COAST
NEW ZEALAND

The award winning Marine Bean and Isla collections represent everyday luxury that is made for life.

COAST began as a specialist supplier to the exclusive super yacht market and continues to employ many of the materials and methods that were previously the reserve of luxury yacht building.

The result is a luxurious outdoor collection that is durable enough to have circumnavigated the world aboard the winning boat in the Volvo Ocean Race, yet smart enough to have been selected

by Louis Vuitton for its America's Cup hospitality bases.

While retaining their nautical pedigree, the Marine Bean and Isla collections have found a home ashore in 5 star hotels and resorts from Queenstown to the Maldives, as well as private homes, villas and beach houses worldwide.

All COAST outdoor beanbags are designed and made in New Zealand from marine grade Sunbrella® brand fabric and are guaranteed against fading and deterioration.

ABOUT THE MARINE BEAN RANGE

The Marine Bean collection is perfect for relaxing on deck, around the pool, out on the lawn or at the beach. Tough enough to stay outdoors year round, yet smart enough to complement the most elegant interior.

Nine precisely shaped panels give the classic Marine Beans (XL and XXL) their uniquely comfortable shape, while the Marine Bean Chair offers a more structured seating alternative.

Designed and made in New Zealand from marine grade Sunbrella® brand fabric, you can relax in the knowledge that the Marine Bean will withstand prolonged exposure to the elements and continue to look superb.

Each Marine Bean includes a waterproof liner, allowing the Sunbrella® shell to be removed for cleaning, airing or winter storage.
