

# Mockingbird Single-to-Double Stroller Arrangements

The Mockingbird Stroller allows for **18+ arrangements**, meaning you'll always be able to find comfortable positions for one or two children.

## Solo

Our Single-to-Double Stroller has three infant accessory options that make it newborn compatible, and whenever your little one is ready, it seamlessly transitions to the reversible toddler seat.

### Infant

From birth, until your child can support their head and start pushing themselves up (usually around 4-6 months)

+ Car Seat Adapter

+ Carriage

### Toddler

Up to 50 pounds, with 20" in headroom from the base of the seat

## Sibs

With the addition of the 2nd Seat Kit, you can easily expand your Single-to-Double Stroller to accommodate another passenger!

Please make sure you are using the 2nd Seat Kit with the **Single-to-Double Stroller** model, as it will not work properly with our **Single Stroller** model
