

Aireys

Design by Justin Hutchinson
for Kett Studio
2017

Lounge Chair

A lighthouse perched above the waves surrounded by reef, rock pools and sheltered coves.

The refined lines of the Aireys Collection are built to withstand nature's elements, with teak or ceramic features, powder coated aluminium frames and all weather fabrics.

Materials

Aluminium powder coated frame in-filled with tensioned batyline for ultimate strength & breathability.

Seat & back cushions consist of all weather reticulated foams surrounded with 200 grams of Dacron, providing ultimate breathability & drainage.

Back rests are uniquely hand woven with a twitchell UV stable rope.
