

You are about to embark on a culinary journey that showcases a bespoke menu, meticulously designed to highlight the unique characteristics of our revered wines.

~

Our wines, created by our legendary winemaker Paul Bridgeman, are given the chance to express their own unique voice and nuance from vintage to vintage.

The food, created by chef Teage Ezard, has an emphasis on the produce grown on our estate, complemented by the region's seasonal offering. Our local suppliers play an integral role, always sourcing the best ingredients available. The symbiotic relationships with these artisans are paramount.

Our five and eight course tasting menus have been designed with the specific endeavour of matching taste and texture to each wine. Each course is paired to perfection.
