counter claim upto 10 lakh and files arbitration reference for the same within six months, need not make any deposit for filing arbitration.

**When can SEBI take action for non-resolution of the complaint?**

While the entity is directly responsible for redressal of the complaint, SEBI initiates action against recalcitrant entities on the grounds of their unsatisfactory redressal of

**TREASURY BILLS**

1. Ajay purchases 8.4% Government of India Bond, 2018 of face value of Rs. 20 Lakhs @102.5 for every unit of security having face value of Rs. 100. The settlement is due on 13<sup>th</sup> October 2009. What is the amount to be paid by Ajay? Assuming that interest is payable on 13<sup>th</sup> May and 13<sup>th</sup> November every year). (June 2009 Scanner Page 6.150)

**Ans.**

Coupon rate – 8.4%

Year of maturity – 2018

Face value of ₹20 lacs @ ₹102.50

Therefore, the principal amount payable is ₹20 lacs × 102.50 = ₹20,50,000

Interest for the period from 13-5-09 to 13-10-09

No. of days	
May	18
Jun	30
July	30
Aug	30
Sep	30
Oct	12
	<b>150</b>

Interest Payable =  $\frac{20,000 \times 8.40 \times 150}{360 \times 100} = ₹70,000$

Total amount to payable by Mr. X = ₹20,50,000 + ₹70,000 = ₹21,20,000

2. On 25<sup>th</sup> January 2013, XY Bank purchased a 91-day treasury bill maturing on 16<sup>th</sup> March 2013. The rate quoted by the seller is Rs. 99.25 per Rs. 100 face value. Compute the yield percentage of the treasury bill. (Dec 2014 Scanner Page 6.151)

**Ans.**

The days to maturity of Treasury Bill are 50 days (January – 7 days, February – 28 and March – 15).

$$YTM = \frac{(100 - P) \times 365 \times 100}{P \times D}$$

Where YTM = Yield percentage

P = Price

D = Days to maturity

Putting the relevant figures in the above equation,

$$YTM = \frac{(100 - 99.25) \times 365 \times 100}{99.25 \times 50} = 5.516\%$$

3. On 30<sup>th</sup> October 2005, Shan Co-operative buy 91 days Treasury bill maturing on 24<sup>th</sup> December 2005. The rate quoted by the seller is 99.25 per Rs. 100 Face value. Calculate the yield percentage of the Treasury Bill. (June 2006 Scanner Page 6.156)

**Ans.**

As we know yield to maturity or

$$YTM = \frac{(100 - P) \times 365 \times 100}{P \times D}$$

Where,

P = Price = 99.25

D = Days to maturity = 55 days

Now putting these – informations into above equation,

$$\begin{aligned} YTM &= \frac{(100 - 99.25) \times 365 \times 100}{99.25 \times 55} \\ &= \frac{(0.75) \times 365 \times 100}{5458.75} \\ &= \frac{27,375}{5458.75} \\ &= 5.01\% \end{aligned}$$

4. As on 1<sup>st</sup> April 2008 Cash Rich Ltd has surplus cash for six months. It has following two options under consideration for investing the surplus cash:

i) to invest in fixed deposit at the interest rate of 8% per annum payable quarterly and

ii) to buy treasury bills of the face value of Rs. 100 at Rs. 98.019 with maturity after six months.

Presuming the risk involved in both the options is identical, state giving reasons which option should be selected by the company for investing its surplus funds. (June 2008 Scanner Page 3.156)

**Ans.**

Option – (i): Investment in fixed deposits:

Rate of Int. = 8% p. a. (quarterly payable)

Quarterly Rate of Interest =  $8/4 = 2\%$  per quarter effective rate of interest for 2 quarters.

$$\begin{aligned} &= [(1.02 \times 1.02) - 1] \times 100 \\ &= 4.04\% \end{aligned}$$

Option – (ii) Invest in T – Bills

$$YTM = \frac{(100 - P) \times 365 \times 100}{P \times D}$$

Where,

P = Price of T – Bill = ₹98.019

D = Days to maturity = 183 days

$$\text{Yield to maturity (YTM)} = \frac{(100 - 98.019) \times 365 \times 100}{98.019 \times 183}$$

$$= 4.03\%$$

### MUTUAL FUNDS

5. If Rahul invests Rs. 10,000 in a scheme that charges 2% Front end load at an NAV of Rs. 10 per unit, what shall be the public offer price? (Dec 2008 Scanner Page 6.171)

**Ans.**

(i) **NAV:** It stands for “Net Assets Value” which is the value of the assets of each unit of the scheme of mutual fund. It is computed as follow:

NAV (₹) =  $\frac{\text{Market Value of Investment} + \text{Current Assets}}{\text{Liabilities}}$

$\frac{\text{Liabilities}}{\text{No. of outstanding units}}$

(ii) **Offer – Price:** It means public offer price, i. e. money payable by an investor for buying an unit of scheme of mutual fund.

(iii) **Public – Offer Price is computed as:**

$$\text{Public – offer Price} = \frac{\text{Net Assets Value}}{1 - \text{front end load}}$$

In this question, NAV = 10.00 & FEL is 2%, So, POP =  $\frac{10}{(1 - 0.02)}$

= ₹10.20

6. The redemption price of a mutual fund unit is Rs. 48 while the front end load and back end load charges are 2% and 3% respectively.

You are required to calculate:

i) Net Asset Value per unit and

ii) Public offer price of the unit. (June 2010 Scanner Page 6.171) (June 2014 Scanner page 6.172)

**Ans.**

Information's as per question

Redemption price of Mutual Fund = ₹48

Front end Load = 2% @ 0.02

Back end Load = 3% or 0.03

Now,

(i) Net Assets value = ?

We know Redemption price = N. A. V/(1+ Back end Load)

Now putting figures with the help of question

$$48 = \text{NAV}/(1+0.03)$$

$$\text{Or, } 48 = \text{NAV}/(1.03)$$

$$\text{Or, NAV} = 48 \times (1.03) = ₹49.44$$

$$\text{(ii) Public offer price} = \frac{\text{Net Asset Value}}{(1-\text{Front End Load})}$$

$$= \frac{49.44}{(1-0.02)} = \frac{49.44}{(.98)}$$

$$= 50.45$$

7. Super Mutual Fund has launched a scheme named Super Bonanza. The net asset value (NAV) of the scheme is Rs. 12 per unit. The redemption price is Rs. 11.65 per unit and offer price is Rs. 12.50 per unit. You are required to Calculate:

i) Front end load and

ii) Back end load. (June 2015)

**Ans.**

Given,

NAV = ₹12

Redemption price = ₹11.65

Offer Price = ₹12.50

(i) Frond – end Load:

We know,

$$\text{Offer Price} = \frac{\text{NAV}}{1-\text{Front End Load}}$$

$$₹12.50 = ₹ \frac{12}{1-\text{Front End Load}}$$

$$\text{Or, } 1 - \text{Frond End Load} = \frac{12}{12.50} = 0.96$$

$$\text{Frond end load charges} = 1 - 0.96 = 0.04 \text{ or } 4\%$$

(ii) Back – end Load

We know,

$$\text{Redemption Price} = \frac{\text{NAV}}{1+\text{Back End Load}}$$

$$₹11.65 = ₹ \frac{12}{1+\text{Back End Load}}$$

$$\text{Or, } 1 + \text{Back End Load} = \frac{12}{11.65} = 1.03$$

$$\text{Back end load charges} = 1.03 - 1.00 = 0.03 \text{ or } 3\%$$

8. A unit of Evergrow Equity Fund is redeemed at Rs. 15 the exit load being 2.25%. Calculate NAV. (June 2008)

**Ans.**

As given in question,

Redemption Price = 15

% of Exit Load = 2.25%

As, we are aware,

$$\text{Redemption price} = \frac{\text{NAV}}{1 + \text{Exit Load}}$$

Or, NAV = Redemption Price (1+Exit Load)

$$= 15 (1 + 2.25\%)$$

$$= \frac{15(1+2.25)}{100}$$

$$= 15 (1.0225)$$

$$= ₹15.34$$

9. Safal Mutual fund provides the following information related to one of its Schemes:

Market Value of funds portfolio	4,200 Crores
Receivables	Rs. 100 Crore
Accrued Income	Rs. 100 Crores
Liabilities	Rs. 150 Crores
Accrued Expenses	Rs. 275 Crores

You are required to calculate net asset value of the scheme and rate of return if a unit holder has purchased units at NAV of Rs. 15 per unit and received a dividend of Rs. 2 per unit during the period. (Dec 2006)

**Ans.**

(i) NAV of the scheme,

(a) Calculation of Total Assets.	₹ In Crore
Market value of portfolio funds	= ₹4200
Receivables	= ₹100
Accrued Income	= ₹100
(A)	= ₹4,400
(b) Calculation of Total Liabilities:	
Liabilities	= ₹150
Accrued expenses	= ₹275
(B)	= ₹425
(c) Calculation of Net Assets (A – B) ₹4,400 - ₹425	= ₹3,975

$$(d) \text{ NAV (per Unit) } = \frac{\text{Net Assets}}{\text{No. of Outstanding units}}$$

$$= ₹ \frac{3,975}{200 \text{ crore}}$$

$$= ₹ 19,875$$

$$(e) \text{ Rate of Return:- } = \frac{(\text{NAV at present} - \text{NAV at purchase}) + \text{Dividend} \times 100}{\text{NAV at Purchase}}$$

$$= ₹ \frac{(19,875 - 15) + 2 \times 100}{15}$$

$$= \frac{6,875 \times 100}{15}$$

$$= 45.83\%$$

10. From the following data, determine the Net asset value of a regular income scheme: (Rs. Lakhs)

Listed Shares at cost (Ex dividend)	20.00
Cash in Hand	1.23
Bonds and Debentures at cost	4.30
Of the above, bonds and debentures not listed and quoted	1.00
Other fixed interest securities at cost	4.50
Dividend accrued	0.80
Amount payable on shares	6.32
Expenditure accrued	0.75
Current Realisable value of fixed income securities of face value of Rs. 100 each	106.50

Number of units (Face value Rs. 10 each) is 2,40,000. All listed shares were purchased at a time when Index was 1,200. On NAV Date, the Index is ruling at 2,120. Listed bonds and debentures carry market value of Rs. 5 Lakh on NAV Date. (Dec 2007)

**Ans.**

#### Calculation of NAV (per unit)

Particulars	Workings	₹ (in Lakh)
Total Assets	$20 \times 2,120$	35.33

#### RIGHT ISSUE

11. The following information is given:

No. of Right Shares Offered	6,000
No. of Shares Held	3,000
Ex-Right Price	Rs. 32
Rights Offer Price	Rs. 25
Face Value of Share	Rs. 10

You are required to compute the value of Rights. (Dec 2014)

**Ans.**

In case of Mutual Fund, the value of right shares can be calculated by following the below mentioned formula i. e.

$$V_r = \frac{n}{m} (P_{ex} - P_{of}) \text{ ----- (1)}$$

Where,

$V_r$  = Value of right

$n$  = no. of rights shares offered = 6,000

$m$  = no. of original shares held = 3,000

$P_{ex}$  = Ex – right Price = ₹32

$P_{of}$  = Rights offer Price = ₹25

Now, putting these values in equation (1).

$$V_r = ₹ \frac{6,000}{3,000} (32 - 25)$$

=₹14/-

12. Calculate value of Rights from the following information:

Number of Rights Shares Offered	2,500
Number of Shares Held	1,000
Ex-Rights Price	Rs. 18
Rights Offer Price	Rs. 15
Face Value of a Share	Rs. 10
(June 2015)	

**Ans.**

In case of mutual fund, the value of right shares can be calculated by following the below mentioned formula i. e.

$$V_r = \frac{n}{m} (P_{ex} - P_{of}) \text{ --- (1)}$$

Where,

$V_r = \text{Value of right}$

n = Number of right shares offered = ₹2,500

m = Number of original shares held = ₹1,000

P<sub>ex</sub> = Ex – right Price = ₹18

P<sub>of</sub> = Right offer price = ₹15

Now, if we put these values in equation (1)

$$V_r = \frac{2,500}{1,000} (18 - 15) \\ = ₹7.5$$

13. Somnath Ltd has a Share Capital of 50,000 Equity Shares of Rs. 100 Each. Market Value is Rs. 250 per share. The company decides to make a rights issue to the existing shareholders in proportion to one new rights share of Rs. 100 each at a premium of Rs. 30 per share for every 5 shares held. Calculate the value of rights. (Dec 2015)

**Ans.**

In case of mutual fund, the value of right shares can be calculated by following the below mentioned formula i. e.

$$V_r = \frac{n}{m} (p_{ex} - p_{of}) \text{ --- (1)}$$

Where,

$V_r = \text{Value of right.}$

n = Number of right shares offered = 1

m = Number of original shares held = 5

P<sub>ex</sub> = Ex – right Price = ₹250

P<sub>of</sub> = Rights offer price = ₹130

Now, if we put these values in equation (1)

$$V_r = \frac{1}{5} (250 - 130) \\ = ₹24$$

### STOCK MARKET PRICES

#### Share B

Date	Time	Price	No. of Share Traded
18 <sup>th</sup> September 2014	14:07:30	50.60	250
18 <sup>th</sup> September 2014	14:11:40	52.10	585
18 <sup>th</sup> September 2014	14:16:20	49.85	700
18 <sup>th</sup> September 2014	14:26:25	51.25	425
18 <sup>th</sup> September 2014	14:45:10	50.75	450
18 <sup>th</sup> September 2014	14:55:35	49.95	500

You are required to determine the closing prices and last traded prices for both the shares for 18<sup>th</sup> September 2014. (Dec 2014)

**Ans.**

Before solving this question it is desired to understand meaning of these 2 terms:

**(i) Closing Prices:** The closing price of scrips is computed by the Stock Exchange on the basis of weighted average price of all trades executed during the last 30 minutes of the continuous trading session i. e. between 3.00 pm to 3.30 pm for every trading session, unless there is trading halt due to any reasons. However, if there is no trade recorded during the last 30 minutes, then the last traded price of a scrip in the continuous trading session is taken as the official closing price.

**(ii) Last Traded Prices:** It means the last price at which Scrips are sold. Now, the prices are calculated as thus:

#### Share A

Date	Time	Price (₹)	No. of Shares Traded	Price × Shares Traded
September 18, 2014	15:00:20	380.99	1,514	576818.86
September 18, 2014	15:01:30	381.79	1,625	620408.75
September 18, 2014	15:05:40	380.38	1,025	389889.5
September 18, 2014	15:10:20	381.51	1,390	530298.9
September 18, 2014	15:20:25	381.42	800	305136
September 18, 2014	15:22:20	384.07	600	230442
September 18, 2014	15:25:55	383.74	1,200	460488

So,

- Closing Price =  $3113482.01 / 8154 = ₹381.83$
- Last Trading Price = ₹383.74

#### Share B

Since, there is no transaction of Shares – B during the last 30 minutes (3:00 – 3:30 PM), the last traded price will be taken as closing price.

- Closing Price = ₹49.95
- Last Trading Price = ₹49.95

#### DELISTING

ABC Ltd. a company whose equity shares are listed at BSE and NSE is seeking delisting of its equity shares from both the recognized stock exchanges. It provides an exit opportunity to all public shareholders in accordance with SEBI (Delisting of Equity Shares) Regulations, 2009. Calculate the minimum number of

equity shares to be acquired for the delisting offer to be successful. Also determine the final offer price from the details given hereunder:

(i)

	Number of shares	Percentage holding
Promoter	75,00,000	75
Public	25,00,000	25
	<b>1,00,00,000</b>	<b>100</b>

(ii) The floor price in terms of SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 is ₹ 550 per share.

(iii) Assume that all the public shareholders holding shares in the demat mode had participated in the book building process as follows:

Bid Price (₹)	Number of Investors	Demand (Number of Shares)
550	5	2,50,000
565	8	4,00,000
575	10	2,00,000
585	4	4,00,000
595	6	1,20,000
600	5	1,30,000
605	3	2,10,000
610	3	1,40,000
615	3	1,50,000
620	1	5,00,000
	<b>48</b>	<b>25,00,000</b>

(Dec 2017)

(5 marks)

ANSWER:

(1) An offer shall be deemed to be successful if post offer the shareholding of the promoter and the persons acting in concert taken together reaches the higher of:

(i) 90% of the total issued shares excluding ADR/GDR/overseas depository receipts; or

(ii) The aggregate percentage of pre offer promoter shareholding (along with persons acting in concert with him) and 50% of the offer size.

a)  $90\% - 75\% = 15\%$  ( $1,00,00,000 \times 15\% = 15,00,000$  shares)

b)  $[75\% + (50\% \times 25\%)] - 75\% = 12.5\%$  ( $12,50,000$  shares)

Higher is 15,00,000 shares

(2) Final Offer price = weighted average price of book building as under:

Bid Price (₹)	Demand (Number of Shares)	Weighted Average
550	2,50,000	137500000
565	4,00,000	226000000
575	2,00,000	115000000
585	4,00,000	234000000
595	1,20,000	71400000
600	1,30,000	78000000
605	2,10,000	127050000
610	1,40,000	85400000
615	1,50,000	92250000
620	5,00,000	310000000
	<b>25,00,000</b>	<b>1476600000</b>

Weighted average price =  $1476600000 / 2500000 = 590.64/-$

## JUNE 2018 ANSWERS OF PRACTICAL QUESTIONS

1. Attempt the following questions:

(a) Earnings per share of Alxa Piston Ltd. expected at the end of the year 2015-2016 is ₹ 18. The earnings per share in the year 2014-2015 is ₹ 16. The required rate of return is 25% p.a. and the dividend pay-out ratio is 30% which is expected to remain constant. If the earnings are expected to grow at the historical growth rate, compute the value of the share of the company at the beginning of 2015-2016. (4 marks)

**ANSWERS:**

1. Growth Rate =  $\frac{18-16}{16} \times 100$

= 12.5%

2.  $DPS_1 = EPS \times \text{payout \%}$

$D_1 = 18 \times 30\%$

= ₹ 5.4

3.  $P_0 = \frac{D_1}{K_e - g} \rightarrow$  Growth rate not applied as price at beginning is asked.

=  $5.4 / (25\% - 12.5\%)$

= ₹ 43.2/-

∴ Dividend growth model on Gordon's formula.

(b) Narender purchased a bond with face value of ₹ 1,000 for ₹ 950. The coupon rate on the bond is 12%. If he sells the bond one year later for ₹ 960. Compute the holding period return for Narender. (3 marks)

**ANSWERS:**

Holding period return =  $(\text{Earnings} + \text{Appreciation}) / \text{Initial Investment} \times 100$

=  $[(1000 \times 12\%) + (960 - 950) / 950] \times 100$

=  $[(120 + 10) / 950] \times 100$

= 13.68%

∴ Holding period return of fund is 13.68%.

(c) The following is the information pertaining to the portfolio of Dolex Mutual Fund:

Stock	No. of Shares	Current Market Price (₹)
L & T	1,10,000	2,685.45
Cipla	3,12,000	259.95
Wipro	4,50,000	523.10
HDFC	3,90,000	883.30
Tata Steel	2,99,000	502.75

The fund has not borrowed any money, but its accrued management fee with the portfolio manager currently total 30,00,000. The number of units outstanding is 10,75,73,000. Compute the value of the portfolio and NAV. (4 marks)

**ANSWERS:**

Value of portfolio = Sum of (No. of Shares × Market Price)

=  $(1,10,000 \times 2685.45) + (3,12,000 \times 259.95) + (4,50,000 \times 883.30) + (2,99,000 \times 502.75)$

= 29,53,99,500 + 8,11,04,400 + 23,53,95,000 + 34,44,87,000 + 15,03,22,250

= 110,67,08,150/-

∴ Value of portfolio = 110.67 Crores.

(2) NAV =  $(\text{Value of portfolio} - \text{Accrued Exp}) / \text{No. of Units}$

=  $(110,67,08,150 - 30,00,000) / 10,75,73,000$

= ₹ 10.26/Unit

∴NAV of unit is 10.26/unit.

(d) **Blue Line Shoe Company** is contemplating a debenture issue on the following terms:

Face Value	₹ 1,000
Term to Maturity	7 years
Coupon Rate of Interest :	
Years 1-2	10% p.a.
3-4	12% p.a.
5-7	15% p.a.

The current market rate of interest on similar debentures is 15% p.a. The company proposes to price the issue so as to yield a (compounded) return of 16% p.a. to the investors. The debentures would be redeemed at a premium of 12% at the end of seven years. Compute the maturity price of the debentures. (4 marks)

**ANSWERS:**
