Preface to the Forty-nineth Edition

It is with pride and pleasure that we place before the readers the forty-nineth edition of our book "Systematic Approach to Income-tax" containing Income Tax. This book caters to the revised syllabus of CA Inter. The book contains Income-tax.

The main features of this book are:

- It is user-friendly and provides information in a concise manner.
- It is a comprehensive and critical study of the law relating to Income Tax.
- Even the last-minute changes in the law have been incorporated in the book and it is, therefore, the latest and most up-to-date book for the Assessment Year 2024-25. The amendments made by the Finance Act, 2023 have been given at appropriate places in the book.
- All important case-laws and circulars/notifications have been incorporated.

We also appreciate the efforts put in by Sh. Sandeep Garg, Ms Sunita Kackar and the entire team of M/s Commercial Law Publishers (India) Pvt. Ltd. in bringing out the book in a very precise time and with excellent quality.

We look forward to the comments, suggestions and criticisms from the readers.

Budget statement: Every year a Budget is presented before the Parliament by the Finance Minister. One of the two important components of the Budget is the Finance Bill, which contains the financial proposals of the Central Government for the next financial year. The Bill contains various amendments which are sought to be made in the laws of direct and indirect taxes fixed by the Central Government.

The Finance Bill also specifies the rates of income-tax and other taxes which are given in the First Schedule attached to each Finance Bill. The First Schedule gives the rates of income-tax in 3 parts.

Part-I: It gives the normal rates of income-tax for various assessors for the current assessment year, e.g., the Finance Act, 2023 had given the rates of income-tax for the assessment year 2023-24 and the Finance Act, 2023 has given the rates of income-tax for the assessment year 2024-25.

Part-II: It gives the rates for deduction of tax at source (TDS) from the income earned in the current financial year, e.g., the Finance Act, 2023 has given the rates at which tax is to be deducted at source in the financial year 2023-24. Similarly, the Finance Act, 2024 shall give the rates of TDS on the incomes earned during the financial year 2024-25.

Note: A certain rates of TDS are given in the Income-tax Act itself.

Part-III: It gives the normal rates for calculating income-tax for deducting tax from income chargeable under the head 'Salaries'. The same rates are applicable for computation of advance tax to be paid in the current financial year for incomes taxable at normal rates, e.g., Finance Act, 2023 had given the rates for the computation of advance tax for the financial year 2022-23 (i.e., assessment year 2023-24) and the Finance Act, 2024 has given the rates of advance tax for financial year 2023-24 (i.e., assessment year 2024-25).

3. When the Finance Bill is approved by both the Houses of Parliament and receives the assent of the President, it becomes the Finance Act. The provisions of such Finance Act are thereafter incorporated in the Income-tax Act.

2. Part-III of Schedule I of a particular Finance Act, which gives the rates for computation of Advance Tax and TDS on salary, etc., generally becomes Part-I of the subsequent Finance Act, e.g., Finance Act, 2022, Part-III, had given the rates for computation of advance tax for the financial year 2022-23 (i.e., assessment year 2023-24). The same rates have become the rates of income-tax for the assessment year 2023-24 in the Finance Act, 2024. Similarly, rates given under Part-III of Schedule I of the Finance Act, 2023 will become Part-I of Schedule I of the Finance Act, 2024 and these will be the rates of income-tax for assessment year 2024-25.

3. The total income of the assessee is taxable at the following two rates:

- (1) Normal rates, which are given in section 2 of Chapter II read with First Schedule of the Finance Act, every year.
- (2) Special rates, which are given in the Income-tax Act itself, e.g., long-term capital gain is taxable @ 10% 20%, short-term capital gain referred to in section 111A is taxable @ 15% and income from lotteries, crossword puzzles, and income from transfer of virtual digital assets, etc., is taxable @ 30% for assessment year 2024-25.

Note: The rates of income-tax other than of TDS given in the first schedule are for those assessees who opt to be taxed or wish to remain under the old regime of taxation.

The concessional rates of income-tax other than of TDS for certain assessees are also given under various sections, mentioned below provided certain conditions specified in the relevant sections are satisfied.

- (1) For a domestic company, the concessional rate of income-tax is given under section 115BAA or 115BAB (known as new regime of taxation). Such concessional rate of tax is applicable, if the conditions mentioned under sections 115BAA(2) or 115BAB(2), as the case may be, are satisfied. In this case the company has to opt for the new regime of taxation, otherwise it will remain under the old regime.
- (2) For an individual or HUF or AOP/BOI or an artificial juridical person, the concessional rates of income-tax are given under section 115BAC(1A). Such concessional rates of income-tax are applicable if certain conditions mentioned under section 115BAC(2) are satisfied. These rates are default rates under the new regime and applicable for such assessees unless he/she opts to be taxed under the old regime. Section 115BAC, shall be discussed in details, separately under Chapter 13, (i.e., Assessment of Individuals).
