The Align-Right® Difference

- Promotes proper spinal alignment
- Improves sleep and clinically proven to reduce pain
- Specifically engineered filling
- Machine wash and dry

Promotes Proper Spinal Alignment

Unlike traditional pillows, the Align-Right Sleeping Pillow is designed to promote proper spinal alignment by supporting the natural curve of your neck, which prevents unnecessary stress on the vertebrae. It's unique shape and specifically designed filling helps provide therapeutic relief around the neck and shoulders, so you sleep better.

Improves Sleep and Clinically Proven to Reduce Pain

Drug Free Pain Relief

Pain Reduction Reduction in Pain Medication

*According to CMCC Toronto study

We don't believe in the one-size-fits-all approach

We don't have just 1 size, we have 5!
We recommend visiting your nearest Authorized Align-Right Fitter to help find the size that's just right for you. If there is no dealer near you, please refer to our website for more information.

Specifically Engineered Filling

- Durable, resilient polyester filling
- Fiber specifically made for Align-Right pillows
- Soft single-hollow fiber traps air for loft
- Hypoallergenic and antibacterial
- Hand-weighed and rolled

Over the past 30+ years, we've been committed to finding the perfect blend of comfort and ergonomic excellence so that you can live a healthier life. We want all our customers to be **Aligned Right**.
