MAI

ILIA ECKARDT

The organic structure of the fully knitted Mai collection originates from the design philosophy of creating intense connection between people and nature, incorporating elements of nature into design. Designer Ilia Eckardt's contemporary approach to traditional knitting techniques results in this sophisticated leaf inspired texture that subtly plays with directions, showcasing experimentation in the design.

FABRICS & MATERIALS

MATERIALS

Vilex Weave

Vilex material is composed of solution-dyed PVC-coated polyester. This characteristic not only grants Vilex products outstanding UV resistance but also imparts effortless cleanability due to the non-absorbent nature of the yarns. These yarns facilitate rapid drying and exhibit stain-repelling qualities. Every item crafted from Vilex undergoes a manual weaving process, contributing to an artisanal aesthetic and ensuring the distinctiveness of each product.

HOW TO MAINTAIN YOUR FURNITURE

MAINTENANCE

Vilex Weave

Vacuum the material regularly to remove loose dirt. Clean with a garden hose and remove stubborn stains with Synthetics Super Cleaner. To protect against stains, Synthetics Protector can be used which applies an invisible film.

PROTECTION COVERS

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew. Nevertheless, they are not 100% waterproof. Always make sure that furniture, cushions and covers are completely dry before covering furniture.
