

ULTRA THIN
TRIM DESIGN

5/6" LED DISK LIGHT

The Parmida LED Technologies 5/6 Inch LED Disk light is a stylish, modern fixture in an attractive flush mount design. Simple and elegant, this light is perfect for every room in any home, and engineered for easy installation with any 5" or 6" can housing, or with a 2.75", 3.5", or 4" junction box. Choose between four color temperatures to create the perfect 15W lighting for your home: Warm White (2700K), Soft White (3000K), Cool White (4000K) or Day Light (5000K). This product is compatible with most LED dimmers, and is wet location rated and UL listed.

Weight: 0.75 lbs.
Dimensions: 7.4" x 7.4" x 1"
