

Ballast Compatibility List for T8 LED Tube

1. These tubes are compatible with the ballasts listed below. If you intend to install this tube with any ballast not listed below, risk of damage or losses may occur. We are not liable for any damage or losses incurred by not following the instructions in this document.

2. If you do not see the exact model number of your ballast on this list, it means we have not tested the ballast and cannot guarantee that it will work with our T8 tubes. If this is the case for you, we recommend directly wiring your tubes for the best results.
