

# NOMAD POUFS

MONICA ARMANI

## DESCRIPTION

As with nomads, these poufs will wander throughout your garden or terrace, serving different functions at any given moment: footstool, side table or additional seating. The Nomad poufs have been designed especially for outdoor use. Thanks to the draining structure and marine-quality multiplex base, they are entirely waterproof. Designer Monica Armani gave these islands of soft seating a harmonious and flowing form. Supported by three hidden legs, the poufs seem to float just above the ground. The refined fabric, available in a multitude of nature inspired colours, impart a luxurious look and soft touch. The multifunctional Nomads are available in three sizes which can be grouped in beautiful compositions.

## MATERIALS

- Base: marine-quality multiplex
- Structure: EPS and dryfoam
- Feet: plastic gliders with replaceable inserts. Inserts available in plastic and felt.
- Upholstery: outdoor fabric, available in all colours in category D, E & F.

## PROTECTION COVERS

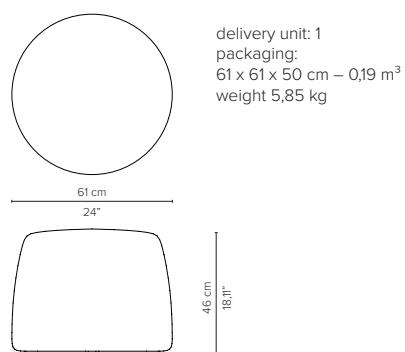

For each item a cover is available that protects the furniture against dirt. These covers in grey colour are made of PU coated polyester which is water-repellent (but not 100% waterproof) and UV-resistant. Thanks to their excellent breathable qualities the covers reduce condensation and heat build-up, helping to prevent the formation of mold and mildew.

## MAINTENANCE

During cloudy weather or in the shade, lightly moisten the fabric with water and then mist Synthetics Super Cleaner over the surface. If necessary, rub in gently with a soft brush, leave to soak and keep slightly moist. After a few minutes rinse thoroughly with clean water and allow to dry. In case of extreme soiling it is recommended to repeat this treatment.
