# 4.5 INCH 5W LED RV LIGHT

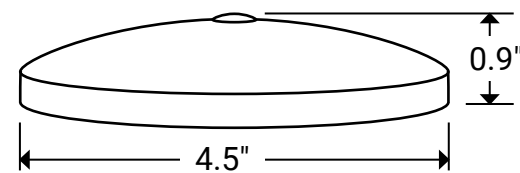

This Parmida LED RV Ceiling Dome Light is a dimmable interior light perfect for your RV, Boat, Trailer, and more. Its low profile, slim design makes it the perfect light for narrow spaces. Constructed with a high quality durable metal body and PC Frosted lens to create a diffusing effect, for softer lighting. Set the color temperature of your light to the desired level with a simple flip of a switch. Choose between Neutral White (3500K), Cool White (4000K), and Day Light (5000K). These Surface Mount RV Lights are quick and easy to install, with the 3 mounting screws required for installation included. Simply cover and rotate the lens after installation.

**Weight:** 0.13 lbs.  
**Dimensions:** 4.5" x 0.9"
