CITY LIGHTS

RP-E-1512

Contemporary glamour is tempered by the minimalist simplicity of City Lights. Pared back design marries elongated lines and pure geometric form, creating a light evoking Melbourne's eclectic and sophisticated style.

City Lights can be used solo in intimate spaces, or be curated into a cluster of uniform or varying heights. Expand City Lights into an impressive chandelier as the design focus for a grand dining area or reception hall.

Available in a variety of solid brass and other customised finishes, featuring a high performance integrated LED light source.

RAKUMBA DESIGN TEAM

The phrase 'Making Beauty' truly represents why we do what we do. We're passionate about lighting and about authentic design.

Rakumba's design team is focused on beauty, detail and going beyond the ordinary. Rakumba Design is present at every stage of making the beautiful decorative lighting we offer.

Our people all contribute to the design thinking behind our products, ensuring that the collaboration we value reflects individual expertise and experience. We collectively solve problems and manage risk through a design-led approach, which is critical to our advancement and progress in lighting design, manufacturing and technological integration.

We think it's important for every product to have its own story. We concentrate on narrative and form, materiality and manufacturing techniques. It's all part of our ethos of uncompromisingly driving for perfection, achieving complex products that appear effortless.

At Rakumba, design is critical to making beauty.
