Standley

Design: Jon Goulder

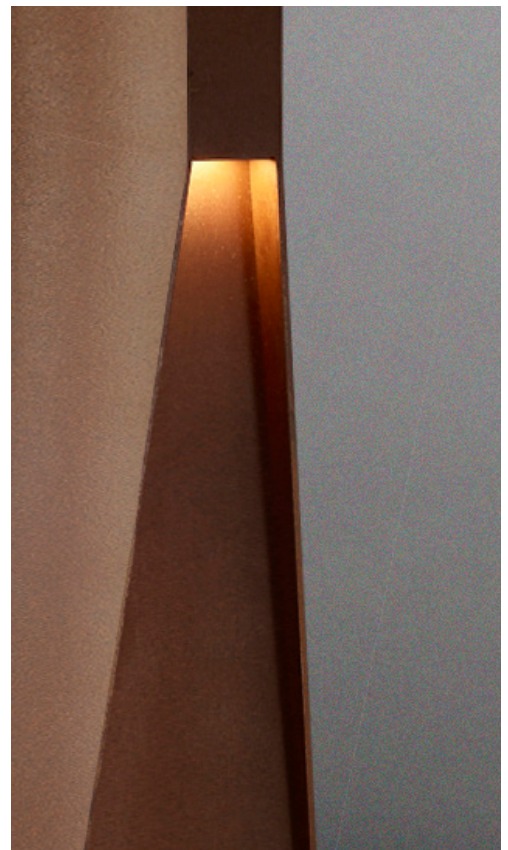

Teaming up with Rakumba, renowned furniture designer Jon Goulder has stepped into the realm of outdoor lighting with the Standley family. Referencing the natural beauty of Australia's Standley Chasm and iconic Australian architecture, the new collection pays tribute to crisp lines and monumental form. With raw finishes, natural stone materials and the creative freedom of custom colours and facades, Standley is as diverse as the landscape around it.

Jon Goulder is a fourth generation furniture maker, he left his family business to study furniture design and fine woodworking at Canberra School of art under the direction of the late George Ingham. After leaving Canberra School of Art he established his design consultancy. Jon's work has featured in a number of major exhibitions and publications around the world. His work is held in permanent collections by most State and National Museums and Art Galleries including the National Gallery of Australia.

Rakumba has been producing custom-made feature lighting for the Australian design industry since 1968. Collaborating with designers across a wide range of sectors from commercial to residential, we take pride in our bespoke service, attention to design detailing and ability to deliver on any scale of project.
