

Apollo

Design by Justin Hutchinson
for Kett
2023

Living

Ocean waves roll along a shoreline, sunlight dances in the ocean spray.

Inspired by days wandering along Apollo Bay, each piece is handcrafted from Twitchell fibre, woven onto powder coated aluminum frame, a blend of comfort, elegance, and durability.

Unwind in Apollo lounge chair, recline on the 2-seat sofa, or gather on the generous 3-seat sofa.

Materials

Aluminium powder coated frame in-filled with woven twitchell for ultimate strength & breathability.

Seat & back cushions consist of all weather reticulated foams surrounded with 200 grams of Dacron, providing ultimate breathability & drainage.

The sofa frame is uniquely hand woven with a twitchell UV stable rope.

Woven Twitchell Frame

Weave is colour matched to the powder coat finishes (Ciarra & Shell).

Powder Coat

Ciarra (88)
 Shell (25)

When placing an order, replace the 'A' in the product code with the desired powder coat finish.

Fabrics

Choose from our curated range of durable outdoor fabrics.

Back Cushion

The Back Cushion is the softest, made from a combination of cut foams, providing comfort when sitting back into the sofa.

Lumber Cushion

Provides support for the lower back and allows for adjustment of sofa depth to suit the user's height and proportions, ensuring comfort and customisation.

Base Cushion

Featuring a base cushion with a composition of 5 different foam and material densities, designed with consideration for the initial sit, ongoing comfort, and ease of departure from the sofa.

Expressed Seam

Defining the signature lines of Apollo.

Woven Outer

460 meters of intricately hand-woven UV stable rope, taking skilled craftspeople 40 hours to complete.

Aluminium Base

Available in two powder coat colours for personalisation to suit your space, while being a durable foundation for the sofa.
