GOURMET TREAT DIPPER®: NOMINATED BEST IN CATEGORY 2009 HOUSEWARES DESIGN AWARDS®

This innovative and unique design has captured a 2009 Housewares Design Awards® “Best in Category” nomination for the Back to Basics® Gourmet Treat Dipper®. Create scrumptious caramel apples, gourmet style dipped desserts, candies, or appetizers without gourmet pricing. Have a family fun night to create tasty treats together. Your creativity is the only limitation. This unique appliance comes with a stoneware insert, glass lid and unique dipping forks for easy dipping and coating of a variety of snacks.

The Gourmet Treat Dipper® will hold a full bag of caramels or chocolate chips and accommodates even large apples. The stoneware insert is shaped to perfectly fit, dip and coat apples. The pouring spouts on the stoneware insert assist pouring and serve as a holder for the dipping forks. The High and Low heat settings provide maximum control to perfectly melt, and keep warm, a variety of chocolates and caramels.

Back to Basics® began as a small, Utah based, company that sold home canning and food processing products. Over the years, Back to Basics® has grown into a dynamic and competitive housewares company focusing on innovative products that deliver Family, Food and Fun. Focus Electrics, LLC is a subsidiary of Focus Products Group, LLC, a growth-oriented holding company based out of Vernon Hills, Illinois. Focus Products Group, LLC has other such notable brands as West Bend Housewares®, Jerdon®, Amco Houseworks®, Chicago Metallic®, and Swing-A-Way®. Focus Electrics aims to create products that allow consumers to live a “big budget” lifestyle on a small budget.
