# CLUB ID YOU ARE THE BRAND

## WHAT IS CLUB ID?

You are the brand with CLUB ID. This is a unique opportunity to build a brand around your club. Don't rely on other brands for identity, show off what makes your club who you are. Where you're from, your colors, your mantra, your club identity all rolled up into a seamless package. Everything put on the custom apparel you build is yours. The answer to "what brand are you wearing" is your own brand.

## THE LOOK

Whether it is a jersey and short, hoodie, quarter-zip, lightweight hoodie or headband, this is your canvas for cutting edge designs your club can get behind and rep on and off the pitch. Make something your club is proud of and encompasses your club's identity. This is your look for as long as you like. Change it after a season or keep it forever. Make your Home and Away jerseys match, or change styles between the two. Add an alternate, or two. Keep design elements the same throughout or mix it up. Let your community know you are a top tier club, invested in its players and families and the game of soccer.

## YOUR IDENTITY

Build your brand. Make your identity known with your crest, logos and markings. Boldly show off who you are or keep things modest and clean. Develop your club into a professional look. We want you to show off your club and highlight what makes it great.

## CUSTOM PRIVATE NECK LABELS

After all, this is your gear. We'll add your identity to your neck label and include it on your custom apparel. There is something special when holding a jersey and it is 100% yours.

## AUTHENTIC LABELS

Give your gear extra personalization with an authentic label all your own.

## PLAYER NAMES

Your players will have the pro experience with their name in a text style of your choosing on a fully dye sublimated jersey.

## PLAYER NUMBERS

Whether you are going with a number design that is sleek, bold, modern or traditional we want you to add your colors, outlines, custom markings or your logo to it.

## WATERMARKS

Add extra flare with watermarks. Make it your identity, a rally cry or motto. Add it to a sleeve, back of jersey, under the number or in a spot unique to your choosing.

## ADDITIONAL CUSTOMIZATION

If you have ideas on how to make your custom apparel fit your brand even more, tell us what you want and we will make it.

**PATTERNS**

**DYE/SUB & FULL COLOR NUMBER PATTERNS**

*DYE/SUB* textures add more depth to your jersey or shorts giving you an even more custom look. Add the textures to the body of the jersey, or in the different designs in the jersey itself, the shorts or in the player numbers. The textures are placed over the top of the existing designs to give the uniform more definition.

**HOW TO GET YOUR LEAGUE STARTED:**

Select the KitPak style for your league, determine the number of teams per division and the number of players per team. Call customer service for an electronic league printing form for fast, easy and accurate order processing.

Confirm that all details have been validated with the following checklist:

- Are all styles, colors, and sizes written correctly on your order?
- Are all of the printing details clearly outlined, including numbering sequence and logo placement (if applicable)?
- If printing a custom league logo, has it been forwarded to the Prottime Art Department at sales@prottimesports.com?
- Have you included the need by date, contact information (including day and evening phone and email address), shipping address and payment method?
- Did you clearly specify any special instructions for packing, shipping or additional details on your order?

**PACKING:**

Numbered league and club KitPak orders will be bagged and labeled by team set and boxed by division for easy distribution. Team sets can be individually boxed for an additional \$2.00 per team set. Orders that are not printed by Prottime Sports will be packed in bulk.

**PRINTING:**

See pages 74-75 for a detailed "How to Get Your Gear Printed" guide.

**GOAL SAFETY:**

Misuse of goals has resulted in serious injury or death. Most injuries occur when there is no adult supervision. Wind, sloped surfaces and people hanging from the goal can all tip a soccer goal. Movable goals should (and in some areas it is a requirement) be anchored to the ground. Do not store goals on a slope or hill. Do not climb on, or hang from, the framework of a goal. This message should repeatedly be told to kids. Make sure goals are secured by locking them together, or anchored to the ground, before leaving the field.

**WICKGUARD**

WICKGUARD performance technology is designed to pull moisture away from the body and create a vapor barrier that cools and provides additional comfort to the athlete during rigorous sports activities.

WICKGUARD'S moisture management properties wick perspiration away from the skin to the fabric's surface, where it can quickly evaporate. You stay dryer, cooler, AND READY TO PLAY.
