Defective merchandise must be returned according to the return policy for evaluation.

Freight charges are based on shipping method, destination and total weight. Time in Transit for Standard Ground shipping:

Central: 3 to 5 business days Eastern: 5 to 6 business days
Overnight, 2-day and 3-day shipping services are available upon request.

HOW TO GET YOUR LEAGUE STARTED:

Select the KitPak style for your league, determine the number of teams per division and the number of players per team. Call customer service for an electronic league printing form for fast, easy and accurate order processing.

Confirm that all details have been validated with the following checklist:

- Are all styles, colors, and sizes written correctly on your order?
- Are all of the printing details clearly outlined, including numbering sequence and logo placement (if applicable)?
- If printing a custom league logo, has it been forwarded to the Protime Art Department at sales@protimesports.com?
- Have you included the need by date, contact information (including day and evening phone and email address), shipping address and payment method?
- Did you clearly specify any special instructions for packing, shipping or additional details on your order?

PACKING:

Numbered league and club KitPak orders will be bagged and labeled by team set and boxed by division for easy distribution. Team sets can be individually boxed for an additional \$2.00 per team set. Orders that are not printed by Protime Sports will be packed in bulk.

PRINTING:

See pages 70-71 for a detailed "How to Get Your Gear Printed" guide.

GOAL SAFETY:

Misuse of goals has resulted in serious injury or death. Most injuries occur when there is no adult supervision. Wind, sloped surfaces and people hanging from the goal can all tip a soccer goal. Movable goals should (and in some areas it is a requirement) be anchored to the ground. Do not store goals on a slope or hill. Do not climb on, or hang from, the framework of a goal. This message should repeatedly be told to kids. Make sure goals are secured by locking them together, or anchored to the ground, before leaving the field.
