150W LED CANOPY LIGHT

The Parmida LED Technologies LED Canopy light is an ideal modern solution to illuminating commercial spaces including parking lots, gas stations, retail spaces, and more. This dependable, easy to install light provides optimal lighting for applications without any blind-spots or light pollution caused by most commercial lighting products. Constructed with a rugged, rust proof die-cast aluminum housing and finished with a UV stabilized powder coat paint, this product will be protected against fade and wear and maintain its durability over time. This product is built with Steady-Dim technology and is compatible with 0-10V dimmers. ETL-listed for optimal safety.

Weight: 9.9 lbs.
Dimensions: 16.5" x 16.5" x 2.6"

MODEL NUMBER

PLED-CNP150W57K-W

PRODUCT SPECIFICATIONS

Wattage	150W
Lumens	19,500LM
Voltage	100-277V AC
Equivalent	400W HPS/HID
Beam Angle	150°
Dimmable	Yes
Material	Aluminum, tempered glass
CCT	5700K
CRI	>80
Base type	N/A
Life	50,000 Hours
Certification	ETL
Environment	IP65 (water resistant), IK08 (impact resistant)
