

LED TOWER LIGHT

BLUETOOTH SPEAKER LINKABLE

The Parmida LEDSONIC™ Tower Light comes with an adjustable tripod stand, a high-quality Bluetooth speaker and a carry case. This light is portable and strong, perfect for outdoor use, and on job and construction sites. Three light direction options provide up to 300 degrees of light, and a strong handle lets you carry this light around. Use the Bluetooth speaker to add entertainment to your work day, and enjoy storage space for your tools and smartphone. The LEDSONIC Tower Light is durable and versatile, and easy to set up and transport, with a range of features to offer you more than a standard work light.

Weight 7.2lb
Dimensions 20.9"x20.9"x33.9"(extended) / 8.1"x8.1"x19.7" (folded)
