TO PREVENT PERSONAL INJURY OR PROPERTY DAMAGE, READ AND FOLLOW THE INSTRUCTIONS AND WARNINGS IN THIS CARE AND USE INSTRUCTION MANUAL.

CARE and USE INSTRUCTIONS

IMPORTANT SAFEGUARDS - When using electrical appliances, basic safety precautions should always be followed including the following:

- Read all instructions before using.
- With slow cooker set at the Off position, plug cord into wall outlet. After cooking and serving, turn slow cooker Off and unplug from wall outlet. Do not leave slow cooker plugged in when it is not being used.
- Slow cooker should always be unplugged before cleaning.
- Do not let cord touch hot surfaces or hang over the edge of table, counter, or surface area.
- The slow cooker, its cord and plug should not be used outdoors, immersed in liquid, placed near a hot gas or electric burner, or placed in a heated oven.
- Do not touch slow cooker pot, cover or electric heating base when they are hot. Use hot pads on handles when lifting or carrying. Be very careful when moving cooker if it contains hot liquid. Let cool before pouring out.
- Supervise closely when cooker is being used by or near children.
- Use your cooker only for the cooking tasks described in this booklet. Do not use attachments with your slow cooker unless recommended by The West Bend Company.
- Do not use your slow cooker if it or its cord have been damaged or if it is not working properly. Return your slow cooker to The West Bend Company for examination and/or repair.

SAVE THESE INSTRUCTIONS- Your slow cooker needs no special care other than cleaning. If servicing becomes necessary, return your slow cooker to The West Bend Company. See Warranty section in this booklet for service details. Do not attempt to repair it yourself.

For household use only.

Electric Cord Statement - Your slow cooker has a short cord as a safety precaution to prevent personal injury or property damage resulting from pulling, tripping or becoming entangled with the cord. Do not allow children to be near or use this slow cooker without close adult supervision. If you must use a longer cordset or an extension cord when using this slow cooker, the cord must be arranged so it will not drape or hang over the edge of a countertop, tabletop or surface area where it can be pulled on by children or tripped over. To prevent electric shock, personal injury or fire, the electrical rating of the extension cord you use must be the same or more than the wattage of the appliance (wattage is marked on underside of the base).
IMPORTANT SAFETY INSTRUCTIONS - This appliance has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

SPECIAL NOTES: during the first use, some smoke and/or an off odor may be noted due to manufacturing oils being released upon initial heating. Also, some expansion/contractions sounds may be noted during heating and cooling which is normal. The outside surfaces of cooker will become hot during use as the heat is supplied from the sides. Use hot pads or oven mitts when handling.

SPECIAL TIPS ON USING STONEWARE COOKING POT: Like any ceramic, the stoneware cooking pot cannot withstand severe and sudden changes in temperature. Keep these points in mind when using the stoneware cooking pot to prevent damage.

- Do not preheat stoneware pot in heating base and then add cold food. Always place foods into room temperature pot, then place into heating base before turning on.
- If adding frozen foods to stoneware pot for slow cooking, add 1 cup of warm water or liquid to help equalize the temperature.
- Stoneware cooking pot can be filled with food the night before and refrigerated. When ready to cook, place cooking pot into heating base and cook at LO or HI setting. Do not preheat heating base before adding cooking pot.
- Use hot pads or oven mitts if stoneware pot is removed from heating base after cooking. Set pot on hot pad or trivet. Do not set hot pot directly on countertop or other surface.
- Do not use stoneware pot on top of gas or electric range top burner or under a broiler.
- Do not put stoneware pot in freezer.
- Stoneware cooking pot (without glass cover) can be used in a microwave oven. Do not put glass cover in microwave oven as damage will occur. Do not use cooking pot in conventional oven as breakage will occur. Use hot pads or oven mitts if cooking pot is used in microwave oven.
- After use, allow stoneware pot to cool before cleaning.
- Do not put cold water into hot stoneware cooking pot.
- See cleaning section for proper care of stoneware cooking pot.

SPECIAL SAFEGUARDS FOR GLASS COVER - Failure to follow these instructions may cause immediate or later breakage of glass cover, which can result in personal injury or property damage. Carefully read and follow the safeguards as follows.

CAUTION: glass cover can shatter from direct heat.
- DO NOT place cover under broiler, in microwave oven, under a microwave-browning element or in a toaster oven.
- DO NOT set glass cover on hot burner or on oven heat vent.
- DO NOT use cover if it has been used in the above manners even if it does not look damaged. See Warranty section in this pamphlet on how to obtain a replacement cover.

CAUTION: Glass cover can shatter if cooled suddenly. Avoid severe temperature change.

- DO NOT set hot glass cover on cold or wet surface; let cover cool before placing in water.
- ALWAYS handle hot cover with dry oven mitts; do not use wet cloths.
- ALWAYS set hot glass cover on dry, heat-protective surface for gradual cooling.

CAUTION: Chips, cracks, or deep scratches weaken the glass cover. Weakened glass can shatter during use.

- DO NOT use cover if chipped, cracked or scratched. Discard immediately. See Warranty section in this booklet on how to obtain a replacement cover.
- ALWAYS follow care and use instructions in the booklet to avoid chips, cracks and scratches due to hitting rims, using metal utensils, using abrasive scouring pads or cleansers or from accidental impact.

CAUTION: To prevent personal injury or steam burns when removing cover from pot:
- ALWAYS use oven mitts when removing glass cover from slow cooker pot.
- ALWAYS tilt cover toward you.

USE AND CARE

Clean Before Using The First Time
Wash cooking pot and cover in hot soapy water with dishcloth or sponge, rinse and dry.

CAUTION: To prevent personal injury or electric shock, do not immerse slow cooker heating base, its cord or plug in water or other liquid.

Your slow cooker is now ready to use.

Using Slow Cooker
1. Place heating base on dry, level, heat-resistant surface, away from any edge.
2. Place foods into cooking pot, cover and place into heating base. (If you wish to brown or precook any foods before slow cooking, this must be done in a different cooking utensil on top of the range.) Never place stoneware-cooking pot on top of range unit, as it will break from direct contact with heat.
3. With heat control set at OFF position, plug cord into a 120 volt AC electric outlet ONLY.
4. Set control to LO, HI or AUTO and cook for recommended time given in recipe. Signal light will glow when cooker is on. As general guideline, most meat and vegetable combinations need 8 to 10 hours of cooking at LO, and 4 to 6 hours at HI and 5 to 7 hours at AUTO. When set at AUTO, cooking will begin at HI setting and then automatically reduce to the LO setting after several hours.

Avoid removing cover when slow cooking as cooking time will be increased use to loss of temperature. Remove cover only when needed to stir occasionally or when adding ingredients.

Use hot pads or oven mitts when handling cover or cooking pot as handles will become hot during cooking.

5. After food is cooked, reduce heat to LO or leave at LO for serving or turn control to Off position. Unplug cord from electric outlet after use. Allow cooker to cool before cleaning.
- **Cooking Tools to Use** - Use plastic, rubber, wooden or smooth-edged metal cook tools on cooking pot. Do not use sharp edged metal cook tools (forks, knives, mashers, etc.) as these can scratch the coating on the pot.

**SLOW COOKING TIPS**

- Foods will simmer along the sides of the pot at all settings as the heat is supplied from the sides of the base. As a result, foods can stick to the sides of the pot. To reduce severe sticking, stir foods occasionally.

- Less tender, less expensive cuts of meat are better suited to slow cooking than expensive cuts of meat. Remove excess fat from meat when possible before slow cooking. Remove skin from poultry, if desired, before cooking. Brown meat, if desired, in separate cooking utensil on top of range, then place into cooking pot. Do not use cooking pot on top of range or under a broiler or browning element as damage will occur.

- Raw vegetables typically take longer to cook than meats as the liquid simmers rather than boils. To ensure complete doneness of vegetables, cut into uniform, bite-size pieces, about ½-inch in size before adding to cooking pot.

- If desired, ingredients for recipe can be combined in cooking pot and kept refrigerated up to 2 days before cooking. When ready to cook, simply place pot into heating base and set heat control for desired setting.

- Insert a meat thermometer into roasts, hams or whole chickens to ensure meats are cooked to desired or recommended degree of doneness.

- Fresh or thawed fish and seafood fall apart during long hours of cooking. Add these ingredients an hour before serving.

- Because milk, sour cream and natural cheese bread down during long hours of cooking, add these ingredients just before serving or substitute with undiluted condensed creamed canned soups or evaporated milk. Processed cheese tends to give better results than naturally aged cheese.

- Rice and pasta may either be cooked separately or added uncooked during the last hour of cooking time. If added uncooked, make sure there are at least 2 cups of liquid in the cooking pot. Stir occasionally to prevent pieces from sticking together.

- An extra hour of cooking won’t ruin the recipe, so don’t worry if you get home late. Dinner will be waiting for you.

- To thicken juices for gravies, stews or sauces, add 2 to 3 tablespoons of quick-cooking tapioca before cooking, or thicken after cooking by adding a smooth paste made of 2 to 4 tablespoons cornstarch or flour and ¼ cup cold water. Set heat control HI setting and stir until liquid thickens.

- Cooked foods can be kept warm for serving at the LO heat setting.

- Many of your favorite recipes can be adapted to the slow cooker. Use the following as a guide:
### Clean After Each Use

**CAUTION:** To prevent personal injury or electric shock, do not immerse slow cooker heating base, its cord or plug in water or other liquid.

1. Allow stoneware-cooking pot to cool before cleaning.
2. Wash cooking pot and cover in warm soapy water with a dishcloth or sponge, rinse and dry. If necessary, a non-abrasive scouring cleanser such as Bon-Ami® may be used to remove stains. **Do not use any abrasive metal scouring pads or cleansers on stoneware pot or cover as damage may occur.**
3. Wipe heating base if necessary with a damp cloth and dry.

Dishwasher Cleaning: Stoneware cooking pot may be cleaned in automatic dishwasher. Position into rack so these pieces do not touch one another or other items being cleaned to prevent damage.

Special Cleaning: If staining of the cooking pot occurs, use a non-abrasive cleanser such as Bon-Ami® or a paste of baking soda applied with a soft cloth. To remove water spots or mineral deposits, wipe the cooking pot with white distilled vinegar or pour a small amount into pot to let soak. After cleaning, wash pot in warm soapy water, rinse and dry.

### MINESTRONE SOUP

| 3 cups water | 2 10-1/2 ounce cans chicken broth |
| 1 medium onion, chopped | 3 carrots, diced |
| 1 medium zucchini, halved and cut in ¼-inch slices | 1-1/2 cups chopped cabbage |
| 1 15-ounce can garbanzo beans, undrained | 3 14.5 ounce cans whole tomatoes, undrained, cut-up |
| 5 slices bacon, cooked and crumbled, optional | 2 cloves garlic, minced |
| 1-1/2 teaspoons Italian seasoning | 1 teaspoon salt |
| ½ teaspoon pepper | ¾ cup small elbow macaroni or other pasta, uncooked |

**Cook at:**

| LO for 8 to 10 hours | HI for 5 to 6 hours |
| AUTO for 6 to 7 hours |

1. Combine all ingredients, except macaroni, in stoneware cooking pot; stir to blend. Place cooking pot into heating base, cover and cook at desired heat setting for time given or until vegetables are tender.
2. Increase heat to HI setting and add macaroni; stir to blend. Cover and cook for 30 minutes. Serves 6 to 8. Set at Keep Warm for serving if desired.

**CHILI**

- 2 pounds lean ground beef or turkey
- 1-1/2 cups chopped onion
- 1-1/2 cups chopped green pepper
- 2 cloves garlic, minced
- 3 28-ounce cans whole tomatoes, undrained, cut-up
- 1 15-ounce can kidney beans, undrained
- 2-1/2 tablespoons chili powder
- 1-1/2 teaspoons ground cumin
- 1-1/2 teaspoons salt
- ¾ teaspoon pepper

**Cook at:**
- LO for 8 to 10 hours
- HI for 4 to 5 hours
- AUTO for 6 to 7 hours

1. Brown ground beef or turkey with onion, green pepper and garlic in skillet over medium heat of range unit. Remove excess grease. Transfer mixture into stoneware cooking pot. Add remaining ingredients; stir to blend.

2. Place cooking pot into heating base, cover and cook at desired heat setting for time given. Serves 6 to 8. Set at LO for serving if desired.

**BOSTON BAKED BEANS**

- 4 cups dried navy beans
- 12 cups water
- 1 teaspoon salt
- 1 large onion, chopped
- ½ pound salt pork, cut into 1-inch cubes
- 1/3 cup molasses
- ¾ cup catsup
- ¾ cup brown sugar
- 1 tablespoon dry mustard

**Cook at:**
- LO for 15 to 18 hours

1. Rinse and sort beans. Place beans, water, salt and onion and salt pork in stoneware cooking pot. Place pot into heating base, cover and cook at LO for 13 to 15 hours or overnight until beans are tender.

2. Drain beans, reserving 2 cups liquid. Return beans to cooking pot. In bowl combine reserved bean liquid with remaining ingredients. Pour over beans and stir to blend. Cover and cook at LO for 2 to 3 hours to blend flavors. Makes about 3 quarts or 12 to 16 servings.

**TO HEAT AND SERVE CANNED BAKED BEANS** - Canned baked beans may be heated in your slow cooker. Simply add desired amount of beans to stoneware cooking pot and add any additional ingredients as desired, stirring to blend. Place cooking pot into heating
base, cover and heat at LO for 5 to 6 hours, or at HI for 2 to 3 hours or at AUTO for 3 to 4 hours, stirring occasionally. Set at LO for serving.

**HEARTY CHICKEN NOODLE SOUP**

2-2 1/2 pounds chicken parts, skinned if desired
6 cups water
1 medium onion, chopped
6 carrots, cut into 1/2 -inch pieces
5 ribs celery, cut into 1/2-inches
1 14 1/2- ounce can whole tomatoes, undrained, cut-up
1 1/2 tablespoons instant chicken bouillon
1 tablespoon dried parsley flakes
1 teaspoon salt
1/2 teaspoon dried rosemary leaves
1/2 teaspoon pepper
1 cup uncooked fine egg noodles

Cook at:  
LO for 8 to 10 hours
HI for 5 to 6 hours
AUTO for 6 to 7 hours

1. Combine all ingredients, except egg noodles, in stoneware cooking pot. Place pot into heating base, cover and cook at desired heat setting for time given or until chicken and vegetables are tender.
2. Remove chicken pieces from cooking pot and set aside to cool slightly. Set control to HI and add noodles, stirring to combine. Cover and continue to cook 30 minutes.
3. Meanwhile, remove chicken from bones and cut into bite-size pieces. Return meat to cooking pot and cook until noodles are tender. Serves 6 to 8. Set at LO for serving if desired.

**SLOW COOKER STEW**

2-2 1/2 pounds beef stew meat, cut into 1-inch pieces
1 medium onion, chopped
6 carrots, cut into 1/2-inch pieces
4 ribs celery, cut into 1/2 pieces
5 medium potatoes, cut into 1/2 pieces
1 28-ounces can whole tomatoes, undrained, cut-up
2 10-1/2 ounce cans beef broth
1 1/2 tablespoons Worcestershire sauce
2 tablespoons dried parsley flakes
2 bay leaves
1 1/2 teaspoons salt
1/2 teaspoon pepper
3 tablespoons quick cooking tapioca

Cook at:  
LO for 8 to 10 hours
HI for 5 to 6 hours
AUTO for 6 to 7 hours

1. Combine all ingredients in stoneware cooking pot; stir to blend.
2. Place cooking pot into heating base, cover and cook at desired heat setting for time given or until meat and vegetables are tender. Remove bay leaves before serving. Serves 6 to 8. Set at LO for serving.
CHICKEN VEGETABLE STEW
2-2-1/2 pounds chicken parts, skinned if desired
5 carrots, cut into 1/2 inch pieces
3 ribs celery, cut into 1/2 pieces
1 7 ounce can mushroom stems and pieces, undrained
1 15-ounce jar whole small onions, undrained OR 1 medium onion, chopped
1 16-ounce bag frozen peas, rinsed with hot water
1 teaspoon salt
3/4 teaspoon dried thyme leaves
3/4 teaspoon paprika
1/2 teaspoon rubbed sage
1/2 teaspoon pepper
1-1/2 cups water
1 6-ounce can tomato paste
2 10½-ounce cans chicken broth
4 tablespoons cornstarch
1/3 cup water

Cook at:  LO for 8 to 10 hours
            HI for 5 to 6 hours
            AUTO for 6 to 7 hours
1. Place chicken parts, carrots, celery, mushrooms, onions and peas in stoneware cooking pot. In medium bowl combine salt, thyme, paprika, sage, pepper, water, tomato paste and broth. Pour over chicken mixture.
2. Place cooking pot into heating base, cover and cook at desired heat setting for time given or until chicken and vegetables are tender.
3. Remove chicken pieces and set aside to cool slightly. Remove meat from bones and cut into bite-size pieces. Return meat to cooking pot; stir to combine.
4. Set control to HI. Combine cornstarch and water; stir slowly into stew until thickened. Serves 6 to 8. Set at LO for serving.

HERBED PORK ROAST
4 large cloves garlic, quartered
5 pound pork roast, boneless or bone-in
1 teaspoon salt
1 teaspoon ground thyme
1/2 teaspoon rubbed sage
1/2 teaspoon ground cloves
1 teaspoon grated lemon peel
1/2 cup water
3 tablespoons cornstarch, optional
3 tablespoons water, optional

Cook at:  LO for 9 to 10 hours
            HI for 5 to 6 hours
            AUTO for 6 to 7 hours
1. Cut 16 small pockets into roast and insert garlic pieces. In small bowl combine salt, thyme, sage, cloves and lemon peel. Rub into pork roast.
2. Pour 1/2 cup water into stoneware cooking pot. Add roast. Place pot into heating base, cover and cook at desired heat setting for time given or until meat thermometer inserted into center of roast reads 170°F or higher.
3. Allow roast to stand 10 to 15 minutes before carving. Remove garlic pieces. Juices may be thickened for gravy if desired. Dissolve cornstarch in water. Set control to HI. Stir slowly into juices until thickened. Serves 6 to 8.

**BEEF ROAST WITH VEGETABLES**

3-3½ pound beef roast  
salt and pepper to taste  
1 large onion, quartered or sliced  
6 carrots, cut into 1-inch pieces  
6 medium potatoes, quartered and halved  
½ cup water

**Cook at:**  
LO for 9 to 10 hours  
HI for 5 to 6 hours  
AUTO for 6 to 7 hours

1. If desired, brown roast in skillet over medium heat of range unit before placing into stoneware cooking pot. Season as desired. Place vegetables around roast. Add water.

2. Place pot into heating base, cover and cook at desired heat setting for time given or until meat and vegetables are tender. (Meat thermometer should read 170° for well done). Thicken juices with mixture of 2 tablespoons cornstarch and 2 tablespoons water if desired. Set control to HI and slowly stir into juices until thickened. Serves 6.

**90 DAY WARRANTY**

Your West Bend® Warranty covers failures in the materials and workmanship of the Crockery Cooker for 90 days from the date of original purchase. This warranty does not cover discoloration or damage to the non-stick finish caused by misuse, scratching or overheating. Any failed part of the Crockery Cooker will be repaired or replaced without charge.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state. This warranty does not cover alleged damage caused by misuse, abuse, accidents or alterations to the Crockery Cooker.

If you think the Crockery Cooker has failed within the warranty period, please carefully package and return the cookeemaker prepaid and insured with a description of the difficulty to:

The West Bend Company  
Attn: Housewares Customer Service  
1100 Schmidt Road  
West Bend, WI 53090-1961  
(262) 334-6949

Please ensure that you enclose the sales slip or proof of date of purchase in order to assure warranty coverage. Return shipping fees are non-refundable.

**REPLACEMENT PARTS AVAILABLE** - Replacement parts may be ordered by writing directly to The West Bend Company at the address below. Or, order online at www.westbend.com. Be sure to include model number of your Crockery Cooker, description and quantity of what you want, along with your name, mailing address and your Visa, MasterCard or Discover credit card number for the billing of the part(s) to you. A handling fee will be added to your total charge plus your area tax. Or, to send a check or money order, call 262-334-6959 during the hours of 8 AM to 4 PM central time to obtain purchase amount. Please allow 2 weeks for delivery.
