### PROTIME SPORTS

is proud to offer custom sublimated product made 100% in the USA. Gear up in custom uniforms designed for your specific needs or warm up in a sublimated hoodie. Dye/Sub technology prints high quality permanent ink onto performance fabrics. Choose from a library of layouts and designs, mix colors and patterns, and add logos, numbers and names to create your one of a kind uniform and spiritwear. This program allows leagues and clubs to brand their players in a custom look that is as unique as the players and the program they represent.

Every detail of the Dye/Sub line is completely customized for your brand and every element highlights your unique identity. Your club brand is the sum total of perceptions, impressions, and feelings about your organization. To thrive in a fiercely competitive marketplace, you must treat your club's brand identity as a strategic asset that transcends mere attributes. Your brand has an emotional center that reflects your club's traits and values as well as your player's hopes and desires. The objective of a brand is to imprint itself on those who experience it and, in so doing, make a lasting impression.

Let Protime Sports be your uniform solution at every level of play. We are committed to partnering with our customers to deliver the product and experience to represent your club on and off the field.

## PATTERNS

### DYE/SUB & FULL COLOR NUMBER PATTERNS

*DYE/SUB textures add more depth to your jersey or shorts giving you an even more custom look. Add the textures to the body of the jersey, or in the different designs in the jersey itself, the shorts or in the player numbers. The textures are placed over the top of the existing designs to give the uniform more definition.*

## WHAT YOU NEED TO KNOW ABOUT DYE/SUB

**SIZING:** Softball custom Dye/Sub products do not match ProTime's standard sizing. Baseball custom Dye/Sub jerseys use the same pattern and fit as ProTime stock jerseys. See page 79 for a complete size chart. Due to the custom nature of this product line ProTime Sports recommends sizing ALL PLAYERS with size samples.

**LEAD TIMES:** Standard production time is three to four weeks. Three to four weeks lead time allows for complete production, sorting and packaging at ProTime Sports. Complete design, color selections, sizes and rosters must be final before production can be started. Fill-In production time is two weeks. Two weeks lead time allows for production, sorting and packaging at ProTime Sports. Color and art approval may take up to two weeks. This must be completed before production is started.

**MINIMUMS:** Minimum order quantity for sublimation is 50 pieces per silhouette. There are no minimums for fill-in orders but a service fee may apply.

**CHANGES/CANCELLATIONS:** Once an order is submitted and final color and art approval is complete, orders cannot be changed, edited or cancelled. No returns will be accepted for any custom Dye/Sub merchandise.

# LOGOS, NUMBERS AND NAMES

PROTIME SPORTS IS READY TO CUSTOMIZE YOUR TEAM UNIFORMS WITH LOGOS, NUMBERS AND NAMES. FOLLOW THE SIMPLE STEPS BELOW TO CREATE YOUR TEAM'S IDENTITY.

# YOUR GEAR, YOUR WAY

## HOW TO CUSTOMIZE

### STEP 1 CHOOSE YOUR UNIFORM

Protime Sports offers an extensive variety of team uniform designs, accessories and spiritwear. We offer a complete in stock line of both traditional and contemporary uniform styles, assuring a look to suit every team's needs.

### STEP 2 CHOOSE YOUR METHOD

Protime Sports offers three options for customizing your logos, names and numbers: Heat Transfer, Tackle Twill and Embroidery. Heat Transfer is a method of garment decoration which permanently adheres a specialized material to a garment's surface. Heat transfers are a cost effective solution for team set logos and with our ability to cut custom shapes, heat transfer is a versatile solution for naming and numbering team jersey sets. Tackle Twill is the process of sewing a cut out piece of material to a garment. It creates a durable and visually rich form of garment embellishment and is the only method of naming and numbering jerseys in use by professional baseball. Embroidery involves the use of a needle, thread and a computer controlled embroidery machine to sew designs and or text into garments. Embroidery is an ideal option for spiritwear and cap logo application.

### STEP 3 CHOOSE YOUR PRINT LOCATION(S)

There are a variety of possibilities to create the uniform look you want. Add your logo, number or name to any location. Some limitations may apply due to your individual logo or the construction of a specific garment. A Protime Sports Team Specialist will determine your logo size based on print location, uniform size range and garment construction.

#### JERSEY FRONT

1. Right Sleeve
2. Upper Right Chest
3. Center Chest
4. Upper Left Chest
5. Full Front
6. Left sleeve
7. Lower Right Chest
8. Lower Left Chest

#### JERSEY BACK

Number

### STEP 4 CHOOSE YOUR LOGO OR TEXT

Select a design from the Protime Sports Logo Library or send us your own logo. Customer supplied logos can be submitted by email to sales@protimesports.com. Vector files should be saved and submitted as an EPS, AI or PDF file. A \$35.00 art charge will be assessed for logos that are not supplied as a vector file. Logos are available in 20 stock colors to help create your custom look. Logos L22-L30 are available as heat transfer only.

### STEP 5 CHOOSE YOUR NUMBERS AND NAMES

Gather numbering and name information for all players. Based on your printing location your numbers and names will be printed to your specifications. Protime's stock number is our own heat transfer one color Outline or Block Number available in 4" or 8". Numbers are stocked in Black, White, Scarlet, Navy and Royal. Non-stock number styles are available at an additional price. 20 stock colors are available for non-stock numbers and names.

### STEP 6 PLACE YOUR ORDER

Place your order with a Protime Sports Team Sales Representative. We are ready to help you create your team's identity. When you call be prepared with your logo selection, player's numbers, names and uniform sizes. Please allow two weeks production time for team orders and four weeks for league orders. Production time may fluctuate depending on seasonal order volume.

## HEAT TRANSFER

Heat Transfer is a method of garment decoration which permanently adheres a specialized material to a garment's surface. It is a great option for lightweight moisture-management garments. This method of application permanently adheres a lightweight vinyl film material or plastisol inks to a garment's surface. Heat transfers are a cost effective solution for garment embellishment and with our ability to cut custom shapes, heat transfer is a versatile solution for naming and numbering team jersey sets.

## EMBROIDERY

Embroidery involves the use of a needle, thread and a computer controlled embroidery machine to sew designs and or text into garments. The premium look of embroidered logos and names gives garments a professional touch. Embroidery is an ideal option for spiritwear and cap logo application. Embroidered logos need to be specially digitized for production. There is a one-time fee for digitizing logos.

## TACKLE TWILL

Tackle Twill is the process of sewing a cut out piece of material to a garment. It creates a durable and visually rich form of garment embellishment and is perfect for All-Star and Travel Ball teams. It is the only method of naming and numbering jerseys in use by professional baseball.
